

# Early Childhood Education (713)

## Level 3 ECE Credential Certificate

### ABOUT OUR PROGRAM

This program is for students who wish to qualify as an early childhood teacher or school-age worker (as defined by the Illinois Department of Children and Family Services) in a DCFS-licensed program. In order to work as a state-licensed Early Childhood Educator in a school district, students must obtain a Bachelor's degree in Early Childhood Education. Persons desiring child care teaching positions must also have at least 1,560 clock hours of child development experience in a child care program licensed by the Illinois Department of Children and Family Services. Some of the required hours can be met in the Practicum offered at HCC.

At Highland Community College, we have a variety of pathways designed to support your professional growth. Whether you are interested in earning a Gateways Credential (<http://www.ilgateways.com/en/credentials>) or are planning to transfer to a four-year program, we have the courses and opportunities to meet your education and career needs. Our courses are designed around the following three Pathways: Direct Exit, Credential Continuing, and Credential Transfer.

The Credential Transfer Pathway is designed for students who are planning to transfer to a four-year university. This sequence of courses supports the attainment of the Level 3 Gateways Credential and the AA degree and maximizes the number of courses that will directly transfer to a partnering four-year institution.

Each of our pathways is designed to support the attainment of Gateways Credentials. The Gateways Credential is recognized by the Illinois Department of Human Services Bureau of Child Care and Development. Credentials are required for varied Circles of Quality in ExceleRate Illinois and can be used as a prerequisite for employment within early learning programs. To earn your Level 3 ECE Credential at Highland Community College, you are required to follow a prescribed course of study. Please be sure to contact Melissa Johnson for further information about these credentials and required courses.

### NATURE OF WORK AND EMPLOYMENT

Typical job positions that program graduates may enter into include family child care provider, child care worker, child care assistant, nanny positions, and other programs serving infants, toddlers, and preschoolers. Graduates plan and present learning activities for small children, observe and document children's behavior, and work closely with teachers, directors, and parents to promote the

growth and development of children. Our state and nation are currently facing a critical need for well-prepared early childhood practitioners, with an anticipated growth in career opportunities of 14% (U.S. Bureau of Labor Statistics Occupational Outlook Handbook, 2014). The certificate program is NOT recommended for those seeking leadership positions in early childhood programs, such as director, assistant director, and senior teacher.

### SPECIAL CONSIDERATIONS

Certificate students must demonstrate good physical and emotional health and submit to a criminal background check. To successfully begin the early childhood degree, students must meet the communication requirements. Students must take either Introduction to Early Childhood Education (ECE 121) or Child Growth and Development (ECE 122) and earn a grade of "C" or better to proceed through the early childhood program. ECE 121 and ECE 122 require placement into ENGL 121. They must maintain a "C" or better in all early childhood courses to complete the certificate. A workplace experience is encouraged and may be made available.

### PROGRAM CONTACTS

Call Highland at 815-235-6121 for the following program contacts:

- Scott Anderson, Dean of Business & Technology
- Melissa Johnson, Coordinator of Early Childhood Education
