### Assessment of Student Learning Outcomes

According to its mission, Highland Community College is committed to providing quality education and learning opportunities. Central to assuring quality is the college's program of assessment of student learning outcomes.

Highland Community College's faculty members have created and written student learning outcome statements to help measure and promote student learning in the general education core curriculum, identified programs in the transfer curriculum, and the occupation programs leading to the AAS degree.

Students may be asked to participate in activities designed to assess learning in Highland's academic and occupational programs or within individual courses or courses of study. This partnership of learners and teachers will assist Highland in its efforts to continuously improve the quality of teaching and learning at the institution.
