Introduction to the Catalog

The Catalog Contents
This catalog will enable prospective students and others to become familiar with Highland Community College, including the College’s mission statement and objectives; the academic and personal opportunities available for students; and the College’s policies, procedures, requirements, and regulations.

Accuracy of Catalog Information
The information in this catalog is subject to change by the Highland Community College Board of Trustees, and its inclusion in this document is not intended to and does not constitute a contract. A copy of this catalog may be viewed online at www.highland.edu. The College reserves the right to make changes as necessary to the information contained in this catalog.

Catalog Information
Individuals with questions about information presented in this catalog are encouraged to call the College at 815-235-6121.

Student’s Responsibility
It is the responsibility of the student to be aware of the information in this catalog. The student is also responsible for keeping informed as additions and corrections are announced via the various school media.

Non-Discrimination Statement
Highland Community College admits students, awards financial aid, and extends employment to qualified individuals without regard to race, creed, religion, gender, political philosophy, color, physical or mental disability unrelated to ability, national origin or ancestry, age, marital status or other factors prohibited by applicable laws and Executive Orders. Applications from qualified females, minorities, veterans, persons with disabilities, and other protected groups will be accorded equal consideration for employment, admission, and awards based on academic and/or other merits as compared with all other applications.

It is the policy of Highland Community College with respect to employment, student admission, and financial aid practices to fully comply with all applicable existing federal, state, and local governmental regulations requiring non-discrimination so far as including, but not limited to, Executive Order 11246 – Equal Employment Opportunity, Title IX of the Educational Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and Title II of the Americans with Disabilities Act.

Inquiries concerning compliance with any of the foregoing may be directed to the Human Resources Office, Highland Community College, 2998 West Pearl City Road, Freeport, IL, 61032, Telephone: 815-599-3402.

Inquiries regarding Title IX may be directed to the Title IX Coordinator, Highland Community College, 2998 West Pearl City Road, Freeport, IL, 61032, Telephone: 815-599-3531 or to the Disability Rights Section, Civil Rights Division, U.S. Department of Justice, P.O. Box 66738, Washington, DC 20035-6738.
Academic Calendar 2015-2018

Spring 2015
January 1. Holiday • New Year’s Day
January 8. Faculty return to campus
January 12. Classes begin
January 12 – 16. Class changes permitted
January 19. Holiday • Martin Luther King, Jr. Birthday
January 26. Last day to drop for 16 week classes, no record/refund
February 12. Holiday • Lincoln’s Birthday
February 18 – June 4. Registration for Summer 2015
March 6. Academic Holidays • Spring Break
March 16 – 20. Midterm
April 20 – August 14.
April 23. Last day to withdraw “W”
May 7, 8, 11, 12, & 13. Final exams
May 15. End of Spring term
May 16. Commencement
May 16. Final day instructors

Pre-Summer Session 2015
May 18. Classes begin
May 19. Last day to drop, no record/refund
May 25. Holiday • Memorial Day
June 4. End of session

Summer 2015
February 18 – June 4. Registration for Summer 2015
June 8. Classes begin
June 8 – 11. Class changes permitted
June 15. Last day to drop for 8 week classes, no record/refund
July 2. Midterm
July 2. Holiday • Fourth of July observed
July 23. Last day to withdraw “W”
July 30. End of Summer session

- **August 2**: End of Summer session
The College

History
Highland Community College is a two-year co-educational public community college maintained by the Board of Trustees of Illinois Community College District No. 519 under the coordination of the Illinois Community College Board and the Illinois Board of Higher Education. The College was brought into existence by the people of northwestern Illinois at a public referendum on October 1, 1966.

Freeport Community College, which was assimilated by the new district, was established by public referendum in November 1961 and opened its doors in September 1962. In June 1967, Freeport Community College became a part of the new Highland Community College. The Highland Community College district includes the high school districts of Aquin, Dakota, East Dubuque, Eastland, Forrestville Valley, Freeport, Galena, Lena-Winslow, Orangeville, Oregon (Mt. Morris), Pearl City, River Ridge, Scales Mound, Stockton, Warren, and West Carroll (Mt. Carroll, Savanna, and Thomson).

Mission Statement
Highland Community College is committed to shaping the future of our communities by providing quality education and learning opportunities through programs and services that encourage the personal and professional growth of the people of northwestern Illinois. This mission is carried out by:

- Providing instruction to enable students to complete specific vocational degrees and certificates.
- Providing occupational training, retraining, and/or upgrading of skills to meet individual, local, and state needs.
- Providing developmental and general education designed to meet individual educational goals.
- Providing community education designed to meet local cultural needs and encourage lifelong learning.
- Providing opportunities that enhance cultural understanding through international education.
- Providing a range of student support services that recognize and support the educational goals and needs of a diverse student population.
- Supporting economic development through partnerships with business, industry, chambers of commerce, units of local government, and other educational institutions.
- Providing community access as an open-door institution to all college services and facilities.

Core Values
Highland Community College is actively committed to the core values of Integrity, Compassion and Respect.

Vision
Highland Community College partners with learners in successfully shaping their futures.
Accreditation, Institutional Memberships and Approval

Accreditation
Highland Community College is recognized by the Illinois Community College Board and accredited by the Higher Learning Commission.* The College is a member of the North Central Association, and is a participant in the Academic Quality Improvement Program (AQIP). Highland Community College has also been a recipient of a Level I - Commitment to Excellence award from the Lincoln Foundation for Business Excellence and an Excellence in Accountability award from the Illinois Community College Board.

*Web address: www.ncahlc.org; Phone: 800-621-7440

Institutional Memberships
The following list includes, but is not limited to, the state and national organizations of which Highland Community College is a member:

• American Association of Community Colleges
• American Wind Energy Association
• Arrowhead Athletic Conference
• Association for Institutional Research
• Association of Community College Trustees
• Association of Leadership Professionals
• Association on Higher Education and Disability
• College and University Personnel Association for Human Resources
• Commission on Accreditation of Allied Health Educators
• Council on Higher Education Accreditation
• Higher Learning Commission
• Honors Council of the Illinois Region
• Illinois Association of College Stores
• Illinois Association of Institutional Research
• Illinois Association of Student Financial Aid Administrators
• Illinois Community College Admissions and Records Officers Organization
• Illinois Community College Chief Student Services Officers
• Illinois Community College Faculty Association
• Illinois Community College Trustees Association
• Illinois Council of Community College Administrators
• Illinois Community Colleges Online
• Illinois Council of Community College Presidents
• InfoComm International
• Midwest Association of Student Financial Aid Officers
• National Academic Advising Association
• National Association of Basketball Coaches
• National Association of College Stores
• National Association of Student Financial Aid Administrators
• National Behavioral Intervention Team Association
• National Collegiate Honors Council
• National Council for Marketing and Public Relations
• National Junior College Athletic Association
• National Organization for Associate Degree Nursing
• Network of Illinois Learning Resources in Community Colleges
• North Central Association
• Society for Human Resource Management
Highland Community College Foundation

The Highland Community College Foundation was established in 1962 as a charitable, not-for-profit 501(c)3 corporation that exists solely for the purpose of raising funds in support of Highland Community College. The Highland Community College Foundation has the distinction of being the first community college foundation in the State of Illinois and was one of the first five established in the country.

Gifts to the HCC Foundation have benefited the College and its students for over 50 years. Gifts help in many ways:

- Scholarships for hundreds of students each year
- Faculty and staff professional development
- Furnishings, equipment, and supplies
- New buildings and educational facilities supported by public fundraising campaigns and private donations
- Support of student and academic activities and programs
- Assistance with campus and arboretum maintenance and beautification

If you are interested in making a charitable, tax-deductible gift to the HCC Foundation, visit our donation web site Highland.thankyou4caring.org. For more information on how you can make a difference in the lives of the students of northwestern Illinois by donating to Highland Community College through the HCC Foundation, please contact:

Executive Director
HCC Foundation
2998 West Pearl City Road, Freeport, Illinois 61032
815.599.3406 or 815.599.3413

Scholarship applications are available at www.highland.edu/admissions. Most scholarship applications are posted on the website by February 1 of each year, with an April 1 deadline.

The Student Body

Highland Community College serves a district population of approximately 90,000 residents from the northwest Illinois counties of Carroll, Jo Daviess, Ogle, and Stephenson. The college grants admission to students from a wide range of backgrounds, without regard to race, creed, sex, sexual orientation, color, handicap, or national origin. Sixty-four percent of the students are women, 36 percent are men. College students range in age from 15 to 86, with an average age of 28. The College serves an estimated 5,000 students each year, including more than 500 students enrolled in Community Education and Business Institute courses, and 350 students enrolled in Adult Education courses.

A large number of area high school graduates enter the College for full-time studies. Many of these students continue at a four-year institution after completing the first two years at Highland, and the success of these Highland transfer students has been very good. Others are preparing for immediate employment after completing a planned program of education. Still others take advantage of the wide variety of coursework available through Highland’s Business Institute and Community Education departments.
Student Preparedness

According to the Higher Learning Commission*, Highland Community College’s accrediting body, higher education does more than train or certify skills. Higher education requires students not only to master a rigorous body of knowledge but also to conceptualize, analyze, and integrate. Additionally, higher education requires students to use their intellect, stimulates students to examine their values, teaches students the importance of considering divergent views as expressed in research, and challenges students to engage each other and their teachers in a free exchange of ideas.

The general education core curriculum has been developed by the Illinois Community College system to satisfy the breadth of study expected of college graduates. It is a core body of knowledge that all college educated people share. It includes the skills and knowledge that are the basis of a college education. Students at Highland Community College are encouraged to embrace the challenge of learning in the arts and sciences as preparation for success in their declared majors.

Highland Community College is committed to quality in its transfer and occupational programs. In order to be successful in any of Highland’s programs, students need to demonstrate college level skills in reading, writing, mathematics, and critical thinking. Developmental courses and academic support programs are in place to help students reach the levels necessary to succeed in the coursework of their choice.

*Web address: www.ncahlc.org; Phone: 800-621-7440
Admissions Eligibility

College Degree and Certificate Program Courses

See the “Academic Programs” section of this catalog, beginning on page 53, for a full description of Highland’s degree and certificate programs. Eligibility for admission to these programs is outlined below. Call the Office of Admissions and Records at 815-599-3414 regarding admissions questions.

General Admissions

All high school graduates, qualified dual credit, dual enrollment students and GED completers are eligible for admission to Highland. Non-graduates age 16 or older may be eligible for admission if he/she can demonstrate the ability to benefit from programs/courses offered by the College. If his/her high school class has not yet graduated, a properly completed Authorization to Register for Classes Form, obtained from and signed by a guidance counselor or principal, must be presented.

Verification of High School Diplomas Process

It is HCC’s practice to require official (in a sealed envelope) high school transcripts for students that enroll in college. These transcripts help enrolled students with satisfying geometry requirements, meeting pre-reqs for certain courses, and help validate the high school graduation requirement for enrollment and financial aid purposes. Only in cases where HCC has reason to believe that the student has not graduated or has a degree from a non-accredited institution, the following policy will be applied:

- HCC Record & Registration staff members use the websites http://sat.collegeboard.org, or http://www.advanc-ed.org/, http://nces.ed.gov/globallocator, http://ope.ed.gov/accreditation, and http://www.actstudent.org to verify CEEB Codes for High Schools in question. A CEEB code is a numbered registry that College Board uses to track countries, college majors, college scholarship programs, test centers and high schools. In the United States, the register is used by the College Board as a means of unambiguous identification.

Home School Student Admissions

Home school current students and graduates have the same benefits and fall under the same guidelines as general admission students. The home school graduate needs to submit an official transcript containing courses, grades, years attended, graduation completion year and date, and proof of passing federal and state constitution tests to the Office of Admissions and Records. Home school students may take college level courses to supplement their home schooling as long as ACT scores or HCC placement test place them into appropriate classes.

Selective Admissions

Students who want to be admitted to a baccalaureate oriented (transfer) major must demonstrate one of the following:

1.) Completion of these high school courses:
   A) English - 4 units (emphasizing writing, literature, and communications)
   B) Social Studies - 2 units (emphasizing history and government)
   C) Mathematics - 3 units (algebra, geometry, trigonometry, computer science)
   D) Sciences - 2 units (laboratory sciences)
   E) Electives - 4 units (foreign language, art, music, and/or units from A - D above. Two units may be from vocational course work).

2.) Completion of GED

3.) Alternatives to 1) or 2):
   A) Demonstrate readiness to enroll in English 121 and Math 163 or higher by completing appropriate prerequisite courses or by meeting HCC placement criteria, and by having earned a grade of “C” or better in one college lab science and one college social science (history or political science) class.
B) Placement into English 121 and Math 163 or higher using college placement criteria and completion of a college social studies (history or political science) class and one lab science with grade of “C” or better.
C) Age 21 or older and completion of at least 24 baccalaureate-oriented hours with a GPA (grade point average) of 2.0 or better.

**Limited Enrollment Programs**
Students who want to be admitted to Highland’s Nursing, Medical Assistant, and Paramedic programs need to satisfy other admissions requirements. See the “Academic Programs” section of this catalog for further information about admission to this program.

**High School Student “Early Admission”**
To be admitted, a student must be at least 16 years of age and present to the Office of Admissions and Records a properly completed Authorization to Register for Classes Form, available through high school guidance offices or Highland’s Office of Admissions and Records.

**Special Admissions**
Students who are younger than 16 and in high school wanting to jump start their college career, must fill out an admission form. In order to register for classes, students should take a placement test to ensure they are ready for collegiate level courses. Registration will occur after Admissions has a signed registration form from the student, HCC instructor, parent, and school official.

**International Student Admissions**
An “international student” is defined as a person who is a citizen of a country other than the United States, has a visa for educational purposes, and intends to return to his/her own country upon completion of educational goals.

International students may be admitted to Highland if they have successfully completed a minimum of 12 years of primary and secondary schooling, score of 500 paper based exam, 173 computer-based exam or higher or 61 iBT based (internet based score on a TOEFL exam or equivalent), and verify financial support. Prospective students must contact the Director of Enrollment and Records and must be able to meet all applicable student visa regulations before they can be admitted and enrolled.

**Highland Business Institute Courses**
Persons interested in benefiting from coursework offered through Highland’s Business Institute are not required to be high school graduates or GED completers unless there are prerequisite skill levels established to ensure that the students will benefit from such training. For a description of the type of coursework offered through the Highland Business Institute, see page 51.

**Admissions Procedures**

**Academic Placement Test**
All students seeking a degree or certificate and those who have completed 12 credit hours of classes that may apply to a degree or certificate are required to take Highland’s academic assessment placement test. Also, any students wishing to enroll in mathematics, English, science, some business courses, and social behavioral science courses are required to take a placement test. Current ACT scores may exempt students from certain components of the placement tests.

Academic placement tests are administered in the Student/Conference Center, room H108B (Monday-Friday - 8:30 a.m. to 2:30 p.m.) and during scheduled evenings through the Testing Center located in the Success Center (Building M). Call 815-599-3678 for placement testing dates and times or with questions about ACT exemptions.
Full-time (12 or more credits) • First-time Students

1. Complete and submit a Highland Community College Admissions Form online, by mail, or in person. This application is available at area high school guidance offices, the Office of Admissions and Records at Highland, or online at www.highland.edu.
2. Submit official and final (sealed envelope) high school transcripts (or GED certification).
3. Submit ACT scores. Although this is not a requirement for general admission, it is strongly recommended for placement assistance.
4. Take Highland’s academic placement test (see left).
5. Register for classes through a student advisor. Registration appointments may be made by calling a SIS (Student Information Specialist) at 815-599-3573.

Part-time (11 or less credits) • First-time Students

1. Complete a Highland Community College Admissions Form online, by mail, or in person for the semester in which enrollment is desired. This includes students enrolling in Highland Business Institute courses.
2. Take the Highland academic placement test if planning to register for courses requiring pre-requisites.
3. Submit official and final (sealed envelope) high school transcripts (or GED certification).
4. Register for classes through a student advisor, by mail, or in person at the Office of Admissions and Records. Students registering by mail or in person should be aware of course prerequisites and academic placement testing requirements as listed in the course description section of this catalog. Students may request an advising appointment by calling an SIS (Student Information Specialist) at 815-599-3573.

Full-time/Part-time • Readmitted Students

(Students who attended HCC before, but have not been at HCC for at least three years.)

1. If the student is a former Highland student who has not attended for three years, complete an Admissions Form as outlined for first-time students.
2. Take the academic placement test, if necessary.
3. Furnish official and final high school transcripts (sealed envelope). This may be required again if the student has been absent from Highland for more than five years.
4. Register for classes as a full-time or part-time student.

Full-time/Part-time • Continuing Students

Students may register for courses online in their ROAR account or by completing a registration form. This form is available through the Office of Admissions and Records or the Student Services Center. Students may schedule appointments with their advisor by calling 815-599-3573.

Transfer Students

(Persons who have most recently attended college at another institution.)

1. Complete an Admissions Form online, by mail, or in person.
2. Submit official (sealed envelope) college transcripts to HCC Admissions and Records.
3. Have transfer credits (C or better) evaluated by the Director of Enrollment and Records. Take the academic placement test, if required. Depending on course work completed at other schools, transfer students may or may not have to take the test. Please check with a student advisor or at the time of application.
4. Register for courses through a student advisor for the first semester.
International Students

1. All international students must present the required credentials before an I-20 is issued. Complete and submit the International Student Information packet available from the Executive Vice President. Executive Assistant’s office.

2. Submit a properly completed Statement of Student Financial Responsibility along with certified letter showing proof of total financial support while attending Highland Community College.

3. Submit a current, official, TOEFL Examinee’s Score Record showing a “total score” of 500 or higher paper based, or 173 computer based, or 61 iBT based. (internet based score).

4. Submit official secondary-school transcripts and college transcripts (if applicable) in English. Assessment testing may be required.

5. Applications must be submitted a minimum of 30 days prior to the start of the semester.

6. All International students are responsible for all school tuition, fees, housing, and living costs.

7. All International students must present a valid passport before admission is considered final.

8. All International students must carry a minimum of 12 credit hours each semester exclusive of summer.

9. International students must arrange their own housing and transportation since Highland Community College has no dormitories. We offer assistance in finding housing and transportation, but arrangements are the responsibility of the student and are expected to be complete prior to the student’s enrollment.

10. Follow additional procedures listed under full-time students.

Senior Students

Students 61 to 64 years of age who live in the Highland District will receive a reduced senior tuition rate for tuition-bearing classes. Out-of-district students 61 to 64 years of age will be charged the out-of-district tuition rate. In-district students who are 65 and older will receive free tuition for tuition-bearing classes, given there is available classroom space and tuition paying students enrolled constitute the minimum number required for the course. (ICBB Section 1501.505).

Determination of Residency

In-District

In-district tuition is paid by individuals who meet the residency requirements (see below) and live in the high school districts of Aquin, Dakota, East Dubuque, Eastland, Forrestville Valley, Freeport, Galena, Lena-Winslow, Orangeville, Oregon, Pearl City, River Ridge, Scales Mound, Stockton, Warren, and West Carroll. In addition, former CareerTech students from the Durand and Pecatonica school districts will be considered in-district.

Any student who has occupied a dwelling within the district for at least 30 days immediately prior to the scheduled beginning of classes is considered in-district. Proof of residency will be any two of the five following criteria:

1. Living with parents whose legal residence is within Highland’s district
2. Current driver’s license
3. Tax, utility, or rent receipt
4. Voter’s registration
5. Other verification of residency

Students may not attain in-district status simply by attending classes at Highland for 30 days or more. Students who move into the district for reasons other than attending Highland shall be exempt from the 30-day requirement if they demonstrate a verifiable interest in establishing permanent residency. Verification will consist of employment documentation (a student who is considered “full time” or who works 35 hours or more per week), home purchase documents, and/or other legal document.

Out-of-District

Any student who has occupied a dwelling within the State of Illinois, but outside of Highland’s district, for at least 30 days, immediately prior to the scheduled beginning of classes shall be classified as an out-of-district student. Proof of state residency will be the same as in-district, but will extend to the rest of the State of Illinois outside of Highland’s district.
Students may not attain in-state, out-of-district status simply by attending a community college for 30 days or more. Students demonstrating verifiable interest in establishing permanent state residency shall be exempt from the 30-day requirement.

**Out-of-State**
Any student whose legal residence is outside the State of Illinois. This classification includes international and/or foreign students.

**Exceptions**
Under certain circumstances, exceptions to residency rules may be granted. Contact the Office of Admission and Records if a student’s residency is in question.

**Registration For Classes**

**First-time/Full-time Students**
Students must register through a student advisor if they are going to be a full-time student. Students may register through their ROAR (Registration Online and Access to Records) account after seeing an advisor. Registration appointments may be made by calling 815-599-3573.

**First-time/Part-time Students**
Students may register through their ROAR account or through a student advisor, by mail, or in person at the Office of Admissions and Records. Students registering by mail or in person should be aware of course prerequisites and assessment testing requirements. Also, students mailing in registrations need to be aware that they are not officially enrolled in a class until their information is entered on the HCC computer system.

**Continuing Full-time/Part-time Students**
Students may register by logging into their ROAR account or by completing a registration form. This form is available through the Office of Admissions and Records and advising offices. Students may schedule registration appointments by calling 815-599-3573.

**Transfer Students**
Transfer students should register through a student advisor for their first semester at HCC.

**Course Registration Information**

**Registration Dates**
Students may register for any given semester during the dates that are published in the College academic calendar in the front of this catalog.

**Semester Class Schedules**
The College reserves the right to select from the courses listed in this catalog that can be offered during any term. An online class schedule listing the courses offered, days, hours of each class meeting, laboratory times, instructor names, and room assignments will be published as early as possible prior to the opening of each session. The College reserves the right to change the schedule, if necessary. The class schedule can be seen online from the HCC web page (www.highland.edu) and through a student’s ROAR account. A “read only” copy is available from the Office of Admissions and Records.

**Wait List**
In the event a class is full, a wait list is created. Students can place themselves on the wait list in their ROAR account or in the Admissions and Records office. Wait list enrollments close one to two weeks before the semester starts. Admissions and Records staff will send registration tickets to the first four wait listed in the class (except for Math Labs, Science, On-line, and Basic Nursing Assistant classes) and it is the responsibility of the student to turn in the ticket to the instructor on the first day of the class. It is up to the instructor whether or not a wait list student is enrolled in the class. The instructor will sign the ticket and turn the admission forms in to the Admissions and Records office the first week of class.
**Student Schedule Changes**

Schedule changes are allowed during the first week of classes by completing an Add/Drop Form and turning it in to the Admissions and Records office in each regular semester. Any revision in the student’s schedule after registration must be processed on the Add/Drop Form that is available from a student advisor or the Office of Admissions and Records. In addition, students wishing to change their schedules should see a student advisor to learn how their changes will affect their student academic success. (The Office of Admissions and Records must receive the completed form before the change becomes valid.) Once the class has started, the student must receive the instructor’s written signature on the add/drop form. Classes can be dropped with a full refund during the first two weeks of classes for 16-week week classes. See the Office of Admissions and Records regarding classes that run less than 16 weeks.

**Class-Level Change**

Upon recommendation of the instructors of both sections involved and with approval of the division’s dean, a student may be transferred from one level of a course to another during the first four weeks of a semester.

**Tuition and Fees Refund Policy**

Courses can be dropped “No Record” during the first ten academic days (for 16-week classes, please see Admissions and Records for dates of shorter length classes) of a regular semester using the forms available at the Office of Admissions and Records. No official record of enrollment in the class will be maintained. All tuition paid will be refunded during the “No Record” drop period. After this period, no refunds are granted. Students are responsible for ensuring that all paperwork is competed if they are dropping or changing classes.

Refund Amount 100%: 16-week classes – through the first 10 business days of class

Refund Amount 100%: 8-week classes – through the first 5 business days of session start date

Refund Amount 100%: 6-week classes – through the first 5 business days of session start date

Refund Amount 100%: 5-week classes – through the first 3 business days of session start date

Refund Amount – 100% - 4 week classes – through the first 3 business days of session start date

**Regular Summer Session (8 week session)**

Students who “No-Record” drop classes anytime during the first five days of the summer session will receive a 100 percent tuition refund.

**Pre-Summer Session**

Students must drop the second day of class for a full refund.

If a student has not shown up for any class before the drop date (for every different length of class, see date of Admissions and Records), they will be no-showed from their class and money will be refunded. If a student shows up for at least one class, the student is responsible for the tuition and fees of the courses.

**Withdrawal From a Course**

A student may withdraw from a course or courses by completing the following procedures in accordance with deadline dates published in this catalog or in other College publications. Unique courses and those with abnormal time frames may have alternate dates and procedures established by the Director of Enrollment and Records.

Student withdrawal from one or more courses after the “No Record” drop date and prior to the last 10 academic days (for 16 week classes) before the first day of final exams (as published in the official College calendar) will be recorded as a “W.” This grade is non-punitive (i.e., no grade points or semester hours will be included in the computation of the student’s grade point average.) However, there are financial aid implications due to withdrawals. Proportional adjustments will be made for short-term classes. Students must fill out a withdrawal form from the Admissions and Records office and see their instructor for their signature and last date of attendance. Upon receiving the signature, students will then turn in the withdrawal form to Admissions and Records. Payment for courses must still be made.
An instructor may initiate the withdrawal of a student from a course if the student fails to attend classes and/or perform in a manner that the instructor deems necessary for successful completion of the course.

**Student Withdrawal Deadlines (after drop date)**
Official withdrawal from a course or complete withdrawal from all classes will be processed according to the following schedule:

- 16 week classes, second 8 weeks classes, and third 5 weeks classes – 10 days prior to end of semester/8 week classes – 1 week prior to end of part of term
- 5 week classes – the Monday prior to end of part of term

Changes in enrollment will likely affect the amount of your financial aid award.

**Tuition and Fees**
Highland Community College prides itself in providing high quality education at an affordable price. The College charges tuition, a technology fee, and an activity fee per semester hour taken along with a per semester registration fee. Some courses charge a lab or materials fee in addition to tuition. These fees are listed in the course schedules each semester.

Tuition and fee rates are subject to change per semester. For a complete list of current tuition and fee rates, visit www.highland.edu.

**Tax Credits**
The federal government provides a number of tax incentives that can help lower the cost of higher education. Visit www.irs.gov or contact your tax advisor for individual eligibility.

---

**Chargeback Tuition & Cooperative Agreements**
Certain Associate in Applied Science degree and certificate programs may not be available at Highland Community College. A “Cooperative Education Agreement” is an agreement between Highland Community College and approximately 28 other Illinois community colleges for an approved resident of one district to enroll in a specified occupational program at a participating school and be required to pay only the in-district tuition rate established by the college attended. Students complete all specialized courses at the cooperative college.

A “Chargeback” is an agreement between Illinois Community Colleges. In a rare case, if Highland Community College does not offer a program of a study (Associate of Applied Science Degree or certificate program) and does not have a cooperative agreement with another institution for that program, students may be eligible for a chargeback. HCC will provide partial tuition support for the program you wish to pursue at another community college.

Students should contact the Office of Admissions and Records for information on cooperative agreements with area community colleges where a chargeback is not required.
Tuition Payment Options

In order to secure your classes, complete one of the following three payment options by the next published deadline date:

1. Pay your tuition and fees in full by going to Online Bill Pay at www.highland.edu/billpay, or by visiting the Cashier’s Office on the second floor of the Student/Conference Center.

2. Be eligible for financial aid. If you are eligible to receive financial aid and your charges are covered in full, you do not need to make a payment or set up a payment plan.

   To determine your financial aid eligibility status, login to Online Bill Pay below. For information on completing your FAFSA, visit www.fafsa.ed.gov. If your charges are not covered in full, you must set up a payment plan or secure another form of aid by the next published deadline date.

3. Set up a payment plan at www.highland.edu/billpay. Please be sure to set up a payment plan. Simply making a payment by the next published deadline date will not secure your classes.

   For questions regarding tuition payments, or assistance with Online Bill Pay, please visit the “Student Assistance” and “Frequently Asked Questions” pages at www.highland.edu/billpay, email registration@highland.edu, call 815-599-3414, or stop in the Admissions Office on the second floor of the Student/Conference Center.

Payment may be made on-line via credit card or check. Payments are also accepted at the Cashier’s Office with cash, by check, or charged on Visa, MasterCard, or Discover.

Payment Through Financial Aid

Students whose tuition and course fees are paid in part or full by financial aid may register for classes subject to verification of their financial aid awards. Students are responsible for providing accurate information and any errors or omissions may jeopardize or delay the awarding of financial aid. Students must pay for any tuition and fees not covered by financial aid. Students are responsible for tuition, fees, and bookstore charges until Financial Aid is officially awarded.

Payment By Third Party

If a third party is paying for some or all of a student’s tuition and fees, the student must provide a written verification from the third party describing their intent. This letter must be submitted at the time of registration to the Cashier’s Office. Under this option, the third party is billed to the extent outlined in the authorization letter. The student is required to pay any tuition or fees that the third party is not covering in accordance with our tuition payment options. Any third party whose reimbursement is dependent upon the student’s successful completion of the course(s) is not considered a responsible third party for payment purposes. Under this scenario, the student is responsible for any and all payment by the published deadline dates.

Financial Responsibility Statement

By registering for classes at Highland Community College, the student accepts full financial responsibility for payment of the term tuition, fees, as well as associated costs related to registration and or/other Highland Community College services, by the applicable deadlines. Highland Community College may use any and all means necessary to collect this debt in accordance with state and federal laws.
Financial Aid

Eligibility

Financial aid at Highland Community College is designed to supplement student and family resources in order to help meet the expenses of attending college. We believe in educating students and families about the financial resources available to them to help pay for college. Contact the Office of Financial Aid at 815-599-3519 with any questions.

The student must fulfill the following requirements to participate in financial aid programs:

1.) Be a citizen of the United States or a permanent resident.
2.) Be enrolled at HCC for at least three hours per semester (for most financial aid programs).
3.) Be enrolled in an approved degree or certificate program.
4.) Maintain satisfactory academic progress toward a certificate or degree. (Standards of Satisfactory Academic Progress Policy Statement as it pertains to students receiving Financial Aid is available at the Financial Aid Office.)
5.) Be a high school graduate or have earned a GED certificate (submit an official copy of your high school transcript or GED test score to the Admissions Office).
6.) Have registered with Selective Service (men only).

Types of Aid

Highland offers three types of financial aid to students: grants and scholarships, loans, and employment. Grants and scholarships are gift aid or “free” money. Loans must be repaid at some time in the future. Employment offers students an opportunity to work on campus and earn a portion of their educational expenses. While most programs require that the student demonstrate financial need, these programs identified with an asterisk (*) are not generally based on financial need.

Federal Programs Available at Highland:

- Pell Grant (gift aid)
- Supplemental Educational Opportunity Grant (gift aid)
- College Work-Study Program (employment)
- Federal Direct Loan Programs
- VA - G.I. Bill, , V.A. Vocational Rehabilitation*

State Programs Available at Highland:

- MAP - Illinois Student Assistance Commission Monetary Award Program (gift aid) (subject to funding)
- IVG - Illinois Veterans’ Grant (gift aid, certain criteria must be fulfilled)*
- ING - Illinois National Guard Grant (gift aid)*
- MIA POW – (gift aid)*

Campus-based Programs Available at Highland:

- Student Work Program (employment)*
- HCCFS - Highland Community College Foundation Scholarships: - Competitive and financial need-based scholarships - Contact the Foundation office or high school counselor. - HCC scholarship applications are also available on the College website at www.highland.edu
How To Apply

Students must apply each year for most financial aid. The Free Application for Federal Student Aid (FAFSA) must be submitted to the Department of Education, Federal Government for processing. Contact the Financial Aid Office concerning federal and state processing deadlines. In addition all financial aid students must submit the following three forms available on the College Web site at www.highland.edu or in the Financial Aid Office:

- Highland Community College Data Form
- Standards of Satisfactory Academic Progress Policy
- Highland Community College Financial Aid Authorization Form

Additional forms may be required if the financial aid file is chosen for a process called verification or upon review of file.

Disbursements

The Financial Aid Office disburses state funds (MAP) to student accounts the fourth or fifth week of the semester and federal funds (Pell) the ninth or tenth week of the semester. Financial aid funds are applied to all outstanding charges before refunds are issued.

Veterans Educational Benefits

Available Benefits

Many of Highland Community College’s programs are approved for the training of veterans and war orphans under Title 38, U.S. Code, chapters 30, 31, 32, 33, 35, REAP 1607, and 1606. It is also an approved training facility for members of the U.S. Military Reserve and Illinois National Guard.

Veterans may apply for educational benefits at the Office of Financial Aid. The VA will provide financial assistance to veterans to the extent that the credits for which the veteran is enrolled are applicable toward an approved degree or certificate program. Further, the veteran must make continued and satisfactory progress toward the degree or certificate. Veterans are responsible for notifying the College and the VA of reduction in their course load.

The Illinois Veterans Grant is available, in addition to the G.I. Bill, to veterans who:

1.) Served in the armed forces one year or more, or in a foreign country during a time of hostilities.
2.) Were residents of Illinois prior to military service for at least six months,
3.) Returned to Illinois within at least six months after discharge, and
4.) Have other than a dishonorable discharge.

Veterans should apply at the Office of Financial Aid prior to enrollment. Students who have completed one year or more of military service including basic training may, upon petition to the Director of Enrollment and Records, receive credit for a maximum of four activity courses in physical education.
**Standard of Progress for VA Certification Purposes**

The last date of attendance and the exact date of reduction in rate of pursuit shall be considered to be:

1.) The date that instructors report as the last day of pursuit as determined by:
   - A) The last activity date reflected in the instructor’s record,
   - B) The date the last papers were submitted,
   - C) The date of last examination completed,
   OR

2.) The student’s reasonable statement of last date of attendance,
   OR

3.) If earlier than the preceding dates, the effective date of an instructor-initiated withdrawal or the date the student officially withdraws from classes,
   OR

4.) The last day of final exams

The exact date on which the student increased the rate of pursuit shall be the official date of registration for the course or courses.

The Veterans’ Administration shall be notified within a reasonable period of time – normally within one week of interruption, termination, or change in the veteran’s rate of pursuit. Notification shall be via VA online communication. In order to graduate in a program, the veteran must have earned a grade point average of 2.0 or higher and must successfully complete the requirements, subject to approved substitutions and waivers, for the degree or certificate as listed in the current Highland catalog.

To remain eligible for Veterans’ Educational Benefits, students must maintain “Financial Aid Satisfactory Academic Progress” by successfully completing 67% of all courses taken and maintaining a 2.0 GPA after attempting 24 credit hours. Review of this item will be made at the end of each semester.

Student veterans must be in good “Academic Standing” as described on page 41 of this catalog in order to be considered as making good satisfactory progress toward timely graduation. A one semester probationary period is allowed, except for a student failing and/or withdrawing from all subjects taken.
Student Support Services

Academic Support Services

Success Center
The Success Center (SC) is committed to providing quality programs, services, and curriculum that promote the academic success of all Highland students. The Center offers the First-Year Experience Seminar, Writing Center, transitional education courses, tutoring, guidance, and support through implementation of the Americans With Disabilities Act.

The First-Year Experience Seminar, available to all students, facilitates successful transition to college.

The Writing Center is staffed by Highland English instructors who provide mentoring and sustained guidance to students. Requests and individual needs voiced by students are addressed by instructors in virtually any academic area. One-on-one interaction and consultation during any part of the writing process is available to students at selected times throughout the week.

Courses in transitional math, basic communication, college-level reading, and developmental writing and editing offer students the opportunity to increase the level of their academic skills in order to benefit from college level instruction.

Academic support, free of charge, online or in person, is available to any student enrolled in any HCC course. The peer-tutoring program offers individual content tutoring by students who have been recommended by Highland instructors. Peers may also function as study coaches, guiding students to find learning styles and study approaches that work for them.

Study groups and review sessions are also provided at student request. Staff members can provide students with diagnostic information about skill levels and may also assist individual students with study skills.

To successfully use the Success Center’s support services, students should check the schedules for walk-in tutoring. Tutoring is also provided by appointment. Students should complete a request form for services not already on the schedule or to make an appointment.

The Success Center is located on the first floor of the Marvin-Burt Liberal Arts Center, Building M. Call 815-599-3577 for further information.

Disability Services
Disability Services collaborates with students, staff, faculty, and community members to create inclusive, equitable, diverse, and sustainable learning environments for all. The department is a resource for creative problem-solving to enhance access in the following areas:

- Admission/registration assistance, advising and advocacy
- Accommodations for classes, including (list is not extensive):
  - Test accommodations (extended time, quiet testing location, reader, scribe)
  - Academic accommodations (tape record lectures, preferred seating, note taker)
  - Alternate format (audio books, closed-captioned videos, Braille books)
  - Technology (JAWS, Natural Reader, Dragon NaturallySpeaking software, digital tape recorders, smart pens, Read and Write Gold, tracker pro device)
  - Service providers (sign language interpreter, service animals)
- Consultation, referral, and disability awareness information
- Accessibility information, maps, and basic mobility orientation

Building M, M-104, 815-599-3605 (Voice); 815-753-3000 (TDD); 815-599-3646 (Fax); adaservices@highland.edu
Students are encouraged to contact the Coordinator of Disability Services early in the registration process to submit documentation and arrange for services. For additional assistance or resources, students may also wish to contact the Illinois Department of Human Services, who covers Stephenson, Jo Daviess, and Carroll counties, at 815-233-5904 (voice), 866-460-5122 (TDD), or Illinois Department of Human Services Family Community Resource Center, who covers Ogle County, at 815-732-2166 (voice), 866-323-4144 (TDD).

Information regarding the compliant process is available on the Disability Services web site.

First-Year Experience Seminar
The First-Year Experience program is a transferable, two-credit, tuition-free course designed to help students transition to college. Both an orientation and seminar, FYES familiarizes students with Highland technology and College resources as well as helping them to assess their learning styles and strengths.

All first-time, full-time students are expected to take the First-Year Experience Seminar (LIBS199). Course content includes self-knowledge, self-management, critical thinking skills, academic skills, technology skills, access to resources, health and wellness practices, and responses to diversity. Multiple sections of First-Year Experience Seminar are available at a variety of times. Call 815-599-3428 for further information.

Clarence Mitchell Library
The Library is located on the second floor of the Marvin-Burt Liberal Arts Center (Building M) and is open every day that classes are in session. The librarians and staff of the Clarence Mitchell Library are dedicated to helping Highland students, faculty, and staff succeed in learning, teaching, and research. Our services emphasize working closely with students to develop skills in the use and evaluation of information sources. Assistance is offered through individualized research appointments, classroom instruction, and drop-in research assistance. The Library’s book, journal and media collections -- in analog and digital formats -- are wide-ranging and represent multiple viewpoints, languages, and cultures. The Clarence Mitchell Library is part of a world-wide network of libraries that can bring you information from all parts of the globe. We offer spaces for quiet and collaborative study, as well as an open computer lab. The library sponsors cultural programs and other events. The Library is part of the wider Highland district community. Residents are welcome to borrow from our collection, use our facilities, and enjoy our events.

Academic Advising and Transfer
Academic advising is a service designed to help students in the selection of a program or degree and classes that relate to their educational and life goals. The service is provided by student advisors and faculty members in the various academic divisions of the College on an appointment or walk-in basis.

All degree or certificate-seeking students are expected to meet with a student advisor upon initial enrollment and subsequently as needed. ACT or placement test results, class schedules and program outlines, and past academic and/or work performance will be examined in order to assist the student in developing an appropriate academic program designed for transfer to a senior institution or entry into the job market.

The student retains the responsibility for program and course selection and applicability to career or transfer requirements. However, student advisors will provide valuable assistance and information in this decision-making process. Transfer information is available from each student advisor. The Transfer Coordinator/Advisor gathers and disseminates this information and also provides applications to senior institutions, catalog information, and course equivalency information. Computer search services are also available.

Students planning to transfer to another college or university are expected to work with a student advisor. Program guidelines at senior institutions change often; therefore, students are strongly encouraged to see an advisor periodically throughout the academic semesters. Transfer guidelines, updates, seminars, and information pertinent to transfer are available to students on a regular basis. This service is designed to enhance transfer options and alleviate any problems that may arise.

Student Advisors are located on the first floor of the Student/Conference Center, Building H. Services are available by appointment during regular business hours.
and evenings, and during published walk-in times. For an appointment, call 815-599-3573. Veterans and current military personnel may receive specialized assistance from the Veterans Coordinator who is also a Student Advisor.

**Career Services**

Career Services at HCC is a multi-service center that assists students, alumni, and community members with career and employment-related services and opportunities. The office also coordinates the Student Worker Program on Highland’s campus and sponsors an annual job fair held in April. Assistance and resources include:

- Career counseling and assessments
- Employment counseling
- Career resources
- Career Cruising: a comprehensive, Internet-based career program
- Salary and occupational information
- Job leads and postings
- Job hunting assistance – resumes, cover letters, and interviewing

Career Services also collaborates with local employers and area agencies. Career Services utilizes CCN, College Central Network. With CCN, students, alums, and community members can create a free account profile which allows them to:

- Search for both full-time and part-time employment opportunities, as well as internships/co-op possibilities
- Create and upload a resume and career portfolio in which employers can review
- Access event announcements, career advice documents, podcasts, videos, and articles

Career Services is located on the first floor of the Student Conference Center, Room H-108. Career Services’ resources and computers are available on a walk-in basis. The Center is open Monday through Friday, from 8 a.m. to 5 p.m. Summer hours may vary.

Counseling, assessments, and resume development are provided by appointment. Evening appointments are also available. Fees are charged for some services. For more information on services or for appointments, call 815-599-3536 or 815-599-3573.
Special Services

Project Succeed Student Support Services

The purpose of Student Support Services (SSS) is to

• retain and graduate students from diverse and disadvantaged backgrounds at the highest possible rate; and
• foster an academically focused climate supportive of the success of students.

Mission Statement

Our purpose evolved out of the belief that students, when provided with the tools, resources, and information necessary for success, will have a greater chance of graduating.

We aim to embody a holistic program that facilitates and customizes services that address the academic and non-academic needs of participants at each level of their college experience.

Where Did SSS Originate?

SSS is a federal TRIO program funded through a U.S. Department of Education competitive grant process. The name TRIO stands for the original three programs that were part of President Lyndon B. Johnson’s War on Poverty. The programs were established by the federal government to ensure equal educational opportunity for all Americans, regardless of race, ethnicity, or economic situation.

Why You Should Participate in SSS

Students who participate in SSS are more likely to remain at HCC and graduate than students from similar backgrounds who did not participate in the program.

The following services are free of charge to active SSS students.

Tutoring – one-on-one and group instruction is provided by peer and professional tutors who have training and expertise in math, science and other subjects.

Writing Assistance – provides an evaluation of your writing to help produce quality academic essays. In addition, you are helped with developing resumes and personal statements for career support and four-year school entry.

Academic Advising - helps you set achievable goals and develops the skills needed to ensure that you make timely progress toward your degree.

Course Planning – assists you in identifying and examining your strengths and limitations in order to create a manageable schedule of classes.

Personal Coaching – provides you with access to sensitive and caring SSS staff who strive to understand and support your goals, your aspirations, and your challenges—both academic and non-academic.

Career Guidance - helps you formulate answers to the questions “Who am I?” “What do I want to do?” and “How do I get there from here?”

Academic Monitoring - SSS collects quarterly, pre-midterm and year-end reports that will provide staff with information in time to help you take action and improve your course grades.

Scholarships - you can apply for a TRIO scholarship specifically for SSS students.

Financial Education – helps you to improve your financial literacy and gain knowledge of financial resources through workshops, individual coaching, and a SSS online Financial Literacy course.

Academic and Social Events - attend cultural events and workshops on study skills, time management, personal development and other topics of interest. SSS students are honoured at our Graduation Reception during December and May of each year.

High-Tech Computer Lab - specifically reserved for only SSS students to work on a computer, print course-work and make copies.

Study Zones – a quiet place to study and learn from other students.
The following SSS practices resulted in a significant positive effect on students’ persistence, grade point averages and graduation rates.

An emphasis on academic success - The program focuses on ongoing academic enrichment at each level of the student’s college experience. Course performance expectations and tutorial attendance standards are highly enforced. In addition, tutoring in the first year showed the greatest positive effect.

Ongoing advising – Staff members meet with students multiple times throughout the semester.

High levels of student contact hours - The program offers services and activities to meet individual needs and financial incentives to motivate students to show up for services. It is noteworthy that the effects of SSS are more profound as a student’s contact hour increase.

Targeted recruitment and selection procedures- Students are selected who have the potential to be successful in the program and committed to obtaining a degree or certificate and transfer.

Dedicated and skilled staff - The program is staffed adequately by individuals who are dedicated and qualified to accomplish its purpose. Job related training and development are integral parts of the effectiveness of the program. SSS staff come from similar social, economic, and/or racial/ethnic backgrounds as program participants. Their own personal experiences allow them to understand SSS students’ lives, which shape their insights and expertise.

An inclusive and supportive environment - SSS’s staff common background with participants helps create a home-base environment that maximizes students’ success.

Academic coaching- Aimed at helping functioning individuals set and achieve goals, overcome obstacles, and maintain motivation.

The Project Succeed offices are located on the first floor of the Marvin-Burt Liberal Arts Center (Building M). Those interested in the services may pick up an application at the Project Succeed office. For questions, call 815-599-3583.

---

**Auxiliary Services**

**J. Rosemary Shockey HCC Bookstore**

The J. Rosemary Shockey HCC Bookstore provides your best resource for the correct textbooks. You may buy new, used (when available) and if a textbook qualifies for the rental program you will be given the option to rent. Not all textbooks will be available to rent. You will also find your supplementary instructional supplies as required by the instructor of each course. Students are required to supply their own textbooks and supplies.

Here at the J. Rosemary Shockey HCC Bookstore you may purchase passes for the Go Transit Stephenson County transportation service. You may also purchase Art’s Café Meal Cards. The Art’s Café serves breakfast and lunch Monday – Thursday during our regular semesters. The J. Rosemary Shockey HCC Bookstore also carries the following: required art supplies, imprinted clothing, hats, gift items, academically priced software, laptops, additional hardware products, technology products, greeting cards, balloons, and writing supplies. Profits are put back into Student Services at Highland Community College.

When you come to the bookstore please bring your Driver’s license or state ID, (a legal ID is necessary to make purchases with any type of financial aid) and your class schedule (the course name, course number and section number that appear on your schedule is the map you need to provide to us to find your textbooks). You may also print a copy of your schedule here in the J. Rosemary Shockey HCC Bookstore.

Our knowledgeable friendly staff is here to help with all of your back to school needs. Call, email us at bookstore@highland.edu or stop in. Textbooks may be purchased online at http://bookstore.highland.edu beginning a few weeks before classes begin. Online purchases may be made by Credit/Debit card only.

Book buyback is held during the scheduled finals week of each semester. Select books are bought back year round. If you have questions regarding buyback, please stop by. Buyback is easy and you may get cash back for your books.
The J. Rosemary Shockey HCC Bookstore is located on the first floor of the Student/Conference Center (Building H) and is open daily during the following posted hours. For more information, call 815-599-3449. Visit the bookstore web site at http://bookstore.highland.edu

Regular Hours - Monday – Thursday 8 a.m. – 7 p.m.
Friday - 8:00 a.m. – 5:00 p.m.
Summer Hours - Monday – Thurs. 7:30 a.m. - 5:30 p.m.

The bookstore is closed during academic holidays and on weekends.

**Cafeteria**

Food service is available from the cafeteria from 9:00 a.m. to 1:15 p.m. Monday through Thursday. The cafeteria offers breakfast items, sandwiches, soups, salads, desserts and breakfast and luncheon specials. Vending machines are also available. The Cafeteria is located on the first floor of the Student/Conference Center (Building H).

**Child Care Services**

Child care services are offered on the campus by the YMCA. Services are located in the Child Care and Training Center and are available to the general public. The Center’s primary objective is to provide an enriched environment for children whose parents work, attend school, or who need additional experiences to prepare them for school. Services are provided by the Center on a half-day or full-day contract basis only. The YMCA sets the fee schedule for these services. There is no “drop-off” service available. Any child who is six-weeks through ten years of age is eligible to enroll if space is available. For additional information, call 815-235-2467.

**Community Relations**

Community Relations is responsible for releasing information to the press and the public concerning College activities. For further information, call 815-599-3542.

**Housing**

Highland does not provide a formal housing service nor does it recommend housing. Some community-based housing information is available upon request through the Office of Admissions and Records. Also, a privately owned apartment complex is located adjacent to the campus. Information about the complex is available at the complex office. The College advises and encourages parents and students to visit housing facilities before making final arrangements concerning housing in the community.

**Lost and Found Services**

Lost and found services are maintained by the College. However, the College does not assume responsibility for personal property of students. Lost and found services are located at the reception desk on the second floor of the Student/Conference Center, Building H, and at division offices in each building.

**Medical and Health Services**

In the event a student requires medical treatment for injury or illness, reasonable action will be taken to contact medical personnel and the student’s emergency contact if provided in our student information system. Any such medical treatment and service is at the student’s expense. First-aid kits are located throughout the campus.

A qualified mental health professional is located on campus for the provision of mental health assessments. Initial assessment and referral to community services are available at no charge to the student. Students should make an appointment with the counselor by calling 815-599-3654, 815-599-3531 or by sending a request via e-mail to counseling@highland.edu.
Parking and Traffic Services
The College offers student parking in designated lots on the campus. Handicapped parking areas are marked and reserved for employees and individuals with disabilities. The College assumes no responsibility for any car or vehicle, or protection of same, at any time while it is operated or parked on the College campus.

While on campus, all drivers are expected to follow all standard traffic regulations and definitions as enacted into motor vehicle laws by the State and County. Also, all parking regulations are expected to be followed. Violations of these regulations will result in a ticket, fine, and/or towing from campus. Payments can be made to the Cashier’s Office in Building H or by calling 815-599-3482. Appeals may be submitted by calling the Director of the Physical Plant at 815-599-3501. HCC students failing to pay will have a hold placed on their account. Handicapped parking is available and marked.

Sports Center
The Sports Center is a joint venture between the College and the Family YMCA of Northwest Illinois. The facility includes an Olympic-size swimming pool, a 1/14 mile banked jogging track, three racquetball courts, body-building equipment, general exercise equipment, and main and auxiliary gymnasiums.

Students enrolled with 12 credit hours or more at Highland may be eligible for a personal YMCA membership for that semester. To obtain a membership, a Highland student may inquire at the YMCA and will be issued an ID card. Students must request Y cards before the established mid-term date of the semester. Part-time students may purchase a student membership. For more information about student membership prices, please contact the YMCA.

Emergency Services
Highland Community College’s emergency guide can be found at www.highland.edu using the quick links. If an emergency arises, students and visitors are to use an emergency call box located throughout campus or call campus security at 815-599-3451. The security office, H114, is located on the first floor of the Student Conference Center and may be reached for non-emergencies at 815-599-3652.

If campus is closed by inclement weather or other emergency, an automated broadcast telephone call will be made to students at the primary telephone number given to the Admissions and Records Office to communicate the announcement. You may also choose to be notified by a text message to your mobile device via HCC Mobile Alerts by subscribing at www.highland.edu.

The following media outlets will carry the announcement:

In addition, a broadcast email may be used to communicate in an emergency situation. The broadcast email will be sent to Highland email addresses, which all students and staff are assigned.

An announcement will also be posted on the Highland website at www.highland.edu.
**Student Activities**
The College encourages and promotes a program of student activities. The formation of student clubs, organizations, and honorary societies, as well as the production of student publications and the success of activities, depends upon student participation. Students are encouraged to become involved in available activities and to give suggestions concerning future events or desired clubs. Notifications are provided through the campus digital screens, e-mail and through campus life alerts. To sign up for the Campus Life Alerts text service, visit HCC Mobile Alerts on the College website.

**Student Government**
Elections are held each fall and spring to select students to represent the Highland student body. The Student Senate is an active group charged to recognize campus clubs and organizations, develop inter-organizational cooperation, and promote student life on campus. Election to the Student Senate is an honor but also a significant responsibility.

**Music**
Highland offers students the opportunity to participate in vocal and instrumental music outside of the classroom setting. Music majors and non-majors are welcome to audition for and participate in the Royal Scots, Chorale, Chamber Singers, Concert Band, and Jazz Ensemble.

**Theatre**
Highland boasts one of the best theatre programs in the state. Any student is eligible to take an active role in College theatrical productions on stage or behind the scenes. The theatre department offers a wide range of theatrical programs during the school year and hosts the popular Summerset Theatre series.

**Prairie Wind**
The Prairie Wind is a collection of literature, poetry, artwork, photography, and music with representative works from many talented members of the Highland community.

**Intramural Sports**
Students have varied opportunities to participate in individual, co-educational, and team sports in the intramural program. If a particular sport is not offered, the intramural director will determine if sufficient participants are available to make a new sport or activity available.

**Intercollegiate Sports**
Highland is a member of the National Junior College Athletic Association and the Arrowhead Athletic Conference. Highland teams participate in men’s golf, men’s and women’s basketball, men’s and women’s bowling, women’s volleyball, women’s softball, and men’s baseball.

**Forensics**
The Highland Forensics team participates in a nationally recognized student academic activity. Throughout the year, students attend intercollegiate forensics tournaments to present in a variety of public-speaking events. The Forensics Program is open to all students.

**Newspaper**
The student newspaper, *The Chronicle*, communicates with the student body, the College faculty, and administration. Students interested in journalism are encouraged to participate. Course credit is available.

**Clubs and Organizations**
Formal student groups are a vital part of any college experience. Clubs and organizations give students with similar interests a format for developing friendships as well as intellectual growth. Participation in campus activities allows for the educational growth that takes place outside the formal classroom setting and helps students become active citizens on the campus and in their respective communities. Official Campus Clubs are listed on the College website. Information about forming a new club or organization is available through the Student Services Office.
Awards
Each year, Highland offers awards to recognize academic excellence, leadership, character, and service. The Citizenship Award is presented by the College president to two outstanding, graduating sophomores. Other awards given by Highland include student government awards, honor student awards, and division awards.

Phi Theta Kappa
Phi Theta Kappa is an international honor society for students in community colleges who have demonstrated academic excellence. To be eligible for membership in Phi Theta Kappa, a student must have earned a GPA of 3.5 and completed 12 semester hours of baccalaureate degree course work. Students who are eligible for membership each semester are contacted by letter and invited to attend an orientation meeting. A formal induction ceremony is held each spring and fall.

Benefits of being a member of Phi Theta Kappa are formal recognition for academic excellence and eligibility for scholarships at senior institutions. Phi Theta Kappa provides opportunities for individual growth and development through scholarship, fellowship, leadership and service opportunities.

Members wear gold stoles with the honor insignia at graduation and receive diplomas with the Phi Theta Kappa gold seal. For more information, call 815-599-3577.

Code of Conduct
Highland Community College respects the civil rights and liberties of each member of the College; however, it is imperative for the College to be free from coercion, harassment, and disruption in order to allow for the exchange and expression of ideas. It is also imperative that the College, and the activities it sponsors, remain safe and drug-and alcohol-free in order to enhance the pursuit of education and learning.

Students, student organizations, and campus visitors are expected to conduct themselves in such a manner as to be a credit to themselves, their organizations, the College, and the community. Violation of local, state, or federal laws at any college-sponsored activity (on- or off-campus) or at any activity involving the use of Highland property, will be considered a violation of the Student Code of Conduct and will result in disciplinary action.

It is expected that students will:
• Meet instructor expectations for attendance
• Be aware of all course and college requirements
• Complete all assignments in accordance with instructor expectations
• Meet all financial obligations to the College
• Register properly for classes each semester
• Fulfill all degree, certificate, or individual program requirements
• Follow college regulations and local, state, and federal laws
• Act honestly in all situations
• Respect faculty, staff, college personnel, and other students
• Make appropriate use of college equipment, grounds, and facilities

It is expected that student organizations and campus visitors will:
• Follow college regulations and local, state, and federal laws
• Make appropriate use of college equipment, grounds, and facilities
• Respect faculty, staff, college personnel, other students and organizations

The following are examples of unacceptable behavior while on Highland’s Campus or at any Highland-sponsored activity or event:
• Giving false or misleading information to any College employee
• Tampering with or destroying any College record
• Possessing, being under the influence, supplying, or selling any alcoholic beverage, controlled substance, non-prescription drug, narcotic, or stimulant
• Using loud or abusive language
• Creating a hazard, physical or emotional, for others, self, or things
• Blocking access to buildings, rooms, driveways, or other access ways
• Unauthorized use of campus or other College controlled facilities
• Obstruction or disruption of teaching, learning, studying, or other College activities
• Threatening, attempting, or committing physical violence
• Damaging, destroying, or unlawfully possessing College facilities or property
• Theft
• Possession and/or use of knives, guns, or any weapon
• Violation of any College regulation, local, state, or federal law will be subject to referral to criminal/civil authorities for investigation and/or action
• Operating any vehicle in an unsafe or reckless manner
• Parking or using a vehicle in unauthorized areas
• Using skateboards, in-line skates, or other unapproved apparatus

Sanctions for Behavior Misconduct

Violations of the Student Code of Conduct or failure to fulfill expectations are subject to disciplinary action. Disciplinary action may include, but is not limited to, the following:

Warning: A written or spoken notice that continuation or repetition of violations of the Student Code of Conduct may be cause for more serious disciplinary action. (College personnel, Instructor, Dean, Vice President of Student Development and Support Services, or designee)

Disciplinary Probation: A written statement disqualifying a student or organization from participating in any or all College activities, holding an office or leadership role, or other limitations for a specified length of time. (Vice President of Student Development and Support Services or designee)

Other Appropriate Sanctions: Depending upon the misconduct, other appropriate sanctions may include restitution, no trespassing notification, or an educational sanction such as participation in a specific program(s), either of an educational, rehabilitation, or counseling nature.

Suspension: A written notice of exclusion from classes, privileges, and/or activities for a specific period of time. (Vice President of Student Development and Support Services or designee)

Dismissal: A written termination of student status for an indefinite period of time. (Vice President of Student Development and Support Services or designee)

Temporary Suspension by Instructor

An instructor has the authority to remove a student temporarily from the classroom setting if the instructor determines that the continued presence of the student would disrupt the educational process or endanger the physical well-being of others in the classroom or immediate area. All temporary removals from the classroom must be reported to the appropriate Dean or supervisor and the Vice President of Student Development and Support Services or designee within one (1) working day of the removal. Further disciplinary sanctions may be applied.

Authority to Impose Temporary Suspensions from the College

If the presence of any person or organization is an immediate and serious threat to other persons, property, or programs on the Highland campus or other college facilities, the President and CEO of the College or designee may impose an interim suspension from the College. The President and CEO or designee has the authority to remove or continue the suspension for the well-being of the College. During the interim suspension, the affected person or organization shall not, without prior written permission of the President and CEO or designee, enter or remain on Highland premises.
Notification and Due Process Procedures

1. Faculty, staff, or students shall notify the Vice President of Student Development and Support Services or designee within two (2) school days that a student or organization is accused of violating, or has violated, the Student Code of Conduct.

2. The student or organization shall be notified by the Vice President within seven (7) school days that they have been accused of violating the Student Code of Conduct. A meeting with the student or organization representatives shall be scheduled to discuss the alleged violations. The Vice President shall issue a written decision relating to sanctions. Copies of the decision shall be sent to the student or organization and placed in the student’s or organization’s file.

3. The student or organization may appeal the decision of the Vice President to the Judicial Review Board. The appeal must be in writing to the College’s Affirmative Action Officer and made within seven (7) school days from the issuance of the decision. The hearing before the Judicial Review Board is to take place within ten (10) school days after receipt of the appeal. Decisions resulting in dismissal require a hearing before the Judicial Review Board. Appeals related to suspension must be heard by the Judicial Review Board. Other sanctions may or may not be heard by the Judicial Review Board.

Student Judicial Review Board

The following procedures shall be used by the Highland Student Judicial Review Board:

1. The Student Judicial Review Board hears appeals under Student Code of Conduct, Academic Integrity and Academic Misconduct, and Other Student Academic Complaints outlined in the College catalog.

2. On the occasion that a Student violation necessitates serious penalties such as suspension or dismissal, it is the duty of the Student Judicial Review Board to provide a hearing, if requested or required, to determine proper disciplinary action and ensure that due process was delivered to the Student. If the Student is found innocent of the alleged violation of the Student Code of Conduct, it is the duty of the Student Judicial Review Board to refer the responsibility to the appropriate administrator to ensure that the Student has the opportunity to make up all work missed and to expunge the disciplinary complaint from his/her record. The Student Judicial Review Board, upon review of complaints not involving suspension or dismissal, may elect not to hear a case and concur with prior actions taken.

3. The Student Judicial Review Board shall be composed of the following seven members: the Affirmative Action Officer or his/her designee, two administrators appointed by the President and CEO of the College, two faculty members appointed by the President of the Faculty Senate, and two Students appointed by the President of the Student Senate. A Recorder may be assigned to assist the Student Judicial Review Board. The Presiding Officer of the Student Judicial Review Board will be the Affirmative Action Officer or his/her designee. Appointments to the Student Judicial Review Board will be made on an as-needed basis. In appeals related to personal or private health information, the Student filing the appeal may elect that no Students will be appointed to the Student Judicial Review Board.

4. The Student’s written appeal will be shared with the appointed Student Judicial Review Board members prior to a hearing. No member of the Student Judicial Review Board who has a direct interest in the case shall sit in judgment of that case. A member of the Student Judicial Review Board...
determined to have an interest in the case shall be replaced by the authority making the original appointment.
5. The first hearing will be held within 10 school days after receipt of the appeal. The selection of the hearing date(s) will be made by the Affirmative Action Officer. Although the Student’s academic schedule will be taken into consideration, the Affirmative Action Officer will determine the hearing date(s) and will provide the date(s) to the Student and the Student Judicial Review Board.
6. The Student and the HCC representative may provide documents for the Affirmative Action Officer to distribute to the Student Judicial Review Board for their review prior to the hearing.
7. A verbatim record of the hearing shall be taken and the entire proceeding shall be electronically recorded.
8. Student Judicial Review Board meetings are closed and by invitation only. All details of the hearing are confidential.
9. If accepted for hearing, at the first hearing date, both parties to the appeal will present additional supporting documents and information.
10. The Student Judicial Review Board sits in review of a decision made by faculty or administration. The Student Judicial Review Board has the authority to uphold, reverse or modify the decision being appealed. Decisions by faculty or administration are presumed correct and it is the burden of the Student to produce evidence to support the decision to be overturned or modified.
11. At the conclusion of a hearing, the Student Judicial Review Board will discuss the case, outside the presence of the parties, and subsequently render their decision (e.g., uphold, reverse or modify the decision being appealed or reconvene for additional hearing).
12. The Student Judicial Review Board’s decision will be delivered to the Student filing the appeal and the HCC representative within 24 hours of the completion of the hearing. The decision will be delivered by the Presiding Officer of the Student Judicial Review Board.
13. The Student Judicial Review Board’s written decision is the final internal appeal opportunity in the Student judicial rights due process.
14. The Affirmative Action Officer will maintain a record of all hearings and pertinent documents.
15. The Student Judicial Review Board members are not to discuss matters before the Board with anyone and are to respect the privacy of all persons involved. Questions about a Student Judicial Review Board case to individual Student Judicial Review Board members should be directed to the assigned Affirmative Action Officer.
16. Providing false or misleading information at the hearing or to the Student Judicial Review Board is against College policy.
17. The Student Judicial Review Board members shall not retaliate against any person or party for participating in a matter before the Student Judicial Review Board.
18. Any interference by a College employee in (?) this process may be reported to the employee’s supervisor and may subject the employee to possible discipline.
19. The Student Judicial Review Board, upon request, may have the Presiding Officer resource the College attorney for legal counsel.

The responsibilities of the Student after submitting a written appeal include:
1. Student may submit documentation to support their appeal to the Affirmative Action Officer within 48 hours of filing their appeal. These documents will be shared with the Student Judicial Review Board for review prior to the hearing.
2. Student may provide to the Affirmative Action Officer a list of possible witnesses to support their appeal. Prior to testimony, witnesses shall identify themselves and state their relationship to the present case.
3. If accepted for hearing, Student may present their appeal at the first Student Judicial Review Board hearing.
4. Student may have an advisor, parent or guest with them at the hearing. The advisor, parent or guest is allowed to hear the proceedings of the Student Judicial Review Board, but are not permitted to speak or intervene during these proceedings.
5. The Student is entitled to question HCC Representative and any witnesses.
6. Student Judicial Review Board meetings are closed and by invitation only. All details of the hearing are confidential.
7. Questions outside of a Student Judicial Review Board hearing should be directed to the assigned Affirmative Action Officer rather than individual Student Judicial Review Board members.
8. Providing false or misleading information is against College policy.
9. The Student shall not retaliate against any person or party for participating in a matter before the Student Judicial Review Board.
10. Any interference by a Student or witness in this process risks having charges or additional charges filed against them.

The responsibilities of the HCC Representative (decision-maker) include:
1. HCC Representative may submit documentation to support their decision related to the appeal matter to the Affirmative Action Officer within 48 hours of notification from the Affirmative Action Officer of the filing of an appeal. These documents will be shared with the Student Judicial Review Board for review prior to the hearing.
2. HCC Representative may provide to the Affirmative Action Officer a list of possible witnesses to support their decision. Prior to testimony, witnesses shall identify themselves and state their relationship to the present case.
3. If accepted for hearing, HCC Representative may present their documentation to support their decision at the first Student Judicial Review Board hearing.
4. The HCC Representative is entitled to question the Student and any witnesses.
5. The HCC Representative will follow through with the final decision of Student Judicial Review Board.
6. The HCC Representative will maintain confidentiality.
7. Student Judicial Review Board meetings are closed and by invitation only. All details of the hearing are confidential.
8. Questions outside of a Student Judicial Review Board hearing should be directed to the assigned Affirmative Action Officer rather than individual Student Judicial Review Board members.
9. Providing false or misleading information is against College policy.
10. The HCC Representative shall not retaliate against any person or party for participating in a matter before the Student Judicial Review Board.

Academic Integrity and Academic Misconduct

Academic integrity rests on two principles: first, that academic work is represented truthfully as to its source and its accuracy; second, that academic results are obtained by fair and authorized means. “Academic Misconduct” occurs when either of these guiding principles is knowingly violated.

Examples of these violations include:
A. Cheating: Giving, using, or attempting to use unauthorized materials, information, notes, study aides, or other devices in any academic exercise, including unauthorized communication of information.
B. Fabrication and Falsification: Unauthorized alteration or invention of any information or citation in an academic exercise.
C. Plagiarism: Using another’s ideas, words or work and misrepresenting or presenting them as your own original work without properly citing or acknowledging the source.
D. Facilitating Academic Misconduct: Giving or attempting to help another commit an act of academic misconduct.
E. Tampering with Materials, Grades, or Records: Interfering with, altering, or attempting to alter records, grades, or other documents without authorization from an appropriate College official for the purpose of changing, falsifying, or removing the original information found in such records.
Sanctions for Academic Misconduct

Tier 1: Sanctions imposed at the discretion of the instructor:

A. An oral reprimand;
B. A written reprimand to the student;
C. An assignment to repeat the work or an alternate assignment;
D. A reduction in grade on the assignment;
E. A failing grade in the course

Tier 2: Sanctions imposed by the Dean/supervisor and/or Executive Vice President when the student has been found responsible for two or more previous academic misconduct offenses or when the conduct is deemed egregious. Note: Except for Tier 2D, when these sanctions are imposed an “XF” designation is entered into the transcript, indicating that academic dishonesty has occurred. Student privileges are revoked until the sanction is lifted or the student completes remediation. See Section E under “Procedures and Student Rights”:

A. Academic Probation (see definitions)
B. Removal from the course;
C. Suspension from the college;
D. Dismissal from the college.

See E below regarding remediation requirements that may also be imposed.

Procedures and Student Rights

A. An instructor may, with written notice to the student, treat as unsatisfactory any student performance that is the product of academic misconduct. The instructor will issue written documentation of incident(s) and sanction(s) to the student and to the Dean to whom the instructor reports. The documentation will be entered into a tracking system used by the College.

B. If a student wishes to protest a grade based upon work judged by an instructor to be a product of academic misconduct, or if an instructor deems Tier 2 sanctions or other judiciary action advisable, a recommendation for review shall be made to the Dean or supervisor to whom the instructor reports. The Dean or supervisor shall review the incident with the instructor and student and issue a decision within five (5) school days of the review. Tier 2C and 2D sanctions require the review and approval of the Executive Vice President. The Executive Vice President will issue a decision regarding the recommendation within five (5) school days.

C. If an instructor and/or Dean or supervisor deems other judiciary action advisable, or if a student wishes to appeal the Dean’s decision, a recommendation for review shall be made in writing to the Executive Vice President. The Executive Vice President shall review the incident with instructor, Dean, and student, and issue a decision in writing within ten (10) school days.

D. If a student wishes to appeal the decision of the Executive Vice President, a written appeal may be made to the Student Judicial Review Board. This appeal letter should be sent to the college’s Affirmative Action Officer within five (5) school days of receipt of the Executive Vice President’s reply.

E. With the exception of the Tier 2D sanction, students receiving other Tier 2 sanctions and a failing grade in the course will receive an “XF” on the college transcript, indicating that academic dishonesty has occurred. This will remain on the transcript until the student completes a remediation program and/or academic integrity counseling as assigned by the Executive Vice President. Students receiving Tier 2 sanctions are prohibited from participating in college sponsored extra-curricular activities. This includes, but is not limited to, athletic events, clubs, and other college organizations. Once the remediation program is completed or the probation or suspension period has been lifted, the “X” designation is removed and privileges are reinstated.
Other Student Academic Complaints

Non-Grade Complaints
Highland Community College students have the right to express their opinions regarding treatment in academic matters. Students shall express concerns initially with the appropriate faculty or educational staff member within seven (7) school days of the occurrence that gives rise to the complaint. If the complaint is not resolved to the student’s satisfaction, the student may request a review of the complaint by the Dean or supervisor to whom the instructor reports.

The request must be in writing and must be received by the Dean or supervisor within five (5) school days after the initiated attempt at resolution. The Dean or supervisor will discuss the complaint with the instructor and student before deciding the appeal. The Dean or supervisor shall issue a written response covering the outcome of the review within seven (7) school days after receipt of the request.

The instructor will be briefed about the response to the student.

If the result of the Dean’s or supervisor’s review is unsatisfactory to the student, or if the instructor who gave the initial grade does not agree with the Dean’s resolution of the issue, the student or the instructor may appeal in writing to the Executive Vice President within five (5) school days after receipt of the Dean’s response. The Executive Vice President shall review the complaint fully, discuss the complaint with the student and the instructor, and review any materials provided by the student or instructor to support their position and issue a reply in writing, to both the student and the instructor, within ten (10) school days of receipt of the student appeal. The Dean and Executive Vice President shall first attempt to mediate the situation between the student and faculty member prior to issuing a decision. If the result of the Executive Vice President’s review is unsatisfactory to the student or the instructor, either the student or the instructor may file a written appeal to the Grade Appeals Committee. The written appeal shall be submitted to the committee within five (5) school days after the written decision of the Executive Vice President. The committee shall review the prior decisions and the supporting materials and will hear testimony from the student, instructor, and anyone else the committee deems appropriate. The committee shall issue a final written decision within ten (10) days after the receipt of the written appeal. The decision of the committee shall be final and binding on all parties.

Grade Complaints
Highland Community College students have the right to express their opinions regarding treatment in academic matters. Students shall express their concerns initially with the appropriate faculty or educational staff member within seven (7) school days of the occurrence that gives rise to the complaint.

If the complaint is not resolved to the student’s satisfaction, the student may request a review of the complaint by the Dean to whom the instructor reports. The request must be made in writing and must be received by the Dean within five (5) school days after the initiated attempt at resolution.

The Dean will discuss the complaint with the student and instructor before deciding the appeal. The Dean shall issue a written response covering the outcome of the review within seven (7) school days after receipt of the request. The instructor will be given a copy of the written response to the student.

If the result of the Dean’s review is unsatisfactory to the student, or if the instructor who gave the initial grade does not agree with the Dean’s resolution of the issue, the student or the instructor may appeal in writing to the Executive Vice President within five (5) school days after receipt of the Dean’s response. The Executive Vice President shall review the complaint fully, discuss the complaint with the student and the instructor, and review any materials provided by the student or instructor to support their position and issue a reply in writing, to both the student and the instructor, within ten (10) school days of receipt of the student appeal. The Dean and Executive Vice President shall first attempt to mediate the situation between the student and faculty member prior to issuing a decision. If the result of the Executive Vice President’s review is unsatisfactory to the student or the instructor, either the student or the instructor may file a written appeal to the Grade Appeals Committee. The written appeal shall be submitted to the committee within five (5) school days after the written decision of the Executive Vice President. The committee shall review the prior decisions and the supporting materials and will hear testimony from the student, instructor, and anyone else the committee deems appropriate. The committee shall issue a final written decision within ten (10) days after the receipt of the written appeal. The decision of the committee shall be final and binding on all parties.

The committee shall consist of the College President and CEO, two college administrators appointed by the President and CEO of the College, two faculty members appointed by the President of the Faculty Senate; one student appointed by the President of the Student Senate; and one member from the Board of Trustees to be selected by the Chair of the Board of Trustees. No member of the Grade Appeals Committee who has
a direct interest in the case shall sit in judgment of that case. A member of the Grade Appeals Committee determined to have an interest in the case shall be replaced by the authority who made the original appointment.

**Sexual and Other Harassment Complaints**

Harassment of any kind is not acceptable at Highland Community College whether it is sexual harassment or on the basis of age, color, disability, ethnic or national origin, gender, race, religion or sexual orientation, or any other legally protected classification. An individual who believes he/she has been harassed should report harassment to the Vice President of Student Development and Support Services (Title IX Coordinator and Investigator), the Director of Adult Education (Investigator), or the Associate Vice President of Human Resources (College’s Affirmative Action Officer and Investigator) within 45 days of the date of the alleged event or incident. The Investigator(s) will process the complaint according to the process identified in the College’s Sexual and Other Harassment policy. This policy may be found on the HCC web site: www.highland.edu.

**Assessment of Student Learning Outcomes**

According to its mission, Highland Community College is committed to providing quality education and learning opportunities. Central to assuring quality is the college’s program of assessment of student learning outcomes.

Highland Community College’s faculty members have created and written student learning outcome statements to help measure and promote student learning in the general education core curriculum, identified programs in the transfer curriculum, and the occupation programs leading to the AAS degree.

Students may be asked to participate in activities designed to assess learning in Highland’s academic and occupational programs or within individual courses or courses of study. This partnership of learners and teachers will assist Highland in its efforts to continuously improve the quality of teaching and learning at the institution.

**Information Technology Services Acceptable Use Guidelines**

The Information Technology Services Acceptable Use Guidelines below were updated in April 2012 and are likely to be updated regularly based on changes in technology and user behavior. The latest version of these guidelines can be found the College’s Web site at www.highland.edu. The version found on the College Web site supersedes this printed version and will be considered the current official College policy.

Highland Community College provides technology resources to meet the College’s purpose, to support our educational and community values, and to support our programs and initiatives. Highland Community College’s Information Technology Services organization’s goal is to provide high quality services to the campus community. To ensure that our high standards are met, we have certain expectations regarding the use of technology resources at the College.

Access to Highland Community College technology resources – computing facilities, network services,
servers, equipment, software, applications, information resources, printing and scanning services, and user and technical support provided by Information Technology Services staff – is a privilege, not a right. This privilege is extended to all users—faculty, staff, students, trustees, alumni/ae, affiliated individuals and organizations, partner non-profits and PK-12 schools. Accepting access to this technology carries an associated expectation of responsible and acceptable use.

This “Acceptable Use Guidelines” document describes activities that Highland Community College considers violations of use of technology resources. The examples listed are not exhaustive and may change from time to time as technology and applications change. The examples are provided solely for guidance to users. If you are unsure whether any use or action is permitted, please contact Information Technology Services for assistance at 815-599-3628 or callcenter@highland.edu.

While there are cases in which the use of technology resources is deemed not responsible or not acceptable, there are also more serious cases in which technology resources are used in the conduct of behaviors which violate College policies, codes of conduct, or local, state, or federal law. Though the use of technology resources is the focus of this document, members of the Highland Community College community and others using Highland Community College’s technology resources are advised that use may also be governed by other College policies including but not limited to those in the student handbook, College catalog, and other policies governing academic, student life, or personnel matters at the College or agreements between the College and affiliated organizations. Highland Community College’s technology and information resources are not to be used for commercial purposes or non-College related activities without written authorization from the officer(s) of the College that have been so designated (contact Information Technology Services for further information). To ensure proper network performance, and security as well as appropriate use, College staff may monitor and record user activity.

Highland Community College reserves the right to enforce applicable penalties and/or immediately terminate access to College systems and network services to any user in cases where technology resources have been used in a manner that is disruptive or is otherwise believed to be in violation of “acceptable use” or other College policies or law. The College will act in accordance with the provisions of the Digital Millennium Copyright Act in the event of notification of alleged copyright infringement by any user.

The College retains control, custody and supervision of all College provided computer technology. The College reserves the right to monitor the use of computer technology activity by any user. No user shall have expectations of privacy in their use of computer technology, including e-mail messages and stored files, except proprietary research by faculty members who need to protect work, product, or documents protected from viewing by state and federal law.

Although Highland Community College takes measures to safeguard integrity and confidentiality, it in no way guarantees the safety or security of information resources. Highland Community College disclaims liability for the unauthorized interception, use, misuse, damage or destruction of information resources. No student, faculty member, staff member, or authorized user shall seek to hold Highland Community College liable for damage resulting from unauthorized interception, use, misuse, damage or destruction of information resources. Each authorized user shall hold Highland Community College harmless and indemnify it for any expense or loss caused by his/her own unauthorized interception, use, misuse, damage, or destruction of information resources, or by his/her violation of this Acceptable Use Guideline document.

Thousands of current and future students, faculty, staff, alumni, and donors are utilizing social media sites such as Facebook, Twitter, LinkedIn, YouTube, MySpace, and a whole host of blogging sites and comment interfaces to stay personally and professionally connected. HCC believes that having a presence in these areas will allow the College to broadcast information and interact with the public in ways that will further Highland’s mission, vision, and core values.

Social media sites are powerful communication tools that have a significant impact on organizational and professional reputations. Because they blur the lines between personal voice and institutional voice, High-
land Community College has developed guidelines, located within this document, to help clarify how best to enhance and protect personal, professional, and institutional reputations when participating in social media.

Both in professional and institutional roles, employees need to follow the same behavioral standards while participating in social media as they would in real life situations. The same College policies, professional expectations, and guidelines for interacting with students, parents, alumni, donors, media, and other constituents apply online as in real-world situations. Employees are accountable for anything they post to social media sites.

**User and Staff Responsibilities:**

As a user or staff member of Highland Community College’s technology resources, you have a shared responsibility with the College’s Information Technology Services staff to maintain the integrity of our systems, services, and information so that high-quality services can be provided to everyone. Your responsibilities include:

1. To use the College’s technology resources responsibly and appropriately, respecting the rights of other users to system, services, and information access 24 hours per day, 7 days per week.
2. To respect all contractual and license agreements, privacy of information, and the intellectual property of others.
3. To comply with College, federal, state, and local regulations regarding access and use of information resources (e.g., College policies regarding the sensitive information and dissemination of information outside the campus, Federal Copyright Act, The Family Education Rights and Privacy Act, Gramm-Leach-Bliley Act, Red Flag, HIPAA, codes of professional responsibility, etc.).
4. To exercise due diligence in protecting any personally owned device you connect to the Highland Community College wireless network from viruses, worms, and security vulnerabilities by regularly using anti-virus software.
5. To keep your technology accounts (computer, network, application) secure. If you suspect unauthorized access, report it to your supervisor or the Information Technology Services department.
6. To not share your privileges with others. Your access to technology resources is not transferable to another member of the Highland Community College community, to family members, or to an outside individual or organization.
7. To comply with posted policies governing use of public computing facilities.
8. To present a web page that reflects the highest standards of quality and responsibility. As web page owner, you are responsible to ensure that both the content of your web page and all links and references from your web page are consistent with this and other College policies, copyright laws, and applicable local, state, federal laws. Published web pages are not to be used for commercial purposes or for activities not related to the purposes of the College, without written authorization from the College.
9. To understand the implications of sharing personal information or data via the Internet, e-mail, Instant Messaging or other services that either are open to access by others on and off-campus, or that can be forwarded to others.
10. To keep all institutional data in safe-keeping. Information containing any personal data of students, staff or others should not leave the institution unsecured.
11. To ensure all information is stored to the network (H: and G:) and not to local computer hard drives (C:).
Examples of Violations of “Acceptable Use”

**Authorized Access/Accounts**
1. Attempting to obtain unauthorized access or circumventing user authentication or security of any host, network or account ("cracking"). This includes accessing data not intended for the user, logging into a server or account the user is not expressly authorized to access, or probing the security of systems or networks.

2. Supplying or attempting to supply false or misleading information or identification in order to access Highland Community College’s technology resources.

3. Sharing your passwords or authorization codes with others (computing, e-mail, applications, etc.)

4. Using technology resources for unauthorized or illegal uses.

5. Logging onto another user’s account; sending e-mail, etc. from another user’s account or device or from an anonymous account.

6. Unauthorized use of the College’s registered Internet domain name(s).

7. Changing your Highland Community College-issued machine name to a name that is different from that assigned by Information Technology Services.

**Services**
8. Attempting to interfere with service to any user, host, or network. This includes "denial of service" attacks, “flooding” of networks, deliberate attempts to overload a service, port scans and attempts to “crash” a host.

9. Use of any kind of program/script/command designed to interfere with a user’s computer or network session.

10. Damaging a computer or part of a computer system.

11. Knowingly spreading computer viruses.

12. Modifying the software or hardware configuration of College technology resources, including dismantling computers in the lab for the purposes of connecting a notebook computer to the peripherals.

13. Excessive use of technology resources for “frivolous” purposes, such as game playing or downloading of files. This causes congestion of the network or may otherwise interfere with the work of others, especially those wanting to use public access PCs or network and Internet resources.

14. “Hacking” on computing and networking systems of the College or using the College’s network to “hack” other networks.

15. Setting up wireless access points (WAPs).

16. Staff members are expected not to use the internet excessively for personal use while performing their regular assigned duties. Personal use of the internet by staff members should be discussed with the employee’s immediate supervisor.

17. Unless resources are used to meet the College’s purpose, to support our educational and community values, and/or to support our programs and initiatives, users are prohibited from accessing, submitting, publishing, displaying, or posting any defamatory, inaccurate, abusive, obscene, profane, sexually oriented or explicit, threatening, racially offensive, harassing, or illegal material.

**Software, Data & Information**
18. Inspecting, modifying, distributing, or copying software or data without proper authorization, or attempting to do so.

19. Violating software licensing provisions.

20. Installing software on College machines without appropriate authorization (from Information Technology Services).

21. Installing any diagnostic, analyzer, "sniffer," keystroke/data capture software or devices on College technology resources.

22. Breaching confidentiality agreements for software and applications; breaching confidentiality provisions for institutional or individual information.
Email/Internet Messaging

23. Harassment or annoyance of others, whether through language, frequency or size of messages.
24. Sending unsolicited bulk mail messages (“junk mail” or “spam”) which, in the College’s judgment, is disruptive to system resources or generates a significant number of user complaints. This includes bulk mailing of commercial advertising, political tracts, or other inappropriate use of system e-mail distribution lists. Bulk mail should not be the venue for any all-campus conversations.
25. Forwarding or otherwise propagating chain e-mail and pyramid schemes, whether or not the recipients wish to receive such mailings. This includes chain e-mail for charitable or socially responsible causes.
26. Malicious e-mail, such as “mailbombing” or flooding a user or site with very large or numerous items of e-mail.
27. Forging of e-mail header envelope information.
28. Forging e-mail from another’s account.

Web Pages & Servers

29. Posting content on your web page that provides information on and encourages illegal activity, or is harassing and defaming to others.
30. Linking your web page to sites whose content violates College policies, local, state, and/or federal laws and regulations.
31. Running web sites that support commercial activities or running server systems under the College’s registered domain name, HIGHLAND.EDU or variation thereof, without the College’s authorization.

Social Media Guidelines

General Posting Recommendations

1. Be honest about your identity. If you desire to post about Highland in an unofficial capacity, please identify yourself as a Highland faculty or staff member. Never conceal your identity for the purpose of promoting Highland through social media. An excellent resource about transparency in social media sites is the Blog Council’s “Disclosure Best Practices Toolkit” at www.socialmedia.org/disclosure

2. Be accurate in your posts. Make sure that you have all the facts before you post. It’s better to verify information with a source first than to have to post a correction or retraction later. Cite and link to your sources whenever possible. If you make an error, correct it quickly and visibly. This will earn you respect in the online community.
3. Be respectful to others. You are more likely to accomplish what you want if you are positive and respectful while discussing a bad experience or disagreeing with an idea or person.
4. Be a valued member of the sites in which you participating. If you join a social network like a Facebook group or comment on a blog, make sure you are contributing valuable input. Refrain from posting information about topics like Highland events unless you are sure it will be of interest to readers. Self-promoting behavior is viewed negatively and can lead to you being banned from certain sites or groups.
5. Take care to think before you post. There’s no such thing as a “private” social media site. Search engines can turn up posts long after the publication date. Comments can be forwarded or copied. Archival systems save information even if you delete a post. If you feel annoyed or passionate about a subject, it’s advisable to hold off posting until you are calm and clear-headed.
6. Maintain confidentiality at all times. Do not disclose confidential or proprietary information about Highland, its students, its alumni or your fellow employees. Use good ethical judgment and follow College policies and federal requirements, such as FERPA and HIPPA. As a guideline, don’t post anything that you would not present at a conference.
7. Respect College time and property. As stated in Section 5.23 of the College Policy Manual, computers and your work time are to be used for College-related business. It is appropriate to post at work if your comments are directly related to accomplishing college-related goals, such as seeking sources for information. You should maintain your personal sites on your own time using non-Highland computers.
Official Highland Community College Social Media Accounts

To ensure that any and all interactions on behalf of Highland represent the College’s best interests, the following guidelines have been crafted for those Highland employees authorized to participate and/or maintain official social media sites on behalf of the College. These guidelines are designed to be broad in nature to accommodate differences in online venues while maintaining a universal code of conduct.

8. To be recognized by the College as an official HCC social media account, the account administrator(s) must seek approval from the Community Relations (CR) office. The CR office will review all social media inquires. This office should also be used as a resource for the college community for any social media needs. The CR Office will ensure the pages are set up properly according to the social media site’s policy.

9. All social media accounts officially recognized by the College must have an HCC faculty or staff member as an administrator at all times. In the event that accounts allow for multiple administrators, the CR office may request administrator privileges.

10. Should an HCC employee administrator of an account leave the College for any reason or no longer wish to be an account administrator, it is that individual’s responsibility to designate another HCC employee to be an account administrator prior to removing himself or herself from that role. The CR office should be notified when a new administrator takes over. College employees identified as account administrators are held responsible for managing and monitoring content of their officially recognized accounts.

11. Administrators are responsible to remove content that may violate the College’s policies. If you have questions regarding the appropriateness of a post to site that you administer, please contact the CR office.

Content

12. Use good judgment about content and respect privacy laws. Do not include confidential information about the College, its staff, or its students.

13. You may post any content that is not threatening, obscene, a violation of intellectual property rights or privacy laws, or otherwise injurious or illegal.

14. Representation of your personal opinions as being endorsed by the College or any of its organizations is strictly prohibited. You may not use the HCC name to promote any opinion, product, cause, or political candidate.

15. By posting content to any social media site, you agree that you own or otherwise control all of the rights to that content, that your use of the content is protected fair use, that you will not knowingly provide misleading or false information, and that you hold the College harmless for any claims resulting from the content.

16. HCC has the right to remove any content for any reason, including but not limited to, content that it deems threatening, obscene, a violation of intellectual property rights or privacy laws, or otherwise injurious or illegal.

17. When using or posting online material that includes direct or paraphrased quotes, thoughts, ideas, photos, or videos, always include citations. Provide a link to the original material if applicable.

18. Refrain from using information and conducting activities that may violate local, state, or federal laws, and regulations.
Payment Card Industry (PCI) Compliance Guidelines

1. PCI Self-Assessment Questionnaire number 12.3.1: Explicit approval by authorized parties to use the technologies: Staff who are responsible for handling credit card transactions as a part of their job duties need to be authorized in writing (or email) to operate a credit card swipe terminal or to have an account set up for use in an online payment system.

2. PCI Self-Assessment Questionnaire number 12.3.5: Acceptable locations for use of the technologies: Highland Community College currently approves acceptable locations for use of the credit card swipe terminals to be limited to the Cashier’s Office and the Bookstore. Use of TouchNet and associated applications for online credit card processing shall be used in the cashier’s office, accounting staff offices, IT offices, and the bookstore.

3. PCI Self-Assessment Questionnaire number 12.3.9: Activation of remote-access technologies for vendors and business partners only when needed by vendors and business partners, with immediate deactivation after use.

General Information

Bulletin Boards
Bulletin boards are located in each building for students, faculty, and staff for communication of campus activities. The Office of Marketing and Community Relations may authorize bulletin board usage on campus. Deans or Directors charged with building responsibility may also authorize the posting of items in the appropriate building. Contact the Office of Marketing and Community Relations to request posting of announcements on the digital screens or campus calendar accessible through the College web site. The Dean or Director may also remove any unauthorized item or any item found to be in violation of the Student Code of Conduct.

Campus Hours - 5 a.m. to 11 p.m.
No one is to be on campus at other times without special permission. Violators will be considered as trespassers.

Guests
Guests and visitors are encouraged to avail themselves of Highland’s hospitality. Highland students are responsible for the actions of their visitors or guests at College activities both on and off campus. The Code of Conduct will be applied to all.

Security
Campus security is a responsibility shared by all members of the campus community. If security problems arise, services can be obtained by calling the sheriff’s deputy at 815-599-3652 (on campus, call extension 3652). If an immediate action is needed, contact Campus Security’s radio line at 815-599-3451. The radio calls are answered 24 hours a day, seven days per week excluding Sundays 7:00 am – 11:00 pm and College observed Holidays.

Reporting Conduct and Security Concerns
The College utilizes an online reporting tool for 24-hour-a-day notification of concerns or issues. To access the service, select the Academic and Conduct Referral Form found on the College web site’s Quick Find Menu. Early notification of concerns allows the College to respond more proactively.
Reporting Sexual Misconduct and Sexual Harassment

Individuals seeking guidance or making a report should contact:

Liz Gerber, Title IX Coordinator
815-599-3531, Liz.Gerber@highland.edu

Mark Jansen, Investigator
815-599-3455, Mark.Jansen@highland.edu

Rose Ferguson, Affirmative Action Officer & Investigator
815-599-3402, Rose.Ferguson@highland.edu

Students may also report to the Office of the Sheriff’s Deputy. Non-emergency: 815-599-3652 (on campus, call extension 3652).

Non-Discrimination

Highland Community College does not discriminate on the basis of race, creed, religion, political philosophy, color, national origin or ancestry, gender, sexual orientation, age, physical or mental handicap unrelated to ability, marital status, unfavorable discharge from military service or other factors prohibited by applicable laws and Executive Orders, and is committed to equal opportunity for all applicants and members of its student body, faculty, staff and officers. See page iii for the College’s non-discrimination statement.

Tobacco Use on Campus

Smoking is prohibited in or on HCC owned, operated or leased property which includes grounds, facilities and College owned vehicles in accordance with the Illinois Smoke-Free Campus Act. This includes the burning of any type of cigar, cigarette, pipe, or other smoking equipment. The use of e-cigarettes is subject to the same restriction as smoking. In addition, use of tobacco products is prohibited. This includes smokeless/chewing tobacco. Smoking and tobacco use inside private vehicles is permitted.

Highland Community College is committed to maintaining a healthy, productive environment for all of its students, faculty, staff and visitors. Complying with the new state law, as well as becoming a tobacco-free campus, offers support for this commitment.

Eating Regulations

Eating is allowed only in designated areas in the buildings, except as allowed by College staff.

Highland Traditions

School Colors: Brown, Orange, White and Dark Blue

School Mascot: Cougar

Music Groups: HCC Jazz Ensemble, Royal Scots, and Collegiate Choir

Community Theater: Summerset Theater
**Student Classifications**

**Freshman**
A degree-seeking student who has accumulated 29 semester hours or less of college-level course credit is considered to be a freshman.

**Sophomore**
A degree-seeking student who has accumulated 30 semester hours or more of college-level course credit is considered to be a sophomore.

**Special**
The following students fall into this category:
1. Adult/Continuing Education students,
2. Students who already have an Associate degree or higher,
3. Students who are seeking a certificate, and
4. Students not seeking a degree or certificate.

**Full-time**
A student who is registered for twelve or more semester hours during a regular semester, or six or more semester hours during a summer session is considered to be full-time.

**Half-time**
A student who is registered for between six and eleven semester hours during a regular semester or between three and five semester hours during a summer session is considered to be half-time.

**Part-time**
A student who is registered for five semester hours or less during a regular semester, or two semester hours or less during a summer session is considered to be part-time.

**Scholastic Load**
Twelve semester hours constitute the minimum full-time load; the normal full-time class load is 15-16 semester hours. More than 18 hours may be carried by special permission of the College’s student advisors. Students in most academic courses can expect to spend an average of two to three hours of preparation for each hour of class.

The College reserves the right to restrict a student’s course load to less than minimum full-time status or to assign students to a course. Such decisions may be based on review of the student’s previous academic record and on results of tests given at the time of registration.

Students who are working more than 20 hours per week should reduce their class load proportionately. To achieve the best academic record, it is recommended that students plan not to work during the first semester in college. The suggested schedule for working students is as follows:

<table>
<thead>
<tr>
<th>Work Load</th>
<th>Class Load</th>
</tr>
</thead>
<tbody>
<tr>
<td>Over 40 hours</td>
<td>6 credit hours or less</td>
</tr>
<tr>
<td>30 to 40 hours</td>
<td>4-9 credit hours</td>
</tr>
<tr>
<td>20 to 30 hours</td>
<td>6-12 credit hours</td>
</tr>
<tr>
<td>Less than 20 hours</td>
<td>9-17 credit hours</td>
</tr>
</tbody>
</table>

**Attendance**
Regular attendance in classes is necessary if a student is to receive maximum benefits from the course work. Regular attendance is the student’s responsibility. All absences and arrangements for make-up work are to be reported directly to the instructor, who is responsible for determining whether the absence is excused.

Instructors are requested to permit students to make up work missed because of prolonged illness, approved field trips, and activities sponsored by the College. In other cases, an instructor’s own judgment is used regarding permission to make up work or excusing the absence.
Grades

Grading System
Highland Community College uses the following letter grading and grade-point system.

<table>
<thead>
<tr>
<th>Grade</th>
<th>Description</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Excellent</td>
<td>4.00</td>
</tr>
<tr>
<td>B</td>
<td>Good</td>
<td>3.00</td>
</tr>
<tr>
<td>C</td>
<td>Average</td>
<td>2.00</td>
</tr>
<tr>
<td>D</td>
<td>Minimum Passing</td>
<td>1.00</td>
</tr>
<tr>
<td>F</td>
<td>Failure</td>
<td>0.00</td>
</tr>
</tbody>
</table>

The following are not used in the computation of the grade-point average.

- S Satisfactory
- S1 Placement into ENG 121/COMM 087 (historical)
- R Repeat
- P Pass
- U Unsatisfactory
- I Incomplete
- W Withdraw
- AU Audit
- PR Proficiency Credit

Course Repeats
Once a student receives a letter grade of A, B, C, P, or S in a course, the student cannot repeat the course unless he or she is willing to pay an additional charge per credit hour plus regular tuition. Whenever a course is repeated, only the repeated grade will be used to calculate the cumulative grade-point average (GPA) at HCC. There are some courses in the catalog that are repeatable, by design, for additional credit, without the additional charge. The number of times these courses may be repeated for credit is noted in the course description. Students should contact the Office of Admissions and Records for information on repeatable courses.

Incompletes
An incomplete grade of “I” may be given, at the discretion of an instructor, when unusual circumstances prevent the student from completing the requirements of the course in the scheduled time. Students who receive an “I” for a final grade have three weeks into the next regular semester to complete requirements and to have the “I” changed to an appropriate letter grade. If the student does not complete requirements within the three weeks, the “I” will automatically be changed to an “F” or “U” depending on the grading options for that class. Extensions will be handled on an individual basis.

Audit
Students who want to take a course and not receive a final grade may audit the course with the approval of the instructor. The course will appear on the student’s permanent academic record with the AU (Audit) in place of a grade. For additional information on auditing and tuition, students should contact the Office of Admissions and Records at 815-599-3500.

Withdrawal
Students who choose to withdraw from a course or are withdrawn by an instructor will receive a final grade of “W” on their academic record. See page 10 for information about withdrawing from a course. Changes in enrollment will likely affect the amount of a student’s financial aid award.

Grade Reports
Final grades can be viewed online in the student’s ROAR account at the end of the semester. No hard copies of grades are mailed to the student’s residence. Midterm grades can be viewed in the student’s ROAR account at a designated time.

Academic Honors
Highest Honors, High Honors, and Honors lists are compiled and published at the end of each semester. Students enrolled in at least twelve semester hours of courses during the previous semester will be recognized as follows based on their semester grade-point average:

- Highest Honors GPA 4.00
- High Honors GPA 3.50 - 3.99
- Honors GPA 3.25 - 3.49
**Academic Standing**

All students are considered to be “in good standing” unless they are placed on academic probation or suspension. Students who have been placed on academic probation or academic suspension can achieve good standing by meeting or exceeding the minimum grade-point average requirements stated in the section below.

**Academic Probation**

Students will be placed on academic probation if they fail to satisfy the following requirements:

The student’s cumulative grade-point average must be at least:

1. 1.75 after attempting 12 semester hours
2. 2.00 after attempting 24 semester hours

All transfer credit will be used in calculating grade-point average for purposes of academic probation.

Students on probation must see their student advisor before registering for the upcoming semester. For further information on probationary status, contact the Office of Admissions and Records.

**Academic Suspension**

Students will be placed on academic suspension if the student on academic probation fails to meet any of the minimum grade-point average requirements for three semesters and shows no academic progress. Students placed on academic suspension will not be allowed to register for the next semester.

Students who wish to return after their one-semester suspension will be required to have an academic-advising session with a student advisor. Students should contact the Director of Enrollment and Records regarding appeals at 815-599-3500.

**Transferring Credit to Other Colleges & Universities**

Highland is fully accredited by the North Central Association of Colleges and Schools that facilitates the transfer of credit to other colleges and universities. Careful planning of the educational program with a student advisor should help students to transfer to another college or university.

Students who earn the Associate of Arts or Associate of Science degree and transfer to any of the 12 Illinois State Public Universities will be accepted by the universities as juniors and as having met lower division university general education requirements. Students planning to transfer to other colleges or universities are encouraged to contact a student advisor for assistance.

Please refer to the Illinois Articulation Initiative in this catalog for other transfer information.

**Occupational Course Guarantees**

It is the policy of the Board of Trustees that students graduating with an Associate of Applied Science degree in an occupational program be guaranteed competency in the technical skills represented in the degree. Should the graduate not be able to demonstrate the basic skills expected to his or her employer, the student will be offered free tuition and lab fees for up to 15 credit hours of retraining subject to the following conditions:

A. The course work in which competency was expected to be developed for the degree must have been completed at HCC within three years of initial enrollment.

B. The student must be employed full-time in a job directly related to his/her program of study within one year of graduation from the approved program at HCC.

C. The employer must verify in writing, within 90 days of the graduate’s initial employment, that the graduate lacks competency in specific technical skills, as represented in the degree.

D. A written retraining plan must be developed by the employer, the graduate, and the appropriate instructional dean specifying the course(s) needed for retraining and the competencies to be demonstrated.
E. The retraining is limited to courses regularly offered by HCC and completed within one academic year of the date the retraining plan is finalized.

F. Prerequisites, co-requisites, and other admission requirements for retraining courses must be met and are not included in those courses covered in this guarantee.

G. Should the student audit, withdraw or not receive a passing grade in a course identified in the retraining plan, it will be included in the 15 credit hour limit.

H. The Board will waive tuition and lab fees for those courses identified in the retraining plan, but the student must be responsible for any other costs that might be associated with taking the course.

This guarantee does not apply to those programs in which the graduates are licensed, including but not limited to, Nursing. The guarantee becomes effective with students enrolling in summer 1993. Furthermore, the sole recourse available to participants enrolled in this guarantee program shall be limited to retraining in the appropriate class with no recourse for damages, court costs, or any associated costs of any kind or right to appeal beyond those specified by Highland Community College.

**Transfer Course Guarantees**

It is the policy of the Board of Trustees that students graduating with an Associate of Arts or Associate of Science degree from Highland Community College be guaranteed the acceptance of baccalaureate credits earned at HCC by the transfer institution, backed by an offer of a refund of tuition for any courses not accepted, subject to the conditions listed below:

A. The application for a refund must be submitted within one calendar year of completion or graduation with a transfer degree from HCC.

B. The course must have been completed with a grade of “C” or better.

C. The refund would be based upon tuition paid at the time the course was completed.

D. The student has met with a student advisor from HCC, declared a major and a transfer college or university prior to taking any courses in the guarantee, and taking only those courses approved in writing by the advisor.

E. The student transfers to the college or university declared and approved as in section “D” above within two years of initial enrollment at HCC.

F. The student requests an evaluation by the transfer institution of the HCC courses completed immediately upon transfer.

G. The student cooperates with HCC personnel in College and submits any necessary consents or releases for student records or correspondence.

H. The student submits within 60 days of being notified by the transfer institution that the course has been refused for credit and makes a claim for the refund.

The claim must state the reasons for the refusal offered by the institution; the name, position, address, and telephone number of the person notifying the student of the refusal; and copies of any correspondence or documentation provided by the transfer institution.

The College will first attempt to resolve the issue with the transfer institution. If favorable resolution is not achieved within 120 days, the reimbursement will be authorized. This policy becomes effective with students enrolling for the first time at HCC fall semester, 2003.

Furthermore, the sole recourse available to participants enrolled pursuant to this guarantee program shall be limited to tuition reimbursement of the class at the time of enrollment, with no recourse for damages, court costs, or any associated costs of any kind or the right to appeal beyond those specified by Highland Community College.

Furthermore, the sole recourse available to participants enrolled pursuant to this guarantee program shall be limited to tuition reimbursement of the class at the time of enrollment, with no recourse for damages, court costs, or any associated costs of any kind or the right to appeal beyond those specified by Highland Community College.
Credit for Prior Learning

Students with previous academic training, on-the-job experiences, military training, and other past learning activities can translate their acquired knowledge into college credit through the various following options. However, only a maximum of 25% of a degree or certificate may be awarded using Prior Learning options. Students will receive the letter grade of “PR” on their transcript for the following areas.

**CLEP Exams**

The College-Level Examination Program (CLEP) gives students the opportunity to receive college credit by earning qualifying scores on a wide variety of subject examinations. Credit can be earned by demonstrating knowledge previously gained through independent study, prior course work, on-the-job training, professional development, cultural pursuits or internships. CLEP tests are administered in the Testing Center, located in the Student/Conference Center on the Highland campus during fall, spring and summer semesters. Students should check with their transfer institution regarding their policies for CLEP. Contact Carolyn Petsche, CLEP test administrator, at 815-599-3577, for more information. For information regarding CLEP course equivalencies, speak to a student advisor, 815-599-3573. To find out more about CLEP examinations and to access review materials, visit www.collegeboard.org/CLEP.

**Advanced Placement Credit/College Board Testing**

Proficiency credit may be awarded for specific scores of advanced placement classes taken in high school. Official scores must be sent to the Director of Enrollment and Records. Contact the Director of Enrollment and Records for Advanced Placement scores accepted for college credit. Students must earn 6 hours of HCC credit before Advance Placement credits are applied to their transcript.

**PEP (Proficiency Examination Program)**

PEP credit will be allowed for specific nursing courses only. Students must make arrangements with the Dean, Health, Natural Science, and Mathematics for testing and test specifics.

**Military Experience**

College-level credit will be awarded to veterans based upon recommendations listed in the most recent Guide to the Evaluation of Educational Experiences in the Armed Services or evaluation of the student’s SMART transcripts which are available online. If requested, up to four semester hours of physical education activity credit will be awarded to veterans whose DD214 verifies at least one year of “active duty” or more upon request. Contact the Office of Admissions and Records at 815-599-3414 for more information.

**Credit by Proficiency**

Students can earn up to 25% of the credit hours required for an HCC degree or certificate by successfully completing proficiency tests. Proficiency tests are best suited for students with considerable academic and life experiences.

To take proficiency tests at Highland, a student must first be formally admitted to the College. Students are also encouraged to meet with an HCC advisor or instructor for an assessment of their qualifications before taking proficiency exams. Students must pay a non-refundable administrative fee of $25 and non-refundable tuition of $25/credit hour before taking the test. The tests may include a written or oral exam, portfolio review, history of on-the-job experiences, or any combination of the above.

Following successful completion of proficiency tests, credit will be granted and will appear on the student’s official HCC transcript. Proficiency credit carries no grade value and does not affect a student’s grade-point average. It cannot be used to fulfill the residency requirements of HCC degrees. Students should check with their transfer institution regarding their policies for proficiency credit.

Interested students should contact the Office of Admissions and Records for details at 815-599-3414.
High School/HCC Articulation Agreements

Articulation Agreements With Area High Schools
Highland Community College has credit by articulation agreements with in-district high schools. These agreements allow college-enrolled high school graduates to receive college credits in English and mathematics for successful completion of high school English and mathematics requirements. Proficiency credit for ENGL 121, Rhetoric and Composition I, will be granted for those students meeting the following requirements:

1. Completion of four years of high school English with a GPA of 2.0 or better.
2. Completion of senior year, college-prep English with a grade of “B” or better.
3. Placement exam results show a writing competency level that suggests probable success in the advanced writing course.
4. Proficiency credit for ENGL 121, will be granted upon completion of ENGL 122, Rhetoric and Composition II, with a grade of “C” or better.

For more information regarding transfer course dual credit, contact the Transfer Coordinator at 815-599-3487, and for additional information about career and technical course dual credit, contact the Dean of Business and Technology at 815-599-3604.

Honors Program
The Honors Program seeks to provide qualified students the challenges inherent in enriched and advanced study related to general education courses and/or areas of concentration or specialization. Honors students will have the opportunity to work on individual research with instructors or participate in honors courses with fellow honors students. To be admitted to the Honors Program, students must pursue a certificate or degree and meet one of the following criteria: possess an ACT composite score of 25 or greater, or have graduated in the top 10% of their high school graduating class, or have completed 12 or more credit hours of formally articulated, college-level coursework with a 3.5/4.0 grade point average.

Dual Credit Through Highland Community College
Many students participate in a state approved program known as “Dual Credit,” whereby high school or home schooled students take college-level courses at their vocational center, local school, or at Highland Community College. An approved instructor delivers courses, and the student may receive college credit as well as high school credit.
Students must maintain a 3.5/4.0 grade point average to remain eligible for the Honors Program. Benefits of the Honors Program include conducting specialized research with the guidance of Highland faculty, registering for courses before other students, and competing for additional transfer scholarships at four-year colleges and universities. Furthermore, students will be recognized at the Honors Convocation and at Commencement, and they will have a special designation placed on their transcripts.

**Graduation**

**Degree Checks**
Students working toward completion of a degree or certificate can run their own unofficial Degree Evaluation in their ROAR Account. Students should consult with an advisor for questions about their ROAR Degree Evaluation the semester prior to degree or certificate completion. Official degree evaluations will be performed by the Director of Enrollment and Records after the student returns an Intent to Graduate form to the Admissions and Records office (see Admissions Web site for deadlines) during the semester of intended completion.

**Graduation Requirements**

**Associate Degrees**
Students must:

1. Successfully complete the minimum number of semester hours required for a degree (62).
2. Have an overall cumulative grade-point average (including transfer credits) of 2.00 or higher.
3. Have enrolled at Highland for at least 15 approved semester hours of credit at Highland.
4. File an Intent to Graduate form, available at the Office of Admissions of Records, by the appropriate deadline.

Fall Graduation - Third Monday in October
Spring Graduation - Third Monday in February
Summer Graduation - Third Monday in April

**Certificates**
Students must:

1. Successfully complete the minimum number of semester hours required for a certificate (number varies).
2. Have a grade point average of 2.00 or higher for the courses that apply toward each certificate.
3. Complete at least one-half (½) of the required semester hours for the certificate at Highland.
4. File an Intent to Graduate form, available at the Office of Admissions of Records, by the appropriate deadline.

Fall Graduation - Third Monday in October
Spring Graduation - Third Monday in February
Summer Graduation - Third Monday in April

**The Graduation Ceremony**
Students receiving degrees or certificates at the end of fall, spring, or summer semesters are requested to participate in the graduation ceremony held on the HCC campus. Graduation ceremonies are held on either the second or third Saturday in May. After the student has filed his/her Intent to Graduate form, the Office of Admissions and Records will mail the student a letter providing information on cap and gown distribution (held in early May) and any other special dates pertaining to graduation.

**Graduation Honors**
Highest Honors, High Honors, or Honors will be indicated on the official transcript of those attaining an Associate Degree based on the cumulative grade-point average (including transfer credit) as follows: Summa Cum Laude: GPA 4.00 Magna Cum Laude: GPA 3.50-3.99 Cum Laude: GPA 3.25-3.49 Students will also be recognized at the graduation ceremony with appropriate honors chords. In addition, a separate honors ceremony is held before the actual graduation ceremony.
**Honors Program Designation**

Those students who have completed 12 hours of honors coursework at Highland Community College will have a special designation on their transcript. In addition, they will receive appropriate honors cords at a separate honors ceremony.

**Waivers**

A student requesting waivers of admissions, academic, and graduation requirements must submit a request in writing to the Director of Enrollment and Records.

**Transferring Credit From Other Colleges & Universities**

Students who have attended other colleges and/or universities and wish to have that credit applied to their degrees or certificates at Highland will be required to have official transcripts from those schools sent to the Office of Admissions and Records at Highland. When the transcripts are received at Highland, the Director of Enrollment and Records will bring in credits that are C or better and go towards a degree or certificate. Colleges should be regionally accredited.

**Columbia College**

Columbia College at Highland Community College is accredited by the North Central Association and approved by the Illinois Board of Higher Education. Columbia College teaches classes in eight-week sessions five times a year. Both online and in-seat night classes are offered, with affordable tuition and financial aid. Two full-time staff members are conveniently located on the Highland campus. All students awarded an Associate of Science or Arts degree at Highland Community College transfer in having completed the general education requirements for a Columbia College baccalaureate degree.

A variety of bachelor’s degrees are offered:

- Business Administration
- Human Services
- Criminal Justice Administration
- Psychology
- History
- Sociology
- Management Information Systems
- American Studies
- Bachelor of General Studies
- RN to BSN

Columbia also offers the following master’s programs:

- Master of Business Administration
- Master of Science of Criminal Justice
- Master of Arts in Teaching

For more information on Columbia College and its programs, call 815-599-3585, or visit them on the web at www.ccis.edu/freeport.
Transcripts

Students who want to have official transcripts of their Highland academic work sent to their home, other colleges/universities, or employers must make the request in writing or by logging into their ROAR online account by selecting “Student Records” and selecting “Request Printed Transcript.” A Transcript Request form is available in the Office of Admissions and Records as well as on our web site: www.highland.edu (http://www.highland.edu/admissions/forms.asp). Highland will not send/make copies of other college/university or high school transcripts. Students who want a copy of their Highland unofficial transcript for their personal use must follow the same procedure; the transcript will be stamped ISSUED TO STUDENT and will state that it is unofficial. Transcripts will not be issued to students with unpaid account balances.

Release of Student Information

The “Family Educational Rights and Privacy Act of 1974,” also known as the “Buckley Amendment,” or Public Law 93-380, as amended restricts access to student records by third parties. Highland Community College will release information to third parties only with written permission of the student. Students that would like to grant family members access to their records must fill out a “Release of Confidentiality” form in the Admissions and Records Office. The student will meet with the Director of Enrollment and Records to understand the implications of signing such a document. However, the College will comply with any lawful judicial order, decree, subpoena, and/or process that may compel production of information.

The law does provide for the release of specific information about students without their written permission; this is classified as directory information. The following is considered directory information and it can be released as public information.

1. Name, address, and telephone number
2. Major field of study
3. Participation in intercollegiate athletics, including height and weight
4. Dates of attendance and enrollment status
5. Degrees, honors, and awards received
6. Previous educational agencies or institutions attended

NOTE: A student who objects to having his/her directory information released must file a notice of objection with the Director of Enrollment and Records.

A student may inspect any permanent record that contains information about the student. To do so, the student must request permission to inspect the files in writing and allow the Office of Admissions and Records reasonable time to comply with the request. Information may be produced within 45 days from receipt of the written request.

Adult Education

The Highland Adult Education Program provides adults with the opportunity to access and achieve educational skills that are valuable in meeting high school equivalency requirements, gaining entry into training programs, promotions in industry, admission to college and personal satisfaction. Instruction methods include the use of adult-oriented materials, computer-aided instruction and volunteer tutors to support students in acquiring needed skills and knowledge to meet their goals.

Instructional options: classroom, one-on-one, and online. i-Pathways is web-based instruction that prepares learners for successful completion of GED Tests. An Adult Education instructor provides assessment and support.

GED Testing Services® are provided through the Regional Office of Education. GED/Adult Basic Skills classes improve basic skills in reading, math, writing, social studies, science and computer applications in preparation for earning their GED. A class is offered for the United States and Illinois Constitutions. The English as a Second Language (ESL) class offers non-English speaking adults an opportunity to learn basic English. Foreign-born adults with some knowledge of English may improve their reading, speaking, and writing skills.
There is no tuition charge for the regularly scheduled Adult Education Programs. The Adult Education Department coordinates with academic and employment advisors to support students as they work toward higher education and/or employment. Adult Education programs are offered on the HCC campus and at various sites in Freeport. One-on-one tutoring and online instruction are provided throughout the Highland District. For more information about Adult Education classes, call 815-599-3460. GED® and the GED Testing Service® are registered trademarks of the American Council on Education® and may not be used or reproduced without the express written permission of the American Council on Education.

**Lifelong Learning**

Lifelong Learning courses are non-credit and non-vocational, and are geared to appeal to the general public. Courses may include homemaking, arts/crafts, hobby/leisure activities, personal development, foreign languages, music, health, physical education, and general education. Lifelong Learning course schedules are published on the College web site.

**Leadership Programs**

Embracing the philosophy of “Servant As Leader,” Highland Community College has developed a number of leadership programs that incorporate the concept that the role of a leader is to be in service to others. Those programs include:

**The Leadership Institute/Leadership Forum**

These nine to eleven month programs are open to residents of the College District. Their purpose is to identify, develop, and sustain a network of capable and committed local leaders who can guide the future of the communities of northwest Illinois. The program’s goals are to help participants become more knowledgeable about community issues, be able to demonstrate effective leadership and collaboration skills and commit to building and improving organizations and communities. This course provides students with the opportunity to develop and improve leadership skills by learning, practicing, and mastering skills in such areas as problem solving, decision making, articulating visions, setting and obtaining goals, delegating, managing conflict, and handling ethical dilemmas.

**Phi Theta Kappa Leadership Development Studies (SPCH 294)**

This course provides students the opportunity to develop and improve leadership skills by learning, practicing, and mastering skills in such areas as problem solving, decision making, articulating visions, setting and obtaining goals, delegating, managing conflict, and handling ethical dilemmas.

**The Highland Community College Employee Leadership Development**

This eleven-week program is designed to further the development of employee leadership skills by encouraging employee cooperation and collaboration, increasing employee knowledge of Highland, and providing insight and information about community topics and issues.

**The High School Servant Leadership Program**

The nine-month program serves all high schools in the College District. Selected high school juniors and seniors work with an adult mentor to learn about the “Servant As Leader” concept. Students meet once a month for formal training in Personal Skill Development, Team Development, and Community Development and given a “hands on” approach to Service Learning by developing projects that embody Servant Leadership principles.

**Retired and Senior Volunteer Program**

Highland College serves as the sponsoring organization for the Retired and Senior Volunteer Program of northwest Illinois established in 1972, and is funded through the Corporation for National Service and the Illinois Department on Aging. RSVP volunteers come from many different backgrounds with many talents and interests. RSVP has led senior volunteerism across the college district for over forty years. RSVP enhances the quality of life among older adults by keeping them active and engaged in their communities. RSVP meets the needs of Stephenson, Jo Daviess, Carroll, and Ogle counties by providing meaningful opportunities to over 60 non-profit agencies and organization’s for people 55 and older.
Because of the diversity of the volunteers, RSVP is able to place volunteers at tasks ranging from management consulting, tutoring, and driving/escorting to doctors’ appointments, to working in health care facilities, preparing taxes, and assisting veterans and people with limited abilities. RSVP volunteers also assist during times of disaster and have been deployed into national disaster areas. RSVP provides both long-term or on-call assignments, with the volunteer choosing how often they want to serve and what types of positions they would accept. Some volunteers choose to volunteer just a few hours a month while others assist almost full time. Still others choose to do temporary assignments rather than commit themselves to an on-going job. For further information about the RSVP program, call 815-599-3491.

**Business Institute**

The Business Institute at Highland Community College has provided high quality business and industry services since 1990.

Whether customized training, credit classes for apprenticeships, convenient online classes, or consultant and technical assistance needs, companies and organizations large and small have become our business development partners.

Class-size trainings are a perfect solution for some companies. They can be customized and conveniently delivered any time, any place to best meet company needs.

For the smaller company or individual determined to stay competitive in an ever-changing business environment, ed2go online classes may be more suitable and convenient.

Let the Business Institute plan, implement and deliver your next training event, long-term program, or retreat. The Business Institute will take care of all the details, including the reservations at the beautiful Highland Community College Conference Center on campus. It is the perfect place to host all of your workforce development trainings provided by the Business Institute—at no additional cost!

From needs assessment, to project design, to solution delivery, the Business Institute ensures desired results provided by industry experts. Business Institute is the right choice for:

**Class-size Trainings**
- Professional Development
  - Supervisory, Customer Service, Communication
  - Train the Trainer
  - Computer
  - Excel, Word, Publisher, PowerPoint, Microsoft Safety
  - OSHA, Ergonomics, HAZWOPER
  - Lock-Out/Tag-Out, Forklift
- Technical
  - Soldering, Welding, Print Reading
  - GD&T, and Auto CAD
- Quality
  - ISO, PPAP, Lean Manufacturing, 5S, Auditor,
  - SERVQUAL
- Workplace Spanish

(This is an abbreviated list of available classes.)

**Other Services**
- Facilitation
- Consulting & Coaching
- Program Development
- Technical Assistance: auditing, assessments, language translation, curriculum development

Over 300 Online Professional Development & Business Classes and over 240 Online Career Training Programs @www.ed2go.com/highland

Go to www.highland.edu for a current Community Education listing of open enrollment Professional Development & Business Classes

For more information phone the Business Institute at 815-599-3677, fax 815-235-6130, or email businessinstitute@highland.edu
Community College Comprehensive Agreement

This agreement allows students from the Highland Community College district to enroll in any ICCB approved occupational credit-bearing certificate or applied science degree program not offered by Highland Community College. Enrollment requires the approval of the Highland Community College Executive Vice President. In most circumstances, students are required to take General Education and equivalent program courses at Highland before transferring to the host college when possible.

Program courses covered by the Comprehensive Agreement are usually offered at the college with the approved program or certificate, but some courses may also be offered at Highland Community College. Tuition is paid to the college offering the courses that the student enrolls in any semester at the college’s in-district rate.

Students interested in programs not offered at Highland Community College should make initial contact with the office of Admissions and Records for more information. Required forms and final approval will need to be obtained from the office of the Executive Vice President. The Application to Attend an Out-of-District Public Community College in Illinois can be found on the “Apply Online & Download Forms” section of highland.edu
Illinois Articulation Initiative

The Illinois Articulation Initiative (IAI) is a comprehensive, statewide articulation effort among colleges and universities in Illinois. The purpose of the Illinois Articulation Initiative is to identify common curriculum requirements across associate and baccalaureate degrees and across institutions in order to facilitate student transfer. The Illinois Transferable General Education Core Curriculum identifies the common general education coursework. The Board of Higher Education’s policies on transfer ask community and junior colleges to incorporate the Illinois transferable General Education Core Curriculum into their requirements for AA and AS degrees. The Baccalaureate Majors’ Recommendations build on the transferable General Education Core Curriculum by identifying major and prerequisite courses that students need to complete to transfer as a junior into the specific major. Each major recommendation explicitly encourages community and junior college students to complete an AA or AS degree prior to transfer.

Associate and baccalaureate degree-granting institutions are equal partners in providing the first two years of baccalaureate degree programs in Illinois. While each institution is ultimately responsible for the quality of the programs it provides, both associate and baccalaureate degree-granting institutions are expected to work together to assure that their lower-division baccalaureate programs are comparable in scope, quality, and intellectual rigor. Any student admitted in transfer to an Illinois baccalaureate degree-granting institution should be granted standing comparable to current students who have completed the same number of baccalaureate-level credit hours and should be able to progress toward degree completion at a rate comparable to that of students who entered the baccalaureate institution as first-time freshmen. To assure students of comparable treatment, it is expected that:

1. Students admitted in transfer who have earned an Associate of Arts or an Associate of Science degree from a regionally accredited Illinois community or junior college whose general-education requirement for the degree incorporates the Illinois General Education Core Curriculum will have met the receiving institution’s all campus, lower division, general education requirement for the baccalaureate degree. A receiving institution may, however, require admitted transfer students to complete an institution-wide and/or mission related graduation requirement that is beyond the scope of the Illinois General Education Core Curriculum.

2. Students admitted in transfer who have satisfactorily completed the Illinois General Education Core Curriculum at any regionally accredited Illinois college or university prior to transfer should be granted credit in lieu of the receiving institution’s all-campus, lower division general education requirement for an associate or baccalaureate degree. A receiving institution may, however, require admitted transfer students to complete an institution-wide and/or mission-related graduation requirement that is beyond the scope of the Illinois General Education Core Curriculum.

3. Students admitted in transfer who have satisfactorily completed courses within the Illinois General Education Core Curriculum at a regionally accredited Illinois college or university should be granted credit towards fulfilling the receiving institution’s comparable all campus, lower division general education requirement.

4. Students admitted in transfer who have met program entry requirements and have satisfactorily completed courses described in an Illinois Articulation Initiative Baccalaureate Major Curriculum Recommendation at a regionally accredited Illinois college or university should be granted credit towards fulfilling the receiving institution’s comparable lower division requirements for that specific major. Where admission is competitive, completion of a Baccalaureate Major Recommendation does not guarantee admission.
Highland’s Participation in the Illinois Articulation Initiative

As a participant in the Illinois Articulation Initiative, Highland Community College will observe the following procedures concerning the adoption and implementation of the agreements associated with the IAI:

- The IAI agreement went into effect for students entering an associate or baccalaureate degree-granting institution as a first-time freshman in the summer of 1998 and thereafter. In anticipation of this initiative, Highland implemented the transferable General Education Core Curriculum, effective with the fall of 1997.
- Completion of the AA or AS degrees starting with the 1998-1999 school year will be certified as completing the IAI General Education Core Curriculum.
- Students must formally request the Office of Admissions and Records to certify the completion of the IAI General Education Core Curriculum by checking the appropriate box on the Transcript Request Form.
- Completion of the IAI General Education Core Curriculum will be noted on the official transcript.
- Highland will recognize all of the courses on the approved list of courses taken at any participating college or university for credit toward fulfilling Highland’s core curriculum requirements.
- Courses with a grade of “D” are acceptable for evaluation for the core curriculum requirements; however, a minimum grade of “C” is required in both writing classes required in the Communications component of the IAI General Education Core Curriculum. Students must have a minimum cumulative 2.0 GPA in order to be certified as having completed the IAI General Education Core Curriculum and to receive an AA or AS degree.
- In order to be certified as having completed the transferable IAI General Education Core Curriculum, students need to complete a minimum of 15 credit hours of the core in residence at Highland Community College.
- Evaluation of courses taken at out-of-state or at non-participating in-state, accredited colleges and universities will be completed by the Office of Admissions and Records upon receipt of official academic transcripts. Courses accepted in transfer may apply to AA or AS degree requirement, but may not be certified under the IAI General Education Core Curriculum.
- Students transferring into Highland who have not earned baccalaureate-oriented AA or AS degrees prior to attending Highland and who have not been certified as having fulfilled the IAI General Education Core Curriculum must fulfill Highland’s core curriculum requirements in order to earn AA, AS, or AES degrees.
- Students who do not complete the core curriculum at Highland may not transfer credits back to complete the core. However, students may continue to transfer back a maximum of 15 credit hours to complete a degree.
- Highland Community College will waive a fraction of a semester hour completed in an approved course of the core at a participating college or university. However, students must complete a minimum of 40-42 semester hours to satisfy the Highland College core curriculum requirements.
- While the major core courses identified in Phase II will be accepted in transfer by baccalaureate institutions, it is understood that they may or may not substitute for professional coursework required for the major. The courses will be accepted as general electives if not accepted as core or elective courses in the major.
- Students who have not decided on a major should begin their studies by enrolling in courses within the transferable IAI General Education Core Curriculum. They should seek assistance from a student advisor regarding career planning since delay in selecting a major may extend the time necessary to complete a degree. Furthermore, once a student has begun work in a particular major, a change in major may increase the number of credits needed to complete a bachelor’s degree because some courses completed for the original major may no longer fulfill the requirements for the new major.
All Highland Community College courses that apply to IAI General Education Core Curriculum and Major areas will have an official IAI course code listed at the end of each course description. Please refer to the course description section of this catalog that begins on page 165.

To find out specific transfer information and equivalency guides related to many Illinois and area public and private institutions, visit the College Web site. Contact Highland’s Transfer Coordinator at 815.599.3573 for more information.

NOTE: Updated, state-approved lists of General Education and Major area courses are available on the internet at: http://www.iTransfer.org
Academic Programs

Programs Available

Highland Community College offers educational programs designed to transfer into a baccalaureate program at senior institutions, lead directly to employment, or satisfy a special interest. The College offers programs of study leading to associate degrees and a variety of certificates. Students who plan to transfer to earn a baccalaureate degree should plan to earn an Associate of Arts, Associate of Science, or in some instances an Associate of Engineering Science or an Associate of Arts in Teaching degree. Students who desire to develop an individualized program of study to meet their personal and vocational goals may earn the Associate of General Studies degree. Students who desire to take course work leading directly to employment should enroll in a Certificate Program or an Associate of Applied Science degree.

General Requirements for an Associate Degree:

1. Enrollment at Highland for the last 15 approved semester hours applied to a degree preceding graduation.

2. Successful completion of at least 62 semester hours of college level credit applicable to the degree.

3. Successful completion of courses in a curriculum of study as presented in this catalog and aligned with the designated major field of study.

4. Students pursuing the Associate of Arts or Science Degree must have one IAI Political Science/History class (3 credit hours) in the Social and Behavior Science area.

5. A cumulative grade point of 2.0 (C) or higher based on credits earned at Highland and any credit accepted in transfer.

6. Courses with “F” grade will not count toward the total semester hours required for graduation.

7. A maximum of four (4) hours towards the general education electives requirements in the Associate of Arts and Associate of Science degree may be taken in activities courses such as mass communication, speech, theatre, physical education, and music. Highland Community College recognizes the importance of educating its students in a wide range of course curricula to prepare them for the responsibilities that they share as citizens in a free and changing society. Each student who receives a degree from Highland Community College will be required to complete a series of general education courses.

8. Students pursuing the Associate of Arts and Associate of Science degrees should choose courses designated with “T” in the catalog for their major/minor electives. These courses are most often articulated with state universities and are usually transferable. Students should check with a student advisor for more information.
Associate of Arts Degree Requirements

These requirements are for students planning to transfer to four-year colleges or universities. Associate of Arts program guidelines are listed in the program description portion of this catalog that begins on page 69.

Communications 9 Semester Hours
All courses are 3 credit hours
ENGL 121 Rhetoric and Composition I *
ENGL 122 Rhetoric and Composition II *
SPCH 191 Fundamentals of Speech
* A grade of "C" or better is required.

Humanities and Fine Arts 12 Sem. Hours
At least one course must be chosen from Fine Arts and one course must be chosen from Humanities.

Humanities (all courses are 3 credit hours)
ENGL 223 Introduction to Fiction
ENGL 224 Introduction to Poetry
ENGL 225 American Literature I
ENGL 226 American Literature II
ENGL 227 British Literature I
ENGL 228 British Literature II
ENGL 229 Introduction to Shakespeare

Major/Minor Electives  22 Semester Hours

Major/minor electives should be chosen from those designated with a “T” in the catalog. See page 165 for more information.

MINIMUM HOURS FOR DEGREE:  
62 Semester Hours

Foreign language may be required by senior institutions for a Bachelor of Arts degree. Additional science and math courses are required for Bachelor of Science degrees. Students should check with their student advisor to determine proper course selection.
Associate of Arts in Teaching - Mathematics

ABOUT OUR PROGRAM
This program is designed for students who aspire to become secondary school math teachers. Students must meet general education course requirements prior to enrolling in the sequence of undergraduate teacher education courses. Ultimately, students in this program can transfer to a wide variety of public and private baccalaureate colleges and universities in Illinois to complete their degree in teacher education in math. For a list of these four-year institutions, students should contact an HCC advisor.

SPECIAL CONSIDERATIONS
The Associate of Arts in Teaching (AAT) Mathematics consists of 55 credits in general education courses and 9 credits in undergraduate teacher education courses. Total number of credits required for the AAT in Math is 64. Passing a Basic Skills test is required of students as they progress through the program.

Communications 9 Semester Hours
All courses are 3 credit hours
ENGL 121 Rhetoric and Composition I *
ENGL 122 Rhetoric and Composition II *
SPCH 191 Fundamentals of Speech
* A grade of "C" or better is required.

Humanities and Fine Arts 9 Semester Hours
At least one course must be chosen from Fine Arts and one course must be chosen from Humanities.

Humanities (all courses are 3 credit hours)
ENGL 223 Introduction to Fiction
ENGL 224 Introduction to Poetry
ENGL 225 American Literature I
ENGL 226 American Literature II

- 244  History of Africa II
- 245  History of the Middle East

**POL**
- 151  Introductions to Political Science
- 152  American Government and Politics
- 153  State and Local Government
- 253  International Relations
- 254  Introduction to Comparative Government

**PSY**
- 161  Introduction to Psychology
- 162  Child Psychology
- 262  Human Growth and Development
- 264  Social Psychology
- 171  Introduction to the Principles of Sociology
- 177  Introduction to Anthropology
- 271  Social Problems
- 274  The Family
- 276  Racism & Diversity in Contemp. Society

Professional Education

**12 Semester Hours**

EDUC 221/EDUC 222 is required. In conjunction with an advisor, a student may choose one course among EDUC 224 and EDUC 225, AND one course among PSY 261 and PSY 262 to complete the professional education requirement.

All courses are 3 credit hours

**EDUC**
- 221  American Public School or
- 222  Education as an Agent for Change

*EDUC 221/222 are concurrent and same course

Select three classes from these four
- 224  Introduction to Special Education
- 225  Educational Technology
- 261  Educational Psychology
- 262  Human Growth and Development

MINIMUM HOURS FOR DEGREE:

**64 Semester Hours**

PROGRAM CONTACTS

Call Highland at 815-235-6121 for the following program contacts:

Dean, Humanities, Social Sciences, and Fine Arts
Ms. Vicki Schulz, Student Advisor
Associate of Arts in Teaching - Special Education

ABOUT OUR PROGRAM
This program provides students with the program equivalent of the first two years of most four-year college teacher education programs in special education. Students should check individual school requirements prior to transfer and before completing the curriculum as outlined. The degree consists of general education courses, professional education courses, and courses in the special education major area. These courses encompass the eleven Illinois Professional Teaching Standards, the Core Technology Standards, the Core Language Arts Standards, and all appropriate Special Education Standards.

SPECIAL CONSIDERATIONS
Students must also pass the ITBS and develop a portfolio reflecting the Illinois Professional Teaching Standards to earn the Associate of Arts in Teaching in Special Education. Students are advised to complete the program prior to transfer. Transfer students obtaining the Associate of Arts in Teaching Special Education degree will be on “equal footing” with native four year institution students when seeking admission to an upper division special education degree program. Admission into baccalaureate degree programs is competitive and most senior institutions require a GPA of 2.5 or higher; completion of these courses alone does not guarantee admission.

Communications 9 Semester Hours
All courses are 3 credit hours
ENGL 121 Rhetoric and Composition I *
ENGL 122 Rhetoric and Composition II *
SPCH 191 Fundamentals of Speech
* A grade of "C" or better is required.

Humanities and Fine Arts 9 Semester Hours

### Engineering Prerequisite and Specialty Courses 40 Semester Hours

Hours in this area need to be chosen with the help of an advisor so that proper selection is made in regard to the specialty area. Please see page 99 of this catalog for specific course recommendations.

### Minimum Hours for Degree: 67 Semester Hours
# Associate of General Studies

## Degree Requirements

This degree is designed to meet the individual needs of students who have educational goals that are not related to career education or a baccalaureate program. It is not for students who are planning to transfer to a four-year college or university. Students interested in pursuing this degree must complete an approved plan of study with a student advisor prior to enrolling in the final 32 hours of the program. An advisor or the Director of Enrollment and Records must make all changes to the program.

### Communications 6 Semester Hours

- **ENGL 121** Rhetoric & Composition I OR
- **BUSN 141** Business Communications OR
- **COMM 101** Technical Communications
- **SPCH 191** Fundamentals of Speech

### Computational Skills 3-4 Semester Hours

- **BUSN 125** Mathematics of Business OR
- **BUSN 221** Business Statistics OR
- any MATH course numbered 157 or above
- **MATH 111** Tech. Math

### Physical Environment 4 Semester Hours

Any BIOL, CHEM, GEOL, NSCI, or PHYS lab course, AGRI 284 Introductory Soils, or AGRI 286 Field Crop Science.

### Social Environment 6 Semester Hours

Courses must be chosen from two areas: EDUC, GEOG, HIST, POL, PSY, or SOCI (each course must be at least three credits)

### Business Environment 3 Semester Hours

Any ACCT, BUSN, ECON, or INFT course.

### Humanities 3 Semester Hours

### Major/Minor Electives 36-37 Semester Hours

Chosen by student and Student advisor. Any course designated as T, V, or O in the course description section of this catalog may be chosen.

**MINIMUM HOURS FOR DEGREE:** 62 Semester Hours
**Associate of Applied Science Degree Requirements**

This degree offers students the opportunity to complete a two-year occupational or career-oriented degree. This degree is not intended for transfer to a four-year college or university. General education courses comprise 25% of the course requirements of each program. Specific program requirements for each of the several Associate of Applied Science degree programs are listed in the program description portion of this catalog.

**Certificate Programs Requirements**

Certificate programs require 8 to 58 credit hours for completion. These programs are career-oriented and are not intended for transfer to a four-year college or university. Specific program requirements for each of the several certificate programs are listed in the program description portion of this catalog.

The Career Clusters™ logo and its extensions are the property of the National Career Technical Education Foundation, as managed by NASDCTEC.
ACCOUNTING (203)

Associate of Applied Science

ABOUT OUR PROGRAM
This degree program prepares the student for entry-level positions in private business and industry by offering a wide variety of courses in accounting, business, data processing, mathematics, communications, writing, and economics.

NATURE OF WORK AND EMPLOYMENT
Accountants maintain records, prepare and analyze financial reports, and participate directly in the management of business and other organizations. Other duties may include auditing accounts and records, certifying financial statements, and payroll. Job positions include accounting technician, accounting assistant, accounting trainee, clerk, and bookkeeper.

SPECIAL CONSIDERATIONS
Students who are interested in a Bachelor’s degree in Accounting or pursuing a CPA should follow the guidelines for the Associate of Science in Business Administration transfer program. The program may be tailored toward further degree work.

Students should check with the Accounting faculty or a student advisor to see if this program might meet their needs for future degree work.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:
Mr. Scott Anderson, Dean of Business & Technology
Ms. Carol Wilhelms, Accounting Faculty

ACCOUNTING: QUICKBOOKS PROFESSIONAL (215)

Certificate Program

ABOUT OUR PROGRAM
This certificate program prepares students for entry-level positions or for career advancement in accounting and related positions in for-profit or nonprofit organizations.

NATURE OF WORK AND EMPLOYMENT
Job positions that are available include accountant, bookkeeper, office manager, payroll manager, and accounting clerk.

SPECIAL CONSIDERATIONS
This program develops specialized skills in the use of QuickBooks to perform small business bookkeeping services. For a wider range of skills, such as word processing, software package usage, and management, students should consider one of the degree programs offered in Accounting or in related business areas.

PROFESSIONAL TAX PREPARER (216)

Certificate Program

ABOUT OUR PROGRAM
This certificate program prepares students for careers as independent tax preparers or for employment as tax specialists or bookkeepers in business and government agencies.

NATURE OF WORK AND EMPLOYMENT
Job positions include tax preparer, bookkeeper, office manager, payroll manager, and accounting clerk. The employment outlook for bookkeeping and accounting occupations in general is expected to grow faster than average through the year 2016, both nationally and locally. The occupational growth for independent tax preparers is expected to be slower than average during this period of time.

SPECIAL CONSIDERATIONS
This program develops basic specialized skills in accounting and the preparation of individual and business tax returns. For a broader range of skills that relate to the management of an organization and to more advanced accounting issues, students should consider one of the degree programs offered in Accounting or related business areas.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:

AGRICULTURE (402)

Associate of Science

ABOUT OUR PROGRAM
This program is intended to provide the first two years of a four year baccalaureate program and includes the general education and agriculture courses required of the transfer student. This program provides a solid foundation in the essential elements of the agriculture curriculum. Students may transfer to a wide variety of institutions to complete their baccalaureate degree.

NATURE OF WORK AND EMPLOYMENT
After completing a Bachelor’s degree, students may find employment in a wide variety of fields due to the all-encompassing nature of agriculture and its related products and services. Some job titles and duties include farm manager, teacher, equipment sales, finance, feed sales, and forestry consultant.

SPECIAL CONSIDERATIONS
The listed coursework is a recommendation only. Students should check with a student advisor for HCC graduation requirements and specific university requirements in this major. Students must meet with an advisor to ensure that the special requirements of the department and institution to which they plan to transfer are met. Colleges and universities have specific requirements for transfer students.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:
Mr. Scott Anderson, Dean of Business & Technology
Mr. Justin Ebert, Agriculture Faculty
Ms. Vicki Schulz, Student Advisor

RECOMMENDED COURSES
The following are recommended courses for this major only. Students must still meet all requirements for the Associate of Science degree (see page 64) in order to graduate from Highland Community College. For more information, please see your student advisor.

AGRICULTURAL MANAGEMENT
(630)

**Associate of Applied Science**

**ABOUT OUR PROGRAM**

This program prepares students for employment or self-employment in agricultural business, general production, or a dairy herd management specialty. Students enroll in a core of agricultural and general education courses. Each student will choose an emphasis area to complete the degree. Students who complete the Agricultural Production Certificate (605) may apply all of those courses to this degree program.

**NATURE OF WORK AND EMPLOYMENT**

Career paths include work with agricultural chemicals, feeds, fertilizers, grains, seeds, and other business fields. Specific jobs on farms include farm operator and farm/ herd manager. Employment potential for this occupation is very good with a wide variety of agri-business and entrepreneurship opportunities.

**SPECIAL CONSIDERATIONS**

Students may wish to seek advice about transfer information in the field or about the Agriculture transfer degree listed in this catalog. A workplace experience is encouraged and may be made available.

**PROGRAM CONTACTS**

Call Highland at 815-235-6121 for the following program contacts:

**AGRICULTURAL PRODUCTION**  
*(605)*  
Certificate Program

### ABOUT OUR PROGRAM
The Agricultural Production program provides the technical skills and occupational basics for the person wishing to enter or upgrade his/her skills. Students choosing to pursue an agricultural production certificate may choose either a crop production or dairy/livestock emphasis.

### NATURE OF WORK AND EMPLOYMENT
Students completing this program will be qualified to engage in actual day-to-day operations of agricultural production either through direct ownership or as a manager of one or several facilities. Program graduates may operate a livestock, crop, or dairy production enterprise or serve as technical support in an agri-business. There are a variety of entrepreneurship or employment opportunities for the student who has an interest and technical ability in this area. The skills evolving from this program will provide the solid foundation needed for the practitioner or manager to operate successfully in today’s highly competitive agricultural market.

### SPECIAL CONSIDERATIONS
Students in this program must show satisfactory communications and mathematics achievement on the placement tests or completion of COMM 090 and MATH 059 or equivalent. Students may wish to seek advice about transfer information in the field or about the Agriculture transfer degree listed in this catalog. A workplace experience is encouraged and may be made available.

ART (302)

Associate of Arts
Emphasis in Graphic Design

ABOUT OUR PROGRAM
This program is designed to provide entry-level skills necessary for entrance in the graphic design field. The program is designed for the student intending to transfer to a college or university to complete a baccalaureate degree in visual art with an emphasis in graphic design. It is possible to complete the two-year program and secure employment using skills learned in graphic design.

NATURE OF WORK AND EMPLOYMENT
Types of employment in the field of art vary widely. Many students who complete an AA degree with an emphasis in art transfer to a four-year institution to pursue the Bachelor of Fine Arts degree, the professional degree for a studio artist. Others choose to pursue a Bachelor’s degree in art, with an emphasis in museum education or art history.

SPECIAL CONSIDERATIONS
The listed coursework is a recommendation only. Students should check with a student advisor for HCC graduation requirements and specific university requirements in this major. Students must meet with an advisor to ensure that the special requirements of the department and institution to which they plan to transfer are met. Colleges and universities have specific requirements for transfer students.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:
Dean, Humanities, Social Sciences, and Fine Arts
Mr. Robert Apolloni, Art Faculty
Ms. Heather Moore, Student Advisor

RECOMMENDED COURSES
The following are recommended courses for this major only. Students must still meet all requirements for the Associate of Arts degree (see page 58) in order to graduate from Highland Community College. For more information, please see your student advisor.

ART (302)

Associate of Arts

ABOUT OUR PROGRAM
The program is designed for the student intending to transfer to a college or university to complete a baccalaureate degree in visual art. While it is possible to complete the two-year program and secure entry-level employment, further education is usually required. Students majoring in this program study art theory, development, history, and application of the core art concepts.

NATURE OF WORK AND EMPLOYMENT
Types of employment in the field of art vary widely. Many students who complete an AA degree with an emphasis in art transfer to a four-year institution to pursue the professional degree for a studio artist, the Bachelor of Fine Arts degree. Others choose to pursue a Bachelor’s degree in art with an emphasis in museum education or art history.

SPECIAL CONSIDERATIONS
The listed coursework is a recommendation only. Students should check with a student advisor for HCC graduation requirements and specific university requirements in this major. Students must meet with an advisor to ensure that the special requirements of the department and institution to which they plan to transfer are met. Colleges and universities have specific requirements for transfer students. Students are encouraged to speak with art faculty members to discuss various four-year degree options in the field of art as well as specific issues regarding their field of study.

AUTO BODY REPAIR (622)

Associate of Applied Science

ABOUT OUR PROGRAM
This program provides instruction in the repair and refinishing of damaged vehicle bodies and components of automobiles and light trucks. Students will learn damage analysis, cost estimation, welding, cutting and repairing fiberglass body parts, auto glass and body trim repair procedures, techniques for the refinishing of repaired surfaces, and how to mix and apply the proper paint to the repaired component of the vehicle. In addition, students will gain a foundation in business and work experience.

NATURE OF WORK AND EMPLOYMENT
Auto body technicians will perform the same types of work whether self-employed or working for someone else. The work consists of providing repair estimates and completing the work in a timely yet cost-effective manner. Repair jobs range from minor repairs to extensive rebuilding and refinishing. In larger facilities, technicians may specialize in certain aspects of the reconstruction process but in the small or independent shop, the technician must be competent in all aspects of the rebuilding process.

As vehicles become increasingly expensive and people choose to retain vehicles for longer periods of time, the field will continue to provide excellent opportunities for employment and advancement for the talented and devoted student.

SPECIAL CONSIDERATIONS
Advanced placement into this program is possible based upon previous auto body course work and/or on-the-job experience in auto body repair. The program follows a competency-based format. The program is accredited through NATEF (National Automotive Technicians Educational Foundation). A workplace experience is required for successful completion of this program.

PROGRAM CONTACTS

AUTO BODY REPAIR (629)

Certificate Program

ABOUT OUR PROGRAM
This program provides instruction in the repair and refinishing of damaged vehicle bodies and components of automobiles and light trucks. Students will learn damage analysis, cost estimation, welding, cutting and repairing fiberglass body parts, auto glass and body trim repair procedures, techniques for the refinishing of repaired surfaces, and how to mix and apply the proper paint to the repaired component of the vehicle. This certificate will not have the required Workplace Experience Course nor the electrical systems course found in the AAS degree.

NATURE OF WORK AND EMPLOYMENT
Auto body technicians will perform the same types of work whether self-employed or working for someone else. The certificate earned will allow students to gain employment at the entry level. Work will consist of providing repair estimates and completing the work in a timely yet cost-effective manner. Repair jobs range from minor repairs to extensive rebuilding and refinishing. In larger facilities, technicians may specialize in certain aspects of the reconstruction process, but in the small or independent shop, the technician must be competent in all aspects of the re-building process.

As vehicles become increasingly expensive and people choose to retain vehicles for longer periods of time, the field will continue to provide excellent opportunities for employment and advancement for the talented and devoted student.

SPECIAL CONSIDERATIONS
Advanced placement into this program is possible based upon previous auto body course work and/or on-the-job experience in auto body repair. The program follows a competency-based format. The program is accredited through NATEF (National Automotive Technicians Educational Foundation). A workplace experience is encouraged and may be made available.

AUTOMOTIVE MECHANICS (604)

Associate of Applied Science

ABOUT OUR PROGRAM
This program prepares students for employment in the areas of computerized engine controls, air conditioning, transmissions, alignments, brakes, control systems diagnostics and engine service.

NATURE OF WORK AND EMPLOYMENT
Program graduates may find jobs repairing and servicing mechanical and electrical systems of passenger vehicles and light trucks. Job openings in the automotive field may be for general technicians or specialists in control systems diagnostics, engines, brakes, drive trains, transmissions, steering/suspension, electrical systems, tune-up/emission control, or heating and air conditioning. The outlook for employment in this occupation is excellent due to the increasing number of vehicles on the road and the growing complexity of automotive technology.

SPECIAL CONSIDERATIONS
Completion of this degree will provide all of the courses that a student will need to become an ASE (Automotive Service Excellence) Certified Automobile Service Technician. The program is accredited through NATEF (National Automotive Technicians Educational Foundation). A workplace experience is encouraged and may be made available.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:
Mr. Scott Anderson, Dean of Business & Technology
Mr. Jim Palmer, Automotive Technology Faculty
Mr. Jeff Robertson, Automotive Technology Faculty
Mr. Thedford Jackson, Transfer Coordinator/Student Advisor

- AUTM 113 Brakes 4
- AUTM 115 Standard Transmission and Final Drives 4
- BUSN 141 Business Communications 3
- (or COMM 101 or ENGL 121)
- WELD 135 Shield Arc/Oxy Welding 3
- WELD 130 Introduction to Welding

Second Semester 15 Sem. Hours
- AUTM 120 Fundamentals of Engines 3
- AUTM 122 Engine Components and Construction 3
- AUTM 124 Fundamentals of Electricity 4
- AUTM 138 Automotive Servicing 2
- MATH 111 Technical Math 3
- BUSN 125 Mathematics of Business (or three credits from MATH 157 or above)

Third Semester 16 Sem. Hours
- AUTM 231 Fundamentals of Electronics 3
- AUTM 233 Fuel Systems 3
- AUTM 235 Electronic Engine Controls 4
- AUTM 237 Engine Performance 3
- ECON 111 Principles of Economics I 3
- BUSN 225 Personal Finance

Fourth Semester 17 Sem. Hours
- AUTM 240 Automatic Transmissions 5
- AUTM 242 Automotive Body Electronics 3
- AUTM 238 Advanced Automotive Data Analysis 3
- AUTM 248 Automotive Heating and Air Conditioning 3
- BUSN 124 Introduction to Small Business 3

TOTAL HOURS = 67

* Course has a prerequisite. See course descriptions.
AUTOMOTIVE SERVICE
Level I (636)

Certificate Program

ABOUT OUR PROGRAM
This Level One certificate prepares students for employment as entry-level technicians for routine vehicle maintenance responsibilities in lubrication, brake installation, tire service, suspension repair and alignment, and minor automotive electrical.

NATURE OF WORK AND EMPLOYMENT
Students find jobs repairing and servicing passenger cars, trucks, and other automotive vehicles. Some jobs in the automotive field may be for general technicians, while others are for specialists in engines, brakes, drive trains, transmissions, steering/suspension, electrical systems, emission controls, or heating and air conditioning. Employment opportunities for trained technicians are excellent due to the increasing number of vehicles on the road and the growing complexity of automotive technology.

PROGRAM CONTACTS

BIOLOGY (403)

Associate of Science

ABOUT OUR PROGRAM
This program is intended to provide the first two years of a four-year baccalaureate program. Students who major in biology investigate the science of life including cell biology, molecular biology, evolution, ecology, and genetics. Study organisms include viruses, bacteria, plants, animals, and fungi.

NATURE OF WORK AND EMPLOYMENT
The four most common jobs people have one year after completion of their Bachelor’s degree in this major are biological technician, biological scientist, health technician, and secondary teacher.

SPECIAL CONSIDERATIONS
Students considering this major should have a strong interest in nature, science, animals, and people. This career area requires the ability to collect and analyze data. The listed coursework is a recommendation only. Students should check with a student advisor for HCC graduation requirements, and specific university requirements in this major. Students must meet with an advisor to ensure that the special requirements of the department and institution to which they plan to transfer are met.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:
Ms. Juliet D’Souza, Biology Faculty
Ms. Karla Giuffre, Biology Faculty
Mr. Tony Grahame, Biology Faculty
Mr. Alan Nowicki, Biology Faculty
Ms. Karissa Patefield, Student Advisor

Recommended Courses
The following are recommended courses for this major only. Students must still meet all requirements for the Associate of Science degree (see page 64) in order to graduate from Highland Community College. For more information, please see your student advisor.

* BIOL 208  Biology I: Cell & Molecular Biology  4
* BIOL 209  Biol. II: Biodiversity, Evolution & Ecology  4
* CHEM 123  General College Chemistry I  5
* CHEM 124  General College Chemistry II  5
* CHEM 221  Organic Chemistry I  4
* CHEM 222  Organic Chemistry II  4
* MATH 168  Analytic Geometry and Calculus I  5
* MATH 177  Statistics  3
* MATH 268  Analytic Geometry and Calculus II  5
* PHYS 141  Introductory Physics I  4
* PHYS 142  Introductory Physics II  4
- or -
* PHYS 143  General Physics I  5
* PHYS 144  General Physics II  5

* Course has a prerequisite. See course descriptions.
ABOUT OUR PROGRAM
This program is intended to provide the first two years of a four-year baccalaureate program. This program studies the science of life and life processes by investigating the origin, evolution, ecology, structure, distribution, and reproductive functions of plants and animals. Biology Education majors intend to teach, usually at the secondary level.

NATURE OF WORK AND EMPLOYMENT
The three most common jobs entered into after completion of their Bachelor’s degree in this major are secondary teacher, biological technician, and health technician.

SPECIAL CONSIDERATIONS
Students considering this major should have a strong interest in nature, science, animals, and people. This career area requires the ability to collect and analyze data. The listed coursework is a recommendation only. Students should check with a student advisor for HCC graduation requirements, and specific university requirements in this major. Students must meet with an advisor to ensure that the special requirements of the department and institution to which they plan to transfer are met.

BUSINESS ADMINISTRATION
(204)

Associate of Science

ABOUT OUR PROGRAM
This degree is designed for students who plan to transfer to a four-year college or university to complete a Bachelor’s degree in Accounting, Economics, Finance, Management, Marketing, or General Business Administration. The program is intended to fulfill general education and core business course requirements to prepare students for junior-level classes in their majors.

NATURE OF WORK AND EMPLOYMENT
Because the choice of majors within Business Administration is so diverse, employment trends for all occupations cannot be listed here. Students are advised to contact the college or university that they plan to transfer to. Each college or university has different requirements. This will ensure the student gets the most updated information for their particular specialization within the business area. Some of the more popular job titles include accountants, auditors, managers, sales representatives, and financial officers.

SPECIAL CONSIDERATIONS
The listed coursework is a recommendation only. Students should check with a student advisor for HCC graduation requirements and specific university requirements in this major. Students must meet with an advisor to ensure that the special requirements of the department and institution they plan to transfer to are met. Colleges and universities have specific requirements for transfer students.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:
Mr. Scott Anderson, Dean of Business & Technology
Mr. Rich Jacobs, Business Faculty
Mr. Thedford Jackson, Transfer Coordinator/Student Advisor

RECOMMENDED COURSES
The following are recommended courses for this major only. Students must still meet all requirements for the Associate of Science degree (see page 64) in order to graduate from Highland Community College. For more information, please see your student advisor.

* ACCT 213 Financial Accounting 4
* ACCT 214 Managerial Accounting 4
* BUSN 121 Introduction to Business 3
†BUSN 223 Business Law I 3
-or-
†BUSN 229 Legal Environment of Business 3
* ECON 111 Principles of Economics I 3
* ECON 112 Principles of Economics II 3
* INFT 180 Introduction to Information Systems 3
* MATH 171 Finite Mathematics 4
* MATH 172 Calculus for Business and Social Science 4
* MATH 177 Statistics -or- 3
†BUSN 221 Business Statistics
PHIL 282 Ethics 3
* PSY 161 Introduction to Psychology 3

* Course has a prerequisite. See course descriptions.
† Some transfer institutions require BUSN 223. Others require BUSN 223 and BUSN 224 (Business Law II). Others require only BUSN 229. Check with a student advisor before enrolling in either course.
CHEMISTRY (406)

Associate of Science

ABOUT OUR PROGRAM
This program is intended to provide the first two years of a four-year baccalaureate program. Majors in Chemistry study the composition, structure, and properties of substances and the reactions, interactions, and transformations they undergo.

NATURE OF WORK AND EMPLOYMENT
The three most common jobs people have one year after completion of their Bachelor’s degree in this major are chemical technician, chemist, and secondary teacher.

SPECIAL CONSIDERATIONS
Those interested in this field should possess a strong aptitude for mathematics and science as well as curiosity and an attention for detail. The listed coursework is a recommendation only. Students should check with a student advisor for HCC graduation requirements and specific university requirements in this major. Students must meet with an advisor to ensure that the special requirements of the department and institution to which they plan to transfer are met. Colleges and universities have specific requirements for transfer students. Students are encouraged to take MATH 265 Differential Equations and MATH 270 Linear Algebra.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:
Mr. John Sullivan, Chemistry Faculty
Dr. Brendan Dutmer, Chemistry Faculty
Ms. Karissa Patefield, Student Advisor

Recommended Courses
The following are recommended courses for this major only. Students must still meet all requirements for the Associate of Science degree (see page 64) in order to graduate from Highland Community College. For more information, please see your student advisor.

- CHEM 123 General College Chemistry I 5
- CHEM 124 General College Chemistry II 5
- CHEM 221 Organic Chemistry I 4
- CHEM 222 Organic Chemistry II 4
- MATH 168 Analytic Geometry and Calculus I 5
- MATH 265 Differential Equations 3
- MATH 268 Analytic Geometry and Calculus II 5
- MATH 269 Analytic Geometry and Calculus III 4
- MATH 270 Linear Algebra 3
- PHYS 143 General Physics I 5
- PHYS 144 General Physics II 5
- PHYS 145 General Physics III 3

* Course has a prerequisite. See course descriptions.
CLERICAL BUSINESS (241)

Certificate Program

ABOUT OUR PROGRAM
This program is designed to provide the student who has no previous office experience with the minimum entry skills required for an office position. Completion of this short-term certificate program indicates to potential employers that the student has taken the initiative to become more employable. Many courses in this program are based in Highland’s individualized Office Technology Lab. The lab is staffed at all times with an instructor to assist students with course work. Students are able to proceed through many courses at their own pace and at times that are convenient to both the traditional student and to the person wishing to train for a new field or upgrade his/her skills.

NATURE OF WORK AND EMPLOYMENT
The program graduate will perform entry-level clerk and miscellaneous office tasks as a beginning employee. To advance beyond the entry-level position, the student must be prepared to continue his/her education and gain more technology and office skills background.

SPECIAL CONSIDERATIONS
The possession of this certificate may help a person gain his or her first office job; however, the skills gained from this program will not be sufficient to ensure that the person will advance beyond basic entry-level jobs. If a student has previous background in the office technology area, certain required courses may be waived or credit may be allowed through proficiency testing. A workplace experience is encouraged and may be made available.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:
Mr. Scott Anderson, Dean of Business & Technology
Ms. Denise Johnson, Information Systems Faculty
Mr. Thedford Jackson, Transfer Coordinator/Student Advisor

CLERK TYPIST (231)

Certificate Program

ABOUT OUR PROGRAM
This program is designed to provide students with the general office background and specific technical skills required to advance in the office technology field. The program of study is designed to make the student more technically proficient and versatile in the types of assignments he/she is able to work on independently.

Many courses in this program are based in Highland’s individualized Office Technology Lab. The lab is staffed at all times with an instructor to assist students with course work. Students are able to proceed through many courses at their own pace and at times that are convenient to both the traditional student and the person wishing to train for a new field or upgrade his/her skills.

NATURE OF WORK AND EMPLOYMENT
The clerk-typist position involves work beyond the typical entry level position requirements. The program graduate will typically perform general office work and routine filing while serving as an assistant for several people and may be expected to perform transcription of dictated materials. This type of position often leads to possibilities for advancement within the office setting and provides a framework for continuing education and skill improvement.

SPECIAL CONSIDERATIONS
Certain required courses may be waived or credit allowed through proficiency testing. The type of job obtained with this certificate could develop into an administrative assistant position with the addition of further course work toward an Associate degree. A workplace experience is encouraged and may be made available.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:
Mr. Scott Anderson, Dean of Business & Technology
Ms. Denise Johnson, Information Systems Faculty

COMPUTER SCIENCE (407)

Associate of Science

ABOUT OUR PROGRAM
This program is intended to provide the first two years of a baccalaureate program. Majors in this program study the theory, design, development, and application of computer technology for storing and manipulating data and managing information.

NATURE OF WORK AND EMPLOYMENT
Computer Science majors need to be well organized, precise, and have attention for detail. They must interact with a wide variety of individuals in order to well define the computer assignments to be accomplished. Common jobs students have had one year after graduating from a four-year baccalaureate program in this major are computer programmer, systems analyst, network analyst, information system specialist, and systems manager.

SPECIAL CONSIDERATIONS
The listed coursework is a recommendation only. Students should check with a student advisor for HCC graduation requirements and specific university requirements in this major. Students must meet with an advisor to ensure that the special requirements of the department and institution to which they plan to transfer are met. Colleges and universities have specific requirements for transfer students.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:
Mr. Scott Anderson, Dean of Business & Technology
Mr. Jeremy Monigold, Information Systems Faculty
Ms. Vicki Schulz, Student Advisor

RECOMMENDED COURSES
The following are recommended courses for this major only. Students must still meet all requirements for the Associate of Science degree (see page 64) in order to graduate from Highland Community College. For more information, please see your student advisor.

NOTE: Students should check with their student advisor or a computer science faculty member to ensure their choices in the math and science elective areas are appropriate.
Computer Technician (619)

Certificate Program

ABOUT OUR PROGRAM
The computer technician program will prepare the student to install, upgrade, or repair computer equipment typically found in the home or on the office desktop. The scope of the curriculum includes microcomputers, peripheral devices, and technical support. The certificate competencies parallel those of the computer industry’s A+ credential requirements.

NATURE OF WORK AND EMPLOYMENT
Students completing this program will be prepared to sit for the A+ certification exam and enter the work place as an entry-level computer systems technician. Types of jobs for which this program prepares graduates include: computer installer, computer repair technician, technical support representative, and technical consultant.

SPECIAL CONSIDERATIONS
Students in this program must show satisfactory communications and mathematics achievement on the placement tests or completion of COMM 090 and MATH 059 or equivalent. Students may wish to seek advice about merging this certificate with the Associate of Applied Science in Information Systems. A workplace experience is required for successful completion of this program.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:
Mr. Scott Anderson, Dean of Business & Technology
Mr. Jeremy Monigold, Information Systems Faculty
Ms. Vicki Schulz, Student Advisor

COSMETOLOGY (606)

Certificate Program

ABOUT OUR PROGRAM
Highland offers training that meets or exceeds the State Department of Financial and Professional Regulation requirements for state licensure as a cosmetologist. This program includes basic through advanced training in the area of hair care and styling, skin care and make-up, as well as nail care and extensions. Training also includes areas of decontamination, chemistry, salon management, anatomy, and salesmanship and business fundamentals, which gives the graduate additional entrepreneur skills. This program operates on a space available basis.

NATURE OF WORK AND EMPLOYMENT
Program graduates, once licensed, may find employment by implementing hair, skin, and nail care services to salon guests. Salons and spas today offer cosmetologists many opportunities to specialize in one area or provide all services to clients. Other career possibilities for a licensed cosmetologist include platform artist, salon owner/manager, or style director for television, print or theater, and so much more!

SPECIAL CONSIDERATIONS
Admission and enrollment procedures for this program are not the same as for other college programs and classes. Students interested in this program should contact Cosmetology Faculty or an Academic Advisor to obtain enrollment procedures. Students will attend an orientation before class starts. Graduates of Highland’s program must also pass a state board examination to obtain a license to practice. A workplace experience is encouraged and may be made available.

CRIMINAL JUSTICE (517)

Associate of Science

ABOUT OUR PROGRAM
This program is designed for both those intending to transfer to a four-year baccalaureate program as well as for those seeking immediate employment following completion of the two-year program. The guiding theme for this program is twofold. First, for participants to think critically about the broader context (i.e., social, cultural, and political) within which the activity of criminal justice occurs. Second, for participants to gain competencies enabling them to learn the skill set associated with the practical implementation of criminal justice.

NATURE OF WORK AND EMPLOYMENT
A broad range of employment options exist in both the private and public sectors depending upon qualifications. Examples of areas of employment would include; but not be limited to the following: law enforcement, corrections, court reporting, parks and wildlife, and social work.

SPECIAL CONSIDERATIONS
The listed coursework is a recommendation only. Students should check with a student advisor for HCC graduation requirements and specific university requirements in this major. Students must meet with an advisor to ensure that the special requirements of the department and institution to which they plan to transfer are met. Colleges and universities have specific requirements for transfer students.

CRIMINAL JUSTICE

Associate of Applied Science
(pending ICCB Approval)

ABOUT OUR PROGRAM

The Criminal Justice Program at Highland Community College prepares students for a rewarding career with local, county, state, or federal law enforcement agencies, correctional institutions, administrative assistants, courtroom employees, and other criminal justice agencies such as probation and parole. A number of related career fields, such as security and private investigations, are open to graduates of our Criminal Justice Program. In addition, our program can prepare current criminal justice professionals for career advancements. Those intending to transfer to a four-year baccalaureate program should speak to an advisor about our transfer program.

NATURE OF WORK AND EMPLOYMENT

A broad range of employment options exist in both the private and public sectors depending upon qualifications. Examples of areas of employment would include; but not be limited to the following: law enforcement, corrections, court reporting, parks and wildlife, and social work.

SPECIAL CONSIDERATIONS

• As a new program initiative access to the Criminal Justice Program and associated courses is contingent upon ICCB approval. There are recommended prerequisites for most of the Criminal Justice classes. Some general education courses may require prerequisites. Other than the internship, classes may be taken during any semester classes are offered. Students are required to have at least the first year completed prior to applying for the Internship class.

CUSTOMER SERVICE (212)

Certificate Program

ABOUT OUR PROGRAM
This customer service certificate will allow students to have intimate knowledge of customer needs, work with the public, learn interpersonal skills, and help to resolve disputes in ways which are beneficial to both customer and company.

NATURE OF WORK AND EMPLOYMENT
Job positions include retail sales, retail cashiers, counter/retail workers, parts sales persons, retail sales personnel, and sales/other related workers.

SPECIAL CONSIDERATIONS
This program develops basic specialized skills. For a broader range of skills that relate to the management of organizations, students should consider one of the degree programs offered in Accounting or in related Business areas. A workplace experience is encouraged and may be made available.

DESKTOP PUBLISHING (222)

Certificate Program

ABOUT OUR PROGRAM
The Desktop Publishing certificate is designed for individuals who need computer skills to keep up with changes in the printing industry and for individuals who are interested in desktop publishing for personal use. Many courses in this program are based in Highland’s individualized Office Technology Lab. The lab is staffed at all times with an instructor to assist students with course work. Students are able to proceed through many courses at their own pace and at times that are convenient to both the traditional student and to the person wishing to train for a new field or upgrade skills.

NATURE OF WORK AND EMPLOYMENT
Program graduates may work in the printing industry or an office setting where they typeset and prepare miscellaneous publications for printing.

SPECIAL CONSIDERATIONS
Certain required courses may be waived or credit may be allowed through proficiency testing. The type of position obtained with this certificate could develop into an administrative assistant position with the addition of further course work toward an Associate degree. A workplace experience is encouraged and may be made available.

Licensure Requirements

This transfer program is designed for students planning to complete the first years of study leading to a baccalaureate degree and major in early childhood education or child development. To teach young children in Illinois public schools (birth to age 8), teachers must apply for educator licensure by the State of Illinois. To transfer into an approved baccalaureate program in early childhood education as a junior, students must complete specific requirements and a minimum of 60 semester credits. Since admission is competitive, completion of the recommended courses does not guarantee admission. A minimum grade point average for most universities is required for program admission. Possible baccalaureate programs may include:

- Early Childhood Education (Birth through Grade 2)
- Early Childhood Special Education
- Child Development
- Human Development and Family Studies

Highland Community College provides general education courses and some early childhood education courses for students interested in pursuing these areas. Many courses are the same for the different career paths; however, the number of hours required in certain disciplines may vary.

Students interested in the teaching profession should contact the Coordinator of the Early Childhood Program or a student advisor for up-to-date information regarding state requirements and senior institution admission requirements.

SPECIAL NOTES

Early Childhood Education

Highland Community College’s Associate of Applied Science (AAS) degree in Early Childhood Education will NOT satisfy educator licensure requirements in the State of Illinois.

The recommended courses on the next page are intended to give students a general idea of course choices. Early childhood education majors are required to consult with the Coordinator of the Early Childhood Program, a student advisor, and/or the transfer coordinator to ensure proper course selection and program advising. Licensure requirements are subject to change due to legislation or Illinois State Board of Education (ISBE) decisions.

Online Degree Option for Early Childhood

There is a possibility of obtaining the AA with an ECE emphasis primarily online. Students interested in pursuing the degree online should contact the Coordinator of the Early Childhood Education Program at (815) 599-3484 for further information.
EARLY CHILDHOOD EDUCATION (512)

Associate of Arts

ABOUT OUR PROGRAM
This program is designed for the student intending to transfer to a senior institution to complete a baccalaureate degree. With the completion of the specified ECE coursework, students will also complete a Level 2 Credential certificate. Students will be eligible to receive a Gateways to Opportunity Level 2 Credential due to the fact that the HCC Early Childhood Program is a Gateways Entitled Institution.

NATURE OF WORK AND EMPLOYMENT
Graduates of four-year baccalaureate programs in this major are typically employed as teachers in preschools and elementary schools, parent educators, early intervention educators, child development specialists, child care directors, Head Start lead teachers, and employees in civic/social organizations.

SPECIAL CONSIDERATIONS
The listed coursework is a recommendation only. Students should check with a student advisor for HCC graduation requirements and specific university requirements in this major. ECE students must demonstrate good physical and emotional health as well as submit to and pass a background check before beginning fieldwork experiences with children.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:

Mr. Scott Anderson, Dean of Business & Technology
Ms. Melissa Johnson, Coordinator of Early Childhood Education
Ms. Vicki Schulz, Student Advisor

RECOMMENDED COURSES
The following are recommended courses for this major only. Students must still meet all requirements for the Associate of Arts degree (see page 58) in order to graduate from Highland Community College. For more information, please see your student advisor.

* ECE 121 Introduction to Early Childhood Education 3
* ECE 122 Child Growth and Development 3
* ECE 123 Health, Safety, & Nutrition for Young Children 3
* ECE 125 Curriculum & Assessment in ECE Settings 3
* ECE 202 Role of Learning Environments and Play in EC 3
* ECE 203 Home, School, & Community Relations 3
* ECE 204 Exceptional Child in ECE 3

* EDUC 225 Educational Technology 3
* PSY 261 Educational Psychology 3

Early Childhood/Education Options (select one)

* Course has a prerequisite. See course descriptions.
EARLY CHILDHOOD EDUCATION  
(703)

Associate of Applied Science

ABOUT OUR PROGRAM

This program is designed to provide the early childhood education professional with knowledge to care for children in child care centers, family child care, school-age programs, and preschools. The program is committed to addressing the needs and interests of young learners of diverse ethnicity, race, socioeconomic background and ability. There are opportunities both in the classroom as well as field workplace experience to practice skills learned. The field of early childhood covers children, birth through eight years of age.

This applied science program contains 38 required ECE semester hours, 15 required related semester hours consisting of general education courses, and 9 ECE elective semester hours. The program of study must be taken in its entirety to meet degree requirements. Courses within the curriculum are based on the Illinois Professional Teaching Standards, the Early Childhood Education Content Area Standards, and the Early Childhood Special Education standards. As a “blended” Associate Degree program, the courses integrate knowledge and effective practices from the fields of early childhood education and early childhood special education, which prepares students to recognize, support, and enhance the vast diversity of child and family development and learning needs. Both of the early childhood certificates, Level 2 Credential (723) and Level 3 Credential (713), are wholly contained in the Early Childhood Education degree.

The State of Illinois has adopted a career lattice system, creating a seamless framework for professionals to develop. At Highland Community College, we will offer the Level 2, 3, and 4 Early Childhood Education Credentials, Level 2, 3, and 4 Infant and Toddler Credentials, and the Level I Director Credential within the Illinois Gateways to Opportunity system. These credentials promote access to varied career opportunities within the field, as well as opportunities to transfer to a four-year program to continue courses of study. Students interested in pursuing a Gateways to Opportunity Credential need to speak with the Coordinator of the ECE program regarding specific course requirements to qualify for credentials.

NATURE OF WORK AND EMPLOYMENT

Early Childhood graduates with an AAS degree are qualified to be employed as teachers and directors in child development centers licensed by the Department of Children and Family Services (DCFS), Head Start, preschools, family child care providers, and in agencies providing family support. AAS graduates must demonstrate good physical and emotional health as well as submit to and pass a current background check.

SPECIAL CONSIDERATIONS

This degree does NOT prepare students for Illinois State Board of Education teacher certification and does NOT prepare students for transferring, though some general education courses are transferable. Some of the early childhood education courses will be transferable at some colleges. Please check with your advisor regarding specific requirements. To successfully begin the early childhood degree, students must meet the communication requirements. Students must take either Introduction to Early Childhood Education or Child Growth and Development and earn the grade of “C” or better to proceed through the early childhood program. They must maintain a “C” or better in all early childhood courses to graduate. A workplace experience is required for successful completion of this program.

EARLY CHILDHOOD EDUCATION (726)

Infant/Toddler Certificate

ABOUT OUR PROGRAM
The Infant/Toddler certificate provides students with a specialized focus on the unique strengths and needs of infants and toddlers with particular focus to children and families that are culturally, linguistically and ability diverse. Students will study the comprehensive development of the young child, birth to three years, with a focus on understanding current brain research and best caregiving practices. Students will explore the process of designing infant/toddler environments that are individually, culturally and developmentally appropriate with focus on creating inclusive environments. This certificate is intended for students who already hold degrees or who have taken extensive coursework in other academic fields, but would like to build their knowledge and skills of working with infants, toddlers and their families.

NATURE OF WORK AND EMPLOYMENT
Infant/Toddler certificate holders work in licensed child care programs as teachers or assistant teachers or for home visiting programs such as Early Head Start or Prevention Initiative programs. Family Child Care providers are encouraged to use this program to upgrade their own training and preparation.

SPECIAL CONSIDERATIONS
Certificate students must demonstrate good physical and emotional health and submit to a criminal background check. Students interested in pursuing a Gateways to Opportunity Infant/Toddler Credential need to speak with the Coordinator of the Early Childhood Program regarding additional requirements to qualify for credentials.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:

EARLY CHILDHOOD EDUCATION (724)

Infant/Toddler Level 2 Credential Certificate

ABOUT OUR PROGRAM
The Infant/Toddler Level 2 Credential certificate provides students with a specialized focus on the unique strengths and needs of infants and toddlers with particular focus to children and families that are culturally, linguistically and ability diverse. Students will study the comprehensive development of the young child, birth to three years, with a focus on understanding current brain research and best caregiving practices. The program is available for early childhood educators, parents, administrators, and health care professionals. The certificate is 16 credit hours, with all of the credit hours applying to the Associate of Applied Science in Early Childhood Education. The Illinois Gateway Level Infant Toddler Level 2 Credential is designed to support movement through the state of Illinois Career Lattice. Gateways credentials are awarded and recognized by the Illinois Department of Human Services Bureau of Child Care and Development. Gateways credentials are symbols of professional achievement and are embedded in the new quality rating and improvement system, ExceleRate Illinois. The Infant Toddler Level 2 Credential expands on foundational professional knowledge, and supports progression to the Level 3 Credential or direct exit into the field.

NATURE OF WORK AND EMPLOYMENT
Infant/Toddler Level 2 Credential certificate holders work in licensed child care programs as assistant teachers or for home visiting programs such as Early Head Start. Family Child Care providers are encouraged to use this program to upgrade their own training and preparation.

SPECIAL CONSIDERATIONS
Certificate students must demonstrate good physical and emotional health and submit to a criminal background check. To successfully begin the early childhood degree, students must meet the communication requirements. Students must take either Introduction to Early Childhood Education or Child Growth and Development and earn a grade of “C” or better to proceed through the early childhood program. They must maintain a “C” or better in all early childhood courses to complete the certificate. A workplace experience is encouraged and may be made available.

EARLY CHILDHOOD EDUCATION (725)
Infant/Toddler Level 3 Credential Certificate

ABOUT OUR PROGRAM
The Infant/Toddler Level 3 Credential certificate provides students with a specialized focus on the unique strengths and needs of infants and toddlers with particular focus to children and families that are culturally, linguistically and ability diverse. Students will study the comprehensive development of the young child, birth to three years, with a focus on understanding current brain research and best caregiving practices. Students will research the process of designing infant/toddler environments that are individually, culturally and developmentally appropriate with focus on creating inclusive environments. The program is available for early childhood educators, parents, administrators, and health care professionals. The certificate is 27 credit hours, with all of the credit hours applying to the Associate of Applied Science in Early Childhood Education. The Illinois Gateway Level Infant Toddler Level 3 Credential is designed to support movement through the state of Illinois Career Lattice. Gateways credentials are awarded and recognized by the Illinois Department of Human Services Bureau of Child Care and Development. Gateways credentials are symbols of professional achievement and are embedded in the new quality rating and improvement system, ExceleRate Illinois. The Infant Toddler Level 3 Credential expands on foundational professional knowledge, and supports progression to the Level 4 Credential or direct exit into the field.

NATURE OF WORK AND EMPLOYMENT
Infant/Toddler Level 3 Credential certificate holders work in licensed child care programs as assistant teachers or for home visiting programs such as Early Head Start or Prevention Initiative programs. Family Child Care providers are encouraged to use this program to upgrade their own training and preparation.

SPECIAL CONSIDERATIONS
Certificate students must demonstrate good physical and emotional health and submit to a criminal background check. To successfully begin the early childhood degree, students must meet the communication requirements. Students must take either Introduction to Early Childhood Education or Child Growth and Development and earn a grade of “C” or better to proceed through the early childhood program. They must maintain a “C” or better in all early childhood courses to complete the certificate. A workplace experience is encouraged and may be made available.

EARLY CHILDHOOD EDUCATION
(723)

Level 2 ECE Credential Certificate

ABOUT OUR PROGRAM
This program helps students meet Illinois Department of Children and Family Services Licensing Standards for Assistant Teacher. The State of Illinois has adopted a career lattice system, creating a seamless framework for professionals to develop. At Highland Community College, we will offer the Level 2, 3, and 4 Early Childhood Education Credentials, Level 2, 3, and 4 Infant and Toddler Credentials, and the Level I Director Credential within the Illinois Gateways to Opportunity system. These credentials promote access to varied career opportunities within the field, as well as opportunities to transfer to a four-year program to continue courses of study. Students interested in pursuing a Gateways to Opportunity Credential need to speak with the Coordinator of the ECE program regarding specific course requirements to qualify for credentials.

NATURE OF WORK AND EMPLOYMENT
Level 2 Credential Certificate holders work in licensed child care programs as assistant teachers. Family Child Care Providers are encouraged to use this program to upgrade their own training and preparation.

SPECIAL CONSIDERATIONS
Certificate students must demonstrate good physical and emotional health and submit to a criminal background check. To successfully begin the early childhood degree, students must meet the communication requirements. Students must take either Introduction to Early Childhood Education or Child Growth and Development and earn a grade of “C” or better to proceed through the early childhood program. They must maintain a “C” or better in all early childhood courses to complete the certificate. A workplace experience is encouraged and may be made available.

EARLY CHILDHOOD EDUCATION
(713)
Level 3 ECE Credential Certificate

ABOUT OUR PROGRAM
This program is for students who wish to qualify as an early childhood teacher or school-age worker (as defined by the Illinois Department of Children and Family Services) in a DCFS-licensed program. In order to work as a state-licensed Early Childhood Educator in a school district, students must obtain a Bachelor’s degree in Early Childhood Education. Persons desiring child care teaching positions must also have at least 1,560 clock hours of child development experience in a child care program licensed by the Illinois Department of Children and Family Services. Some of the required hours can be met in the Practicum offered at HCC.

The State of Illinois has adopted a career lattice system, creating a seamless framework for professionals to develop. At Highland Community College, we will offer the Level 2, 3, and 4 Early Childhood Education Credentials, Level 2, 3, and 4 Infant and Toddler Credentials, and the Level I Director Credential within the Illinois Gateways to Opportunity system. These credentials promote access to varied career opportunities within the field, as well as opportunities to transfer to a four-year program to continue courses of study. Students interested in pursuing a Gateways to Opportunity Credential need to speak with the Coordinator of the ECE program regarding additional course requirements to qualify for credentials.

NATURE OF WORK AND EMPLOYMENT
Typical job positions that program graduates may enter include family child care provider, child care worker, child care assistant, nanny positions, and other programs serving infants, toddlers, and preschoolers. Graduates plan and present learning activities for small children, observe and document children’s behavior, and work closely with teachers, directors, and parents to promote the growth and development of children.

The certificate program is NOT recommended for those seeking leadership positions in early childhood programs, such as director, assistant director, and senior teacher.

SPECIAL CONSIDERATIONS
Certificate students must demonstrate good physical and emotional health and submit to a criminal background check. To successfully begin the early childhood degree, students must meet the communication requirements. Students must take either Introduction to Early Childhood Education or Child Growth and Development and earn a grade of “C” or better to proceed through the early childhood program. They must maintain a “C” or better in all early childhood courses to complete the certificate. A workplace experience is encouraged and may be made available.

EARLY CHILDHOOD EDUCATION DIRECTOR

Certificate (pending ICCB Approval)

ABOUT OUR PROGRAM
This certificate is designed for students who already hold degrees or who have taken extensive coursework in other academic fields. This program provides the additional study that is often required for a career change to meet requirements for Illinois Department of Children and Family Services (IDCFS) Director Qualifications, National Association for the Education of Young Children (NAEYC) program accreditation criteria, and/or to build skills in early childhood program administration and leadership. The ECE Director’s Certificate meets the course requirements for the IL Director’s Level I Credential if the student meets the additional requirements. It focuses on leadership, program quality, organization and administration, business management, curriculum, family partnership and pedagogy.

NATURE OF WORK AND EMPLOYMENT
ECE Director’s certificate holders work in licensed child care programs as administrators.

SPECIAL CONSIDERATIONS
Certificate students must demonstrate good physical and emotional health and submit to a criminal background check. Students interested in pursuing a Gateways to Opportunity Director Credential Level I need to speak with the Coordinator of the Early Childhood Program regarding additional requirements to qualify for credentials.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:
Mr. Scott Anderson, Dean of Business & Technology

ENGINEERING (414)

Associate of Engineering Science

ABOUT OUR PROGRAM
This program is intended to provide the first two years of a four-year baccalaureate program. Students in this major will study mathematics and science with the intent of applying the principles of those fields to the design and construction of useful devices and structures. Specialty areas of engineering include aeronautical, agricultural, biological, chemical, civil, computer, electrical, industrial, manufacturing, material, mechanical, mining, and nuclear.

NATURE OF WORK AND EMPLOYMENT
Engineers work in a wide variety of settings such as industries, research facilities, consulting firms, and governmental agencies.

SPECIAL CONSIDERATIONS
Those interested in engineering should have an aptitude for science, mathematics, problem solving, and versatility. Good verbal and written skills, and the ability to work on a team are also needed. The guideline listed is recommended only. Students should check with a student advisor for specific university requirements in this major. See the General Education requirements listed on page 64. Each student must meet with an advisor to ensure that the special requirements of the department and the institution to which they plan to transfer are fully met.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:
Mr. David Esch, Physics Faculty
Mr. Thedford Jackson, Transfer Coordinator/Student Advisor

RECOMMENDED COURSES
The following are recommended courses for this major only. Students must still meet all requirements for the Associate of Science degree (see page 64) in order to graduate from Highland Community College. For more information, please see your student advisor.

ENGINEERING TECHNOLOGY
(612)
Associate of Science

ABOUT OUR PROGRAM
This program is intended to provide the first two years of a four-year baccalaureate program. Students in this major will use their technical skills and knowledge of science and math in the support of engineering activities. Students should have interests in mechanical and electrical devices and mathematics, skills in using instruments, ability to make accurate observations and measurements, and ability to work with others as a part of a team.

NATURE OF WORK AND EMPLOYMENT
After attaining a baccalaureate degree, students may work in one of several different engineering specialties including aeronautical, agricultural, biological, chemical, civil, computer, electrical, industrial, manufacturing, material, mechanical, mining, and nuclear. Engineering Technicians are employed by companies in the electrical equipment, machinery, aerospace, and construction industries; by radio and TV stations; engineering and architectural firms; and by organizations in other fields. Faster than average job growth is projected due to anticipated increases in research and development expenditures and the expected growth in the output of technical products.

SPECIAL CONSIDERATIONS
Those interested in engineering should have an aptitude for science, mathematics, problem solving, and versatility. Good verbal and written skills along with the ability to work on a team are also needed. The guideline listed is recommended only. Students should check with a student advisor for specific university requirements in this major. See page 64 for General Education requirements. Each student must meet with an advisor to ensure that the special requirements of the department and the institution to which they plan to transfer are fully met.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:
Mr. David Esch, Physics Faculty
Mr. Thedford Jackson, Transfer Coordinator/Student Advisor

RECOMMENDED COURSES
The following are recommended courses for this major only. Students must still meet all requirements for the Associate of Science degree (see page 64) in order to graduate from Highland Community College. For more information, please see your student advisor.

* CHEM 123 General College Chemistry I 5
* DRAF 151 Engineering Graphics 4
* ECON 111 Principles of Economics I 3
* INFT 190 Principles of Computer Science I 3
* MATH 168 Analytic Geometry and Calculus I 5
* MATH 268 Analytic Geometry and Calculus II 5
* PHYS 120 Intro to Engineering 2
* PHYS 141 Introductory Physics I 4
* PHYS 142 Introductory Physics II 4
  -or-
* PHYS 143 General Physics I 5
* PHYS 144 General Physics II 5

Suggested electives (see your advisor)

* INFT 290 Principles of Computer Science II 3
* MATH 177 Statistics 3

* Course has a prerequisite. See course descriptions.
EQUINE SCIENCE (633)

Associate of Applied Science

ABOUT OUR PROGRAM
This program is designed to prepare students for careers in equine facility management with fundamental horse care, horse handling, horse training, riding, stable management and riding instruction included. Current employees and horse and equine facility owners as well as students with no former experience have the possibility to gain knowledge and experience by completing this degree and becoming an equine facility manager.

NATURE OF WORK AND EMPLOYMENT
Careers in the equine industry are varied in nature and requirements. There are positions requiring considerable versatility, such as within a small privately owned facility with only a few employees. Other positions are more specialized and are generally found in large, complex operations.

SPECIAL CONSIDERATIONS
While the program includes a significant amount of classroom delivery, in many cases the courses will be held on-site to provide the student with as much direct contact with the equine environment as possible. The academic skills will center on our core communications, math and computer application courses and will be rounded out by business-related content.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:
Mr. Scott Anderson, Dean of Business & Technology
Ms. Vicki Schulz, Student Advisor

# EQUINE SCIENCE (641)

## Certificate Program

### ABOUT OUR PROGRAM

This certificate is designed for a student who wants a shorter education path into the equine industry or is just looking to take specific courses to gain critical knowledge for their individual work with horses. All courses within this certificate feed directly into the following certificates or Associate of Applied Science degree: Equine Massage Certificate, Riding Instructor Certificate, Stable Manager Certificate, or an Associate of Applied Science in Equine Science. Within about one year of study this certificate will prepare students for a basic career in the Equine field.

Current employees or facility owners in the horse industry may find it beneficial to gain further knowledge and experience by completing separate courses leading to this certificate and thereby have their equine skills documented.

### NATURE OF WORK AND EMPLOYMENT

Careers in the equine industry vary in nature and requirements. There are positions requiring considerable versatility, such as within a small privately owned facility with only a few employees. Other positions are more specialized and are generally found in large, complex operations. This General Equine Certificate may lead to a career as a groom, a stable worker, or an equine feed or nutrition specialist.

### SPECIAL CONSIDERATIONS

The certificate includes instruction both in theory and practice. There are courses that include classroom instruction and field trips. Courses such as Horse Handling I, Equine Health Care I, and Horse Shoeing are held solely at a stable to provide the student with as much direct contact with the equine environment as possible. The certificate also includes 150 hours of workplace experience to further ensure the practical aspect of working with horses. The academic courses include basic computer and business communication skills for day-to-day work in an equine environment.

EQUINE MASSAGE THERAPIST (638)
Certificate Program

ABOUT OUR PROGRAM
This certificate is designed for a student who wants to have essential general skills in Equine Science and specific skills within Equine Massage to become a broadly educated Equine Massage Therapist. The courses within this certificate are courses included in the General Equine Science Certificate, Equine Massage I and II, and Equine Stress Points (as defined by the American Jack Meagher) I and II. Within about one year of study this certificate will prepare students for an entry-level career as an Equine Massage Therapist with specific skills in the field of Equine Stress Points by Jack Meagher.

Current employees or facility owners in the horse industry may find it beneficial to gain further knowledge and experience by completing separate courses leading to this certificate and thereby have their equine skills documented.

NATURE OF WORK AND EMPLOYMENT
Careers in the equine industry vary in nature and requirements. There are positions requiring considerable versatility, such as within a small privately owned facility with only a few employees. Other positions are more specialized and are generally found in large, complex operations. This Equine Massage Therapist Certificate may lead to a career as an Equine Massage Therapist with essential general skills in Equine Science and fundamental skills in horse massage techniques for the whole horse and for specific areas of the horse, stress points as defined by Jack Meagher, movements and stretching of the horse.

SPECIAL CONSIDERATIONS
This certificate includes instruction both in theory and practice. There are courses that include classroom instruction and field trips. Courses such as Horse Handling, Equine Health Care, Equine Massage, and Equine Stress Points are held solely at a stable to provide the student with as much direct contact with the equine environment as possible. This certificate also includes workplace experience to further ensure the practical aspect of working and treating horses. The academic courses include basic computer and business communication skills for day-to-day work in an equine environment.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:

EQUINE RIDING INSTRUCTOR (640)
Certificate Program

ABOUT OUR PROGRAM
This certificate is designed for a student who has the desire to become a Riding Instructor. The courses within this certificate are the courses included in the General Equine Science Certificate together with Horse Training I and II, Riding I and II, and Riding Instruction I and II. Within about one year of study this certificate will prepare students for an entry-level career as a Riding Instructor.

NATURE OF WORK AND EMPLOYMENT
Careers in the equine industry vary in nature and requirements. There are positions requiring considerable versatility, such as within a small privately owned facility with only a few employees. Other positions are more specialized and are generally found in large, complex operations. This Riding Instructor Certificate may lead to a career as a Riding Instructor beginning at an entry level with fundamental instruction knowledge for basic level teaching in the English and Western discipline. Other related work experiences may also lead to an entry-level career as a Horse Trainer or an Exercise Rider with emphasis in training and retraining of horses in the English and Western discipline.

SPECIAL CONSIDERATIONS
The certificate includes instruction both in theory and practice. There are courses that include classroom instruction and field trips. Courses such as Horse Handling, Equine Health Care, Horse Training and Riding are held solely at a stable to provide the student with as much direct contact with the equine environment as possible. The certificate also includes 150 hours of workplace experience to further ensure the practical aspect of working with horses. The academic courses include basic computer and business communication skills for day-to-day work in an equine environment.

EQUINE STABLE MANAGER (639)

Certificate Program

ABOUT OUR PROGRAM
This certificate is designed for a student who has the desire to become a Stable Manager. The courses within this certificate are the courses included in the General Equine Science Certificate together with Equine Health Care II, Stable Management I and II, and Equine Facilities. Within about one year of study this certificate will prepare students for an entry-level career as a Stable Manager.

Current employees or facility owners in the horse industry may find it beneficial to gain further knowledge and experience by completing separate courses leading to this certificate and thereby have their equine skills documented.

NATURE OF WORK AND EMPLOYMENT
Careers in the equine industry vary in nature and requirements. There are positions requiring considerable versatility, such as within a small privately owned facility with only a few employees. Other positions are more specialized and are generally found in large, complex operations. This Stable Manager Certificate may lead to an entry-level career as a Stable Manager with fundamental skills for managing and maintaining an equine facility.

SPECIAL CONSIDERATIONS
This certificate includes instruction both in theory and practice. There are courses that include classroom instruction and field trips. Courses such as Horse Handling, Equine Health Care, and Horse Shoeing are held solely at a stable to provide the student with as much direct contact with the Equine environment as possible. The certificate also includes 150 hours of workplace experience to further ensure the practical aspect of working with horses. The academic courses include basic computer and business communication skills for day-to-day work in an equine environment.

GEOLOGY (409)

Associate of Science

ABOUT OUR PROGRAM
This program is intended to provide the first two years of a four-year baccalaureate program. Geology majors study the characteristics and features of the earth and the processes that shape them.

NATURE OF WORK AND EMPLOYMENT
The most common jobs people have one year after graduating with a baccalaureate degree in this major are Geologist, Science Technician, Secondary Teacher, and Environmental Scientist.

SPECIAL CONSIDERATIONS
Those interested in geology should have an aptitude for science and mathematics as well as a deep curiosity about the earth and its characteristics. The listed coursework is a recommendation only. Students should check with a student advisor for HCC graduation requirements and specific university requirements in this major. Students must meet with an advisor, and encouraged to meet with Geology faculty, to ensure that the special requirements of the department and institution to which they plan to transfer are met. Colleges and universities have specific requirements for transfer students.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:
Mr. Steve Simpson, Geology/Geography Faculty
Ms. Karissa Patefield, Student Advisor

RECOMMENDED COURSES
The following are recommended courses for this major only. Students must still meet all requirements for the Associate of Science degree (see page 64) in order to graduate from Highland Community College. For more information, please see your student advisor.

† Some senior institutions require General Physics. Check with a student advisor regarding proper course selection for each university.
GRAPHIC DESIGN (301)

Associate of Applied Science

ABOUT OUR PROGRAM

This program is designed to provide entry-level job skills necessary for entrance in the graphic design field. Students learn the basics of typography, layout, and design using computer software. An emphasis is placed on the design process including communication, proofs, and presentation. A problem-solving approach is used and actual design projects are incorporated into the curriculum when appropriate.

NATURE OF WORK AND EMPLOYMENT

Areas of employment include graphic design, print media, illustration, electronic publishing, communications, entertainment, industry, and advertising. Many jobs in this field involve communication and marketing skills, as well as creative and technical abilities. As visual communication needs increase, this area will continue to grow. The tools used in this field have changed dramatically over the last 15 years as technology continues to change. Highland’s computer lab is well-equipped, well-maintained, and up-to-date.

SPECIAL CONSIDERATIONS

Although this degree is not specifically intended for transfer students, many courses will transfer to senior institutions. Checking with the program faculty or a student advisor will help provide a smooth transfer. This degree includes general-education courses as well as some business and communications courses to help the student with work-related skills.

GRAPHIC DESIGN (305)

Certificate Program

ABOUT OUR PROGRAM
The certificate program prepares students for entry-level positions in graphic design. Students learn the fundamentals of design using computer software. A problem-solving approach is used and actual design projects are incorporated into the curriculum when appropriate.

NATURE OF WORK AND EMPLOYMENT
Among job positions available in this field are graphic design, print media, illustration, electronic publishing, communications, entertainment industry, and advertising.

SPECIAL CONSIDERATIONS
This program develops specialized skills in graphic design. For a wider range of skills, students should consider the degree program offered in the Associate of Arts or Applied Science degrees.

HISTORY (502)

Associate of Arts

ABOUT OUR PROGRAM
The history program is designed for the student who is interested in how humans have made decisions, treated each other under the pressure of circumstances, and considered how the decisions of the past have shaped the present. The program’s emphasis is on United States and European history. Courses are also offered in the Middle East and other non-western areas. This program is designed for the student who intends to pursue a baccalaureate degree in history.

NATURE OF WORK AND EMPLOYMENT
Baccalaureate degree history majors typically are employed as teachers in elementary and secondary schools and as researchers in government, museums, and industrial research departments. A four-year degree in history also provides a good background for careers in journalism, law, foreign service, and a variety of related professions.

SPECIAL CONSIDERATIONS
The listed coursework is a recommendation only. Students should check with a student advisor for HCC graduation requirements and specific university requirements in this major. Students must meet with an advisor to ensure that the special requirements of the department and institution to which they plan to transfer are met. History majors are strongly encouraged to include a foreign language as part of their program of study. Colleges and universities have specific requirements for transfer students.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:
Dean, Humanities, Social Sciences, and Fine Arts
Dr. Andrew Dvorak, History/Political Science Faculty
Mr. Jim Phillips, History/Political Science Faculty
Ms. Karissa Patefield, Student Advisor

RECOMMENDED COURSES
The following are recommended courses for this major. Students must still meet all requirements for the Associate of Arts degree (see page 58) in order to graduate from Highland Community College. It is suggested that students who major in history concentrate on at least one foreign language because many four-year colleges and universities require a proficiency in one foreign language to graduate with a B.A. degree. For more information, please see your student advisor.

HOSPITALITY MANAGEMENT (217)

Associate of Applied Science

ABOUT OUR PROGRAM
The Highland Community College Hospitality Management degree was created in partnership with a regional business, Swift Hospitality Group. The degree's main purpose is to create pathways for those pursuing a career in services related to entry level positions within the hotel and hospitality industry. Students will gain the core skills necessary to work in a group or independently. Skill development will come in many forms such as traditional classroom, alternative delivery methods and workplace experiences.

NATURE OF WORK AND EMPLOYMENT
Hospitality Management students will gain the skills needed for entry level positions within the hospitality field. Career options for successful completers would include, but are not limited to: Front Desk Manager, Food and Beverage Manager, Sales Coordinator, Executive Housekeeping, Bartender/Server, and Maintenance Supervisor.

SPECIAL CONSIDERATIONS
A workplace experience is required. Participants will have the opportunity to earn a minimum of three industry related certificates from Certified Hotel Administrator (CHA). The first certificate is Supervision & HR, the second is Sales & Marketing, and the third is Front Desk Management.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:

HUMAN/SOCIAL SERVICES (509)

Associate of Arts

ABOUT OUR PROGRAM
This program allows students to choose either an emphasis in children’s services or general social services. Both are designed for the student intending to transfer to a senior institution for completion of a baccalaureate degree. It is possible for a student to complete the two-year program and gain employment in an entry-level position.

NATURE OF WORK AND EMPLOYMENT
Program graduates are often employed in state, county, and private social-service agencies, as well as educational institutions, religious organizations, and health-related institutions.

SPECIAL CONSIDERATIONS
The course guideline listed is recommended only. For purposes of transfer students should meet with a student advisor for specific university requirements in this major.

INDUSTRIAL MANUFACTURING TECHNOLOGY (601)

Computer-Aided Design • Mechanical/Architectural (Certificate)

ABOUT OUR PROGRAM
This program is designed to prepare students to be a CAD technician in the manufacturing and/or engineering industries.

NATURE OF WORK AND EMPLOYMENT
Graduates of this program prepare clear, accurate, and detailed drawings from the rough sketches, specifications, and calculations of engineers and designers. These drawings are used for engineering and manufacturing purposes according to the specified dimensions. CAD/CAM technicians also use computer-controlled systems to assist industrial designers and engineers in designing products and carrying out automated processes.

INDUSTRIAL MANUFACTURING TECHNOLOGY (615)

Industrial Electronics & Controls (Certificate)

ABOUT OUR PROGRAM
This certificate program will provide students with experience in general and industrial electronic components such as sensors, motors, and valves as well as typical electronic circuits found in industry. Students will also gain experience with computer applications and programming industrial control devices such as programmable logic controllers.

NATURE OF WORK AND EMPLOYMENT
Graduates with this certificate are prepared to work with industrial machines and manufacturing systems. Typical career positions include maintenance technician, troubleshooter, machine builder, and field sales specialist. With additional experience and education, graduates can move into supervisory and advanced technical occupations.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:
Mr. Scott Anderson, Dean of Business & Technology
Mr. Steve Gellings, Industrial Technology Faculty
Mr. Thedford Jackson, Transfer Coordinator/Student Advisor

INDUSTRIAL MANUFACTURING TECHNOLOGY (607)

Machine Processes (Certificate)

ABOUT OUR PROGRAM
The Machining Processes Certificate is designed to provide students with opportunities to obtain basic and intermediate level experience in the areas of computer numeric control (CNC), computer-aided drafting (CAD), and computer-aided manufacturing (CAM).

NATURE OF WORK AND EMPLOYMENT
Successful graduates of this certificate will have entry-level competence for the fields of CAD/CAM operation and be able to set-up CNC equipment.

INDUSTRIAL MANUFACTURING TECHNOLOGY (623)

Industrial Maintenance Technology (Certificate)

ABOUT OUR PROGRAM
This certificate program will provide students with experience in welding, mechanics, electronics, motors, and fluid power systems. Students will also gain experience with computer applications and programming industrial control devices such as programmable logic controllers. Problem solving and troubleshooting are emphasized throughout the program.

NATURE OF WORK AND EMPLOYMENT
Graduates with this certificate are prepared to work as entry-level industrial maintenance or manufacturing plant technicians. Typical career positions include maintenance mechanic, troubleshooter, machine installer, and tool/equipment specialist. With additional experience and education, graduates can move into supervisory and advanced technical occupations.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:

INDUSTRIAL MANUFACTURING TECHNOLOGY (614)

Welding and Fabrication (Certificate)

ABOUT OUR PROGRAM
This program develops skills that students require to lay out, fabricate, and weld various metals. These skills will be developed in the areas of Print Reading, Shielded Metal Arc Welding (SMAW), Metal Inert Gas (GMAW), and Tungsten Inert Gas Welding (TIG).

NATURE OF WORK AND EMPLOYMENT
Graduates will use a fusion process to join (weld) two pieces of metal by applying intense heat, pressure, or both to melt the edges of metal so they fuse permanently. This work requires laying out jobs according to drawings or blueprints and determining the welding process best suited for the metals being fused.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:
Mr. Scott Anderson, Dean of Business & Technology
Mr. Aaron Sargent, Industrial Technology Faculty
Mr. Thedford Jackson, Transfer Coordinator/Student Advisor

INDUSTRIAL MANUFACTURING TECHNOLOGY (628)

Basic Welding (Certificate)

ABOUT OUR PROGRAM
This program develops entry-level job skills that students require in welding and metal fabrication. These skills will be developed in the areas of Print Reading, Materials, Layout, Shielded Metal Arc Welding (SMAW), and Metal Inert Gas (GMAW).

NATURE OF WORK AND EMPLOYMENT
The Basic Welding program provides the academic and technical skills as well as occupational basics for the person wishing to enter the field as a novice worker. Graduates will use permanent fusion (welding) techniques to fabricate metal products. This work requires laying out jobs according to drawings or blueprints and determining the welding method best suited for the metals being fused.

SPECIAL CONSIDERATIONS
A workplace experience is encouraged and may be made available.

INDUSTRIAL TRAINING
(634)
Associate of Applied Science

ABOUT OUR PROGRAM
The Highland Community College Industrial Training degree was created in partnership with the area 23 Plumbers and Pipefitters union. Its main purpose is to create pathways for those pursuing a career having an emphasis in Welding. Students will gain the core Welding and General Education skills at the community college. The remainder of their skill development will be obtained through the existing structure of the Plumber / Pipefitters and Heating Air Conditioning and Ventilation (HVAC) 5 year Apprentice program. Upon completion of this degree each student will have the necessary skills to work in a group or independently.

NATURE OF WORK AND EMPLOYMENT
Industrial Technicians will find a wide variety of employment options mainly in the area of metal fabrication. Possible careers would be Welders, Brazer, Plumber, Pipefitter and Steamers. These careers are generally for full time positions with plenty of opportunity for overtime and possible travel. Completers of this program would be able to be hired in several entry level positions, but with their completion of the apprentice program within these degrees they would be able to work at a Journeymen’s level and pay rate.

SPECIAL CONSIDERATIONS
A workplace experience is encouraged and may be made available.

# INFORMATION SYSTEMS (206)

## Associate of Applied Science

### ABOUT OUR PROGRAM
This program is intended to provide the graduate with the entry-level job skills necessary in an information technology field. Candidates for the degree must choose an emphasis area for their specialty.

### NATURE OF WORK AND EMPLOYMENT
Graduates with this degree typically work as computer programmers, computer technicians, technical support staff, network specialists, office administrators, or in information technology system sales.

### SPECIAL CONSIDERATIONS
Information Systems majors need to be well organized and precise. Certain required courses may be waived or credit allowed through proficiency testing. A workplace experience is encouraged and may be made available.

### PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:
- Mr. Scott Anderson, Dean of Business & Technology
- Ms. Denise Johnson, Information Systems Faculty
- Mr. Jeremy Monigold, Information Systems Faculty
- Ms. Vicki Schulz, Student Advisor

### INFORMATION SYSTEMS (206)

**Emphasis areas:**

**Programming Emphasis** (27 hours req. courses) **45 Sem. Hours**
- BUSN 121 Introduction to Business 3
- INFT 105 Basic Keyboarding I 1
- INFT 106 Basic Keyboarding II 1
- INFT 115 Introduction to the World Wide Web 1
- INFT 122 Introduction to Windows 1
- INFT 132 Intermediate Microsoft Word 1
- INFT 147 Advanced Access 1
- INFT 190 Principles of Computer Science I 1
- INFT 191 Introduction to Programming 3
- Mathematics (BUSN 125, MATH 111, 157 & above) 7
- INFT Programming Courses 8

**Suggested Programming Courses**
- INFT 202 Web Programming 3
- INFT 250 Dreamweaver 3
- INFT 260 Computer Animation 3

**Electives - Choose 18 Sem. Hours**
- INFT 133 Advanced Microsoft Word 1
- INFT 137 Desktop Publishing 3
- INFT 142 Advanced Excel 1
- INFT 150 Microsoft Office Integration 1
- INFT 160 Digital Pictures & Sound 1
- General Education Electives

**Computer Technician Emphasis** (26 hours req. courses) **45 Sem. Hours**
- BUSN 125 Mathematics of Business (or three credits of MATH 157 or above) 3
- ELET 179 Electronic Principles 3
- INFT 105 Basic Keyboarding I 1
- INFT 182 Microcomputer Hardware 3
- INFT 282 A+ Certification 3
- INFT 284 Net+ Certification 3
- OCED 290 Work Place Experience 4
- MATH 111 & above 3
- Business Elective (BUSN, ACCT, or ECON) 3

**Electives - Choose 19 Sem. Hours**
- INFT 122 Introduction to Windows 1
- INFT 132 Intermediate Microsoft Word 1
- INFT 133 Advanced Microsoft Word 1
- INFT 142 Advanced Excel 1
- INFT 147 Advanced Access 1
- INFT 150 Microsoft Office Integration 1
- INFT 160 Digital Pictures & Sound 1
- INFT 286 Security + Certification 3
- General Education Electives

**Office Administration Emphasis** (39 hours req. courses) **45 Sem. Hours**
- ^ ACCT 105 Elements of Accounting 3
- ^ ACCT 213 Financial Accounting 4
- ^ BUSN 121 Introduction to Business 3
- ^ BUSN 124 Introduction to Small Business 3
- ^ BUSN 125 Mathematics of Business (or three credits from MATH 157 or above) 3
- ^ ECON 111 Principles of Economics - or - 3
- BUSN 225 Personal Finance 1
- INFT 115 Introduction to the World Wide Web 1
- INFT 122 Introduction to Windows 1
- INFT 132 Intermediate Microsoft Word 1
- INFT 133 Advanced Microsoft Word 1
- INFT 137 Desktop Publishing 3
- INFT 142 Advanced Excel 1
- INFT 147 Advanced Access 1
- INFT 150 Microsoft Office Integration 1
- OFFT 151 Keyboarding/Formatting I 4
- OFFT 152 Keyboarding/Formatting II 3
- OFFT 156 Keyboarding Speed & Accuracy 1
- OFFT 161 Proofreading 1
- OFFT 162 Pre-Transcription Skills 1
- OFFT 163 Machine Transcription I 1
- OFFT 164 Machine Transcription II 1
- OFFT 255 Office Procedures 4

**Electives** Choose 6 Sem. Hours
- INFT 160 Digital Pictures & Sound 1
- INFT 250 Dreamweaver 3
- INFT 202 Web Programming 3
- General Education Electives

**Business Emphasis** (31 hours req. courses) **45 Sem. Hours**
- ^ ACCT 105 Elements of Accounting 3
- **ACCT 213 Financial Accounting** 4
- **BUSN 121 Introduction to Business** -or- 3
- ^ BUSN 124 Introduction to Small Business -or- 3
- ^ BUSN 221 Business Statistics -or- 3
- ^ MATH 177 Statistics 3
- ^ ECON 111 Principles of Economics I 3
- INFT 105 Basic Keyboarding I 1
- INFT 106 Basic Keyboarding II 1
- INFT 182 Microcomputer Hardware 3
- INFT 190 Principles of Computer Science I 3
- ^ MATH 111, 157 & above 7

**Electives** Choose 14 Sem. Hours
- ^ BUSN 223 Business Law I 3
- **BUSN 112 Principles of Economics II** 3
- **OFFT 161 Proofreading** 1
- OFFT 162 Pre-Transcription Skills 1
- Any programming course(s) 3
- General Education Electives

* Course has a prerequisite. See course descriptions.
* Knowledge of Microsoft Excel is recommended for this course.
INFORMATION TECHNOLOGY - HEALTH CARE (233)

Associate of Applied Science

ABOUT OUR PROGRAM
Many courses in this program are based in Highland’s individualized Office Technology Lab. The lab is staffed at all times with an instructor to assist students with course work. Students are able to proceed through many courses at their own pace and at times that are convenient to both the traditional student and the person wishing to train for a new field or upgrade skills. Candidates for the degree must choose an emphasis area for their specialty.

NATURE OF WORK AND EMPLOYMENT
Every time a patient receives health care, a record is maintained of the observations, medical or surgical interventions, and treatment outcomes. This record includes information that the patient provides concerning his or her symptoms and medical history, the results of examinations, reports of x-rays and laboratory tests, diagnoses, and treatment plans. Medical records and health information technicians organize and evaluate these records for completeness and accuracy. Medical records and health information technicians usually work a 40-hour week. Some overtime may be required. In hospitals – where health information departments often are open 24 hours a day, 7 days a week – technicians may work day, evening, and night shifts. Medical records and health information technicians work in pleasant and comfortable offices. This is one of the few health occupations in which there is little or no direct contact with patients. Because accuracy is essential in their jobs, technicians must pay close attention to detail. Technicians who work at computer monitors for prolonged periods must guard against eyestrain and muscle pain.

SPECIAL CONSIDERATIONS
A workplace experience is encouraged and may be made available.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:
Mr. Scott Anderson, Dean of Business & Technology
Ms. Denise Johnson, Information Systems Faculty

## INFORMATION TECHNOLOGY - HEALTH CARE (233)

### Associate of Applied Science

#### Medical Transcription Emphasis

**ABOUT OUR PROGRAM**
The program prepares the student for entry-level employment as a medical transcriptionist in hospitals, clinics, doctors’ offices, and other medical facilities utilizing dictating and transcribing equipment. The program involves science-based courses in anatomy and medical terminology.

**NATURE OF WORK AND EMPLOYMENT**
The medical transcriptionist transcribes dictated orders and records for patients’ permanent files. The student must possess skills and knowledge in science and terminology and have the ability to work with a variety of styles and preferences in dictating. The work is very important to the establishment of a smooth and error-free record-keeping process that is critical to the medical and medical-related fields. This program prepares versatile employees who are able to accept higher levels of responsibility.

#### Medical Coding Emphasis

**ABOUT OUR PROGRAM**
The Medical Coding Program is designed to prepare individuals to understand coding principles, guidelines, medical terminology and regulatory changes for coding. The program is designed to offer a wide variety of learning experiences including classroom lecture and observation in a hospital setting.

**NATURE OF WORK AND EMPLOYMENT**
Medical coders are professionals skilled in classifying medical data from patient records. These coders review patients’ records and assign numeric codes for each diagnosis and procedure. Coding accuracy is highly important to health care organizations because of its impact on revenues and describing health outcomes. Numerous career opportunities exist in hospitals, physician offices, clinics, home health agencies and other health care settings. Graduates are eligible to take the national medical coding exams for certification.

INFORMATION WORD PROCESSING (221)

Certificate Program

ABOUT OUR PROGRAM
This program prepares students for entry-level positions in word processing. The program may be especially beneficial to individuals currently working as secretaries and those who desire advanced training in office automation.

Many courses in this program are based in Highland’s individualized Office Technology Lab. The lab is staffed at all times with an instructor to assist students with their course work. Students are able to proceed through many courses at their own pace and at times that are convenient to both the traditional student and to the person wishing to train for a new field or to upgrade his/her skills.

NATURE OF WORK AND EMPLOYMENT
Program graduates find jobs with public utilities, manufacturing, insurance, finance, and real estate firms. Trained operators of word processing programs are often responsible for the transcription and typing for several departments.

SPECIAL CONSIDERATIONS
Certain required courses may be waived or credit allowed through proficiency testing. The type of position obtained with this certificate would develop into an administrative assistant position with the addition of further course work toward an Associate degree. A workplace experience is encouraged and may be made available.

- Knowledge of Microsoft Excel is recommended for this course.
ABOUT OUR PROGRAM
This program is designed for the student intending to transfer to a senior institution to complete a baccalaureate degree. Students who are undecided about their majors may follow this guideline. All courses may be applied to a major.

NATURE OF WORK AND EMPLOYMENT
Many employers seek employees with a non-specific baccalaureate degree. They desire applicants who possess a general body of knowledge rather than a specific concentration.

SPECIAL CONSIDERATIONS
Listed coursework is a recommendation only. Students should check with a student advisor for HCC graduation requirements and specific university requirements in this major. Students must meet with an advisor to ensure that the special requirements of the department and institution to which they plan to transfer are met. Colleges and universities have specific requirements for transfer students.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:
Dean, Humanities, Social Sciences, and Fine Arts
Ms. Heather Moore, Student Advisor
Ms. Vicki Schulz, Student Advisor

LIBERAL ARTS (303 or 304)

First Semester 17 Sem. Hours
* ENGL 121 Rhetoric and Composition I 3
* HIST 141 Western Civilization to 1648 3
* PSY 161 Introduction to Psychology 3
Foreign Language 4

* ENGL 122 Rhetoric and Composition II 3
* HIST 142 Western Civilization 1648 to Present 3
MUS 267 Introduction to Music 3
Foreign Language 4
Physical/Life Science Requirement 3/4

Third Semester 15 Sem. Hours
HUMA 104 Introduction to Humanities 3
PHIL 281 Introduction to Philosophy 3
* POL 152 American Government and Politics 3
SPCH 191 Fundamentals of Speech 3
Mathematics Requirement 3

Fourth Semester 16 Sem. Hours
PHIL 282 Ethics 3
* SOCI 171 Introduction to Sociology 3
History Elective 3
Literature Elective 3
Mathematics Elective 4

Total Hours = 64/65

* Course has a prerequisite. See course descriptions.

NOTE: Students should check with a student advisor about diversity in requirements between Arts and Science degrees.
MASS COMMUNICATION (310)

Associate of Arts

ABOUT OUR PROGRAM
This program is designed for the student intending to transfer to a senior institution to complete a baccalaureate degree. The curriculum offers an emphasis in Public Relations & Marketing, Multimedia Journalism, or Multimedia Production. Students in the Public Relations & Marketing emphasis complete more design oriented courses. Students in the Multimedia Journalism emphasis complete more writing courses. Students in the Multimedia Production emphasis complete more applied study courses. Separate curricula are provided as guidelines.

NATURE OF WORK AND EMPLOYMENT
Graduates of four-year baccalaureate programs in this major typically are employed in film, television, radio, religious organizations, newspapers, magazines, online publications, consulting practices, advertising firms, and public relations houses.

SPECIAL CONSIDERATIONS
The listed coursework is a recommendation only. Students should check with a student advisor for HCC graduation requirements and specific university requirements in this major. Students must meet with an advisor to ensure that the special requirements of the department and institution to which they plan to transfer are met. Colleges and universities have specific requirements for transfer students.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:
Dean, Humanities, Social Sciences, and Fine Arts
Mr. Jim Yeager, Speech/Mass Communication Faculty
Ms. Karissa Patefield, Student Advisor

RECOMMENDED COURSES
The following are recommended courses for this major only. Students must still meet all requirements for the Associate of Arts degree (see page 58) in order to graduate from Highland Community College. For more information, please see your student advisor.

Public Relations/Marketing (PRM)
MCOM 110 Introduction to Mass Communication 3
MCOM 120 Introduction to Video Production – Field 3
MCOM 220 Introduction to Public Relations 3
ART 118 Graphic Design I 3
ART 218 Graphic Design II 3
ART 228 Graphic Design III 3

Multimedia Journalism (MMJ)
MCOM 110 Introduction to Mass Communication 3
MCOM 120 Introduction to Video Production – Field 3
MCOM 131 Journalism Practicum 3
MCOM 231 News Reporting 3
MCOM 232 News Editing 3
INFT 250 Dreamweaver 3

Multimedia Production (PRO)
MCOM 110 Introduction to Mass Communication 3
MCOM 120 Introduction to Video Production – Field 3
MCOM 205 Film History & Appreciation 3
MUS 153 Introduction to Audio Production 3
ART 201 Introduction to Photography 3
INFT 260 Computer Animation 3
**MATHEMATICS (410)**

**Associate of Science**

**ABOUT OUR PROGRAM**

This program is intended to provide the first two years of a four-year baccalaureate program. Majors in mathematics study mathematical principles, relationships, and methods of analysis. Applied mathematicians apply these methods and principles to the solution of problems in science, engineering, business, and industry.

**NATURE OF WORK AND EMPLOYMENT**

The most common jobs people have one year after receiving a baccalaureate degree with this major are secondary teacher, actuary, statistician, stockbroker, and mathematician.

**SPECIAL CONSIDERATIONS**

The listed coursework is a recommendation only. Students should check with a student advisor for HCC graduation requirements and specific university requirements in this major. Students must meet with an advisor to ensure that the special requirements of the department and institution to which they plan to transfer are met. Colleges and universities have specific requirements for transfer students.

**PROGRAM CONTACTS**

Call Highland at 815-235-6121 for the following program contacts:

Ms. Jenna Haenggi Rancingay, Mathematics Faculty
Mr. Steve Mihina, Mathematics Faculty
Ms. Karissa Patefield, Student Advisor

**RECOMMENDED COURSES**

The following are recommended courses for this major only. Students must still meet all requirements for the Associate of Science degree (see page 64) in order to graduate from Highland Community College. For more information, please see your student advisor.

- MATH 177 Statistics 3
- MATH 168 Analytic Geometry and Calculus I 5
- MATH 262 C Prog. for Science & Engineering 4
- MATH 265 Differential Equations 3
- MATH 268 Analytic Geometry and Calculus II 5
- MATH 269 Analytic Geometry and Calculus III 4
- MATH 270 Linear Algebra 3

* Course has a prerequisite. See course descriptions.
MUSIC (306)

Associate of Arts

ABOUT OUR PROGRAM
This program is designed for the student who plans to transfer to a senior institution to complete a baccalaureate degree. Students enrolled as music majors concentrate in applied music (instrumental and/or vocal), music theory, aural skills, piano proficiency, and music performance.

NATURE OF WORK AND EMPLOYMENT
Following completion of a four-year baccalaureate degree in this major, the most common employment position opportunities are elementary and secondary music educators, church and community music directors, private studio music instruction, and professional performers.

SPECIAL CONSIDERATIONS
The listed coursework is a recommendation only. Students should check with a student advisor for HCC graduation requirements and specific university requirements in this major. Students must meet with an advisor to ensure that the special requirements of the department and institution to which they plan to transfer are met. Colleges and universities have specific requirements for transfer students. NOTE: Piano majors should take two semesters of applied minor MUS 172/Voice in place of MUS 177 and 178 Class Piano. Vocal majors should consider taking a foreign language if possible.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:
Dean of Humanities, Social Sciences, and Fine Arts
Mr. Allen Redford, Director of Fine Arts
Ms. Heather Moore, Student Advisor

RECOMMENDED COURSES
The following are recommended courses for this major only. Students must still meet all requirements for the Associate of Arts degree (see page 58) in order to graduate from Highland Community College. For more information, please see your student advisor.

NAIL TECHNICIAN (635)

Certificate Program

ABOUT OUR PROGRAM
Highland offers training that meets or exceeds the State Department of Financial and Professional Regulation requirement of 350 clock hours for state licensure in nail technology. Included in this program is basic through advanced training in the areas of nail care, nail extensions and pedicuring. Training also includes business fundamentals, which give the graduates additional entrepreneur skills towards salon ownership. This program operates on a space available basis.

NATURE OF WORK AND EMPLOYMENT
Program graduates, once licensed, may find employment providing nail care services to salon guests. Salons today offer many opportunities for employment. Other career possibilities for a licensed nail technician may include educator, product company representative, or salon owner/manager.

SPECIAL CONSIDERATIONS
Admission and enrollment procedures for this program are not the same as for other college programs and classes. Students interested in this program should contact Cosmetology Faculty or an Academic Advisor to obtain enrollment procedures. Students will attend an orientation before class starts. Graduates of Highland’s program must also pass a state board examination to obtain a license to practice.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:
Mr. Scott Anderson, Dean of Business & Technology
Ms. Amy Chamberlin, Cosmetology Faculty
Mr. Thedford Jackson, Transfer Coordinator/Student Advisor

NURSING PROGRAMS

ADMISSION TO THE NURSING PROGRAM

All students are required to attend a mandatory nursing information session in order to apply for any of the programs; dates, times, and locations are listed on our website. The admission process is designed to admit students who are most likely to be successful in the academically challenging nursing curriculum and to do so in an impartial manner. The process includes prerequisite requirements and an admission procedure. Students must meet with an advisor to develop a personal academic plan for completing prerequisite course requirements.

1. A Request for Admittance into the Nursing Program must be received by the Nursing/Allied Health Coordinator by the deadline to be considered for admission to the nursing program. Applicant may specify to which program (traditional or online) they wish to be admitted. - Nursing (ADN/LPN-RN) deadline: March 1
2. The nursing admission assessment will be done in two different phases. Phase One will include: Academic Requirements, Pre-Requisites and Support Courses, Recommendations Letters, Entrance Exam test scores, and CNA Requirements. All of the above must be turned in to the nursing office no later than March 1. If students meet Phase One requirements, they will be sent a letter giving them the opportunity to participate in Phase Two of the Admission Assessment. Phase Two will include registering for a time slot to complete a professional interview with faculty and staff.
3. Applicants who are not selected may reapply the succeeding year, but need to attend an additional information session to hear about new changes.
4. All individuals are welcome to apply for the Highland Community College Nursing Program, but we accept all in-district students who qualify and meet our criteria first. If there is space available, out-of-district applicants will be reviewed for admittance into the program. For the nursing program, in-district is defined as “students who meet the residency requirements and/or work 20 or more hours a week in our district.”

**Please note the application process is the applicant’s responsibility – not the responsibility of the institution. Our responsibility, as an institution, is to fully consider and evaluate each application carefully for admission into our programs. Our responsibility is not to gather appropriate data, but rather to review that data. Data gathering is the responsibility of the person who wishes to be considered for admission.**

LPN to ADN Option

Licensed practical nurses may transfer their first two semesters of nursing core courses of the LPN program into Highland’s ADN program. However, there are limitations.

1. The LPN must submit a new Request for Admittance into the Nursing Program.
2. All ADN admission criteria must be met.
3. Current LPN license must be on file in the Nursing office.
4. A GPA of 2.50 overall.

Transfer Nursing Students

Students transferring into Highland Community College nursing programs who have completed nursing courses at another school will be considered for admission on an individual basis. Students must have a completed admission file turned in by March 1 for the succeeding fall semester. The admission committee will review the individuals file to determine which nursing courses will transfer.
NURSING (421)

Associate of Applied Science

ABOUT OUR PROGRAM
The Associate Degree Nursing Program (ADN) prepares students to take the NCLEX-RN exam. Upon successful completion of the exam, the student is eligible to become licensed as a Registered Nurse (RN).

NATURE OF WORK AND EMPLOYMENT
Positions are available for RNs in long-term care facilities, home health, hospitals, physicians’ offices, and clinics. Employment is available nationwide. Nurses are encouraged to continue their formal nursing education by going on for a baccalaureate degree at a number of institutions. HCC nursing graduates may want to consider pursuing a Master’s degree in nursing instead of a Bachelors, an option that is becoming more readily available. Students should check with a student advisor or the Nursing/Allied Health Coordinator for more information regarding transfer to other institutions and what requirements may be needed before transfer is possible.

SPECIAL CONSIDERATIONS
Students entering the health care professions (i.e. nursing, medical assistant, emergency medical technician) must have a positive attitude about the importance of the work that they are being prepared to do. In part, a professional attitude involves personal integrity, the use of positive communication techniques, flexibility in regards to clinical assignments, and taking on a leadership role when necessary.

PHYSICAL DEMANDS
The physical demands described below are representative of those that must be met by the nurse or student nurse to successfully perform the essential functions of both the job requirements of a nurse and the required clinical experiences of a student nurse. While performing the duties of the nursing program/job, the student nurse is regularly required to stand; walk; use hands to finger, handle, or feel objects, tools or controls; talk; and hear. The student nurse is frequently required to sit, reach with hands and arms, stoop, kneel, crouch, and/or crawl. The student nurse/nurse must regularly move up to ten pounds, frequently lift and/or move up to 25 pounds, and occasionally lift and/or move up to 100 pounds. It is the responsibility of the student applying for admission to the nursing program to notify the Dean of Health, Natural Science & Math in his/her Request for Admission to the Nursing Program any concerns regarding the physical, mental, or emotional health of the applicant that could impact the student’s success in the program.

PROGRAM CONTACTS
Call Highland for the following program contacts:

- Ms. Donna Kauke, MSN, RN, Dean of Health, Natural Science and Math, 815-599-3688
- Ms. Jennifer Grobe, Coordinator of Nursing Program and Lab, 815-599-3679
- Ms. Heather Moore, Nursing Program Student Advisor, 815-599-3483
- Ms. Jessica Larson, MSN, Nursing Faculty, 815-599-3452
- Ms. Christine Sanders, MSN, Nursing Faculty, 815-599-3439
- Ms. Kay Sperry, MSN, Nursing Faculty, 815-599-3684
- Ms. Chrislyn Senneff, MSN, Nursing Faculty, 815-599-3685
- Ms. Laura Weter, MSN, Nursing Faculty, 815-599-3516
- Ms. Joani Bardell, Division Secretary, 815-599-3433

TO BE CONSIDERED FOR THE PROGRAM, STUDENTS MUST HAVE:

1. A completed high school diploma or General Education Diploma (GED) on file with the Admissions Department.
2. Official transcripts from all colleges attended must be submitted to the Admissions Department and an unofficial copy to the Nursing/Allied Health Department.
3. HCC placement test results indicating that the applicant does not need any reading development course, does not need any math course below MATH 158, and does not need any English communication course below ENGL 121. Successful completion of appropriate courses will satisfy any deficiency identified by placement tests.
4. Completed all prerequisite courses and a GPA of 2.50 or higher by the end of the spring semester in which they are applying.
5. Complete program entrance exam.
6. Active on the IDPH CNA registry or equivalent.
7. Submit application & other admission requirements to the Coordinator of Nursing & Allied Health by March 1st.

**Program requirements are subject to change. For the most current admission criteria see our web page.

* All prerequisite courses must be successfully completed prior to program entry.

** Support courses marked with a (**) can be taken during the core curriculum, these courses must be successfully completed with a grade of “C” or better in the semester in which they are shown above to be allowed to continue on in the nursing program. Support courses (to the left) are not counted in semester credit hour totals.

- Two credits of nursing electives must be taken during the core curriculum.
- Please note that core nursing classes designated with the NURS prefix follow a different grading scale requiring an 80% to successfully complete the course and continue on in the nursing program.
- The curriculum is planned sequentially so that if a student drops, withdraws from, or fails any core course, he/she will need to withdraw from the nursing program.
BASIC NURSING ASSISTANT (429)

Certificate Program

ABOUT OUR PROGRAM
This program prepares students to enter the health care workforce. Attendance in class is mandatory to meet federal and state standards set for nursing assistants. All students must achieve grades of “C” or above in theory and complete 40 clinical hours in order to receive a certificate of completion. The program is approved by the Illinois Department of Public Health. Students who successfully complete the program are eligible for the Nurse Aide Training Competency Evaluation. The program is 88 hours of theory in the classroom and 40 hours of clinical experience in an area health care facility.

NATURE OF WORK AND EMPLOYMENT
Nursing Assistants work as caregivers in all types of health care facilities and agencies, but predominantly in long term care under the supervision of nurses. Advancement in the health care field is possible with further education.

SPECIAL CONSIDERATIONS
Physical demands include the ability to stand, sit, squat, good finger dexterity, and ability to lift up to 100 pounds.

ADMISSION REQUIREMENTS
Must be completed prior to admission.
1. Candidate must be at least 16 years of age.
2. Compass reading score of 40 or above, or equivalent ACT score.
3. Attend a Basic Nursing Assistant orientation session.
4. Two-step TB test or equivalent.
5. Health care worker background check.
6. Influenza vaccine, hepatitis B vaccine or titer, or signed declination form.
7. Valid social security card.
8. Documentation of vaccine history or documented titer levels.
10. Urine drug screen.

Please visit the Illinois Nurse Aid testing site for more information about the BNA training program or testing. www.nurseaidetesting.com
For more information about finger printing, criminal background check, disqualifying convictions, and waiver information please visit www.idph.state.il.us/nar/home.htm

EMERGENCY MEDICAL SERVICES PROGRAMS

Associate of Applied Science and Paramedic Certificate

All students are required to attend a mandatory paramedic information session in order to apply; dates, times, and locations are listed on our website. The admission process is designed to admit students who are most likely to be successful in the academically challenging paramedic curriculum and to do so in an impartial manner. The process includes prerequisite requirements and an admission procedure. It is strongly recommended that all students see their student advisor to develop a personal academic plan for completing prerequisite course requirements.

ADMISSION PROCESS

The admission process is designed to admit students who are most likely to be successful in the academically challenging paramedic curriculum and to do so in an impartial manner. The process includes prerequisite requirements and an admission procedure. It is strongly recommended that all students see their student advisor to develop a personal academic plan for completing prerequisite course requirements.

PHYSICAL DEMANDS

The physical demands described below are representative of those that must be met by the paramedic or student paramedic to successfully perform the essential functions of both the job requirements of a paramedic and the required clinical experiences of a student paramedic. While performing the duties of the paramedic program/job, the student paramedic is regularly required to stand; walk; use hands to finger, handle, or feel objects, tools or controls; talk; and hear. The student paramedic is frequently required to sit, reach with hands and arms, stoop, kneel, crouch, and/or crawl. The student paramedic must regularly move and/or lift up to 100 pounds. It is the responsibility of the student applying for admission to the paramedic program to notify the Associate Dean, Nursing/Allied Health in his/her Request for Admission to the Paramedic Program any concerns regarding the physical, mental, or emotional health of the applicant that could impact the student’s success in the program.

BEFORE APPLICATION TO THE PROGRAM:

1. A GED certificate or high school diploma and an official, final high school transcript must be on file in the HCC Admissions Office.
2. The student’s Grade Point Average (GPA) must be 2.0 overall.
3. The EMT-B course must be completed with a "C" or better prior to admission. Course may be in progress at time of application. A current EMT-B certificate must be on file in the Nursing/Allied Health Department prior to the start of the core curriculum.
4. HCC placement test results indicating that the applicant does not need any reading development course, does not need any math course below MATH 158, and does not need any English communication course below ENGL 121. Successful completion of appropriate courses will satisfy any deficiencies identified by placement tests.
5. Official transcripts from all colleges attended must be submitted to the Admissions Department and an unofficial copy to the Nursing/Allied Health Department.

ADMISSION TO THE PARAMEDIC PROGRAM:

1. A Request for Admittance into the Paramedic Program must be received by the deadline by the Nursing/Allied Health Coordinator requesting to be considered for admission to the paramedic program.
2. Submission of three appropriate letters of recommendation.
3. Successfully completed prerequisite course and a cumulative GPA of 2.0 or higher.
4. When the student file is complete the selection committee (Dean of Health, Natural Science, and Math) will make the decision regarding admission. The applicant will be notified of the committee’s decision by U.S. Mail. Incomplete folders will not be reviewed.
   - Fall semester deadline: June 1
5. All individuals are welcome to apply for the Highland Community College Paramedic Program, but we accept all in-district students who qualify and meet our criteria first. If there is space available, out-of-district applicants will be reviewed for admittance into the program. In district is defined as “students who meet the residency requirements and/or work 20 or more hours a week in our district.”
EMERGENCY MEDICAL SERVICES (425)

Associate of Applied Science

ABOUT OUR PROGRAM
This program is designed for students interested in pre-hospital health care, including local ambulance personnel and firefighters requiring additional EMS training. The program also seeks to meet emerging needs in our region for emergency medical technicians and to augment required paramedic training required by local fire districts. Upon successful completion of the AAS in EMS, graduates will be well prepared to take certification state licensure exams in this health care specialty.

NATURE OF WORK AND EMPLOYMENT
In any emergency, EMTs and paramedics are typically dispatched by a 911 operator to a scene, where they often work with police and firefighters. Once they arrive, EMTs and paramedics assess the nature of the patient’s condition while trying to determine whether the patient has any preexisting medical condition(s). Following medical protocols and guidelines, they provide appropriate emergency care and, when necessary, transport the patient. Some paramedics are trained to treat patients with minor injuries on the scene of an accident or they may treat them at their home without transporting them to a medical facility. Emergency treatment is carried out under the medical direction of physicians.

SPECIAL CONSIDERATIONS
Students entering the health care professions (i.e. nursing, medical assistant, emergency medical services) must have a positive attitude about the importance of the work that they are being prepared to do. In part, a professional attitude involves personal integrity, the use of positive communication techniques, flexibility in regards to clinical assignments, and taking on a leadership role when necessary.

PREVIOUSLY LICENSED PARAMEDICS
Currently licensed paramedics may be eligible to receive prior learning credit for the core paramedic courses. The following minimum criteria must be met in order to be eligible for prior learning credit:
1. A current Illinois Department of Public Health (IDPH) or National Registry Paramedic License.
2. Letter of good standing from the local EMS system coordinator.

The student must also meet the minimum graduation requirements to earn the Associate Degree:
1. Overall cumulative grade-point average of 2.00 or higher
2. Have enrolled at Highland for the last 15 approved semester hours applied to a degree preceding graduation or earning at least 30 approved semester hours of credit at Highland

The student must meet with the Dean of Health, Natural Science and Math, to review their individual situation and develop a course plan to meet graduation requirements. An administrative fee and/or per credit hour tuition fee may apply.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:

ASSOCIATE OF APPLIED SCIENCE

ABOUT OUR PROGRAM

The Associate Degree of Applied Science in medical assisting program is accredited by the Commission on Accreditation of Allied Health Education Programs (www.caahep.org) upon the recommendation of MAERB (Medical Assistant Education Review Board).

Commission on Accreditation of Allied Health Education Programs
1361 Park Street Clearwater, FL 33756
727-210-2350
www.caahep.org

When students have completed the curriculum for medical assisting including a 160 hour unpaid externship, the student will be eligible for national certification through the AAMA (American Association of Medical Assistants) which offer the CMA (certified medical assistant) credential or through the AMT (American Medical Technologist) which offer the RMA (registered medical assistant) credentials.

NATURE OF WORK AND EMPLOYMENT

Demand for medical assistants is expected to far exceed supply in the next few years. In fact, locally, there is already a shortage of these workers, as reported by local human resource executives. These workers are highly desirable in clinic settings, with multiple technical skills which provide flexibility to clinical managers and frees up nursing staff for higher level activities. Statewide projections are also dramatically good for this occupational group, with most employment occurring in physician’s offices, hospitals, and offices of other health care providers (nurse practitioners, etc.).

SPECIAL CONSIDERATIONS

Students entering the health care professions (i.e. nursing, medical assistant) must have a positive attitude about the importance of the work that they are being prepared to do. In part, a professional attitude involves personal integrity, the use of positive communication techniques, flexibility in regards to clinical assignments, and taking on a leadership role when necessary.

PROGRAM CONTACTS

Call Highland at 815-235-6121 for the following program contacts:

- Ms. Donna Kauke, MSN, RN, Dean of Health, Natural Science and Math 815-599-3688
- Ms. Alicia Kepner, Medical Assistant Faculty, 815-599-3679
- Ms. Heather Moore, Medical Assistant Student Advisor, 815-599-3483

TO BE CONSIDERED FOR THE PROGRAM, STUDENTS MUST HAVE:

1. A completed high school diploma or General Education Diploma (GED) on file with the admissions department.
2. Official transcripts from all colleges attended must be submitted to the Admissions Department and an unofficial copy to the Nursing/Allied Health Department.
3. HCC placements test results indicating that the applicant does not need any reading development course, does not need any math course below MATH158, and does not need any English communication course below ENGL 121. Successful completion of appropriate courses will satisfy any deficiencies identified by placement tests.
4. The student’s Grade Point Average (GPA) must be a 2.5 or higher. Some prerequisite courses may be in progress at the time of application. Students are not admitted until all prerequisite courses are successfully completed. All prerequisite and support courses must be completed with at least the grade of ‘C’ or better.
5. Complete program entrance exam.
6. Submit application & other admission requirements to the Coordinator of Nursing & Allied Health by June 1st.

**Program requirements are subject to change. For the most current admission criteria see our web page.**
# MEDICAL ASSISTANT (420)

## ADMISSION TO THE MEDICAL ASSISTANT PROGRAM

All students are required to attend a mandatory medical assistant information session in order to apply; dates, times, and locations are listed on our website. The admission process is designed to admit students who are most likely to be successful in the academically challenging medical assistant curriculum and to do so in an impartial manner. The process includes prerequisite requirements and an admission procedure. It is strongly recommended that all students see their student advisor to develop a personal academic plan for completing prerequisite course requirements.

1. A Request for Admittance into the MA Program must be received by June 1 by the Coordinator of Nursing & Allied Health to be considered for admission to the MA Program.

2. When the Request for Admittance is received and all prerequisite courses are completed and entrance exam results are on file, the selection committee (Dean of Health, Natural Science & Math and faculty) will make the decision regarding admission. The applicant will be notified of the committee’s decision by U.S. Mail. Incomplete folders will not be reviewed.

3. Applicants who are not selected may reapply the succeeding year, but need to attend an additional information session to hear about new changes. Individuals may take the entrance exam up to two (2) times per application year.

4. All individuals are welcome to apply for the Highland Community College Medical Assistant Program, but we accept all in-district students who qualify and meet our criteria first. If there is space available, out-of-district applicants will be reviewed for admittance into the program. For the MA program, in-district is defined as "students who meet the residency requirements and/or work 20 or more hours a week in our district.

- Please note that core Medical Assistant classes designated with the NURS prefix follow a different grading scale requiring an 80% to successfully complete the course and continue on in the Medical Assistant program.
- The curriculum is planned sequentially so that if a student drops, withdraws from, or fails any core course, he/she will need to withdraw from the Medical Assistant Program.
PARAPROFESSIONAL EDUCATION (505 & 507)

Associate of Applied Science Degree (505)
Certificate Program (507)

ABOUT OUR PROGRAM
The purpose of the Paraprofessional AAS Degree and Certificate Program is to prepare prospective teacher aides to enter the workforce after meeting the Federal Teacher Aide Certification requirements. As education has moved towards specialization, one of the largest areas of growth is the teacher aide field. This growth has created an increasing need for properly trained and certified teacher aides. The Highland Community College, Teacher Aide, Paraprofessional AAS Degree Program offers the student the theory and practical skills training necessary to not only meet certification requirements, but to exceed them.

The target population for the Teacher Aide, Paraprofessional AAS Degree Program includes the following: persons desiring career entry skills; displaced workers pursuing retraining into new career areas; and current teacher aides in need of upgraded skills.

There are two items of particular interest in this program. The first is the attention given to communications and math skills. Feedback from the college curriculum and instruction committee has traditionally assured faculty that emphasizing these areas will afford improved academic value for students.

The second noteworthy feature concerns the component of special education and educational technology in the curriculum. These areas are of vital importance to today’s educator, and having strong skills in each will enable teacher aides who are graduated from our program to contribute significant value to full-time teachers in their school settings.

The Teacher Aide Paraprofessional AAS Degree Program is complementary to the Early Childhood Education Program and Associate of Applied Science programs at Highland Community College. The programs will share faculty, facilities, and resources allowing improved economies of delivery. Appraisals of local market need have shown a considerable demand for trained teacher aides. A review of local employers indicates a steady demand for this career to address issues of growth and employee retention.

NATURE OF WORK AND EMPLOYMENT
The typical program graduate is prepared to be a teacher’s aide in either a public or private school.

PHYSICAL EDUCATION (510)

Associate of Science

ABOUT OUR PROGRAM
This program is intended to provide the first two years of a four-year baccalaureate program. Highland’s program and comprehensive facility enables the student to receive an excellent background of experience in physical education, sports, and recreation.

NATURE OF WORK AND EMPLOYMENT
College graduates of four-year baccalaureate programs with a major in physical education or the related fields of fitness, health, recreation, or sports will discover many opportunities for career employment within the education system as teachers, coaches, trainers, and administrators. Graduates may also find employment within industry as fitness, recreation, and sport specialists and within the health professions as fitness, physical, and recreational therapists.

SPECIAL CONSIDERATIONS
Careers in physical education and related fields are challenging, interesting and personally rewarding. The work environment is most often surrounded with a high degree of enthusiasm and motivation. The listed coursework is a recommendation only. Students should check with a student advisor for HCC graduation requirements and specific university requirements in this major. Students must meet with an advisor to ensure that the special requirements of the department and institution to which they plan to transfer are met. Colleges and universities have specific requirements for transfer students.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:
Mr. Pete Norman, Director of Physical Ed. and Athletics
Ms. Vicki Schulz, Student Advisor

RECOMMENDED COURSES
The following are recommended courses for this major only. Students must still meet all requirements for the Associate of Science degree (see page 64) in order to graduate from Highland Community College. For more information, please see your student advisor.

PHYSICS (411)

Associate of Science

ABOUT OUR PROGRAM
This program is intended to provide the first two years of a four-year baccalaureate program. Majors in physics examine natural phenomena at the fundamental level. Through observation, measurement, and mathematical analysis of processes, physics seeks to discover the underlying principles and concepts.

NATURE OF WORK AND EMPLOYMENT
The four most common jobs people have one year after completion of their bachelor’s degree in this major are researcher, science technician, electrical/electronics engineer, and computer analyst.

SPECIAL CONSIDERATIONS
Those interested in this field should possess a strong aptitude for mathematics and science as well as an interest and curiosity about natural phenomena. The listed coursework is a recommendation only. Students should check with a student advisor for HCC graduation requirements and specific university requirements in this major. Students must meet with an advisor to ensure that the special requirements of the department and institution to which they plan to transfer are met. Colleges and universities have specific requirements for transfer students.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:
Mr. David Esch, Physics Faculty
Ms. Karissa Patefield, Student Advisor

RECOMMENDED COURSES
The following are recommended courses for this major only. Students must still meet all requirements for the Associate of Science degree (see page 64) in order to graduate from Highland Community College. For more information, please see your student advisor.

POLITICAL SCIENCE (504)

Associate of Arts

ABOUT OUR PROGRAM
The program provides a thorough introduction to all fields of political science. Emphasis is placed on governing systems, local and state government, public policy, the electoral process, foreign policy, and international relations. Opportunities are provided for participation in political campaigns. This program is designed for the student intending to pursue a baccalaureate degree in political science.

NATURE OF WORK AND EMPLOYMENT
Baccalaureate-degree political science majors typically are employed in private-sector management and public-sector positions on the local, state, and national levels. A growing number of interest groups and foundations are employing more political science majors. The field also serves as preparation for a pre-law major.

SPECIAL CONSIDERATIONS
The listed coursework is a recommendation only. Students should check with a student advisor for HCC graduation requirements and specific university requirements in this major. Students must meet with an advisor to ensure that the special requirements of the department and institution to which they plan to transfer are met. Political Science majors are strongly encouraged to include a foreign language as part of their program of study. Colleges and universities have specific requirements for transfer students.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:
Dean, Humanities, Social Sciences, and Fine Arts
Dr. Andrew Dvorak, History/Political Science Faculty
Mr. Jim Phillips, History/Political Science Faculty
Ms. Karissa Patefield, Student Advisor

RECOMMENDED COURSES
The following are recommended courses for this major. Students must still meet all requirements for the Associate of Arts degree (see page 58) in order to graduate from Highland Community College. It is suggested that students who major in political science concentrate on at least one foreign language because many four-year colleges and universities require a proficiency in one foreign language to graduate with a B.A. degree. For more information, please see your student advisor.

PRE-CHIROPRACTIC (430)

Associate of Science

ABOUT OUR PROGRAM
This program is intended to provide the first two years of a four-year baccalaureate program. Study in this major provides a foundation for a career as a chiropractic physician through study in humanities, math, and sciences.

NATURE OF WORK AND EMPLOYMENT
Chiropractors, also known as doctors of chiropractic or chiropractic physicians, diagnose and treat patients whose health problems are associated with the body’s muscular, nervous, and skeletal systems, especially the spine. Many chiropractors are solo or group practitioners who also have the administrative responsibilities of running a practice. In larger offices, chiropractors delegate these tasks to office managers and chiropractic assistants. Chiropractors in private practice are responsible for developing a patient base, hiring employees, and keeping records.

SPECIAL CONSIDERATIONS
Those interested in the field of chiropractic should have an aptitude for science and good interpersonal skills. Students must be prepared for further educational training at the professional level beyond the baccalaureate degree. The listed coursework is a recommendation only. Students should check with a student advisor for HCC graduation requirements and specific university requirements in this major. Students must meet with an advisor to ensure that the special requirements of the department and institution to which they plan to transfer are met. Colleges and universities have specific requirements for transfer students.

RECOMMENDED COURSES
The following are recommended courses for this major only. Students must still meet all requirements for the Associate of Science degree (see page 64) in order to graduate from Highland Community College. For more information, please see your student advisor.

PRE-DENTISTRY (412)

Associate of Science

ABOUT OUR PROGRAM
This program is intended to provide the first two years of a four-year baccalaureate program. Study in this major provides a foundation for a career in dentistry through study in humanities, math, and sciences.

NATURE OF WORK AND EMPLOYMENT
Dentists diagnose and treat diseases of the teeth and tissues of the mouth. Most dentists work in private offices or clinics. Specialty areas include oral surgeon, periodontist, and orthodontist. Dentists require a license to practice.

SPECIAL CONSIDERATIONS
Those interested in dentistry should have an aptitude in science, good manual dexterity, good hand-eye coordination, and good eyesight. Students must be prepared to continue their education at the professional level after completing their baccalaureate degree. The listed coursework is a recommendation only. Students should check with a student advisor for HCC graduation requirements and specific university requirements in this major. Students must meet with an advisor to ensure that the special requirements of the department and institution to which they plan to transfer are met. Colleges and universities have specific requirements for transfer students.

PRE-MEDICAL TECHNOLOGY (416)

Associate of Science

ABOUT OUR PROGRAM
This program is intended to provide the first two years of a four-year baccalaureate program. Students in this major study how to become technicians in medical settings. Students learn about laboratory testing techniques, evaluating test results done on patients, interpreting the results of tests, and monitoring laboratory testing instruments.

NATURE OF WORK AND EMPLOYMENT
Typical job titles graduates of four-year baccalaureate programs in this major have include chief technologist, laboratory manager, clinical laboratory scientist, immunology technologist, and staff technologist. Due to the growth of the middle-aged and older population and the new development of new diagnostic techniques, there is an increased demand for medical laboratory services. Employment is primarily in hospitals, but there are jobs available in independent laboratories, physicians’ offices, veterinarians’ offices, and public health agencies.

SPECIAL CONSIDERATIONS
Students must have an interest and skills in science and electronic/computer technology, numerical aptitude, attention to detail, accuracy, precision, patience, and the ability to work under pressure. The listed coursework is a recommendation only. Students should check with a student advisor for HCC graduation requirements and specific university requirements in this major. Students must meet with an advisor to ensure that the special requirements of the department and institution to which they plan to transfer are met. Colleges and universities have specific requirements for transfer students.

PRE-MEDICINE (418)

Associate of Science

ABOUT OUR PROGRAM
This program is intended to provide the first two years of a four-year baccalaureate program. Study in this major provides a foundation for a career in medicine through study in humanities, math, and sciences.

NATURE OF WORK AND EMPLOYMENT
Physicians are licensed health-care providers who use science and the healing arts to diagnose and treat illness and injury, as well as provide advice and encouragement about health maintenance and disease prevention. Most physicians work in private offices, clinics, hospitals, or medical schools.

SPECIAL CONSIDERATIONS
Those interested in the field of medicine should have an aptitude for science, good interpersonal skills, emotional stability, and a desire to help the injured and sick. Students must be prepared for further educational training at the professional level beyond the baccalaureate degree. Medical schools limit enrollment and students compete vigorously for admission. The listed coursework is a recommendation only. Students should check with a student advisor for HCC graduation requirements and specific university requirements in this major. Students must meet with an advisor to ensure that the special requirements of the department and institution to which they plan to transfer are met. Colleges and universities have specific requirements for transfer students.

PRE-PHARMACY (422)

Associate of Science

ABOUT OUR PROGRAM
This program is intended to provide the first two years of a four-year baccalaureate program. Study in this major provides a foundation for a career in pharmacy through study in humanities, math, and sciences.

NATURE OF WORK AND EMPLOYMENT
Pharmacists prepare and dispense medications. They cooperate in the prevention and treatment of disease by providing drug information to other health care practitioners and patients. Pharmacists also must be extremely accurate in dispensing drugs and maintaining records.
The four most common jobs graduates in this field have after completion of their advanced degree are pharmacist, health technician, health care manager, and health aide. Pharmacists require a license to practice.

SPECIAL CONSIDERATIONS
Those interested in the field of medicine should have an aptitude for science, good interpersonal skills, emotional stability, and a desire to help the injured and sick. Students must be prepared for further educational training at the professional level beyond the baccalaureate degree. Pharmacy schools limit enrollment and students compete vigorously for admission.
The listed coursework is a recommendation only. Students should check with a student advisor for HCC graduation requirements and specific university requirements in this major. Students must meet with an advisor to ensure that the special requirements of the department and institution to which they plan to transfer are met. PRE-VETERINARY MEDICINE (424)

Associate of Science

ABOUT OUR PROGRAM
This program is intended to provide the first two years of a four-year baccalaureate program. Study in this major provides a foundation for a career in veterinary medicine through study in humanities, math, and sciences.

NATURE OF WORK AND EMPLOYMENT
Veterinarians diagnose, treat, and control the spread of diseases among animals. Many limit practice to companion animals. Others focus on food producing animals (cattle, poultry, fish, sheep, swine), food safety inspection, horses, laboratory animals, or research and education.

The most common jobs graduates with advanced degrees in veterinary medicine have are staff veterinarian, research veterinarian, veterinarian medical officer, and public health veterinarian. Veterinarians require a license to practice.

SPECIAL CONSIDERATIONS
Students interested in this field should have an aptitude toward science, good interpersonal skills, emotional stability, physical stamina, and an interest in animals. Students also must be prepared to continue their education at the professional level after completing a baccalaureate degree. Schools of veterinary medicine limit enrollment and students compete vigorously for admission. Students should begin to independently investigate veterinary school admissions policies. The listed coursework is a recommendation only. Students should check with a student advisor for HCC graduation requirements and specific university requirements in this major. Students must meet with an advisor to ensure that the special requirements of the department and institution to which they plan to transfer are met. Colleges and universities have specific requirements for transfer students.

REGIONAL INSTITUTIONS
University of Illinois at Urbana-Champaign College of Veterinary Medicine (Urbana, IL; Chicago, IL)
Iowa State University College of Veterinary Medicine (Iowa City, IA)
University of Wisconsin-Madison School of Veterinary Medicine (Madison, WI)
Certification Requirements

Students interested in teaching in the State of Illinois have choices of certification in many areas. The following are the most popular categories:

- Early Childhood (Birth through Grade 3)
- Elementary (Kindergarten through Grade 9)
- Secondary (Grades 6 through 12)
- Special (Kindergarten through Grade 12)

Highland Community College provides general education courses and some professional courses for students interested in any of these areas. Many courses are the same for all certification levels; however, the number of hours required in certain disciplines may vary.

Students interested in the teaching profession should contact a student advisor for up-to-date information regarding state requirements and senior institution admission requirements.

Special Notes:

Some courses require classroom observation at local schools. Students are responsible for completing any fingerprinting and/or background checks required of observers or volunteers in a local school.

Early Childhood Education

Highland Community College’s Associate of Applied Science degree in Early Childhood Education will NOT satisfy teacher certification requirements in the State of Illinois.

Elementary Education

Students need to declare an area of emphasis after transferring to a senior institution. Working with a student advisor will help clarify students’ choices in these areas.

Secondary/Special Education

Students should declare a major in a specific area such as history, biology, speech, hearing impaired, etc. General education and professional education courses complete the program.

The recommended courses on the next page are intended to give students a general idea of course choices. Education majors are required to consult with a student advisor, faculty member, and/or the Transfer Coordinator to ensure proper course selection and program advising. Certification requirements are subject to change due to legislation or Illinois State Board of Education (ISBE) decisions.

Test of Academic Proficiency

Test of Academic Proficiency is required by education programs in the state of Illinois. The TAP test should be taken before transfer to a university. Information on the test can be found at www.illinoisinc.com or by contacting the advisor for the program at Highland Community College.
# PROFESSIONAL EDUCATION (506)

## Associate of Arts

### ABOUT OUR PROGRAM

This program is designed for the student intending to transfer to a senior institution to complete a baccalaureate degree.

### NATURE OF WORK AND EMPLOYMENT

Graduates of four-year baccalaureate programs in this major are typically employed as teachers in elementary schools, secondary schools, colleges and universities, religious organizations, and civic/social organizations.

### SPECIAL CONSIDERATIONS

The listed coursework is a recommendation only. Students should check with a student advisor for HCC graduation requirements and specific university requirements in this major.

### PROGRAM CONTACTS

Call Highland at 815-235-6121 for the following program contacts:

Dean, Humanities, Social Sciences, and Fine Arts
Dr. Chelsea Martinez, Education and Psychology Faculty
Mr. Paul Rabideau, Psychology Faculty
Ms. Vicki Schulz, Student Advisor

---

## RECOMMENDED COURSES

The following are recommended courses for this major only. Students must still meet all requirements for the Associate of Arts degree (see page 58) in order to graduate from Highland Community College. For more information, please see your student advisor.

PSYCHOLOGY (516)

Associate of Arts

ABOUT OUR PROGRAM
This program is designed for students who plan to transfer to a senior institution to complete a baccalaureate degree. Among courses in the program are personality development, counseling, and social, clinical, educational, experimental, and abnormal psychology.

NATURE OF WORK AND EMPLOYMENT
Graduates of four-year baccalaureate programs in this major are typically employed as social workers or counselors in civic, health, industrial and governmental agencies, as well as in personnel offices and educational or research institutions.

SPECIAL CONSIDERATIONS
The listed coursework is a recommendation only. Students should check with a student advisor for HCC graduation requirements and specific university requirements in this major. Students must meet with an advisor to ensure that the special requirements of the department and institution to which they plan to transfer are met. Colleges and universities have specific requirements for transfer students.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:
Dean, Humanities, Social Sciences, and Fine Arts
Dr. Chelsea Martinez, Psychology Faculty
Mr. Paul Rabideau, Psychology Faculty
Ms. Karissa Patefield, Student Advisor

RECOMMENDED COURSES
The following are recommended courses for this major only. Students must still meet all requirements for the Associate of Arts degree (see page 58) in order to graduate from Highland Community College. For more information, please see your student advisor.

** A grade of C or higher is required for transferring to most institutions.
ABOUT OUR PROGRAM
This program is designed to facilitate the understanding of human behavior within the context of the greater human community. The program prepares students to select the option of transferring from Highland to a senior institution to pursue a baccalaureate degree. In addition to a general survey course about sociology, the program also offers courses covering topics such as family, social problems, social work, criminology, and anthropology.

NATURE OF WORK AND EMPLOYMENT
Graduates of the program may immediately seek employment in entry-level positions with social-service agencies. Those choosing to complete a baccalaureate program will acquire skills leading to careers in areas that focus on human relations, social service organizations, and the like. Social work, teaching, health care, and community work often attract sociology majors. Students may choose to pursue an advanced degree after program completion.

SPECIAL CONSIDERATIONS
The listed coursework is a recommendation only. Students should check with a student advisor for HCC graduation requirements and specific university requirements in this major. Students must meet with an advisor to ensure that the special requirements of the department and institution to which they plan to transfer are met. Colleges and universities have specific requirements for transfer students.

SPEECH (308)

Associate of Arts

ABOUT OUR PROGRAM
This program is designed for the student intending to transfer to a senior institution to complete a baccalaureate degree. Courses explore how ideas and messages are exchanged at the interpersonal level, through public address, and in terms of mass media.

NATURE OF WORK AND EMPLOYMENT
Graduates of baccalaureate programs in this major are often employed in sales, secondary schools, and colleges as teachers, radio/television, industrial/management training, public relations, personnel administration, governmental agency administration, and retailing.

SPECIAL CONSIDERATIONS
The listed coursework is a recommendation only. Students should check with a student advisor for HCC graduation requirements and specific university requirements in this major. Students must meet with an advisor to ensure that the special requirements of the department and institution to which they plan to transfer are met. Colleges and universities have specific requirements for transfer students.

PROGRAM CONTACTS
Call Highland at 815-235-6121 for the following program contacts:
Dean, Humanities, Social Sciences, and Fine Arts
Mr. Jim Yeager, Speech/Communication Faculty
Ms. Melissa Entzminger, Speech/Communication Faculty
Ms. Karissa Patefield, Student Advisor

RECOMMENDED COURSES
The following are recommended courses for this major only. Students must still meet all requirements for the Associate of Arts degree (see page 58) in order to graduate from Highland Community College. For more information, please see your student advisor.

* MCOM 290 Introduction to Film 3
SPCH 189 Introduction to Communication Studies 3
SPCH 194 Introduction to Broadcasting 3
SPCH 191 Fundamentals of Speech 3
SPCH 199 Speech Activities I 1
SPCH 292 Contemporary Argumentation 3
SPCH 296 Intercultural Communication 3

*NOTE: All speech emphasis majors are encouraged to participate in speech activities (SPCH 199) during all four semesters.
THEATRE (308)

Associate of Arts

ABOUT OUR PROGRAM
This program is designed for the student intending to transfer to a senior institution to complete a baccalaureate degree. The curriculum offers an emphasis in acting or technical theatre. Acting students complete a greater number of performance oriented courses. Technical theatre students complete a greater number of courses oriented to technical training. Separate curricula are provided as guidelines.

NATURE OF WORK AND EMPLOYMENT
Graduates of four-year baccalaureate programs in this major typically are employed in educational institutions, community theatres, social agencies, religious organizations, professional theatres, and radio/television station.

SPECIAL CONSIDERATIONS
The listed coursework is a recommendation only. Students should check with a student advisor for HCC graduation requirements and specific university requirements in this major. Students must meet with an advisor to ensure that the special requirements of the department and institution to which they plan to transfer are met. Colleges and universities have specific requirements for transfer students. Courses will transfer as either general education, lower-division theatre major courses, or theatre electives.

PROGRAM CONTACTS
Students planning to major in theatre with an acting emphasis should contact a Theatre Department representative before enrolling. Call Highland at 815-235-6121 for the following program contacts:
Dean, Humanities, Social Sciences, and Fine Arts
Ms. Heather Moore, Student Advisor

RECOMMENDED COURSES
The following are recommended courses for this major only. Students must still meet all requirements for the Associate of Arts degree (see page 58) in order to graduate from Highland Community College. For more information, please see your student advisor.

TRUCK DRIVER TRAINING COURSE

ABOUT OUR PROGRAM
Train to earn your Commercial Driver’s License (CDL) and prepare for a career in the trucking industry, one of the fastest growing industries in the country. With over 300,000 truck driving jobs available in the United States, this course is designed for students with little or no commercial driving experience.

The Highland Community College Truck Driver Training Course, provided by the 160 Driving Academy, includes everything you need to earn a CDL and find your first job as a truck driver. You will train to earn your CDL learner’s permit in the first week of class as well as learn Department of Transportation (DOT) rules, regulations and log books. The remaining three weeks will be spent on thorough driving training in the yard and on the road.

After successful completion of the course you will take the Secretary of State administered Class A test and receive a certificate from 160 Driving Academy as well as an Illinois Commercial Driver’s License from the Secretary of State. Most importantly, our staff will work with our partners in the trucking industry to secure job placement for you. Prior to starting the course, you must provide a copy of your DOT physical and drug screening test. Courses start every month. Please call 815-599-3418 for an appointment today.

Admission Requirements
Ability to read and write the English language
Age must be 18 or older
Physically meet Federal Department of Transportation guidelines
Possession of a valid driver’s license at the time of registration

WEB DESIGN (210)

Associate of Applied Science

ABOUT OUR PROGRAM

The Associate of Applied Science Program in Web Design concentrates on creating cutting-edge application development for the World Wide Web and other digital media. Course materials include Internet fundamentals, advanced authoring, animation and graphic development, programming, and database integration.

NATURE OF WORK AND EMPLOYMENT

The Web Design degree can lead to employment in entry-level Web development, Web and Network administration, game design, and commercial or personal media production. Many entry-level employment positions are freelance/contract in nature, though skilled graduates can usually work toward fulltime employment.

SPECIAL CONSIDERATIONS

The program starts with a core of information system, art, and design skills and then immerses the student in specialized digital media technology experiences. The program is structured to provide a solid academic background as well as hands-on activities, while offering career counseling and opportunities for professional work-based experiences. A workplace experience is required for successful completion of this program.

PROGRAM CONTACTS

WIND TURBINE TECHNICIAN
(631)

Associate of Applied Science

ABOUT OUR PROGRAM
The Highland Community College Wind Turbine Technician program prepares individuals to work in the emerging wind power energy industry. Students will complete an industry derived curriculum as they learn about the electrical power generation industry, safety at the work site, mechanical devices, as well as hydraulic and electrical systems. Courses take place in traditional classrooms, various lab settings on campus and in local work environments in cooperation with local wind industry business partners. Graduates enter the workforce with the skills necessary to be employed and succeed in entry-level technical positions and with additional training and experience may advance to supervisory or advanced technical positions.

NATURE OF WORK AND EMPLOYMENT
Wind turbine technicians may work in a variety of situations. Some assist in the assembly of individual wind generators or the construction of wind farms. Wind turbine technicians are also responsible for troubleshooting mechanical, hydraulic and electrical problems and making repairs to generation equipment. Technicians may also be responsible for preventive maintenance and periodic inspections of wind turbine equipment and facilities. Most work takes place in the field and technicians must be prepared to work inside and outside, on the ground and around elevated machinery, and at times with heavy equipment. Some technicians may also work in manufacturing facilities that fabricate wind turbine equipment. Employment opportunities exist locally and in many regions of the state and country.

SPECIAL CONSIDERATIONS
To be accepted into the wind turbine technician degree program, students must meet all math and writing entrance requirements. Readiness may be demonstrated by scores on placement tests or by evidence of completion of prerequisite courses on an official transcript. Many courses have prerequisites that must be met with a grade of “C” or better. Many courses must be taken in sequence. Certain courses may be offered one term per year. Individuals interested in the wind turbine technician program should meet with a student advisor to become familiar with the program requirements and develop a personal plan before beginning studies.

An overall grade point average of 2.5 on a 4.0 scale must be maintained throughout the program. All courses with a WTEC prefix must be completed with a “B” or better to take the following WTEC course in the sequence. Because of the physical nature of the work, students must be able to achieve and maintain a level of physical fitness appropriate to meet the demands of the career. Each student should be able to climb a 240 foot ladder and regularly carry 60 pounds.

WIND TURBINE TECHNICIAN (632)

Certificate

ABOUT OUR PROGRAM
The Highland Community College Wind Turbine Technician certificate program prepares individuals to work in the emerging wind power energy industry. Students will complete an industry-derived curriculum as they learn about the electrical power generation industry, safety at the work site, mechanical devices, as well as hydraulic and electrical systems. Courses take place in traditional classrooms and at various lab settings on campus. Graduates enter the workforce needing further on-the-job training to become a wind turbine technician. They will, however, possess the basic skills needed to complete more advanced training and coursework.

NATURE OF WORK AND EMPLOYMENT
Wind turbine technicians may work in a variety of situations. Some assist in the assembly of individual wind generators or the construction of wind farms. Wind turbine technicians are also responsible for troubleshooting mechanical, hydraulic and electrical problems and making repairs to generation equipment. Technicians may also be responsible for preventive maintenance and periodic inspections of wind turbine equipment and facilities. Most work takes place in the field and technicians must be prepared to work inside and outside, on the ground and around elevated machinery, and at times with heavy equipment. Some technicians may also work in manufacturing facilities that fabricate wind turbine equipment. Employment opportunities exist locally and in many regions of the state and country.

SPECIAL CONSIDERATIONS
To be accepted into the wind turbine technician certificate program, students must meet all math and writing entrance requirements. Readiness may be demonstrated by scores on placement tests or by evidence of completion of prerequisite courses on an official transcript. Many courses have prerequisites that must be met with a grade of “C” or better. Many courses must be taken in sequence. Certain courses may be offered one term per year. Individuals interested in the wind turbine technician certificate program should meet with a student advisor to become familiar with the program requirements and develop a personal plan before beginning studies.

An overall grade point average of 2.5 on a 4.0 scale must be maintained throughout the program. All courses with a WTEC prefix must be completed with a “B” or better to take the following WTEC course in the sequence. Because of the physical nature of the work, students must be able to achieve and maintain a level of physical fitness appropriate to meet the demands of the career. Each student should be able to climb a 240 foot ladder and regularly carry 60 pounds.

This program is recommended for students who have a specific career goal in mind and do not plan to transfer to a four-year program at a college or university.

Course Descriptions

Order of Course Listings
The courses offered by Highland Community College are listed on the following pages. Listings are grouped alphabetically by discipline (e.g. agriculture, mathematics, etc.).

Discipline (Subject) Code
The first line of each course description begins with a three or four letter code that identifies to what discipline the course belongs. Each discipline is identified by a separate code that is listed after the beginning of each discipline’s section.

Course Numbers
The first digit of a course number indicates its classification according to the year it should be taken. Courses that begin with a zero (0) are less than freshman-level courses that carry credit but are not intended to transfer to other colleges nor count toward degree requirements. Courses that begin with a one (1) are generally freshman-level courses that should be taken during the first year of college. Courses that begin with a two (2) are usually sophomore-level courses that should be taken during the second year of college.

Types of Credit
At the right of each course number is a credit code that signifies the type of credit that the course carries.

- D This is a developmental course and includes basic knowledge necessary for pursuit of other course offerings. It cannot be part of a transfer program, but may be specified as part of other degrees and certificates.
- O This type of course is usually in Applied Science or Occupational Certificate programs. Some of these courses may transfer depending upon the major. Students should check with a student advisor.
- T These courses are most often articulated with state universities and are usually transferable. Students should check with a student advisor.
- V These courses are usually part of specialized certificate programs and are generally not transferable. Students should check with a student advisor.

Course Title
The course title is intended to provide a very brief description of course content. Course titles that are followed by a I, II, or III indicate that the course belongs to a sequence of two or three courses that study different aspects, or levels, of the same topic.

Course Data
Each course title is followed by four categories of course data, as described below:

Credits
This number signifies the semester hours of credit the student will earn by successfully completing the course. If the number is followed by a V, Highland may offer the course for a variable amount of credit hours with the number stated being the maximum amount allowed. For example, 3V would indicate that the course could be offered for one credit, two credits or three credits. Each semester’s course schedule will list the semester hours available for any variable credit course.

Lecture
This number represents the number of lecture or discussion hours per week in class.

Lab
This number represents the number of laboratory or activity hours per week in class.

Repeat
This number represents how many times a class may be repeated for credit. The maximum amount of hours that may be earned for any repeatable course will be listed in the course description. Repeated hours beyond limit in certain courses will result in the student paying the ICCB reimbursement rate to the college. This form is in Admissions and Records.

Prerequisites
Prerequisites, if any, are listed under the course data line of each course description. A prerequisite refers to courses that must be satisfactorily completed prior to the beginning of a particular course.
Distance Learning

Highland offers some courses entirely online (Y1), some requiring minimal time on campus (Y2), and some meetings on campus when the instructor requires (HB). In fact, Highland now offers Associate of Arts and Associate of Science degrees almost entirely online. Many students take a combination of face-to-face, hybrid, and online courses during their studies at Highland.

At Highland, these courses may be determined by their section designations. “Y1” sections are strictly online—you will not need to come to campus at all. “Y2” sections may require several trips to campus, possibly for a single face-to-face class meeting or to take tests on campus in a proctored environment. To take a course online, you will need a modern Internet-connected computer and some commonly available software. More details are available at http://highland.edu/online/ready.asp.

Hybrid sections are designated HB. These courses make use of the Internet for any or all of their course content—when and how much is up to the instructor. Classroom attendance is reduced but not eliminated; and hours of attendance may be flexible. If these details are a concern, you should contact the instructor or someone in his or her department before registering.

Success in learning online requires a self-motivation and direction that may not be necessary in a face-to-face classroom. There is a questionnaire available at http://highland.edu/online/ready.asp to help you determine if you are ready for online learning.

While online courses are convenient, many students find they require more time than face-to-face, but the student’s learning experience is more rewarding.

<tbody>
<tr>
<td>ACCT 102</td>
<td>Fundamentals of Bookkeeping</td>
<td>3</td>
<td>3</td>
<td>0</td>
<td>0</td>
<td></td>
<td>Introduces the beginning accounting student to the fundamentals of the record-keeping area of accounting. Proper methods for keeping records, posting and preparing trial balances, and statements will be included.</td>
</tr>
<tr>
<td>ACCT 105</td>
<td>Elements of Accounting</td>
<td>3</td>
<td>3</td>
<td>0</td>
<td>2</td>
<td></td>
<td>Introduces students to basic accounting principles and procedures as they are applied to accounting for service and merchandising businesses. Includes the recording of transactions in general and special journals, the posting process, adjusting and closing entries, and the preparation of accounting worksheets and financial statements. A maximum of nine (9) credit hours may be earned in this course. Note: This course is considered a transfer course when taken in conjunction with ACCT 213 and ACCT 214.</td>
</tr>
<tr>
<td>ACCT 1115</td>
<td>Computer Applications in Accounting</td>
<td>2V</td>
<td>2</td>
<td>0</td>
<td>0</td>
<td></td>
<td>Introduces the student to microcomputer accounting systems, including general ledger, accounts payable, accounts receivable, payroll, inventory, and asset depreciation applications. Provides hands-on experience in Excel for Accounting. A maximum of six (6) credit hours may be earned in this course.</td>
</tr>
<tr>
<td>ACCT 116</td>
<td>Introduction to Payroll Accounting</td>
<td>2</td>
<td>2</td>
<td>0</td>
<td>1</td>
<td></td>
<td>Introduces the student to the principles of payroll administration. Among the topics covered are gross pay determination; Social Security and income tax withholding; employee deductions and benefits; federal and state laws affecting payroll administration; deposit rules for forms 941, 940, and 8109; and preparing W-2 and W-3 forms. A maximum of four (4) credit hours may be earned in this course.</td>
</tr>
<tr>
<td>ACCT 211</td>
<td>Individual Income Tax Accounting</td>
<td>3</td>
<td>3</td>
<td>0</td>
<td>0</td>
<td></td>
<td>Studies income taxation with the primary emphasis on individual taxation. Some coverage of corporate and partnership taxation is made. Topics studied are gross income, including business and investment income, deductions, and credits. The course is designed for accounting and business students and for the general public interested in studying taxation.</td>
</tr>
<tr>
<td>ACCT 213</td>
<td>Financial Accounting</td>
<td>4</td>
<td>4</td>
<td>0</td>
<td>2</td>
<td>ACCT 105 or consent of instructor</td>
<td>Provides an introduction to corporate accounting and reporting issues as they relate to investors, creditors, and managers. Theoretical and practical issues related to accounting for cash equivalents, receivables, inventory, liabilities, non-current assets, common and preferred stock, investments, cash flow statements, and financial statement analysis. A maximum of twelve (12) credit hours may be earned in this course. IAI Code: BUS 903</td>
</tr>
<tr>
<td>ACCT 214</td>
<td>Managerial Accounting</td>
<td>4</td>
<td>4</td>
<td>0</td>
<td>2</td>
<td>ACCT 213</td>
<td>Provides an introduction to the use of accounting information in planning, directing, and controlling business operations. Theoretical and practical issues related to accounting for modern manufacturing operations, costing inventories, preparing budgets and performance reports, and utilizing decision-making techniques. A maximum of twelve (12) credit hours may be earned in this course. IAI Code: BUS 904</td>
</tr>
<tr>

</tbody>
</table>
ACCT 218  T  Business Income Tax  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 2
Studies taxation with the primary emphasis on business taxation. Coverage of corporate and partnership taxation is made. Topics studied are gross income, including business and investment income, deductions, and credits. The course is designed for accounting and business students and for the general public interested in studying taxation.

ACCT 220  O  Advanced QuickBooks Accounting  
*COURSE DATA: CREDITS: 2 • LECTURE: 2 • LAB: 0 • REPEAT: 2
Provides advanced training with the QuickBooks accounting program. Includes payroll functions, invoice customization, budgets, class tracking, time tracking, customizing reports, and importing/exporting data.

Agricultural (AGRI)

AGRI 182  T  Introductory Agricultural Mechanization  
*COURSE DATA: CREDITS: 3 • LECTURE: 2 • LAB: 2 • REPEAT: 0
Includes problems, discussions, and laboratory exercises examining present and potential engineering applications in agriculture. Emphasis is on farm power and machinery, soil and water control, farm electrification, and farm structures. IAI Code: AG 906

AGRI 184  T  Introduction to Agricultural Economics  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
Covers the basic economic principles of agricultural firms, current farm problems, domestic and foreign demand, agricultural marketing, agricultural finance, and characteristics of agricultural production, and agricultural policy. IAI Code: AG 901

AGRI 186  T  Introduction to Animal Science  
*COURSE DATA: CREDITS: 4 • LECTURE: 3 • LAB:2 • REPEAT: 0
Surveys the fundamentals of nutrition and management, ruminant and non-ruminant animal digestion, genetics of breeding and improvement, marketing livestock and the handling of livestock products and the physiology of animals. IAI Code: AG 902

AGRI 188  T  Introductory Horticultural Science  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
Introduces the principles and practices involved in the development, production, and use of horticultural crops (fruit, vegetable, greenhouse, turf, nursery, floral, and landscape).

AGRI 190  T  Introduction to Agricultural Education  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
An introduction to Agricultural Education programs and delivery systems, state and federal policies; the nature of teaching in school and non-school settings; types and purposes of Agricultural Education; program components; approaches to teaching, teacher characteristics; community relationships; educational change and innovation; trends and developments in Agricultural Education. IAI Code: AG 911

AGRI 284  T  Introductory Soils  
*COURSE DATA: CREDITS: 4 • LECTURE: 3 • LAB: 2 • REPEAT: 0
Investigates the origin, formation, and biological, chemical and physical properties of soils. This is a beginning course in soils and is the basis for further Agronomy courses. IAI Code: AG 904

AGRI 286  T  Field Crop Science  
*COURSE DATA: CREDITS: 4 • LECTURE: 3 • LAB: 2 • REPEAT: 0
Studies growth, reproduction, and utilization of crops; crop hazards and environments; and cropping and tillage principles and practices. IAI Code: AG 903

Agricultural Occupations (AGOC)

AGOC 124  O  Economics of Agricultural Production  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
Considers the basic economic principles of agricultural firms, such as production principles, profit maximization, supply and demand, characteristics of farms and farm production, the role of our natural resources, and current problems in agriculture.

<tr>
<td>AGOC 127</td>
<td>Forage Production</td>
<td>2</td>
<td>2</td>
<td>0</td>
<td>0</td>
</tr>
<tr>
<td></td>
<td>Studies legume and grass crops as they are used for hay, silage, and pasture. Seed establishment, weed control, disease, insects, fertility, harvesting, and usage will be covered.</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>AGOC 129</td>
<td>Livestock Production</td>
<td>4</td>
<td>3</td>
<td>2</td>
<td>0</td>
</tr>
<tr>
<td></td>
<td>Surveys the fundamentals of nutrition and management, ruminant and non-ruminant animal digestion, genetics of breeding and improvement, marketing livestock and the handling of livestock products and the physiology of animals.</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>AGOC 142</td>
<td>Livestock Facilities and Waste Management</td>
<td>3</td>
<td>3</td>
<td>0</td>
<td>0</td>
</tr>
<tr>
<td></td>
<td>Covers the design of beef, dairy, and swine facilities including ventilation, insulation, environment, space and scheduling, feed movement, and methods of waste storage and disposal consistent with environmental standards.</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>AGOC 143</td>
<td>Evaluation of Livestock Animals</td>
<td>2</td>
<td>1</td>
<td>2</td>
<td>0</td>
</tr>
<tr>
<td></td>
<td>Presents the basic criteria necessary in evaluating livestock animals and provides the opportunity to gain actual evaluation experiences with live animals. The course will include the preparation and the oral delivery of placement evaluations.</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>AGOC 144</td>
<td>Evaluation of Dairy Animals</td>
<td>2</td>
<td>1</td>
<td>2</td>
<td>0</td>
</tr>
<tr>
<td></td>
<td>Presents the basic criteria necessary for evaluating dairy animals and provides the opportunity to gain actual evaluation experience with live animals. The course will include the preparation and the oral delivery of placement evaluations.</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>AGOC 145</td>
<td>Dairy Production</td>
<td>4</td>
<td>3</td>
<td>2</td>
<td>0</td>
</tr>
<tr>
<td></td>
<td>Considers the principles and practice of milk production. Topics include the physiology of milk secretion, feeding of the dairy herd, and raising replacement stock.</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>AGOC 220</td>
<td>Financing Agricultural Production</td>
<td>3</td>
<td>3</td>
<td>0</td>
<td>0</td>
</tr>
<tr>
<td></td>
<td>Investigates ways and means of securing and using borrowed capital. Priority use of capital, sources and types of credit, the financial statements, and the pros and cons of various types of financing are considered. Capital planning is considered for the agricultural firm.</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>AGOC 221</td>
<td>Agricultural Policies, Programs, and Legal Problems</td>
<td>3</td>
<td>3</td>
<td>0</td>
<td>0</td>
</tr>
<tr>
<td></td>
<td>Analyzes the unique position of food producers and considers the statement, intent, and results of international, federal, and state laws and policies and their application to specific situations. A study of the major farm organizations structure programs with a field trip will be included.</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>AGOC 222</td>
<td>Marketing Agricultural Products</td>
<td>3</td>
<td>3</td>
<td>0</td>
<td>0</td>
</tr>
<tr>
<td></td>
<td>Discusses the economic, psychological, and sociological problems of the distribution of farm products and supplies. Factors such as market information, advertising, packaging, services, risks, and futures are analyzed. The present types of markets and the trends in marketing are considered. This course may be taken with emphasis on livestock marketing, grain marketing, or both.</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>AGOC 224</td>
<td>Artificial Insemination</td>
<td>2</td>
<td>1</td>
<td>2</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Studies the physiology of the reproductive tract of farm animals and the use of insemination equipment for the breeding of livestock. The course will be taught primarily for dairy insemination. Completion of the course will approve the student as an Artificial Insemination Technician.</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>AGOC 226</td>
<td>Animal Nutrition</td>
<td>4</td>
<td>3</td>
<td>2</td>
<td>0</td>
</tr>
<tr>
<td></td>
<td>Studies livestock nutrition with emphasis on feeds and their value, utilization formulation, and use of feed industry information. Management, feeding, and health of beef cattle, dairy, and swine are included in the course.</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
AGOC 229
Agri-Business Seminar
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
Provides for a series of lectures and discussions related to management of agri-business. Some are led by agri-business authorities or specialists in particular areas. An agri-business firm management problem will be studied and analyzed during the course. An agri-business sales experience will also be part of the course.

AGOC 240
Farm Business Management
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
PREREQUISITE: AGRI 184 or consent of instructor.
Applies economic principles to the organization and operation of farms. Topics include: farm financial records; farm business arrangements and transfer planning; managing capital and human resources; tax management; farm business analysis, benchmarking and decision-making; government programs; and sustainability.

AGOC 242
Beef Management
*COURSE DATA: CREDITS: 4 • LECTURE: 3 • LAB: 2 • REPEAT: 0
Includes production systems, efficiency of production, feeds and nutrition, breeding, selection, cow-calf herd management, feeder cattle management, feed lot management, and beef cattle health.

AGOC 243
Swine Management
*COURSE DATA: CREDITS: 4 • LECTURE: 3 • LAB: 2 • REPEAT: 0
Emphasizes the economic aspects of swine enterprise production systems. The economics of selection and breeding, ration analysis and cost, and the marketing of swine are considered.

AGOC 245
Dairy Management
*COURSE DATA: CREDITS: 4 • LECTURE: 3 • LAB: 2 • REPEAT: 0
Emphasizes the organizational management of the dairy herd including farmstead and building design, herd improvement, herd nutrition, and health.

AGOC 285
Soil Fertility and Fertilizers
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
PREREQUISITE: AGRI 286 or Consent of Instructor
In-depth exploration of the physical, chemical, and biological properties of soils in relation to productivity and management. Discussion of the use, composition, and production of soil amendments including lime, fertilizers, and manure. Laboratory techniques for soil testing and interpretations of soil test results.

AGOC 287
Precision Farming Technology
*COURSE DATA: CREDITS: 3 • LECTURE: 2 • LAB: 2 • REPEAT: 0
Introduction to the most common tools used in precision farming: global positioning systems, geographic information systems, variable rate technology, and yield monitoring.

AGOC 291
Plant Pest Identification and Control
*COURSE DATA: CREDITS: 3 • LECTURE: 2 • LAB: 2 • REPEAT: 0
PREREQUISITE: AGRI 286 or Consent of Instructor
The basic principles of weed, insect, and disease pest identification and integrated pest management (IPM) in agricultural and urban environments involving biological, cultural, and chemical control of pests as it relates to production decisions, environmental impacts, and management of pest resistance.

Art (ART)

ART 110
Introduction to Art
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
Introduces non-art majors to art appreciation through a study of various art concepts, processes, and major art historical periods. This course fulfills general education requirements under the Fine Arts group or general education elective needs and uses visual arts slide/lectures. IAI Code: F2 900

ART 113
Drawing I
*COURSE DATA: CREDITS: 3 • LECTURE: 0 • LAB: 6 • REPEAT: 0
PREREQUISITE: ART 113 with a grade of “C” or better or consent of instructor
This course introduces essential drawing techniques and concepts using a wide variety of black and white media. Emphasis is placed on drawing from direct observation and invention centering on an interpretive and analytical approach. Illustrated lecture, discussion, vocabulary identification, critical analysis, verbal and written presentation, and diverse modes of drawing make up this course. IAI ART 904.

ART 114
Drawing II
*COURSE DATA: CREDITS: 3 • LECTURE: 0 • LAB: 6 • REPEAT: 1
PREREQUISITE: ART 113 with a grade of “C” or better or consent of instructor
This course provides a continuation of Drawing I (ART 113) by further developing drawing experiences through a diverse range of media focusing on color. Emphasis is placed on explorations of abstracted and nonobjective concepts through formalism and invention. Illustrated lecture, discussion, vocabulary identification, critical analysis, verbal and written presentation, and diverse modes of drawing make up this course. IAI: ART 905.
ART 115  
**Two-dimensional Design**  
*COURSE DATA: CREDITS: 3 • LECTURE: 0 • LAB: 6 • REPEAT: 0*

This course introduces students to elements of visual organization through two-dimensional design principles and theories. Emphasis is placed on creative problem solving using a variety of physical and digital media. Illustrated lecture, discussion, vocabulary identification, critical analysis, verbal and written presentation, and diverse modes of visual organization make up this course. IAI: ART 907

ART 116  
**Three-dimensional Design**  
*COURSE DATA: CREDITS: 3 • LECTURE: 0 • LAB: 6 • REPEAT: 0*

PREREQUISITE: ART 115 with a grade of "C" or better or consent of instructor

This course introduces essentials of the elements of visual design organization and structure through three-dimensional design principles and theories using a wide range of materials. Illustrated lecture, discussion, vocabulary identification, critical analysis, verbal and written presentation, and diverse modes of visual organization make up this course.

ART 117  
**Pottery I**  
*COURSE DATA: CREDITS: 3 • LECTURE: 0 • LAB: 6 • REPEAT: 0*

Explores the capabilities and limitations of clay as a material for creative expression. Functional and sculptural approaches to the material will be explored through hand building and wheel-throwing techniques. Glazing and decorating techniques, demonstrations, slide lectures, and individual critiques are covered in this class.

ART 118  
**Graphic Design I**  
*COURSE DATA: CREDITS: 3 • LECTURE: 0 • LAB: 6 • REPEAT: 0*

PREREQUISITE: Completion of, or concurrent enrollment in, ART 113 and ART 115 with a grade of "C" or better or consent of instructor

Graphic Design I is a study of basic design principles as related to business and the advertising industry. Individual projects will include problems in page layout, logo design, corporate identity systems, and business forms using computer graphics software. Macintosh and Windows computers will be used.

ART 119  
**Sculpture I**  
*COURSE DATA: CREDITS: 3 • LECTURE: 0 • LAB: 6 • REPEAT: 0*

Gives the student a basic understanding of three-dimensional form and its manipulation into compositional works. Work will be done with a number of media, including clay, alabaster stone, and found objects. Demonstrations, slide lectures, and group and individual critiques are used.

ART 120  
**Life Drawing I**  
*COURSE DATA: CREDITS: 3 • LECTURE: 0 • LAB: 6 • REPEAT: 1*

PREREQUISITE: ART 114 with a grade of "C" or better or consent of instructor

The study of the human form from observation and invention using a variety of drawing methods and media.

ART 201  
**Introduction to Photography I**  
*COURSE DATA: CREDITS: 3V • LECTURE: 3 • LAB: 0 • REPEAT: 0*

Includes history of the medium, as well as techniques for capturing images, digital editing, and printing. Composition and aesthetic quality are emphasized using the student’s camera.

ART 202  
**Digital Image Editing with Photoshop**  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 3*

An in-depth study of capturing still images with a digital camera; scanning; image editing with Adobe Photoshop and preparation of digital images for print, presentation, the web, animation and fine art purposes. Windows and Macintosh computers will be used.

ART 211  
**Painting I**  
*COURSE DATA: CREDITS: 3 • LECTURE: 0 • LAB: 6 • REPEAT: 0*

PREREQUISITE: ART 113 and ART 115 with a grade of "C" or better or consent of instructor

Explores oil and/or acrylic painting using basic painting techniques and color theory. Emphasis is placed on concepts and material.

ART 212  
**Painting II**  
*COURSE DATA: CREDITS: 3 • LECTURE: 0 • LAB: 6 • REPEAT: 1*

PREREQUISITE: ART 211 with a grade of "C" or better or consent of instructor

Includes further exploration of oil and/or acrylic painting techniques emphasizing personal expression.

ART 213  
**Printmaking I**  
*COURSE DATA: CREDITS: 3 • LECTURE: 0 • LAB: 6 • REPEAT: 0*

PREREQUISITES: ART 113 and ART 115 with a grade of "C" or better, or consent of instructor

Explores relief and silkscreen printing as a means of artistic expression. Color composition and concept will be emphasized. A variety of papers and materials will be explored.
### ART 214  
**Printmaking II**  
*Course Data: Credits: 3 • Lecture: 0 • Lab: 6 • Repeat: 0*  
**Prerequisites:** ART 213 with a grade of "C" or better or consent of the instructor  
Explores additional printing processes including intaglio and lithography.

### ART 215  
**Art History I**  
*Course Data: Credits: 3 • Lecture: 3 • Lab: 0 • Repeat: 0*  
Surveys the major works of art and architecture from prehistoric times through the Middle Ages. Emphasis is placed on historical, cultural, and societal relevance of works of art from this period. IAI Code: F2 901

### ART 216  
**Art History II**  
*Course Data: Credits: 3 • Lecture: 3 • Lab: 0 • Repeat: 0*  
Surveys the major works, ideas, and influences of the visual arts from the Renaissance through the 18th century. Emphasis is placed on historical, cultural, and societal relevance of works of art from this period. IAI Code: F2 902

### ART 217  
**Pottery II**  
*Course Data: Credits: 3 • Lecture: 0 • Lab: 6 • Repeat: 1*  
**Prerequisite:** ART 117 with a grade of "C" or better or consent of instructor  
Continues ART 117 with an emphasis on craftsmanship and concepts with emphasis on craftsmanship and concepts with a concentration in wheel-thrown work. In-depth work with glazes and stains. Slides, demonstrations, and individual critiques are used.

### ART 218  
**Graphic Design II**  
*Course Data: Credits: 3 • Lecture: 0 • Lab: 6 • Repeat: 0*  
**Prerequisite:** ART 118 with a grade of "C" or better or consent of instructor.  
Introduces the fundamentals of advertising design and print technology. Students continue with advanced studies of design principles, ad formats, page layout, editorial design and corporate identity systems. Macintosh and Windows computers are used.

### ART 219  
**Modern Art**  
*Course Data: Credits: 3 • Lecture: 3 • Lab: 0 • Repeat: 0*  
Explores European and American Art from the 18th century to the present and the issues and concepts behind the art of modern times. IAI Code: F2 902

### ART 228  
**Graphic Design III**  
*Course Data: Credits: 3 • Lecture: 0 • Lab: 6 • Repeat: 3*  
**Prerequisite:** ART 218 with a grade of "C" or better or consent of instructor  
Introduces multimedia and includes focus areas such as presentation, animation, marketing, instructional design, print technology, typography, photographic design, illustration, and WEB design. Macintosh and Windows computers are used.

### ART 238  
**Graphic Design IV**  
*Course Data: Credits: 3 • Lecture: 0 • Lab: 15 • Repeat: 0*  
**Prerequisite:** ART 228 with a grade of "C" or better or consent of instructor  
Prepares the student in an internship setting to apply design skills, troubleshoot, and solve problems related to projects in Graphic Design and related areas. There will be supervision by the instructor and a mentor.

### ART 260  
**Web Design Studio**  
*Course Data: Credits: 3 • Lecture: 0 • Lab: 6 • Repeat: 3*  
**Prerequisites:** ART 115, ART 228, and INFT 190 or 250  
Provides practical experience in web design. Students work in a team setting to apply design and programming skills to a real world project.

## Auto Body Repair (AUTB)

The Auto Body Program is competency based. Check with the instructor before registering for any course.

### AUTB 180  
**Basic Auto Electrical Systems**  
*Course Data: Credits: 3 • Lecture: 1 • Lab: 4 • Repeat: 0*  
This electrical course is designed as a prerequisite for automotive electrical classes. Areas of instruction will cover basic electricity, magnetism, basic electronic components, fundamentals of batteries, and automotive wiring systems.

### AUTB 191  
**Introduction to Auto Body**  
*Course Data: Credits: 3 • Lecture: 2 • Lab: 2 • Repeat: 0*  
**Prerequisite:** WELD 135 or concurrent enrollment  
Introduces students to the construction of both the frame and body of an automobile and the construction practices used by the industry. Proper use of tools, safety, and basic practices of metal finishing are part of this course.
AUTB 192  
**Painting Equipment and Materials**  
*COURSE DATA: CREDITS: 2 • LECTURE: 1 • LAB: 2 • REPEAT: 0*  
Acquaints students with all types of auto refinishing materials, mixtures, and the care and use of painting equipment. Repair procedures are included.

AUTB 193  
**Frame and Body Alignment I**  
*COURSE DATA: CREDITS: 4 • LECTURE: 2 • LAB: 4 • REPEAT: 0  
PREREQUISITE: AUTB 191*  
Teaches students how to analyze and correct one or more damaged automobile sections in order to repair vehicles to pre-accident condition. Correcting stresses and strains of the sheet metal and the frame is included.

AUTB 194  
**Auto Body Repair I**  
*COURSE DATA: CREDITS: 3 • LECTURE: 2 • LAB: 2 • REPEAT: 0  
PREREQUISITE: AUTB 191*  
Introduces students to sheet metal straightening techniques, tools, and body fillers.

AUTB 195  
**Automotive Trim and Hardware**  
*COURSE DATA: CREDITS: 2 • LECTURE: 1 • LAB: 2 • REPEAT: 2*  
Includes the study of removing and replacing stationary and moveable glass as well as trim panel removal and seat track repair. A maximum of six (6) credit hours may be earned in this course.

AUTB 197  
**Auto Chassis and Accessory Systems**  
*COURSE DATA: CREDITS: 2 • LECTURE: 1 • LAB: 2 • REPEAT: 0*  
Studies wheel alignment, suspension systems, cooling system repair, air conditioning, & steering systems repair from damage caused in collisions.

AUTB 291  
**Frame and Body Alignment II**  
*COURSE DATA: CREDITS: 3 • LECTURE: 2 • LAB: 2 • REPEAT: 2  
PREREQUISITE: AUTB 193*  
Practices the straightening of heavy auto damage with the use of hydraulic power and the pulls needed to straighten frame or body damage to pre-accident condition. Stress points in automobile doors, hood & deck lid alignment, and the replacement of detachable parts are included. A maximum of nine (9) credit hours may be earned in this course.

AUTB 292  
**Auto Body Repair II**  
*COURSE DATA: CREDITS: 4 • LECTURE: 2 • LAB: 4 • REPEAT: 2  
PREREQUISITE: AUTB 194*  
Includes removing, trimming, fitting, and replacement of damaged panels; reforming contours by hand in damaged sheet metal; perfecting of the final finishing of metal; and final preparation before painting. A maximum of twelve (12) credit hours may be earned in this course.

AUTB 293  
**Paint Applications I**  
*COURSE DATA: CREDITS: 4 • LECTURE: 2 • LAB: 4 • REPEAT: 0  
PREREQUISITE: AUTB 192*  
Familiarizes the student with refinishing equipment, spot painting, and finish taping procedures, masking, paints and paint mixtures. The cause of paint troubles and the complete paint jobs are also included.

AUTB 294  
**Damage Analysis**  
*COURSE DATA: CREDITS: 2 • LECTURE: 1 • LAB: 2 • REPEAT: 0*  
Explains making acceptable estimates, parts ordering, use of estimating forms, figuring hourly rates, and scheduling auto body repair work.

AUTB 296  
**Paint Applications II**  
*COURSE DATA: CREDITS: 5 • LECTURE: 3 • LAB: 4 • REPEAT: 2  
PREREQUISITE: AUTB 293*  
Provides a continuation of AUTB 293, including total vehicle refinishing and the use of various types of paints and refinishing equipment. A maximum of fifteen (15) credit hours may be earned in this course.

**Automotive Mechanics (AUTM)**

AUTM 111  
**Suspension and Alignment**  
*COURSE DATA: CREDITS: 5 • LECTURE: 2 • LAB: 7 • REPEAT: 0  
PREREQUISITE: RDG 120 or concurrent enrollment; Concurrent enrollment in AUTM 113, 115, or consent of instructor*  
Studies the theory of suspension designs and how steering geometry affects directional controls and tire wear. The principles of wheel alignment including types of adjustments are covered. Laboratory work includes checking and reconditioning suspension systems plus actual alignment and adjustment procedures. This class will help prepare the student for the ASE test A4, Suspension and Steering.
AUTM 113  Brakes

- COURSE DATA: CREDITS: 4 • LECTURE: 1 • LAB: 7 • REPEAT: 0
- PREREQUISITE: RDG 120 or concurrent enrollment; Concurrent enrollment in AUTM 111, 113, or consent of instructor

Studies the theory of drum, disc, power-assisted, and anti-lock brake systems. Includes disassembly and repair procedures necessary for service of hydraulic and electric braking systems. This class will help prepare the student for the ASE test A5, Brakes.

AUTM 115  Standard Transmission and Final Drives

- COURSE DATA: CREDITS: 4 • LECTURE: 1 • LAB: 7 • REPEAT: 0
- PREREQUISITE: RDG 120 or concurrent enrollment; Concurrent enrollment in AUTM 111, 113, or consent of instructor

Discusses the theory of standard transmissions and overdrives, including clutch, drive shaft, and rear axle assemblies. Laboratory work consists of disassembly, inspection, reconditioning, and reassembly of all types of standard three- and four-speed transmissions, overdrives, clutches and differential assemblies. This class will help prepare the student for the ASE test A3, Manual Drive Train and Axle.

AUTM 120  Fundamentals of Engines

- COURSE DATA: CREDITS: 3V • LECTURE: 0 • LAB: 7 • REPEAT: 0
- PREREQUISITE: RDG 120 or concurrent enrollment; Concurrent enrollment in AUTM 120, 124, or consent of instructor

Studies the basic operating principles of an engine. Operation of automotive machine shop equipment is demonstrated. This class will help prepare the student for the ASE test A1, Engine Repair.

AUTM 122  Engine Components and Construction

- COURSE DATA: CREDITS: 3 • LECTURE: 1 • LAB: 5 • REPEAT: 0
- PREREQUISITE: RDG 120 or concurrent enrollment; Concurrent enrollment in AUTM 120, 124, or consent of instructor

Studies the construction and the components of an engine including the cylinder block, crankshaft, piston assemblies, cylinder heads, camshafts, and valve train parts. This class will help prepare the student for the ASE test A1, Engine Repair.

AUTM 124  Fundamentals of Electricity

- COURSE DATA: CREDITS: 4 • LECTURE: 2 • LAB: 5 • REPEAT: 0
- PREREQUISITE: RDG 120 or concurrent enrollment; Concurrent enrollment in AUTM 120, 122, or consent of instructor

Studies electrical theory, magnetism, terms, symbols, measurements, as well as automotive circuits including starting and ignition systems. This class will help prepare the student for the ASE test A6, Electrical/Electronic Systems.

AUTM 128  Automotive Servicing

- COURSE DATA: CREDITS: 2 • LECTURE: 0 • LAB: 5 • REPEAT: 0
- PREREQUISITE: RDG 120 or concurrent enrollment; a grade of "C" in AUTM 120, 122, and 124 or consent of instructor

Studies service procedures, customer relations, and diagnosis of all areas of auto repair. Includes diagnosis and light repair in all previous courses studied. This class will help prepare the student for the ASE test A8, Engine Performance.

AUTM 138  Fundamentals of Electronics

- COURSE DATA: CREDITS: 3 • LECTURE: 1 • LAB: 5 • REPEAT: 0
- PREREQUISITE: Concurrent enrollment in AUTM 231, 233, 235, and a grade of "C" in AUTM 120, 122, 124 or consent of instructor

Studies electronic theory and components including diodes, transistors and solid-state circuits. This class will help the student prepare for ASE test A6, Electrical/Electronics Systems.

AUTM 231  Fuel Systems

- COURSE DATA: CREDITS: 3 • LECTURE: 1 • LAB: 5 • REPEAT: 0
- PREREQUISITE: Concurrent enrollment in AUTM 231, 233, 235, and a grade of "C" in AUTM 120, 122, 124 or consent of instructor

Studies fuel system components and circuits. Gasoline rating and additives are also covered along with testing, diagnosing, and repairing the system. This class will help prepare the student for the ASE test A8, Engine Performance.

AUTM 233  Electronic Engine Controls

- COURSE DATA: CREDITS: 4 • LECTURE: 2 • LAB: 4 • REPEAT: 0
- PREREQUISITE: Concurrent enrollment in AUTM 231, 233, 235, and a grade of "C" in AUTM 120, 122, 124 or consent of instructor

Studies the computerized system and components. Helps student prepare for the ASE test A8, Engine Performance.

AUTM 235  Engine Performance

- COURSE DATA: CREDITS: 3 • LECTURE: 0 • LAB: 7 • REPEAT: 0
- PREREQUISITE: Concurrent enrollment in AUTM 231, 233, 235, and a grade of "C" in AUTM 120, 122, 124 or consent of instructor

Studies the diagnosis of engine control systems, ignition systems, fuel and induction system, and the emission control system. This class will help prepare for ASE test A8, Engine Performance.
AUTM 238  O
Advanced Auto Data Analysis
COURSE DATA: CREDITS: 3 • LECTURE: 1 • LAB: 4 • REPEAT: 1
PREREQUISITE: AUTM 233, 235, 237, and a grade of “C” in AUTM 120, 122, 124 or consent of instructor
Studies the operation of the chassis dynamometer along with continuing study of emission control system and 5 gas analysis.

AUTM 240  O
Automatic Transmissions
+COURSE DATA: CREDITS: 5 • LECTURE: 2 • LAB: 7 • REPEAT: 0
PREREQUISITE: AUTM 233, 235, 237, and a grade of “C” in AUTM 120, 122, 124 or consent of instructor
Studies automatic transmissions of automobiles and light trucks. Includes a study of the design, operation, servicing, maintenance, repair, and testing of automatic transmissions. This class will help prepare the student for the ASE test A2, Automatic Transmissions/Transaxle.

AUTM 242  O
Automotive Body Electronics
+COURSE DATA: CREDITS: 3 • LECTURE: 1 • LAB: 4 • REPEAT: 0
PREREQUISITE: AUTM 124 or consent of instructor
Studies all body electrical components and systems such as remote and lighted entry, cruise control, power windows and seats, power door locks, power antenna, security systems, rear window defogger, and electronic traction controls. This class will help prepare the student for the ASE test A6, Electrical/Electronic Systems.

AUTM 248  O
Automotive Heating and Air Conditioning
+COURSE DATA: CREDITS: 3 • LECTURE: 2 • LAB: 3 • REPEAT: 0
PREREQUISITE: AUTM 233, 235, 237, and a grade of “C” in AUTM 120, 122, 124 or consent of instructor
Studies air conditioning fundamentals of standard and automatic temperature control systems. Diagnose and repair of air conditioning units and the preparation for certification in the handling, recycling and retrofitting to 134A. This class will help prepare the student for the ASE test A7, Heating and Air Conditioning.

Biology (BIOL)

BIOL 109  T
Plants and Society
+COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
PREREQUISITE: High School Biology
Emphasizes scientific inquiry through selected concepts in plant biology, such as organization, function, heredity, evolution and ecology, using plants as the type of organism. Topics include plant chemistry, plant structure, growth, genetics, evolution, physiology, reproduction, ecology and the importance and inter-relationships between plants and humans. Course intended to satisfy a non-lab three credit life science general education requirement. IAI Code: GECC L1 901

BIOL 110  T
Principles of Biology
+COURSE DATA: CREDITS: 4 • LECTURE: 3 • LAB: 2 • REPEAT: 0
Emphasizes scientific inquiry and principles common to all major fields of biology. Biological issues with personal and social implications will be introduced to enable students to make informed decisions. Covers such topics as cell biology, heredity, ecology and evolution. Satisfies the science requirement for non-science majors and some science majors. IAI Code: GECC L1 900L

BIOL 116  T
Introduction to Ecology
+COURSE DATA: CREDITS: 4 • LECTURE: 3 • LAB: 2 • REPEAT: 0
Presents how various organisms relate to their environments. Examines the principles of ecology as they relate to environmental problems. Emphasizes personal actions and local problems as they relate to more global issues. Emphasis is placed on the need of plants and animals and how the activities of man affect them. IAI Code: GECC L1 905L

BIOL 117  T
Nutrition
+COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
A study of the basic elements of nutrition. Emphasis is placed on meeting normal nutritional needs for individuals of all ages and cultural backgrounds. Students are taught diet evaluation, basis of food choices, the roles of proteins, carbohydrates, fats, vitamins, and minerals in proper nutrition as well as specifics of sports, infant, and geriatric nutrition. Note: This course does not satisfy IAI requirements for general education credit.

<th>Lecture</th>
<th>Lab</th>
<th>Repeat</th>
<th>Prerequisites</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>BIOL 118</td>
<td><strong>Local Flora</strong></td>
<td>2</td>
<td>.5</td>
<td>3</td>
<td>2</td>
<td></td>
<td>Focuses on the native plants of northern Illinois. Through the use of taxonomic keys and field trips, students will become familiar with the plants in bloom at the time the course is taken. A maximum of six (6) credit hours may be earned in this course.</td>
</tr>
<tr>
<td>BIOL 119</td>
<td><strong>Field Ornithology</strong></td>
<td>2</td>
<td>1</td>
<td>2</td>
<td>0</td>
<td></td>
<td>Focuses on identification, behavior, ecology and conservation of the most successful group of vertebrates: birds. We will use the Highland Community Collection of study skins to prepare for field experiences. During the course, students will visit a variety of habitats in northern Illinois and become familiar with resident and migrant birds.</td>
</tr>
<tr>
<td>BIOL 120</td>
<td><strong>Foundations of Anatomy and Physiology</strong></td>
<td>5</td>
<td>4</td>
<td>2</td>
<td>0</td>
<td></td>
<td>Introduces students to the structure and the function of the skeletal, muscle, nerve, digestive, reproductive and other key systems that comprise the human body. The entire human body is studied via a systemic approach. Laboratory experiences illustrate the relationships between structure and function in addition to providing clinical correlations. IAI Code: GECC L1 904L.</td>
</tr>
<tr>
<td>BIOL 121</td>
<td><strong>General Microbiology</strong></td>
<td>4</td>
<td>3</td>
<td>3</td>
<td>0</td>
<td></td>
<td>Familiarizes students with the classification, morphology, and physiology of bacteria, viruses, and other microbes. This course provides students with a foundation for entering the various health and biological professions.</td>
</tr>
<tr>
<td>BIOL 123</td>
<td><strong>Anatomy and Physiology I</strong></td>
<td>4</td>
<td>3</td>
<td>3</td>
<td>0</td>
<td></td>
<td>This course is a detailed scientific study of the structure and function of the human body. The integumentary, skeletal, muscle, and nervous systems are studied from the molecular and cellular levels up to the organ systems. Laboratory work includes experiments in physiology, organ, and animal dissection, as well as study of a human cadaver. IAI Code: GECC L1 904L.</td>
</tr>
<tr>
<td>BIOL 124</td>
<td><strong>Microbes and Society</strong></td>
<td>3</td>
<td>3</td>
<td>0</td>
<td>0</td>
<td></td>
<td>Emphasizes scientific inquiry through selected concepts in biology including organization, function, heredity, evolution and ecology, using microbes as the type of organism. Topics include a survey of microorganisms, the role of microorganisms in health and disease, ecology of microbes, economic and social impact of microbes, and an introduction to the role of microorganisms in biotechnology. Satisfies a three-credit life science requirement for non-science majors. IAI Code: GECC L1 903.</td>
</tr>
<tr>
<td>BIOL 208</td>
<td><strong>Biology I: Molecular and Cell Biology</strong></td>
<td>4</td>
<td>3</td>
<td>3</td>
<td>0</td>
<td></td>
<td>Introduces biological science students to molecular and cellular processes common to all living organisms. Course will include an overview of cell structures, cell signaling, cell reproduction, cellular metabolism, genetic information flow, theory of inheritance, and genetic engineering. IAI Codes: GECC L1 910L, Major BIO 910.</td>
</tr>
<tr>
<td>BIOL 209</td>
<td><strong>Biology II: Biodiversity, Evolution &amp; Ecology</strong></td>
<td>4</td>
<td>3</td>
<td>3</td>
<td>0</td>
<td></td>
<td>Introduces biological science students to higher levels of biological organization. Topics of study will consist of evolution, characteristics and classification of organisms, plant structure and function, animal structure and function, and the principles of ecology. IAI Codes: GECC L1 910L, Major BIO 910.</td>
</tr>
<tr>
<td>BIOL 211</td>
<td><strong>Anatomy and Physiology II</strong></td>
<td>4</td>
<td>3</td>
<td>3</td>
<td>0</td>
<td></td>
<td>Continued detailed study of the structure and function of the human body. The endocrine, circulatory, digestive, respiratory, excretory, and reproductive systems are studied to the cellular and molecular levels. Lab work includes experiments in physiology, organ, and animal dissection, as well as study of a human cadaver.</td>
</tr>
</tbody>
</table>
Business Administration (BUSN)

BUSN 121 Introduction to Business
*COURSE DATA: CREDITS: 3V • LECTURE: 3 • LAB: 0 • REPEAT: 0
PREREQUISITE: BUSN 125 or equivalent Math course or placement in MATH 158 or above or consent of instructor.

Introduces numerous aspects of modern business to the student. Includes organization, labor-management relations, stock market exploration, marketing, forms of ownership, business functions, as well as offering an overview of career choices available in business. The roles and relationships which business plays in society are discussed and evaluated.

BUSN 124 Introduction to Small Business
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
PREREQUISITE: BUSN 125 or equivalent Math course or placement in MATH 158 or above or consent of instructor

Helps students learn the details of owning and operating their own business. This is a practical, how-to course that aids the student in preparing a business plan that could be submitted to a banker for a business loan.

BUSN 125 Mathematics of Business
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
PREREQUISITE: MATH 059 or Math placement into MATH 066 or higher or consent of instructor

Increases a student’s basic mathematical skills and teaches how to utilize those skills in practical business applications. The course covers a comprehensive review of mathematical principles with application in the areas of taxation, banking, discounts, pricing, income determination, transactions in corporate securities, insurance, business graphs, and basic algebra.

BUSN 130 Business Equipment
*COURSE DATA: CREDITS: 1 • LECTURE: 1 • LAB: 0 • REPEAT: 1

Provides hands-on usage and instruction of ten different types of equipment used by businesses today.

BUSN 131 Money and Inventory Control
*COURSE DATA: CREDITS: 1 • LECTURE: 1 • LAB: 0 • REPEAT: 1

Identifies current money control issues and practices for business and provides practice in dealing with inventory.

BUSN 141 Business Communications
*COURSE DATA: CREDITS: 3V • LECTURE: 3 • LAB: 0 • REPEAT: 0
PREREQUISITE: COMM 090 with a grade of “C” or better or placement into ENGL 121 and INFT 131 or 180, or consent of instructor

Intended for persons pursuing technical careers, this course includes communication principles and practical applications to on-the-job situations. Written instruction includes preparation of employment materials, business documents, complaint and adjustment letters, and student selected professional topics. Oral topics cover interpersonal communications, presentations, and student selected activities.

BUSN 143 Fundamentals of Retailing
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0

Presents a detailed analysis of the American retailing industry. The student will study the methods and technologies successful retailers use to establish, organize, operate, and control a modern retailing business. Specific emphasis is given to forms of ownership, legal requirements for business operations in Illinois, and federal reporting requirements.

BUSN 221 Business Statistics
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
PREREQUISITE: MATH 166 or 171 or consent of instructor

Covers measures of central tendency, variability, sampling, statistical inference, simple linear regression, and correlation. This is the first course in statistics for business majors. IAI Code: BUS 901

BUSN 223 Business Law I
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
PREREQUISITE: BUSN 121 or 124 with a grade of “C” or better

Introduces civil law. Areas covered are the court system, contracts, agency and employment, commercial paper, personal property, and bailment. The course is designed to acquaint students with business law and applications as they relate to private citizens. Course is based on Uniform Commercial Code.

BUSN 224 Business Law II
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
PREREQUISITE: BUSN 121 or 124 with a grade of “C” or better

Considers the following topics: sales, security devices, partnerships, corporations, real property, estates, bankruptcy, and divorce. It is advised that law courses be taken in sequence.
BUSN 225  
**Personal Finance**  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0*

Investigates the financial decision-making process confronted by all consumers. Elevates the competence of the consumer in the wise use of personal resources. Topics covered include money management, budgeting, consumer credit and banking facilities, investments, savings, insurance, securities, real estate, wills and trusts, federal and state income taxes, and consumer ethics.

BUSN 229  
**The Legal Environment of Business**  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0*

Places emphasis on federal government involvement in business. Topics include employment, administrative agencies, labor management relations, product liability, and problems of legislating control over the business environment.

BUSN 241  
**Principles of Personnel Management**  
*COURSE DATA: CREDITS: 3V • LECTURE: 3 • LAB: 0 • REPEAT: 0*

Prerequisite: BUSN 249 or work experience with consent of instructor

Offers a more detailed understanding of human behavior in an organization. Discussions will relate to the personnel management system, staffing and organization, individual and group behavior, management-labor relations, remuneration, and EEOC. The course may be taken by all students who are interested in people management.

BUSN 242  
**Fundamentals of Supervision**  
*COURSE DATA: CREDITS: 3V • LECTURE: 3 • LAB: 0 • REPEAT: 0*

Assists first line and potential supervisors in developing a better understanding of their jobs and responsibilities. The course promotes ideas for efficiency, identifies management skills, and establishes the supervisor’s place on the management team. Discussions on various related topics directed at the supervisor’s fundamental needs and problems will be emphasized.

BUSN 243  
**Sales and Personal Communication**  
*COURSE DATA: CREDITS: 2 • LECTURE: 2 • LAB: 0 • REPEAT: 0*

Covers principles and problems of personal selling, prospecting, pre-approach, approach, demonstration, meeting objectives, and closing of sales. Correct attitude and personal aptitude of one who deals with the public.

BUSN 244  
**Principles of Advertising**  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0*

Emphasizes the practical techniques of copyrighting, layout, production, and media buying. Major advertising media are discussed, such as the Internet, newspapers, magazines, direct mail, radio, television, and point-of-purchase with emphasis on present-day practices and uses.

BUSN 246  
**Principles of Marketing**  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0*

Prerequisite: BUSN 121 or ECON 111

Presents an overview of the strategies and tactics used by successful firms in the distribution of goods and services to satisfy consumer desires and corporate objectives. Emphasis is placed on the marketing concept as a means to integrate American business objectives and consumer needs. The economic, sociological, and psychological factors affecting consumer needs are introduced and discussed.

BUSN 249  
**Principles of Management**  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0*

Prerequisite: BUSN 121 or practical business experience in a supervisory position and consent of instructor

Explains the jobs of managers and how they function within an organization. Class discussion revolves around management theories. Topics discussed include fundamental concepts of management, decision-making, planning, organizing, staffing, directing, and controlling.

**Business Machines (BMAC)**

**BMAC 142**  
**Electronic Calculator**  
*COURSE DATA: CREDITS: 1 • LECTURE: 1 • LAB: 0 • REPEAT: 0*

Prerequisite: MATH 059 or placement into MATH 066 or consent of instructor

**Offered in the Office Technology Lab where class time and the learning pace are set by the individual student.**

Develops a job entry-level skill for this business machine. The student operates the machine using touch control. Business math problems such as percentages, discounts and net amounts, merchandising, rate of increase, decrease, interest, insurance, and invoicing are solved using electronic calculators.
## Chemistry (CHEM)

### CHEM 120 T
Elementary General Chemistry

*COURSE DATA: CREDITS: 4 • LECTURE: 3 • LAB: 2 • REPEAT: 0
PREREQUISITE: MATH 067 or one year high school algebra or placement into MATH 158 or higher

A laboratory course emphasizing the general principles and theories of chemistry, including fundamentals of inorganic chemistry, atomic structure and states of matter, bonding, stoichiometry, acid-based concepts, periodicity and solution chemistry. IAI Code: GECC P1 902L

### CHEM 123 T
General College Chemistry I

*COURSE DATA: CREDITS: 5 • LECTURE: 3 • LAB: 4 • REPEAT: 0
PREREQUISITE: MATH 166 or MATH 163 with a grade of "C" or better or concurrent enrollment or consent of instructor

Presents the first of a two-semester sequence in general chemistry. This course is for the student planning to major in any science or related field for meeting the General Education requirements. Quantitative applications of principles are stressed and the student is expected to have a good background in basic algebra. Topics covered include atomic structure and the periodic table, stoichiometry, types of reactions, thermochemistry, types of bonds, electron and orbital modeling, and introduction to gas, solid, and liquid chemistry. IAI Code: GECC P1 902L, Major CHM 911

### CHEM 124 T
General College Chemistry II

*COURSE DATA: CREDITS: 5 • LECTURE: 3 • LAB: 4 • REPEAT: 0
PREREQUISITE: CHEM 123 with a grade of "C" or better

Provides a continuation of CHEM 123 with emphasis on acids and bases, chemical equilibrium, rates of reactions, thermodynamics, electrochemistry and a study of the periodic table, as well as an introduction to nuclear chemistry. IAI Code: Major CHM 912

### CHEM 220 T
Elementary Organic Chemistry

*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
PREREQUISITE: CHEM 120 or 123

This is a beginning organic chemistry course for non-chemistry majors and is designed for those students majoring in disciplines requiring only one semester of organic chemistry. It provides a survey of basic concepts of aliphatic and aromatic compounds and their applications to biochemistry.

### CHEM 221 T
Organic Chemistry I

*COURSE DATA: CREDITS: 4 • LECTURE: 3 • LAB: 3 • REPEAT: 0
PREREQUISITE: CHEM 123 and CHEM 124 with a grade of "C" or better

Covers the general principles of atomic and molecular structure, reaction energy transformations, reaction mechanisms, specific reactions and nomenclature for alkanes, alkenes and alkynes and an introduction to aromatic systems. Stereochemistry, free radical mechanisms, substitution mechanisms and elimination mechanisms are covered. IAI Code: Major CHM 913

### CHEM 222 T
Organic Chemistry II

*COURSE DATA: CREDITS: 4 • LECTURE: 3 • LAB: 3 • REPEAT: 0
PREREQUISITE: CHEM 221 with a grade of "C" or better or consent of instructor

Continues the systematic study of organic chemistry with an emphasis on the aromatic families, alky halides, organometallic compounds, amines, aldehydes, ketones, acids, acid derivatives and β-dicarbonyl compounds; with biological implications. Lab work centers around syntheses related to the theory discussed in lectures. The techniques acquired in CHEM 221 are emphasized in this work. IAI Code: Major CHM 914

### CHEM 225 T
Elementary Organic Chemistry Laboratory

*COURSE DATA: CREDITS: 1 • LECTURE: 0 • LAB: 2 • REPEAT: 0
PREREQUISITE: Concurrent enrollment in CHEM 220 or consent of instructor

A laboratory course designed to give the student an introduction to synthetic organic chemistry including purification and characterization techniques.

## Communications (COMM)

### COMM 084 D
Basic Written Communication

*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 3
PREREQUISITE: Placement into COMM 084

Emphasizes the development of written communication skills, including the formation of complete and grammatically correct sentences, as well as organized and coherent paragraphs. Students will practice creating paragraphs and revising them for substance, clarity, and proper grammar and punctuation. A maximum of twelve (12) credit hours may be earned in this course.
COMM 086
Learning Strategies
*COURSE DATA: CREDITS: 2 • LECTURE: 2 • LAB: 0 • REPEAT: 3
Provides student involvement in the processes of self-assessment and self-awareness using a variety of available inventories and checklists. Personality types, learning styles/strategies, attitudes, and preferences will be discussed in relation to academic success and career placement. A maximum of eight (8) credit hours may be earned in this course.

COMM 087
Writing Workshop
*COURSE DATA: CREDITS: 1 • LECTURE: 1 • LAB: 0 • REPEAT: 3
COREQUISITE: Concurrent enrollment in ENGL 121
Based on individual need, may include but is not limited to, how the writing process can help the student become a better writer; how to plan and write an essay; how to take and support/defend a position on an issue; and how to edit for grammar, usage, spelling, and punctuation. A maximum of four (4) credit hours may be earned in this course.

COMM 088
Critical Thinking
*COURSE DATA: CREDITS: 2 • LECTURE: 2 • LAB: 0 • REPEAT: 3
This course may include but not be limited to sentence construction, punctuation, spelling, paragraph development, and development of the whole essay based on individual student need.

COMM 090
Preface to Rhetoric
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 3
PREREQUISITE: COMM 084 or placement into COMM 090
Emphasizes correct English usage. This course involves a thorough review of basic grammatical skills so students consistently write correct sentences. Students also learn the basic rhetorical concepts of composition for paragraphs and short themes, and are introduced to the word processing skills required for course assignments.

COMM 095
Basic Composition
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 3
PREREQUISITE: Recommendation of instructor based upon performance in COMM 090
Reviews major aspects of grammar and usage, and presents basic concepts of rhetoric. This course is for students who need continued work in basic composition skills.

COMM 098
Study Skills
*COURSE DATA: CREDITS: 1 • LECTURE: 1 • LAB: 0 • REPEAT: 3
This course is designed to help the student to read and to study more efficiently. The instructor and the student plan a program of instruction and practice for improving the student’s vocabulary, comprehension, study skills in the content areas, and/or flexibility in reading speed. The area of study is determined by an analysis of standardized reading survey test scores and individual testing. Credit will be awarded whenever the student can demonstrate a satisfactory level of performance. Enrollment may take place at any time.

COMM 101
Technical Communications
*COURSE DATA: CREDITS: 4V • LECTURE: 4 • LAB: 0 • REPEAT: 0
PREREQUISITE: A grade of "C" in BUSN 141, COMM 101 or ENGL 121
Teaches technically oriented students the practical communication skills needed for educational and occupational situations. The student will analyze typical communication problems and create written and oral projects.

COMM 214
Business and Technical Writing
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
PREREQUISITE: A grade of "C" in BUSN 141, COMM 101 or ENGL 121
Investigates contemporary theories of modern business and technical communication. Students observe current styles of usage, discuss technologies available, and investigate both cultural and ethical issues. Required projects include business letters, memoranda, written and oral reports, and one major research paper. These projects offer students practical experience in modern communication skills and principles.
Cosmetology (COSM)

COSM 121 O
Science & Practice of Cosmetology I
+COURSE DATA: CREDITS: 3 • LECTURE: 1 • LAB: 10 • REPEAT: 0
PREREQUISITE: COMM 090, RDG 120 or concurrent enrollment or consent of instructor

Students will identify safety and decontamination procedures required for safe and sanitary customer services in the cosmetology industry. Students will identify hair anatomy and disorders as well as perform shampooing and conditioning the hair and scalp.

COSM 122 O
Science & Practice of Cosmetology II
+COURSE DATA: CREDITS: 3 • LECTURE: 1 • LAB: 10 • REPEAT: 0
PREREQUISITE: COSM 121 with a “C” or better, COMM 090, RDG 120 or concurrent enrollment

Students will identify and demonstrate skills in basic hair design including finger waving and the use of pin curls. Students will perform basic lab services on mannequins and clientele. Students will perform manicuring and pedicuring.

COSM 123 O
Science & Practice of Cosmetology III
+COURSE DATA: CREDITS: 3 • LECTURE: 1 • LAB: 10 • REPEAT: 0
PREREQUISITE: COSM 122 with a “C” or better or concurrent enrollment

Students will demonstrate skills in the principles of braiding, hair roller placement, and set and comb hair using various patterns and roller style. Students will also learn the operating principles of the clinic’s dispensary and reception desk.

COSM 124 O
Science & Practice of Cosmetology IV
+COURSE DATA: CREDITS: 3 • LECTURE: 1 • LAB: 10 • REPEAT: 0
PREREQUISITE: COSM 123 with a “C” or better or concurrent enrollment

Students will identify hair shaping terminology and techniques. Students will shape hair with scissors and razors on male and female clientele.

COSM 131 O
Science & Practice of Cosmetology V
+COURSE DATA: CREDITS: 3 • LECTURE: 1 • LAB: 10 • REPEAT: 0
PREREQUISITE: COSM 124 with a “C” or better or concurrent enrollment

Students will identify and demonstrate sectioning and wrapping for a permanent waving of the hair. Also, students will demonstrate the application of chemicals for permanent waving of the hair. Students will identify and demonstrate the principals of color theory, client consultation, and hair analysis. Students will style wigs and hairpieces.

COSM 132 O
Science & Practice of Cosmetology VI
+COURSE DATA: CREDITS: 3 • LECTURE: 1 • LAB: 10 • REPEAT: 0
PREREQUISITE: COSM 131 with a “C” or better or concurrent enrollment

Students will perform customized permanent wave wraps. Students will perform semi-permanent and permanent hair coloring procedures, decolorization (lightening), and hair recolorization. Advanced hair styling of current trends will be demonstrated.

COSM 133 O
Science & Practice of Cosmetology VII
+COURSE DATA: CREDITS: 3 • LECTURE: 1 • LAB: 10 • REPEAT: 0
PREREQUISITE: COSM 132 with a “C” or better or concurrent enrollment

Introduces skills in esthetics (skin care). Students will learn the structure and functions of the skin and identify diseases and disorders of the skin and perform facial treatments. Also, introduces the application of facial make up and superfluous hair removal.

COSM 134 O
Science & Practice of Cosmetology VIII
+COURSE DATA: CREDITS: 3 • LECTURE: 1 • LAB: 10 • REPEAT: 0
PREREQUISITE: COSM 133 with a “C” or better or concurrent enrollment

Students identify and demonstrate nail extension techniques and procedures. Procedures of textural reformation techniques will be identified and demonstrated. Students will also perform advanced clinic services.

COSM 141 O
Science & Practice of Cosmetology IX
+COURSE DATA: CREDITS: 3 • LECTURE: 1 • LAB: 10 • REPEAT: 0
PREREQUISITE: COSM 134 with a “C” or better or concurrent enrollment

Introduces basic anatomy and physiology related to the application of cosmetology services. A basic understanding of nerves and muscles as they relate to proper cosmetology service techniques will be developed. Students will identify state laws related to cosmetology practice and chemistry of products used in the industry. Students will perform hair analysis and various advanced hairstyling techniques.

COSM 142 O
Science & Practice of Cosmetology X
+COURSE DATA: CREDITS: 3 • LECTURE: 1 • LAB: 10 • REPEAT: 0
PREREQUISITE: COSM 141 with a “C” or better or concurrent enrollment

This introduces the skeletal system in relation to the performance of advanced cosmetology and hair styling techniques. Also introduces the student to the managerial aspects of operating a salon. They will perform advanced clinical services. Students will prepare for the practical final exam.
COSM 190  
Nail Technology I  
*COURSE DATA: CREDITS: 3 • LECTURE: 1 • LAB: 10 • REPEAT: 0  
PREREQUISITE: COMM 090, RDG 120 or concurrent enrollment or consent of instructor  
An introduction to the profession including: salon conduct, ethics, client consultation, decontamination and safety. Students will identify and demonstrate understanding of nail product chemistry, anatomy and physiology of the skin and nails, diseases or disorders of the nail. Students will identify and demonstrate skills in nail technology.

COSM 192  
Nail Technology II  
*COURSE DATA: CREDITS: 2 • LECTURE: 1 • LAB: 5 • REPEAT: 0  
PREREQUISITE: COMM 090, RDG 120 or concurrent enrollment, COSM 190 with a “C” or better or concurrent enrollment  
Students will identify and demonstrate skills in application of pedicuring, application of extension tips and acrylic material. Skills will be practiced by providing services to clients on the clinic floor.

COSM 194  
Nail Technology III  
*COURSE DATA: CREDITS: 3 • LECTURE: 1 • LAB: 10 • REPEAT: 0  
PREREQUISITE: COMM 090, RDG 120 or concurrent enrollment or consent of instructor  
Students will identify and demonstrate skills in application of extension tips and acrylic material. Skills will be practiced by providing services to clients on the clinic floor.

COSM 196  
Nail Technology IV  
*COURSE DATA: CREDITS: 1 • LECTURE: 3 • LAB: 5 • REPEAT: 0  
PREREQUISITE: COMM 090, RDG 120 or concurrent enrollment or consent of instructor  
Students will identify and demonstrate business skills of record keeping, marketing and sales as well as job seeking skills needed. Students will identify and demonstrate techniques for the use of electrical implements. Students will identify nail technology laws prescribed by the Department of Financial & Professional Regulations. Students will continue to perfect skills while performing client services on the clinic floor.

COSM 198  
Nail Technology V  
COURSE DATA: CREDITS: 2 • LECTURE: 1 • LAB: 5 • REPEAT: 0  
PREREQUISITE: COMM 090, RDG 120 or concurrent enrollment or consent of instructor  
Students will identify and demonstrate the skills for application of various colored nail enhancements and embellishments. Students will also complete written final exams and demonstrate skills in a practical exam to prepare for state licensure. An internship may be offered to qualified students.
Criminal Justice (CJS)

**CJS 101**
**Introduction to Criminal Justice**
COURSE DATA: CREDITS: 3  LECTURE 3  LAB: 0  REPEAT: 0
Humanities, Social Science, and Fine Arts Recommendation: Placement into ENGL121 or equivalent, or consent of instructor.

- This course is designed to provide the student with a general overview of criminal justice in the United States through its historical and philosophical development. This survey and analysis reveals the integrated elements of the larger system. IAI Code: CRJ901

**CJS 102**
**Introduction to Corrections**
COURSE DATA: CREDITS: 3  LECTURE 3  LAB: 0  REPEAT: 0
Humanities, Social Science, and Fine Arts Recommendation: Placement into ENGL121 or equivalent, or consent of instructor.

- This course is designed to provide the student with a general overview of the historical development of the correctional system in the United States. This survey and analysis reveals the evolution of philosophies of punishment and treatment leading to correctional practices in both institutional and non-institutional environments. Relevant matters of constitutional law will also be covered. IAI Code: CRJ911

**CJS 201/SOCI 275 Criminology**
COURSE DATA: CREDITS: 3  LECTURE 3  LAB: 0  REPEAT: 0
Humanities, Social Science, and Fine Arts Recommendation: Placement into ENGL121 or equivalent, or consent of instructor.

- This course offers the student an opportunity to study and examine criminology. Criminology is the subfield of sociology that focuses upon crime, law, and social control within the context of social organization and culture. While giving legal definitions of wrongful acts their due, the sociological analysis goes beyond this to the social context. IAI Code: CRJ912

**CJS 202**
**Juvenile Delinquency**
COURSE DATA: CREDITS: 3  LECTURE 3  LAB: 0  REPEAT: 0
Humanities, Social Science, and Fine Arts Recommendation: Placement into ENGL121 or equivalent, or consent of instructor.

- This course is designed to provide the student with knowledge and understanding of the history of the special social category of juvenile delinquency and the dispensing of juvenile justice in the United States. The evolution of theories and dominant social conceptions are then correlated with practical police, judiciary, and correctional practices. IAI Code: CRJ914

Drafting/CAD (DRAF)

**DRAF 101**
**Drafting Fundamentals**
+COURSE DATA: CREDITS: 3  LECTURE: 2  LAB: 2  REPEAT: 0
PREREQUISITE: DRAF 105

- Acquaints the student with the fundamentals of mechanical drafting with CAD software. Some topics covered are multiview projection, section views, auxiliary views, and dimensioning. Inch and metric units will be used.

**DRAF 102**
**Drafting Fundamentals II**
+COURSE DATA: CREDITS: 3  LECTURE: 2  LAB: 2  REPEAT: 0
PREREQUISITE: DRAF 101

- Provides a continuation of DRAF 101. This course gives the student more advanced mechanical drafting experience. Some topics covered are allowances, tolerances, detail drawings, assembly drawings, isometrics, and 3D construction.

**DRAF 105**
**Computer-Aided Drafting (CAD) I**
+COURSE DATA: CREDITS: 3  LECTURE: 2  LAB: 2  REPEAT: 0
PREREQUISITE: DRAF 101

- Acquaints the student with the basics of two-dimensional, computer-aided design. Topics include menu and command structure, creating geometry, editing, file storage, layers, color manipulation, dimensioning, text generation, and plotting.

**DRAF 110**
**Print Reading and Inspection**
+COURSE DATA: CREDITS: 2V  LECTURE: 1  LAB: 2  REPEAT: 2

- Acquaints the student with the interpretation of basic mechanical drawings. An emphasis will be placed on the evaluations of multiple views, dimensioning, tolerancing, terminology, and the use of standard industrial symbols. A maximum of six (6) credit hours may be earned in this course.

**DRAF 111**
**Architectural Print Reading**
+COURSE DATA: CREDITS: 3  LECTURE: 3  LAB: 0  REPEAT: 0

- Acquaints the student with the interpretation of Residential and Commercial Construction Prints. An emphasis will be placed on the interpretation of information found on floor plans, foundation plans, elevations, and special details.
**DRAF 151**

**Engineering Graphics**

• COURSE DATA: CREDITS: 4 • LECTURE: 2 • LAB: 4 • REPEAT: 0

PREREQUISITE: Suggested DRAF 105

Provides the student with (CAD) computer aided drafting tools to solve engineering graphics problems. Topics include (2D) two-dimensional multiview orthographic representations, auxiliary views, section views, dimensioning, fundamental descriptive geometry, and (3D) three-dimensional parametric modeling for design and visualization. IAI Code: EGR 941

**DRAF 254**

**Architectural Special Topics**

• COURSE DATA: CREDITS: 4 • LECTURE: 2 • LAB: 4 • REPEAT: 0

PREREQUISITE: MTEC 245 with a "C" or better

This is a capstone course that requires completion of a comprehensive project. The project demonstrates integration of previous course work knowledge. This project will include elements of team design and development culminating in a class presentation and critique of the project.

**DRAF 260**

**CAD-3D Solid Modeling**

• COURSE DATA: CREDITS: 4 • LECTURE: 2 • LAB: 4 • REPEAT: 0

PREREQUISITE: DRAF 105 or consent of instructor

Studies the principles and techniques used to develop three-dimensional forms. The use of parametric Solid Modeling and 3D-rendering techniques will be stressed as a design and presentation tool.

---

**Early Childhood Education (ECE)**

**ECE 121**

**Introduction to Early Childhood Education**

COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 1 • REPEAT: 0

PREREQUISITE: Placement into ENGL 121, Compass reading score of 80 or better, or consent of instructor.

This course is designed as an overview of early childhood care and education, including the basic values, history, philosophy, structure, teaching methods, organization and programming in early childhood. Examination of students’ personal qualities in relationship to expectations of the field is addressed throughout the course. Considerations for diversity of culture, language, race, socio-economic status, gender, ethnicity, and ability will be included. A field experience component of 15 contact hours of direct observation in a variety of early childhood settings is required.

**ECE 122**

**Child Growth and Development**

COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0

PREREQUISITE: Placement into ENGL 121, Compass reading score of 80 or better, or consent of instructor.

This is a foundation course that presents the theory and principles of child development, conception through grade three, as well as an examination of theory (Piaget, Erikson, Vygotsky, Skinner, and others). Content includes an in-depth study of physical, social/emotional, cognitive, linguistic and aesthetic development and the exploration of child development in the context of gender, family, culture, language, ability, diversity, and society. An emphasis is placed on the implications for early childhood practice.

**ECE 123**

**Health, Safety, and Nutrition of Young Child**

COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0

PREREQUISITE: ECE 121 or ECE 122 or CHLD 181 with grade of "C" or better or consent of instructor

This course focuses on personal health of the individual including nutrition, health, and safety issues. A healthy lifestyle, preventive health, and community health are examined. Emphasis is also placed on the health, safety and nutrition needs of children in group settings, including USDA and DCFS nutrition standards and procedures. Content includes meeting health, nutrition and safety standards, and planning culturally and nutritionally appropriate meals in a variety of settings. It covers various diseases and chronic health conditions that are common among children as well as promotes lesson plan development for teaching health, safety, and nutrition concepts to young children.

**ECE 124**

**Language & Literacy Development in Early Childhood**

COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0

PREREQUISITE: ECE 121 or ECE 122 or CHLD 181 with grade of "C" or better or consent of instructor

This course focuses on language and literacy development during the early childhood years. An emphasis is placed on fostering the development of young children within and among the four language arts (listening, speaking, reading and writing) as well as developing skills in teacher-child interaction and selection and use of written material. Students learn about and explore the impact of culture and environment on language development, with special consideration to the care and education of linguistically and ability diverse learners.
ECE 125  T  Curriculum & Assessment in Early Childhood Settings  
COURSE DATA: CREDITS: 3 • LECTURE: 2 • LAB: 2 • REPEAT: 0 
PREREQUISITE: ECE 121 or ECE 122 or CHLD 181 with grade of “C” or better or consent of instructor 

This course defines the concept of curriculum and provides students with a basic knowledge of the importance of curriculum in an early childhood setting. Assessment as a tool for early childhood development and planning is introduced. Students learn about and explore a variety of age, individually, linguistically and culturally appropriate formal and informal assessments to gather and share information on each child’s skills, abilities, interests, and needs. Development of curriculum based on the needs and interests of young children including those who are culturally, linguistically, and ability diverse. The course studies the techniques of planning, presenting, evaluating and motivating educational experiences for young children.

ECE 126  O  Observation and Guidance of the Young Child  
COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 1 • REPEAT: 0 
PREREQUISITE: ECE 121 or ECE 122 or CHLD 181 with grade of “C” or better or consent of instructor 

This course covers socio-emotional development, classroom management, and child guidance strategies for children birth through eight years. The course emphasizes the adult’s role in promoting pro-social skills and self-esteem in young children. Students will learn the purposes, benefits and uses of observation, in relation to providing appropriate classroom management and managing challenging behaviors. Among the variety of issues addressed in this course are strategies for developing and maintaining supportive relationships with children and families with a range of child-rearing practices, language differences, racial identities, cultural traditions, and economic vulnerabilities. Observation techniques and practical application of observing children are included.

ECE 127  O  Music and Movement for the Young Child  
COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0 
PREREQUISITE: ECE 121 or ECE 122 or CHLD 181 with grade of “C” or better or consent of instructor 

This course incorporates music and movement education and planning for programs with young children birth to eight. It explores the relationship of music and movement in the development of the child. It covers motor, auditory and musical development and the integration of music education with expressive and physical fitness activities. Emphasis is placed on the criteria for selecting and developing activities, developing learning areas and developing music and movement programs, and analyzing methods that encourage individual expression and creative participation. Special consideration is given to adapting activities and modifying the environment to address needs of children that are culturally, linguistically, and ability diverse.

ECE 128  O  Practicum  
COURSE DATA: CREDITS: 2 • LECTURE:. 5 • LAB: 3 • REPEAT: 0 
PREREQUISITE: ECE 121 or ECE 122 or CHLD 181 with grade of “C” or better or consent of instructor 

This course emphasizes the practical application of early childhood education principles and theories. In an approved early childhood program, the student will work with diverse young children in a high-quality, culturally, linguistically, and ability diverse early childhood setting under the direct supervision of a qualified professional, during which students will be given the opportunity to plan and direct activities. The college instructor will coordinate the learning experience, including performance assessments. Evaluation will be based on the quality of work in relation to implementation of principles learned in the ECE program. The student will be required to complete 64 contact hours of time in a licensed early childhood program. Students must contact the Coordinator, Early Childhood Program the semester prior to taking the course to determine placement. Students MUST pass a DCFS background check before they will be allowed to have contact hours with children.

ECE 202  T  Role of Learning Envir & Play in Early Childhood  
COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0 
PREREQUISITE: ECE 121 or ECE 122 or CHLD 181 with grade of “C” or better or consent of instructor 

The course focuses on the preparation of indoor and outdoor learning environments for children from birth through grade three; developmentally and culturally appropriate materials, equipment and technological resources; and the importance of play as the primary vehicle through which young children learn. Emphasis is placed on how to provide learning opportunities that support and enhance all areas of development while designing learning experiences that are responsive to the learning needs of children from diverse cultural and language backgrounds as well as representing a range of special needs.

ECE 203  T  Home, School, & Community Relations in Early Childhood  
COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0 
PREREQUISITE: ECE 121 or ECE 122 or CHLD 181 with grade of “C” or better or consent of instructor 

This course focuses on the child in the context of family and community. Included are issues of communication, diversity, professionalism, and social policy. The course promotes awareness and effective use of community resources. Emphasis on strategies and techniques for developing family-centered programs in early childhood programs. The course will examine the interplay of diverse cultures, lifestyles, language and communication with the role of school and other community institutions.
### ECE 204 Exceptional Child in Early Childhood Programs

**COURSE DATA:** CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0  
**PREREQUISITE:** ECE 121 or ECE 122 or CHLD 181 with grade of “C” or better or consent of instructor  

This course is an overview of children with exceptional cognitive, physical, social and emotional characteristics; analysis of developmental and educational needs imposed by exceptionality; identification, interventional strategies, methods, and programs designed to meet their needs. Course examines the characteristics and impact of a range of disabilities on young children and their development, with consideration for group care and educational environments, including schools, center-based child development programs, and family child care homes. Practical issues addressed include adapting classroom environments and activities. Considerations for diversity of culture, language, race, socio-economic status, gender, ethnicity, and ability will be included. Study of applicable federal and state laws and requirements; Individuals with Disabilities Act Individualized Family Service Plan, Individualized Education Plan, and Inclusive programs. Identifies legal and best practice guidelines for programs, and guidance for working with parents.

### ECE 205 Intro to Infant/Toddler Care & Education

**COURSE DATA:** CREDITS: 3 • LECTURE: 3 • LAB: 1 • REPEAT: 0  
**PREREQUISITE:** ECE 121 or ECE 122 or CHLD 181 with grade of “C” or better or consent of instructor  

This course is designed to give the student an understanding of the natural creative potential that evolves through play within all areas of development. Students develop skills in planning and implementing developmentally appropriate, creative activities, the use of various art media and musical materials, and the integration of music and art experiences in daily classroom activities. The student will have the opportunity to learn how to establish an aesthetically creative environment for young children. The student will learn methods of presenting activities to young children that are culturally, linguistically, and ability diverse in ways to enhance and encourage creativity.

### ECE 206 Creative Activities for the Young Child

**COURSE DATA:** CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0  
**PREREQUISITE:** ECE 121 or ECE 122 or CHLD 181 with grade of “C” or better or consent of instructor  

This course is designed to give the student an understanding of the natural creative potential that evolves through play within all areas of development. Students develop skills in planning and implementing developmentally appropriate, creative activities, the use of various art media and musical materials, and the integration of music and art experiences in daily classroom activities. The student will have the opportunity to learn how to establish an aesthetically creative environment for young children. The student will learn methods of presenting activities to young children that are culturally, linguistically, and ability diverse in ways to enhance and encourage creativity.

### ECE 207 Math and Science for the Young Child

**COURSE DATA:** CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0  
**PREREQUISITE:** ECE 121 or ECE 122 or CHLD 181 with grade of “C” or better or consent of instructor  

This course provides students with the knowledge, skills, and techniques necessary to incorporate science and mathematics concept development into an integrated, developmentally appropriate early childhood classroom. Development of the math/science curriculum based on the needs and interests of young children including those who are culturally, linguistically, and ability diverse. Emphasis is placed on the need of the young child to understand biological and physical science and mathematics concepts in her/his environment, on the development of environmental understanding, and integrated curriculum in a developmentally appropriate classroom. Students design and implement science and mathematics activity plans.

### ECE 208 Supervision & Administration of Child Care Programs

**COURSE DATA:** CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0  
**PREREQUISITE:** Successful completion of 30 credit hours in CHLD/ECE courses or consent of instructor  

Covers program development, supervision, staff training, budgeting, and evaluation. Emphasis on interpersonal skills building and community resources utilization as key components of effective program management. Course addresses implementing practices that are developmentally and culturally appropriate and that address the needs of children and families that are culturally, linguistically, and ability diverse.
ECE 209

ECE Internship

COURSE DATA: CREDITS: 3 • LECTURE: 1 • LAB: 4 • REPEAT: 0
PREREQUISITE: Consent of Instructor

The course is designed for students preparing to teach children under six years of age. In an approved early childhood program, the student will work with young children that are culturally, linguistically, and ability diverse in a high-quality, early childhood setting under the direct supervision of a qualified professional, during which students will be given the opportunity to plan and direct activities. Students will demonstrate skill in guiding young children and providing for their health and safety in a group setting. Students will also demonstrate the ability to play and execute developmentally appropriate activities in all curriculum areas. Students will complete this course in an approved off-campus facility arranged by the instructor and must meet pre-fieldwork requirements. Emphasis is placed on understanding the teacher’s role in early childhood education. Weekly seminars will be held as well as individual conferences and writing assignments. This course requires students to complete 225 contact hours in a licensed early childhood program. Students must contact the Coordinator, Early Childhood Program the semester prior to taking the course to determine placement. Students MUST pass a DCFS background check before they will be allowed to have contact hours with children.

ECE 210

Legal and Fiscal Management of Child Care Programs

COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
PREREQUISITE: Successful completion of 39 credit hours in CHLD/ECE courses or consent of instructor

Addresses the specific knowledge and skills needed to effectively set up and manage the legal and fiscal components of a childcare program. Course content includes Illinois DCFS Licensing Standards, building, zoning, fire, occupational safety, health sanitation, and Americans with Disabilities Act standards as they apply to child care programs. Also includes training in identifying funding sources and applying for funding (loan and grant writing). Practice in budgeting, cash-flow management, fundraising, and state and federal reimbursement programs included. Legal aspects addressed include knowledge of child abuse, child custody and special education laws, insurance liability, contract and labor laws which impact on child care programs.

ECE 211

Staff Management and Human Relations in Child Care Programs

COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
PREREQUISITE: Successful completion of 39 credit hours in CHLD/ECE courses or consent of instructor

Includes knowledge and skills necessary to the effective staff management and leadership of a child development program. Marketing the program to parents and prospective staff, interviewing staff and prospective parents, developing integrated staff performance appraisals and training plans are addressed. Also includes information and practice in relating to staff and community of diverse racial, cultural and ethnic backgrounds. There is additional emphasis on effective, interpersonal communication, team building and collaboration within the program and in the larger community.

ECE 212

Seminar in Early Childhood Education

COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
PREREQUISITE: Successful completion of 39 credit hours in CHLD/ECE courses or consent of instructor

This course expands on the issues and topics introduced and practiced during the previous courses in the degree program, and it provides for the opportunity for professional development through discussion of situations, activities, and challenges encountered in the early childhood field. Topics addressed will be professional ethics and behavior, workplace communication skills with coworkers and parents, child advocacy, current issues, advanced curriculum planning, and program evaluation. The course emphasizes the necessity of differentiated instruction based on race, culture, special education, and English language learners.
ECE 213  
Inclusive Environments for Infants and Toddlers

This course focuses on the practical knowledge and skills necessary for the early childhood professional to successfully design inclusive environments and practice quality programming for infants, toddlers, and families. Students examine various strategies that can be used in inclusive environments to teach children with diverse needs. The skills, knowledge, and abilities for professional and ethical behavior in programs for very young children and their families will be addressed, including family child care, center-based care, home visiting programs, and early intervention programs. Topics include compliance with pertinent legislation, team collaboration, individualized learning plans, accessibility, universal design, accommodations and modifications for educating very young children that are culturally, linguistically, and ability diverse. In addition, students evaluate physical and social environments designed to enrich the learning lives of infants and toddlers with special needs with emphasis on instructional strategies, adaptations, environment, inclusion, and multicultural considerations. Observations are required. This is a foundation course in theory and principles of the developmental continuum, including an in-depth study of physical, social/emotional, cognitive, language, and aesthetic development; an examination of current research and major developmental theories; an exploration of child development within a socio-cultural context, such as gender, family, race, ethnicity, language, ability, socio-economics, religion, and society; an emphasis on the implications for early childhood professional practice. *encompassing birth through age 8, and may include pre-adolescents.

Economics (ECON)

ECON 111  
Principles of Economics I (Macro)

Introduces the student to the basic economic concepts of the market system, national output and expenditures, money, inflation, unemployment, Gross Domestic Product, and related contemporary economic events. IAI Codes: S3 901

ECON 112  
Principles of Economics II (Micro)

Introduces the student to the basic economic concepts of prices, profits and losses, supply and demand, market process in the real world competition, pollution, population, urbanization, poverty and related contemporary economic events. IAI Codes: S3 902

Education (EDUC)

EDUC 100  
Education Observation I

Provides an orientation to the profession of teaching and supervised observational experience in a classroom setting for elementary and secondary education majors. IAI Codes: ART 921 and EED 904

EDUC 124  
Diversity in Schools and Society

This course focuses on how schooling is shaped by the social contexts in which it occurs, particularly in multicultural and global contexts.

EDUC 200  
Education Observation II

Provides an orientation to the profession of teaching and supervised observational experience in a classroom setting for special education and physical education majors.

EDUC 221  
The American Public School

Studies the characteristics of our educational system including the organization, administration and finance of public education, teacher training and certification, and issues and trends of American education.

EDUC 222  
Education as an Agent for Change

Studies the characteristics of our educational system including the organization, administration and finance of public education, teacher training and certification, and issues and trends of American education.

EDUC 224  
Introduction to Special Education

Provides information about opportunities to work with children with disabilities. The topics covered will be the categories of exceptionality, incidence rates, history of programs, present educational programs, and the relationship of special education to the total school program.
### EDUC 225
**Educational Technology**

*Course Data: Credits: 3 • Lecture: 3 • Lab: 0 • Repeat: 1*

Project-based course that provides an introduction to the history, theory, and practice of integrating technology into the classroom. Students will investigate the use of current instructional technology tools in the K-12 setting and understand the state and federal technology standards that might influence teaching and learning. A maximum of 6 credit hours may be earned in this course.

### ELET 171
**Intro to Logic Circuits**

*Course Data: Credits: 3 • Lecture: 2 • Lab: 2 • Repeat: 0*

Students will explore several aspects of digital electronics including digital gates, Boolean algebra, flip-flops, counters, arithmetic circuits and other digital electronic devices and applications. Learners will design, simulate, construct and operate digital circuits using Automation Studio® software and provided components. Lab activities will focus on the design of circuits to solve application problems. Students will also become familiar with the use of technical resources, problem solving and troubleshooting skills related to digital electronic circuits.

### ELET 179
**Electronics Principles**

*Course Data: Credits: 3 • Lecture: 3 • Lab: 0 • Repeat: 0*

Prerequisite: MATH 111 or MATH 159, placement above MATH 159, or instructor consent.

Surveys selected electrical and electronic components and lays the groundwork for future study in electronics. No previous electronics background is necessary, but adequate reading and writing skills are necessary and some knowledge of algebra is helpful. Topics to be covered include electrical quantities, units and notation, electronic laws and circuit analysis, components, and their function and demonstrations of test equipment.

### ELET 180
**Introduction to Electronics**

*Course Data: Credits: 4V • Lecture: 2 • Lab: 4 • Repeat: 2*

Prerequisite: MATH 111 or MATH 159, placement above MATH 159, or instructor consent.

Introduces the student to electronic concepts and devices. The course objective is to develop student interest in electronics and give the student an appreciation of the impact of electronics in our technological society.

### ELET 182
**Electronic Devices and Circuits I**

*Course Data: Credits: 3 • Lecture: 2 • Lab: 2 • Repeat: 0*

Prerequisite: ELET 179 with a grade of “C” or better and INFT 180

Introduces students to lab instruments, power, and signal sources and begins lab exploration of electrical and electronic components and circuits. Instrument topics include meters, oscilloscopes, signal sources, and power supplies. Students will build, operate, and evaluate circuits using switches, relays, discrete and integrated semi-conductors, and related components.

### ELET 183
**Electronic Devices and Circuits II**

*Course Data: Credits: 3 • Lecture: 0 • Lab: 6 • Repeat: 0*

Prerequisite: ELET 182 with a grade of “B” or better

Continues to study the electronic components and circuits by extending the study of semi-conductor devices to include operational amplifiers, digital logic circuits, converters, and other electronic topics related to manufacturing applications. Students will gain experience in constructing, operating, and troubleshooting electronic circuits.

### ELET 290
**Sensors and Interfacing**

*Course Data: Credits: 4 • Lecture: 2 • Lab: 4 • Repeat: 0*

Prerequisite: ELET 182 with a grade of “C” or better or consent of instructor

Provides emphasis on the selection and application of sensor devices used to measure variables such as temperature, light level, speed, proximity, and other common inputs. Signal conditioning, level shifting, conversion, and signal transmission will also be included. Applies student knowledge of sensors and sensor circuits by constructing, testing and troubleshooting components and circuits. Applications, circuit performance, and detection of circuit faults will be featured.

### ELET 295
**Programmable Logic Controllers**

*Course Data: Credits: 4 • Lecture: 2 • Lab: 4 • Repeat: 0*

Prerequisite: INFT 180 and ELET 179 with a grade of “C” or better or consent of instructor

Introduces the programmable logic controller (PLC) as a control element in industrial applications. Students will learn PLC terminology, ladder logic program planning techniques, program editing skills, and how to interface sensors, switches, and output devices to PLCS through hands-on experience with the programmable logic controller (PLC). Students will program and troubleshoot PLCS to carry out common control applications.
### English (ENGL)

#### ENGL 121
**Rhetoric and Composition I**
- **COURSE DATA:** CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
- **PREREQUISITE:** Satisfactory achievement level on the writing sample portion of the Placement Test or successful completion of COMM 090, or COMM 095 with a grade of "B" or better.

This course is designed to help students to write effectively. Instruction is offered in the basic elements of rhetoric; much practice is given in composing essays. 

**IAI Code:** C1 900

#### Statement of Co-requisite Relationship Between COMM 087 and ENGL 121
In the HCC catalog, the entry for COMM 087 lists "concurrent enrollment in ENGL 121" as the course "co-requisite." This relationship implies that withdrawal from either course, by the student or by the instructor, results in withdrawal from the other course. Additionally, if a student is "no-showed" from COMM 087, he/she will be automatically dropped from ENGL 121, and vice versa.

#### ENGL 122
**Rhetoric and Composition II**
- **COURSE DATA:** CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
- **PREREQUISITE:** Grade of "C" in ENGL 121 or equivalent

This class, a continuation of English 121, focuses on critical skills in thinking, reading, and writing. Skills are developed in writing to inform, persuade, and evaluate. Emphasis is placed on producing a documented, multi-source research essay. 

**IAI Code:** C1 901R

#### ENGL 220
**Topics in Literature**
- **COURSE DATA:** CREDITS: 3V • LECTURE: 3 • LAB: 0 • REPEAT: 0

Improves those skills necessary to understand, critically evaluate, and respond to persuasive prose (advertising, editorials, essays, etc.), literature, and information in the subject areas.

#### ENGL 221
**Creative Writing**
- **COURSE DATA:** CREDITS: 3V • LECTURE: 2 • LAB: 2 • REPEAT: 0
- **PREREQUISITE:** ENGL 121 with a grade of "C" or better

This course introduces students to various forms of creative writing, with an emphasis on poetry and fiction. Students will produce, workshop, and present original works.

**IAI Code:** H3 903

### ENGL 222
**Modern Literature**
- **COURSE DATA:** CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
- **PREREQUISITE:** ENGL 121 with a grade of "C" or better or equivalent

English 222 is an introductory poetry course. The course will focus on 13 modern American poets.

**IAI Code:** C1 901R

### ENGL 223
**Introduction to Fiction**
- **COURSE DATA:** CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
- **PREREQUISITE:** ENGL 121 with a grade of "C" or better or equivalent

Introduces the student to prose fiction. Designed to improve the student’s ability to read the short story and the novel critically with keener understanding and appreciation. 

**IAI Code:** H3 901

### ENGL 224
**Introduction to Poetry**
- **COURSE DATA:** CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
- **PREREQUISITE:** ENGL 121 with a grade of "C" or better or equivalent

Introduces the student to poetry. Designed to deepen the student’s insight into the relation between literary theme and form by close analysis of poems. 

**IAI Code:** H3 903

### ENGL 225
**American Literature I**
- **COURSE DATA:** CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
- **PREREQUISITE:** ENGL 121 with a grade of "C" or better or equivalent

Examines the literature of America from the Colonial period through the Civil War. Emphasis will be on major themes, authors, and the relation between the literature and the historical events of the period. 

**IAI Code:** H3 914

### ENGL 226
**American Literature II**
- **COURSE DATA:** CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
- **PREREQUISITE:** ENGL 121 with a grade of "C" or better or equivalent

Examines the literature of America from the Civil War to the present. Emphasis will be on major themes and writers of the time, especially in fiction and poetry. 

**IAI Code:** H3 915

### ENGL 227
**British Literature I**
- **COURSE DATA:** CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
- **PREREQUISITE:** ENGL 121 with a grade of "C" or better or equivalent

This course, the first half of a year’s survey of British literature, examines the literature of Great Britain from its Anglo-Saxon origins through the 17th Century. It focuses on recurring themes in British literature, on the relationship between this literature and major historical events of each era, and on questions and explorations of literary form. 

**IAI Code:** H3 912
### ENGL 228
**British Literature II**
- **COURSE DATA:** CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
- **PREREQUISITE:** ENGL 121 with a grade of "C" or better or equivalent

This course, the second half of a year's survey of British literature, examines the literature of Great Britain from the Age of Reason to modern times. It focuses on recurring themes in British literature, on the relationship between this literature and major historical events of each era, and on questions and explorations of literary form. Emphasis will be placed on the works of the most representative and influential authors of this period. IAI Code: H3 913

### ENGL 229
**Introduction to Shakespeare**
- **COURSE DATA:** CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
- **PREREQUISITE:** ENGL 121 with a grade of "C" or better or equivalent

Studies representative comedies, tragedies, and historical plays. Designed to give special attention to the development of Shakespeare as a dramatist in his own time and his significance today. IAI Code: H3 905

### ENGL 230
**Women and Literature**
- **COURSE DATA:** CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
- **PREREQUISITE:** ENGL 121 with a grade of "C" or better or equivalent

Explores the literary depiction and construction of gender roles and identities in various genres, with a special emphasis on literature by women writers. H39110

### Equine (EQUI)

### EQUI 101
**Equine Business**
- **COURSE DATA:** CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0

### EQUI 103
**Equine Evaluation**
- **COURSE DATA:** CREDITS: 2 • LECTURE: 2 • LAB: 0 • REPEAT: 0

Identification and characteristics of commonly used breeds; in general and specific disciplines.

### EQUI 105
**Equine Facilities**
- **COURSE DATA:** CREDITS: 3 • LECTURE: 2 • LAB: 2 • REPEAT: 0

Students will gain knowledge in establishing, maintaining, and improving an equine facility.

### EQUI 107
**Equine Health Care I**
- **COURSE DATA:** CREDITS: 2 • LECTURE: 1 • LAB: 2 • REPEAT: 0

Signs of a healthy horse and horse environment. Preventative healthcare. Chiropractic basics, lameness issues, and first aid of horses.

### EQUI 109
**Equine Health Care II**
- **COURSE DATA:** CREDITS: 2 • LECTURE: 1 • LAB: 2 • REPEAT: 0

Study of vaccinations, diseases, parasites, and de-worming.

### EQUI 111
**Equine Massage I**
- **COURSE DATA:** CREDITS: 2 • LECTURE: 1 • LAB: 2 • REPEAT: 0
- **PREREQUISITE:** EQUI 117 or consent of instructor

Fundamentals in massage - how, when and why. Muscles of the horse, massage techniques, and methods to apply massage.

### EQUI 113
**Equine Massage II**
- **COURSE DATA:** CREDITS: 2 • LECTURE: 1 • LAB: 2 • REPEAT: 0
- **PREREQUISITE:** EQUI 111 AND EQUI 121 or consent of instructor

More massage techniques than in Equine Massage I and in combination with Stress Point Therapy by Jack Meagher. Treatments for different parts of the horse. Movement as a tool in the treatment session. Stretching of the horse.

### EQUI 115
**Equine Nutrition**
- **COURSE DATA:** CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0

Overall equine nutrition, types of feed, and feeding techniques.

### EQUI 117
**Equine Physiology**
- **COURSE DATA:** CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0

The study of the skeletal, muscular, cardiovascular, and regulatory systems of the horse.

### EQUI 119
**Equine Stress Points I**
- **COURSE DATA:** CREDITS: 2 • LECTURE: 1 • LAB: 2 • REPEAT: 0
- **PREREQUISITE:** EQUI 111 or consent of instructor

Fundamentals in Stress Point Therapy by Jack Meagher, an equine therapy based on a system of 25 defined stress points on a horse. This therapy includes ways to define, treat, and prevent muscular stress in the horse’s muscular system.
EQUI 121
Equine Stress Points II
*COURSE DATA: CREDITS: 2 • LECTURE: 1 • LAB: 2 • REPEAT: 0
PREREQUISITE: EQUI 111 AND EQUI 119 or consent of instructor

Advanced studies in Stress Point Therapy by Jack Meagher, an equine therapy based on a system of 25 defined stress points on a horse. This therapy includes ways to define, treat, and prevent muscular stress in the horse’s muscular system.

EQUI 123
Horse Handler Exercise
*COURSE DATA: CREDITS: 1 • LECTURE: .5 • LAB: 1 • REPEAT: 0

Program for improving strength and flexibility for horse handling.

EQUI 125
Horse Handler First Aid
*COURSE DATA: CREDITS: 1 • LECTURE: .5 • LAB: 1 • REPEAT: 0

Project in establishing a Safety and First Aid plan for people in a horse and riding environment.

EQUI 127
Horse Handling I
*COURSE DATA: CREDITS: 2 • LECTURE: 1 • LAB: 2 • REPEAT: 1

Proper handling and securing methods. Grooming. Horse equipment such as saddles and bridles in general. Examples of basic exercising (English/Western styles).

EQUI 129
Horse Handling II
*COURSE DATA: CREDITS: 2 • LECTURE: 1 • LAB: 2 • REPEAT: 1

Proper communication methods. General and individual exercising plans. Ground driving/long lining and lunge programs (English/ Western styles).

EQUI 131
Horse Shoeing
*COURSE DATA: CREDITS: 1 • LECTURE: .5 • LAB: 1 • REPEAT: 0

Fundamentals in hoof care and shoeing.

EQUI 133
Horse Training I
*COURSE DATA: CREDITS: 2 • LECTURE: 1 • LAB: 2 • REPEAT: 3
PREREQUISITE: EQUI 137 or experience with basics in preparing the horse for riding and mounting

The basic training of the horse through riding. Equipment for the individual horse. Indoor, outdoor, and trail riding (English/ Western styles).

EQUI 135
Horse Training II
*COURSE DATA: CREDITS: 2 • LECTURE: 1 • LAB: 2 • REPEAT: 1
PREREQUISITE: EQUI 133

Riding programs for young horses. Retraining of horses. (English/ Western styles)

EQUI 137
Riding I
*COURSE DATA: CREDITS: 2 • LECTURE: 1 • LAB: 2 • REPEAT: 3
PREREQUISITE: experience is preferred but not necessary in the following areas: horse prepping, mounting, and riding

Basic riding and work on the lunge line. Correct use of the riding equipment. Required safety procedures. (English/ Western styles)

EQUI 139
Riding II
*COURSE DATA: CREDITS: 2 • LECTURE: 1 • LAB: 2 • REPEAT: 1
PREREQUISITE: EQUI 137 or other relevant experience and consent of instructor

Coordination of the rider’s aids. Basic exercises and movements. Rhythm, suppleness, and relaxation. (English/ Western styles)

EQUI 141
Riding Instruction I
*COURSE DATA: CREDITS: 2 • LECTURE: 1 • LAB: 2 • REPEAT: 0

Instruction methods for individuals and groups in regard to riding and theory lessons. Safety, insurance, and liability. (English/ Western styles)

EQUI 143
Riding Instruction II
*COURSE DATA: CREDITS: 2 • LECTURE: 1 • LAB: 2 • REPEAT: 0
PREREQUISITE: EQUI 141 or documented riding instructor experience with consent of instructor

Formulating lessons and lesson plans. Evaluating of instruction to individuals and groups. (English/Western styles)

EQUI 145
Stable Management I
*COURSE DATA: CREDITS: 2 • LECTURE: 2 • LAB: 0 • REPEAT: 0

Fundamentals of records, contracts, insurance, and liability.

EQUI 147
Stable Management II
*COURSE DATA: CREDITS: 2 • LECTURE: 1 • LAB: 2 • REPEAT: 0

Management project - maintaining and improving a stable.
Foreign Language • French
(FREN)

FREN 141 T
Elementary French I
*COURSE DATA: CREDITS: 4 • LECTURE: 4 • LAB: 0 • REPEAT: 0
Develops the four basic language skills of listening, speaking, reading, and writing simultaneously through a hearing-speaking approach.

FREN 142 T
Elementary French II
*COURSE DATA: CREDITS: 4 • LECTURE: 4 • LAB: 0 • REPEAT: 0
PREREQUISITE: FREN 141 with a grade of “C” or better or equivalent
Continues the development of the four basic language skills with an emphasis on spontaneous self-expression.

FREN 201 T
Intermediate French I
*COURSE DATA: CREDITS: 4 • LECTURE: 4 • LAB: 0 • REPEAT: 0
PREREQUISITE: FREN 142 with a grade of “C” or better or equivalent
Stresses oral and written usage through class discussion, composition work, and listening comprehension exercises.

FREN 202 T
Intermediate French II
*COURSE DATA: CREDITS: 4 • LECTURE: 4 • LAB: 0 • REPEAT: 0
PREREQUISITE: FREN 201 with a grade of “C” or better or equivalent
Continues to stress oral and written usage through class discussion, composition work, and listening comprehension exercises.

FREN 211 T
Practice in French Conversation, Reading, & Writing I
*COURSE DATA: CREDITS: 3V • LECTURE: 3 • LAB: 0 • REPEAT: 2
PREREQUISITE: FREN 202 with a grade of “C” or better or equivalent
Allows students to continue building on their basic foundations in French. Students receive extensive practice in the skills of comprehension, speaking, reading, and writing. Emphasis is on vocabulary expansion, grammatical accuracy, and independent language usage. The variable credit enables students to adapt their continued study of French to their ability level and their academic schedule.

FREN 212 T
Practice in French Conversation, Reading & Writing II
*COURSE DATA: CREDITS: 3V • LECTURE: 3 • LAB: 0 • REPEAT: 2
PREREQUISITE: FREN 211 with a grade of “C” or better or equivalent
Continues to strengthen students’ skills in comprehension, speaking, reading, and writing. An expansion of vocabulary and knowledge of a wider range of advanced grammatical structures are goals of this course. Variable credit allows students to adapt their continued study of French to their ability level and their academic schedule. A maximum of nine (9) credit hours may be earned in this course.

Foreign Language • German
(GERM)

GERM 151 T
Elementary German I
*COURSE DATA: CREDITS: 4 • LECTURE: 4 • LAB: 0 • REPEAT: 0
Develops all basic language skills while placing special emphasis on speaking and writing simple, correct sentences.

GERM 152 T
Elementary German II
*COURSE DATA: CREDITS: 4 • LECTURE: 4 • LAB: 0 • REPEAT: 0
PREREQUISITE: GERM 151 with a grade of “C” or better or equivalent
Continues the development of all basic language skills while placing special emphasis on reading comprehension and oral communication.

GERM 201 T
Intermediate German I
*COURSE DATA: CREDITS: 4 • LECTURE: 4 • LAB: 0 • REPEAT: 0
PREREQUISITE: GERM 152 with a grade of “C” or better or equivalent
Offers further study of present-day German culture and modern short stories. Basic language skills continue to be developed through class discussion, written and oral projects, and a grammar review.

GERM 202 T
Intermediate German II
*COURSE DATA: CREDITS: 4 • LECTURE: 4 • LAB: 0 • REPEAT: 0
PREREQUISITE: GERM 201 with a grade of “C” or better or equivalent
Continues development of the basic language skills of comprehending, speaking, reading, and writing while concentrating on correctness and precision in these skills. This course continues to emphasize social, political, and economic issues of the German-speaking world.
GERM 211  
Practice in German Conversation, Reading, & Writing I  
*COURSE DATA: CREDITS: 3V • LECTURE: 3V • LAB: 0 • REPEAT: 2  
PREREQUISITE: GERM 201 with a grade of "C" or better or equivalent  
Allows students to continue building on their basic foundations in German. Students receive extensive practice in the skills of comprehension, speaking, reading, and writing. Emphasis is on vocabulary expansion, grammatical accuracy, and independent language usage. The variable credit enables students to adapt their continued study of German to their ability level and their academic schedule.

GERM 212  
Practice in German Conversation, Reading & Writing II  
*COURSE DATA: CREDITS: 3V • LECTURE: 3 • LAB: 0 • REPEAT: 2  
PREREQUISITE: GERM 211 with a grade of "C" or better or equivalent  
Continues to strengthen students’ skills in comprehension, speaking, reading, and writing. An expansion of vocabulary and knowledge of a wider range of advanced grammatical structures are goals of this course. Variable credit allows students to adapt their continued study of German to their ability level and their academic schedule.

**Foreign Language • Spanish (SPAN)**

SPAN 155  
Elementary Spanish I  
*COURSE DATA: CREDITS: 4 • LECTURE: 4 • LAB: 0 • REPEAT: 0  
Emphasizes practice in pronunciation, elementary conversation, and drill of correct grammatical structure in the classroom and in the language laboratory.

SPAN 156  
Elementary Spanish II  
*COURSE DATA: CREDITS: 4 • LECTURE: 4 • LAB: 0 • REPEAT: 0  
PREREQUISITE: SPAN 155 with a grade of "C" or better or equivalent  
Includes additional practice in grammar and conversation, as well as an introduction to reading and writing Spanish.

SPAN 201  
Intermediate Spanish I  
*COURSE DATA: CREDITS: 4 • LECTURE: 4 • LAB: 0 • REPEAT: 0  
PREREQUISITE: SPAN 156 with a grade of "C" or better or equivalent  
Includes practice in understanding, speaking, reading, and writing Spanish. Reading selections stimulate discussions and written compositions about contemporary topics. A grammar review is also included.

SPAN 202  
Intermediate Spanish II  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0  
PREREQUISITE: SPAN 201 with a grade of "C" or better or equivalent  
Includes practice in understanding, speaking, reading and writing Spanish. Reading selections stimulate discussions and written compositions about contemporary topics. A grammar review is also included.

SPAN 257  
Advanced Spanish Composition & Conversation  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0  
PREREQUISITE: SPAN 202 with a grade of "C" or better or equivalent  
Stresses intensive practice in Spanish conversation, involving both routine and advanced topics. Assigned oral projects review difficult structures of Spanish grammar.

**Geography (GEOG)**

GEOG 132  
Regional Geography of the World  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0  
Studies the relationship of human activities in the natural environment. Regional relationships are emphasized throughout. IAI Code: S4 900N

GEOG 233  
Economic Geography  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0  
Studies the distributional variation on the earth’s surface and in human activities related to producing, exchanging, and consuming wealth. Emphasis will be on the location of economic activities in terms of their relationship to physical and cultural elements. Consideration will also be given to historical events as they relate to the present site and situation of economic activity. IAI Code: S4 903
**Geology (GEOL)**

**GEOL 126**  
Geology  
*COURSE DATA: CREDITS: 4 • LECTURE: 3 • LAB: 2 • REPEAT: 0*  
Investigates the processes that shape the surface of the earth: earthquakes, volcanoes, glaciers, streams, etc. Includes study of the rocks and minerals of the earth’s crust. Lab work covers rock and mineral identification, geologic map interpretation, and two all day field trips. IAI Code: GECC P1 907L

**GEOL 132**  
Natural Hazards and Disasters  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0*  
Course examines the dynamic geological and meteorological processes that create hazards to human life, structures, and activities. Hazards investigated include earthquakes, volcanoes, tsunamis, hurricanes, tornadoes, floods, and landslides. Hazard recognition, avoidance, and mitigation are also examined. IAI Code: GECC P1 905

**GEOL 205**  
Field Geology and Paleontology  
*COURSE DATA: CREDITS: 2 • LECTURE: 1 • LAB: 2 • REPEAT: 3*  
Allows students to investigate in detail the geology and paleontology of a specific region. Course consists of 16 hours of lecture sessions and/or equivalent online content followed by a 7 to 10 day excursion to a region of geologic interest. Regions investigated in a specific year will alternate between the Hanksville-Burpee Dinosaur Quarry in SE Utah and the Hell Creek Formation of SE Montana.

**GEOL 236**  
Historical Geology  
*COURSE DATA: CREDITS: 4 • LECTURE: 3 • LAB: 2 • REPEAT: 0*  
PREREQUISITE: GEOL 126 with a grade of "C" or better or consent of instructor  
Investigates the geologic history of the earth and the methods that this history can be read from the rocks. This course includes investigation of the evolution of life as revealed by fossils, with particular emphasis on the Lower Paleozoic Era fossils common in this area. Two all-day field trips are required.

**History (HIST)**

**HIST 141**  
Western Civilization to 1648  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0*  
PREREQUISITE: Placement into ENGL 121 or equivalent and minimum Compass Reading score of 80 or equivalent, or consent of instructor.  
A survey of European civilization from the ancient world to 1648 with emphasis on the development of political, diplomatic, social, economic, and intellectual institutions. IAI Code: S2 902

**HIST 142**  
Western Civilization 1648 to Present  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0*  
PREREQUISITE: Placement into ENGL 121 or equivalent and minimum Compass Reading score of 80 or equivalent, or consent of instructor.  
A survey of European civilization from 1648 to the present with emphasis on the development of modern political, diplomatic, social, economic, and intellectual institutions. IAI Code: S2 903

**HIST 143**  
U.S. History I  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0*  
PREREQUISITE: Placement into ENGL 121 or equivalent and minimum Compass Reading score of 80 or equivalent, or consent of instructor.  
A survey of American history and the history of the United States to 1865. Topics include European colonial expansion in the Western Hemisphere; the contributions of European, Amer-Indian and African peoples in the New World; the rise of slavery; the American Revolution, the Constitutional Convention, the Jeffersonian and Jacksonian eras; Antebellum culture, Manifest Destiny, the crisis of the Union, and the Civil War. HIST 143, 144, and 145 do not have to be taken in sequence and may be taken concurrently. IAI Codes: S2 900 and HST 911

**HIST 144**  
U.S. History II  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0*  
PREREQUISITE: Placement into ENGL 121 or equivalent and minimum Compass Reading score of 80 or equivalent, or consent of instructor.  
A survey of the United States history from 1865-1945. Topics include Reconstruction and the rise of segregation, the closing of the frontier, industrialization, urbanization, and immigration; American imperialism; the Populist and Progressive movements; the New Era of the 1920s; the Great Depression and the New Deal; and the U.S. involvement in the two World Wars. HIST 143, 144, and 145 do not have to be taken in sequence and may be taken concurrently. IAI Codes: S2 901& HST 912
HIST 145
U.S. History III
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
A survey of United States history since 1945. Topics include the dominance of the U.S. as a political, military, and economic superpower, the Cold War, the suburbanization of the nation, the Civil Rights movement, the liberal reforms, cultural changes, and social upheavals of the turbulent Sixties, the Vietnam War, Watergate, the technological revolution, the economic and social problems of the last generation, and the conservative reaction of recent years. HIST 143, 144, and 145 do not have to be taken in sequence, and may be taken concurrently.

HIST 230
20th Century World History
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
Surveys world history from the beginning of the 20th century to present. Emphasis will be placed on Asia, Africa, Latin America, and the Middle East. European and American history will be covered from a limited perspective. The development of political, diplomatic, social, economic, and intellectual institutions in the modern world will be covered.

HIST 231
American Revolution and New Nation
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
This course analyzes the causes of the American Revolution, the War for Independence, the Confederation, the Federal Constitution, and the events leading up to the election of 1800. An emphasis will be placed on race, class, ethnicity, and gender issues during the Revolutionary era.

HIST 233
The American Civil War Era
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
A survey of the American Civil War Era (1848-1877). Topics include an examination of the “peculiar institution” of slavery, and the importance of racial thought in American society; the influence of growing economic, social, cultural, and political differences between the antebellum North and South which led to war; an analysis of the war itself in terms of its political, military, social, cultural, and economic aspects; a consideration of the legacy of the war; and an evaluation of the successes, failures, and legacy of the Reconstruction Era.

HIST 236
Illinois History
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
Surveys Illinois History from the earliest Indian civilizations to the present. The connection between events in Illinois and national history will be stressed. Local history is emphasized.

HIST 239
Women in American History
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
Surveys the roles played by women in American history, society’s attitude toward women throughout American history, and the status of women in contemporary society.

HIST 241
The Contemporary World
*COURSE DATA: CREDITS: 4V • LECTURE: 4 • LAB: 0 • REPEAT: 0
Discusses the political, international, social, economic, and cultural environment of the contemporary world in a historical framework with a problems approach. Specific topics will vary from year to year.

HIST 242
History of England, 1603 to the Present
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
Examines the economic, social, intellectual, and political development of the United Kingdom with emphasis placed on social and economic changes and the evolution of the parliamentary system. In addition, attention is directed to Britain’s rise and decline as a world power and the development of the Empire-Commonwealth.

HIST 243
History of Africa
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
Covers the history of Africa from ancient times to colonial times. The topics will include pre-history, development of societies and culture, the emergency of stable agriculture, and commerce and trade routes. IAI Code: S2 906N

HIST 244
History of Africa II
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
Includes emergence of independent states, problems of social and economic transitions, inner conflicts, “freedom fighters,” and apartheid, Africa in world affairs and modern Africa in revolution and development. IAI Code: S2 907N

HIST 245
History of the Middle East
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
PREREQUISITE: Placement into ENGL 121 or equivalent and minimum Compass Reading score of 80 or equivalent, or consent of instructor.
An examination of the origin and development of major geographic, social, political, economic and religious forces that have contributed to the formation of major institutions in the Middle East from Muhammad to the present. IAI Code: S2 918N

</table>
HOSP 119  
Hospitality Cost Control
*Course Data: Credits: 3 • Lecture: 3 • Lab: 0 • Repeat: 0
This course investigates the principles of cost controls and their application to food and beverage operations. Emphasis is placed on each step in the flow of costs: purchasing, receiving, storage, issuing, preparation, portioning, service, and accounting for sales. Labor costs as they relate to the operation are also discussed. Active problem solving and practical application ensure that students are able to relate the principles learned to the food service industry. Basic computer applications of cost control systems as well as applied problems in the hospitality industry will also be included.

HOSP 121  
Professional Meeting and Event Planning
*Course Data: Credits: 3 • Lecture: 3 • Lab: 0 • Repeat: 0
Overview of the elements of the hospitality industry, discussion of current issues facing convention & visitors bureaus, exhibitions, convention services managers, vendors/suppliers, and group management. Opportunity to interact and network with current members in the industry. Discussions of current industry trends and related career options.

HOSP 123  
Sales and Marketing
*Course Data: Credits: 3 • Lecture: 3 • Lab: 0 • Repeat: 0
This course is designed to provide students with a solid background in hospitality sales and marketing. The textbook’s main focus is on practical sales techniques for selling to targeted markets.

Humanities (HUMA)

HUMA 104  
Introduction to Humanities
*Course Data: Credits: 3 • Lecture: 3 • Lab: 0 • Repeat: 0
Emphasizes the foundations of the humanistic tradition by pursuing a study of the dynamic cultures that have exercised significant influence upon the western civilization in particular and upon the world in general. This course will concentrate on prehistory, the era of early civilization, Greek/Roman, and western culture from seventeenth century to present. IAI Code: HF 900

HUMA 106  
Introduction to Humanities II
*Course Data: Credits: 3 • Lecture: 3 • Lab: 0 • Repeat: 0
This course is a survey of the humanistic tradition from the age of the Baroque (1600) to present day. The study examines literature, art, and cultural traditions to gain an understanding.

HUMA 110  
Introduction to Critical Thinking
*Course Data: Credits: 3 • Lecture: 3 • Lab: 0 • Repeat: 0
A study of the rules of valid judging ad reasoning, rather than symbolic context. Logical analysis of both formal and informal fallacies and of the consistency and logical consequences of given set of statements is included. Logical analysis is applied to concrete problems dealing with our knowledge of reality.

Independent Study (INST)

INST 100  
Independent Study
*Course Data: Credits: 4V • Lecture: 4 • Lab: 0 • Repeat: 0
Provides an opportunity for specialized study not available in regular course offerings. Independent Study 100 may be taken in addition to regular courses. A proposal for this course must be submitted by the student to the Dean of the division involved for approval.

INST 200  
Independent Study
*Course Data: Credits: 4V • Lecture: 4 • Lab: 0 • Repeat: 0
Provides an opportunity for specialized study not available in regular course offerings. Independent Study 200 may be taken in addition to regular courses. A proposal for this course must be submitted by the student to the Dean of the division involved for approval.
### Information Technology (INFT)

#### INFT 105
**Basic Keyboarding I**

*COURSE DATA: CREDITS: 1 • LECTURE: 1 • LAB: 0 • REPEAT: 0*

**Offered in the Office Technology Lab where class time and learning pace are set by the individual student.**

Develops efficient techniques in operating a standard keyboard. The keyboarding techniques will focus on the alphabet, numbers, and symbols. This course is designed for non-secretarial students interested in learning the keyboard for the efficient operation of a computer terminal.

#### INFT 106
**Basic Keyboarding II**

*COURSE DATA: CREDITS: 1 • LECTURE: 1 • LAB: 0 • REPEAT: 0*

**PREREQUISITE: Grade of “C” or better in Basic Keyboarding I or consent of instructor.**

May take concurrently (2nd 8-weeks) with Keyboarding I. **Offered in the Office Technology Lab where class time and the learning pace are set by the individual student within regularly scheduled lab hours.**

Provides advanced drill work to develop efficient techniques in operating a standard keyboard. The keyboarding techniques will focus on the alphabet, symbols, and 10-key numeric pad. Emphasis will also be placed on proofreading. This course is designed for non-secretarial students interested in learning the keyboard for the efficient operation of a computer terminal.

#### INFT 110
**Introduction to Personal Computing**

*COURSE DATA: CREDITS: 3V • LECTURE: 3 • LAB: 0 • REPEAT: 0*

Designed for those with little or no previous computer experience. Provides an overview of computers, including terminology, operating a computer in the Windows environment, becoming acquainted with word processing, spreadsheets, and e-mail capabilities.

#### INFT 115
**Introduction to the World Wide Web**

*COURSE DATA: CREDITS: 1 • LECTURE: 1 • LAB: 0 • REPEAT: 1*

**PREREQUISITE: INFT 110 or consent of instructor or student meets computer background criteria.**

**Offered in the Office Technology Lab where class time and learning pace are set by the individual student within regularly scheduled lab hours.**

Teaches students to browse a variety of Web sites. Topics include customizing the Internet Explorer window, creating and organizing favorites, navigating using the history list, understanding and using email, understanding how a search engine works and how to use advanced searches, and how to find current and specific information along with web page citation guidelines.

#### INFT 122
**Introduction to Windows**

*COURSE DATA: CREDITS: 1 • LECTURE: 1 • LAB: 0 • REPEAT: 1*

**PREREQUISITE: INFT 110 or consent of instructor or student meets computer background criteria.**

**Offered in the Office Technology Lab where class time and the learning pace are set by the individual student within regularly scheduled lab hours.**

Teaches students to master the basics of the Windows software. Students will learn how to work with Windows programs, manage files using My Computer, manage folders and files using Windows Explorer, customize Windows, explore the Internet, work with Web pages, and share information between programs.

#### INFT 131
**Beginning Microsoft Word**

*COURSE DATA: CREDITS: 1 • LECTURE: 1 • LAB: 0 • REPEAT: 1*

**PREREQUISITE: INFT 105 or OFFT 151 or consent of instructor.**

**Offered in the Office Technology Lab where class time and the learning pace are set by the individual student within regularly scheduled lab hours.**

A “hands-on” word processing course that reinforces basic Microsoft Word functions including creating a document, editing, and formatting a document, creating and editing themes, creating a multiple-page report with tables and SmartArt, and using desktop publishing features to create a newsletter.

#### INFT 132
**Intermediate Microsoft Word**

*COURSE DATA: CREDITS: 1 • LECTURE: 1 • LAB: 0 • REPEAT: 1*

**PREREQUISITE: Grade of “C” or better in INFT 131 or Expert MOUS certification or consent of instructor.**

**Offered in the Office Technology Lab where class time and the learning pace are set by the individual student within regularly scheduled lab hours or online.**

A “hands-on” word processing course that teaches Microsoft Word functions including outlines, styles, and tables of contents; creating form letters and mailing labels; and integrating Word with other programs.

#### INFT 133
**Advanced Microsoft Word**

*COURSE DATA: CREDITS: 1 • LECTURE: 1 • LAB: 0 • REPEAT: 1*

**PREREQUISITE: Grade of “C” or better in INFT 132 or Expert MOUS certification or consent of instructor.**

A “hands-on” word processing course that teaches advanced Microsoft Word functions including customization of Word and automation, creating on-screen forms, and managing long documents.
INFT 135  
PowerPoint  
*COURSE DATA: CREDITS: 1 • LECTURE: 1 • LAB: 0 • REPEAT: 1  
PREREQUISITE: INFT 110 or consent of instructor  
Offered in the Office Technology Lab where class time and the learning pace are set by the individual student within regularly scheduled lab hours or online.  
Introduces students to PowerPoint, Microsoft’s presentation graphics software package. Topics include creating a presentation, adding media and applying transitions and animations, applying advanced formatting with SmartArt, audio, and shapes, and customizing colors and themes.

INFT 137  
Desktop Publishing  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 1  
PREREQUISITE: OFFT 151 or equivalent or INFT 131 or consent of instructor  
Teaches students to produce professional publications on the computer. Basic desktop publishing and design procedures will teach students to mix text and graphics on documents.

INFT 140  
Beginning Excel  
*COURSE DATA: CREDITS: 1 • LECTURE: 1 • LAB: 0 • REPEAT: 1  
PREREQUISITE: INFT 105 or consent of instructor  
Provides an introduction to the basic spreadsheet topics, including design, formulas, functions, charting, and managing lists of data.

INFT 142  
Advanced Excel  
*COURSE DATA: CREDITS: 1 • LECTURE: 1 • LAB: 0 • REPEAT: 1  
PREREQUISITE: INFT 140 or consent of instructor  
Introduction to macros, working with multiple worksheets, look-up tables, data tables, queries, pivot tables, and advanced techniques to solve problems with spreadsheets.

INFT 145  
Beginning Access  
*COURSE DATA: CREDITS: 1 • LECTURE: 1 • LAB: 0 • REPEAT: 1  
PREREQUISITE: INFT 105 or consent of instructor  
Provides an introduction to database management using a relational database software package. The topics of creating a database, storing, sorting, and retrieving data, and creating forms and reports will be covered. Students will learn the basics of queries including developing criteria, sorting, performing calculations, joining tables, and using parameters.

INFT 147  
Advanced Access  
*COURSE DATA: CREDITS: 1 • LECTURE: 1 • LAB: 0 • REPEAT: 1  
PREREQUISITE: INFT 145  
Introduces macros, advanced reports and queries, and Visual BASIC code as it relates to a database.

INFT 150  
Microsoft Office Integration  
*COURSE DATA: CREDITS: 1 • LECTURE: 1 • LAB: 0 • REPEAT: 1  
PREREQUISITE: INFT 140, INFT 145, INFT 131 and INFT 135 or consent of instructor  
This course is designed for students with Microsoft Office experience. Students will learn how to combine information by integrating data from multiple programs. Students will learn how to import, export, link, and embed while using Word, PowerPoint, Excel, and Access.

INFT 160  
Digital Pictures and Sound  
*COURSE DATA: CREDITS: 1 • LECTURE: 1 • LAB: 0 • REPEAT: 2  
An introductory course for multimedia skills for desktop publishing, PowerPoint, the web or for other personal uses. The student will be exposed to the development and application of four elements of multimedia: text, graphics, sound, and video. A variety of programs are used to explore the components especially as they relate to interactivity. Adobe PhotoShop Elements is used to edit images.

INFT 180  
Introduction to Information Systems  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0  
PREREQUISITE: INFT 105 or consent of instructor  
Provides an introductory survey of computer systems, MIS terminology, business computer applications, and programming concepts. The Internet, as well as, word processing, spreadsheet, data management, and presentation software is introduced and used in a microcomputer environment. IAI Codes: BUS 902 and CS 910

INFT 182  
Microcomputer Hardware  
*COURSE DATA: CREDITS: 3 • LECTURE: 2 • LAB: 2 • REPEAT: 2  
PREREQUISITE: INFT 180 or consent of instructor  
Introduces the student to DOS hardware operation and techniques of hardware systems analysis, troubleshooting, and repair. A maximum of nine (9) credit hours may be earned in this class.

INFT 190  
Principles of Computer Science I  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0  
PREREQUISITE: MATH 166 or consent of instructor  
Introduces students to computers and computer programming. Students will develop problem solving and programming skills while emphasizing structured design. The high level language C++ will be used. This is a required course for computer science majors. IAI Code: CS 911
INFT 191 O
Introduction to Programming
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
PREREQUISITE: MATH 159 or consent of instructor
This course will introduce students to computers and computer programming. Students will develop problem-solving and programming skills while emphasizing structured design. The language C++ will be used.

INFT 202 O
Web Programming
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
PREREQUISITE: INFT 190
Presents the basics of web programming. Focus is on programming with HTML, but will include summaries of other Internet programming languages, such as JavaScript, XML, and Visual BASIC Script. Web design tools will be introduced.

INFT 250 O
Dreamweaver
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 1
PREREQUISITE: INFT 180 or consent of instructor
This course provides an overview of Dreamweaver, and how you use it to build an HTML based website. Topics would include site design basics, image and text usage, using tables and layers to control layout of page, and utilizing behaviors to allow user interactivity on the site. The course also includes information on purchasing and managing domain names as well as web hosting.

INFT 260 O
Computer Animation and Interactivity
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
PREREQUISITE: INFT 180 or consent of instructor
This course will introduce the student to animation programming in Macromedia Flash as well as show them how to use the majority of the features of this application to provide animated and interactive content to be used on the World Wide Web and in other deliveries.

INFT 282 O
A+ Certification
*COURSE DATA: CREDITS: 3 • LECTURE: 2 • LAB: 2 • REPEAT: 0
PREREQUISITE: INFT 182 with a “C” or better or consent of instructor
This course prepares the student in computer technical support to install, upgrade, or repair microcomputers and peripheral devices. The course competencies prepare the student for the computer industry’s A+ certification examination.

INFT 284 O
Network+ Certification
*COURSE DATA: CREDITS: 3 • LECTURE: 2 • LAB: 2 • REPEAT: 2
PREREQUISITE: INFT 282 with a “C” or better or consent of instructor
The course prepares the student for the computer industry’s Network+ certification examination and offers preliminary work toward the Server+ certification. Technical abilities include media and topologies, protocols and standards, network implementation, and network support, as well as, wireless networking and gigabit Ethernet.

INFT 286 O
Security+ Certification
*COURSE DATA: CREDITS: 3 • LECTURE: 2 • LAB: 2 • REPEAT: 1
PREREQUISITE: INFT 284 with a “C” or better or consent of instructor
Preparation for the CompTIA Security+™ Certification Exam. Presents an overview of networking media, hardware topologies, and network protocols. Topics include hackers, attacks and malware, access control, user and data authentication, password strength, public and private key encryption, as well as operational security, policies, procedures, and management. Concludes with a brief introduction to the new field of computer forensics.

INFT 290 T
Principles of Computer Science II/Data Structures
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
PREREQUISITE: INFT 190
Introduces students to the relationships among elements of data involved in problem solving, structures of storage media and machines, methods useful in representing structured data in storage, and techniques for operating on data structures. Techniques of algorithm development and good programming style are emphasized. The language is a continuation on INFT 190. IAI Code: CS 912

INFT 295 O
Special Topics
*COURSE DATA: CREDITS: 4V • LECTURE: 4 • LAB: 0 • REPEAT: 3
PREREQUISITE: Consent of instructor
Exposes the student to the latest developments and concepts in Information Processing Systems and to the various problems encountered by information technology professionals. A maximum of sixteen (16) credit hours may be earned in this course.
Information Technology Healthcare (ITHC)

**Courses marked with a double asterisk are delivered in Highland’s individualized Office Technology Lab. This lab is staffed at all times with an instructor to assist students with course work. Students are able to proceed through courses at their own rate and at times that are convenient to both the traditional student and to the person wishing to train for a new field or to upgrade his/her skills.**

**ITHC 101**

**Basic Medical Terminology I**

*COURSE DATA: CREDITS: 1 • LECTURE: 0 • LAB: 2 • REPEAT: 1*
**Offered in the Office Technology Lab where class time and the learning pace are set by the individual student within regularly scheduled lab hours. Grade of “C” or better required.**

This course covers basic medical terminology for students planning to enter medical office occupations. Provides a working knowledge of medical abbreviations and common drugs. Emphasizes prefixes, suffixes, and root words and how they are combined in medical terms while stressing spelling, definition, usage, and pronunciation.

**ITHC 102**

**Basic Medical Terminology II**

*COURSE DATA: CREDITS: 1 • LECTURE: 0 • LAB: 2 • REPEAT: 1*
**PREREQUISITE: A grade of C or better in ITHC 101 or consent of instructor **Offered in the Office Technology Lab where class time and the learning pace are set by the individual student within regularly scheduled lab hours. Grade of “C” or better required.**

Students will build on the fundamentals of Medical Terminology I covering a continuation of basic medical terminology for students planning to enter medical office occupations.

**ITHC 103**

**Basic Medical Terminology III**

*COURSE DATA: CREDITS: 1 • LECTURE: 0 • LAB: 2 • REPEAT: 1*
**PREREQUISITE: A grade of C or better in ITHC 102 or consent of instructor **Offered in the Office Technology Lab where class time and the learning pace are set by the individual student within regularly scheduled lab hours. Grade of “C” or better required.**

Students will build on the fundamentals of Medical Terminology I and II. The course is designed to develop understanding of the terms related to anatomical systems, looking at both structure and function. A continuation of basic medical terminology for students planning to enter medical office occupations.

**ITHC 155**

**Medical Transcription**

*COURSE DATA: CREDITS: 2 • LECTURE: 2 • LAB: 0 • REPEAT: 1*
**PREREQUISITE: OFFT 151 and 163; ITHC 101, 102, 103 or NURS 100, 101, 102 or concurrent enrollment or consent of instructor **Offered in the Office Technology Lab where class time and the learning pace are set by the individual student within regularly scheduled lab hours.**

Introduces the student to medical transcription, emphasizing medical terminology and procedures by keying various medical forms and reports from sound files.

**ITHC 157**

**Advanced Medical Transcription I**

*COURSE DATA: CREDITS: 1 • LECTURE: 1 • LAB: 0 • REPEAT: 1*
**PREREQUISITE: ITHC 155 or consent of instructor **Offered in the Office Technology Lab where class time and the learning pace are set by the individual student within regularly scheduled lab hours.**

Emphasizes medical terminology. Lessons will contain realistic medical dictation with foreign voices and background noises.

**ITHC 158**

**Advanced Medical Transcription II**

*COURSE DATA: CREDITS: 1 • LECTURE: 1 • LAB: 0 • REPEAT: 1*
**PREREQUISITE: Grade of “C” or better in Advanced Medical Transcription I. May take concurrently with Advanced Medical Transcription I. **Offered in the Office Technology Lab where class time and the learning pace are set by the individual student within regularly scheduled lab hours.**

Continuation of the Advanced Medical Transcription I course emphasizing medical terminology. Lessons will contain realistic medical dictation with foreign voices and background noises.

**ITHC 159**

**Advanced Medical Transcription III**

*COURSE DATA: CREDITS: 1 • LECTURE: 1 • LAB: 0 • REPEAT: 1*
**PREREQUISITE: Grade of “C” or better in Advanced Medical Transcription II. May take concurrently with Advanced Medical Transcription II. **Offered in the Office Technology Lab where class time and the learning pace are set by the individual student within regularly scheduled lab hours.**

Emphasizes medical terminology. Lessons will contain realistic medical dictation with foreign voices and background noises.

**ITHC 201**

**Medical Coding**

*COURSE DATA: CREDITS: 4 • LECTURE: 4 • LAB: 0 • REPEAT: 1*
**PREREQUISITE: BIOL 120 or ITHC 220; ITHC 101, 102, 103 or consent of instructor**

Prepares the student to become certified as a Medical Coder. The student will learn to accurately assign correct procedure codes (CPT), diagnosis codes (ICD-9-CM), HCPCS coding (supplies and injectables) while focusing on HIPAA, OIG, and Medicare compliance.
ITHC 205  
**Advanced Medical Coding - Hospital**  
*COURSE DATA: CREDITS: 2 • LECTURE: 1 • LAB: 2 • REPEAT: 1  
PREREQUISITE: ITHC 201 or consent of instructor*  
Prepares the student to become certified as a Medical Coder-Hospital. The student will learn to accurately assign correct hospital procedure codes, diagnosis codes, HCPCS coding while focusing on HIPAA, OIG, and Medicare compliance.

ITHC 220  
**Anatomy for Information Technology**  
*COURSE DATA: CREDITS: 3 • LECTURE: 2 • LAB: 2 • REPEAT: 0  
PREREQUISITE: ITHC 101 or NURS 100 or consent of instructor*  
This course includes a detailed study of the structure and the function of the human body. The integumentary, skeletal, muscle, and nervous systems are studied down to the cellular and molecular levels. Integrated group work using models and internet based approach to illustrate the function and structure of human anatomy.

**Liberal Studies (LIBS)**

LIBS 189  
**Developing Financial Literacy**  
*COURSE DATA: CREDITS: 2 • LECTURE: 2 • LAB: 0 • REPEAT: 0*  
Provides students with financial fitness instruction, stash cash-savings, managing collect cost, control credit and debt, understanding credit score, loans. Understanding salaries and career choices; developing financial path to graduation; understanding loans they can afford based on career aspirations. A portion of the class will allow the student to interact with financial professions, job shadow with potential employers while developing a concrete career path.

LIBS 199  
**First-Year Experience Seminar**  
*COURSE DATA: CREDITS: 2V • LECTURE: 2 • LAB: 0 • REPEAT: 0*  
Designed to help students develop knowledge of resources, critical thinking skills, self-assessment skills leading to self- knowledge and motivation, self-management skills, understanding of educational principles and advanced study techniques, and awareness of health and diversity issues.

LIBS 200  
**Freshman Seminar – CollegeNow**  
*COURSE DATA: CREDITS: 1 • LECTURE: 1 • LAB: 0 • REPEAT: 0*  
This course is designed for the first-time full-time CollegeNow student. The Freshman Seminar class seeks to aid the CollegeNow student through the transition of high school to college student. Student development is critical for this population so information and activities will be based on helping the student progress through the stages of student development.

LIBS 299  
**Capstone Course**  
*COURSE DATA: CREDITS: 2 • LECTURE: 2 • LAB: 0 • REPEAT: 0*  
Provides students with the opportunity to integrate and apply knowledge and skills from their general education curriculum. Students will design and evaluate projects which demonstrate critical thinking and which focus on the knowledge and values leading to personal and professional success. The course will provide students with an opportunity to explore the personal, social, and practical issues of transition to a senior institution or work environment.
**Mass Communication (MCOM)**

<table>

</thead>
<tbody>
<tr>
<td>MCOM 110</td>
<td>Introduction to Mass Communication</td>
<td>T</td>
<td>Credits 3 • Lecture 3 • Lab 0 • Repeat 0</td>
<td></td>
<td>Provides an overview of the nature, functions, and responsibilities of the mass communication industries in a global environment with an emphasis on the media’s role in American society. IAI Code: MC 911</td>
</tr>
<tr>
<td>MCOM 120</td>
<td>Introduction to Video Production - Field</td>
<td>T</td>
<td>Credits 3 • Lecture 3 • Lab 0 • Repeat 0</td>
<td></td>
<td>Introduces students to the application of fundamental non-studio video production techniques. Includes terminology, conceptualization, basic script writing, field audio operations, and lighting in a non-studio setting. IAI Code: MC 916</td>
</tr>
<tr>
<td>MCOM 131</td>
<td>Journalism Practicum</td>
<td>T</td>
<td>Credits 2 • Lecture 0 • Lab 4 • Repeat 4</td>
<td>Placement into ENGL 121 or completion of COMM 090 with a “B” or better.</td>
<td>This is a course in applied journalism practices. It will offer students the opportunity to earn credit for serving on the staff of the college’s news publication, The Highland Chronicle. Students will learn and apply basic news writing and editing principles and participate in the preparation and production of The Chronicle both online and in print.</td>
</tr>
<tr>
<td>MCOM 150</td>
<td>Introduction to Film</td>
<td>T</td>
<td>Credits 3 • Lecture 3 • Lab 0 • Repeat 0</td>
<td></td>
<td>Examines the craft and art of film to improve understanding and appreciation of cinematic media. The course consists of viewing and discussing representative films from various American film genres. IAI: F2 909</td>
</tr>
<tr>
<td>MCOM 185</td>
<td>Introduction to Radio Production</td>
<td>T</td>
<td>Credits 3 • Lecture 2 • Lab 2 • Repeat 0</td>
<td>Placement into ENGL 121 or completion of COMM 090 with a “B” or better.</td>
<td>An introduction to audio production techniques and equipment operation, which includes terminology, basic script writing, editing, mixing, and producing a variety of long- and short-form audio projects.</td>
</tr>
<tr>
<td>MCOM 186</td>
<td>Radio Practicum</td>
<td>T</td>
<td>Credits 1 • Lecture 0 • Lab 2 • Repeat 1</td>
<td>Instructor permission.</td>
<td>Provide students the opportunity to earn credit for operating the college’s radio station in various positions, including as on-air talent. A maximum of four (4) credits may be earned in this course.</td>
</tr>
<tr>
<td>MCOM 187</td>
<td>Radio Management</td>
<td>T</td>
<td>Credits 2 • Lecture 0 • Lab 4 • Repeat 1</td>
<td>Placement into SPCH 186</td>
<td>This is the capstone course for students participating in the college’s radio program. Students in this course will serve in management roles overseeing the functions and operations of the college’s radio station. Based on the student’s areas of interest, the student may serve as program manager, music manager, advertising manager, or in various other positions. A maximum of four (4) credits may be earned in this course.</td>
</tr>
<tr>
<td>MCOM 205</td>
<td>Film History and Appreciation</td>
<td>T</td>
<td>Credits 3 • Lecture 3 • Lab 0 • Repeat 0</td>
<td></td>
<td>Film History and Appreciation is a survey of film as an art form and industry. Particular emphasis is placed on lighting, sound, genre characteristics, image composition, editing, criticism, and social implications. IAI Code: F2 908</td>
</tr>
<tr>
<td>MCOM 220</td>
<td>Introduction to Public Relations</td>
<td>T</td>
<td>Credits 3 • Lecture 3 • Lab 0 • Repeat 0</td>
<td></td>
<td>Provides an overview of the practices, theories, ethics, issues, and problems of public relations. Integrated into the course are practical applications. IAI Code: MC 913</td>
</tr>
<tr>
<td>MCOM 231</td>
<td>News Reporting</td>
<td>T</td>
<td>Credits 3 • Lecture 3 • Lab 0 • Repeat 0</td>
<td>Placement into ENGL 121 or completion of COMM 090 with a “B” or better.</td>
<td>This course is designed as an introduction to news writing skills. Throughout the course, students learn about research, writing, editing, and publishing news stories for a variety of media types. Emphasis will be on developing feature stories and news reporting. Journalistic ethics, effective research, publishing in print and online, using social media as a journalistic tool, and photo editing and cut line writing will be the focus of the course content. IAI Code: MC 919</td>
</tr>
</tbody>
</table>
MCOM 232  
**News Editing**  
COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0  
PREREQUISITE: Completion of MCOM 231.  
This course is designed for students who wish to further develop news writing skills. It is a continuation of News Reporting, though emphasis will be on editing and rewriting news stories. Emphasis will be on fact checking, editing principles, and AP guidelines, though journalistic ethics, effective research, publishing in print and online, using social media as a journalistic tool, and photo editing will also be covered. IAI Code: MC 920

MCOM 289  
**Film History Appreciation**  
*COURSE DATA: CREDITS: 3; LECTURE 3, LAB 0, REPEAT 0  
Film History and Appreciation is a survey of film as an art form and industry. Particular emphasis is placed on lighting, sound, genre characteristics, image composition, editing, criticism, and social implications.

MCOM 290  
**Mass Communication Internship**  
COURSE DATA: CREDITS: 3 • LECTURE: 6 • LAB:6 • REPEAT: 0  
PREREQUISITE: Permission from Director of Mass Communication. Also co-requisite with MCOM 299.  
A capstone course that provides students real-world opportunities in the field of public relations, advertising, journalism, or media production. Students must receive permission from the Director of Mass Communication to enroll in this course.

MCOM 299  
**Mass Communication Portfolio**  
COURSE DATA: CREDITS: 1 • LECTURE: 0 • LAB:2 • REPEAT: 0  
PREREQUISITE: Permission from Director of Mass Communication. Also co-requisite with MCOM 290.  
A capstone course for students to submit a portfolio of work to demonstrate functional understanding of the concepts learned in the fields of public relations, advertising, journalism, or media production. Students must receive permission from the Director of Mass Communication to enroll in this course.

Mathematics (MATH)

MATH 055  
**Basic Math**  
*COURSE DATA: CREDITS: 2 • LECTURE: 2 • LAB: 0 • REPEAT: 3  
PREREQUISITE: Placement into MATH 055  
This course helps students develop a proficiency of the fundamental mathematical skills needed to prepare for further studies in mathematics. Topics include: adding, subtracting, multiplying, and dividing with whole numbers. An introduction to fractions will be added if time allows. Techniques to reduce math and test anxiety, time management, and math test taking skills will also be emphasized. A maximum of eight (8) credit hours may be earned in this course.

MATH 058  
**Pre-Algebra I**  
*COURSE DATA: CREDITS: 2 • LECTURE: 2 • LAB: 0 • REPEAT: 3  
PREREQUISITE: Grade of "C" or better in MATH 055 or placement into MATH 058  
This is a transitional math course designed to review the basic math skills needed for subsequent math courses. Topics will include basic operations with whole numbers and fractions, prime factorization, exponent notation, greatest common factor, and least common multiples. Problem solving will be related to each topic. Techniques to reduce math and test anxiety, time management, and math test taking skills will also be emphasized. A maximum of eight (8) credit hours may be earned in this course.

MATH 059  
**Pre-Algebra II**  
*COURSE DATA: CREDITS: 2 • LECTURE: 2 • LAB: 0 • REPEAT: 3  
PREREQUISITE: Grade of "C" or better in MATH 058 or placement into MATH 059  
This course is a review of basic arithmetic operations involving decimals, ratios, percent, proportions, and order of operations. Decimal notation and place value, rounding and estimation, conversion of fractions to decimals, simple algebraic functions, problem solving functions, and an introduction to signed numbers will be included. Problem solving will be related to each topic. A maximum of eight (8) credit hours may be earned in this course.

MATH 062  
**Plane Geometry**  
*COURSE DATA: CREDITS: 4 • LECTURE: 4 • LAB: 0 • REPEAT: 3  
PREREQUISITE: Grade of "S" or "C" or better in MATH 067 or placement beyond MATH 067  
This course is offered in the computer lab. The basic format is self-instruction through the medium of computer software and a reference book and with the help of qualified instructors. Includes the study of angles, triangles, polygons, quadrilaterals, circles, transformations, parallel and perpendicular lines, computation of areas, and geometric proofs. Course makes use of the CAI Geometry series by Plato Educational Courseware. This developmental course is equivalent to a one-year high school geometry course.
### MATH 066  
**Basic Algebra I**  
**Course Data:** Credits: 2 • Lecture: 2 • Lab: 0 • Repeat: 3  
**Prerequisite:** Grade of "S" or "C" or better in MATH 059 or placement into MATH 066  

Topics include positive and negative real numbers, solving linear equations and inequalities, and applications and graphing of linear equations. Problem solving will be related to each topic. Techniques to reduce math and test anxiety, time management, and math test taking skills will also be emphasized. A maximum of eight (8) credit hours may be earned in this course.

### MATH 067  
**Basic Algebra II**  
**Course Data:** Credits: 2 • Lecture: 2 • Lab: 0 • Repeat: 3  
**Prerequisite:** Grade of "C" or better in MATH 066 or placement into MATH 067  

Topics include integer exponents, operations with polynomials, factoring, rational expressions, linear equations, graphing of lines, radical expressions, solving systems of equations, and solving quadratic equations. Problem solving will be related to each topic. Techniques to reduce math and test anxiety, time management, and math test taking skills will also be emphasized. A maximum of eight (8) credit hours may be earned in this course.

### MATH 111  
**Technical Mathematics I**  
**Course Data:** Credits: 3 • Lecture: 3 • Lab: 0 • Repeat: 0  
**Prerequisite:** MATH 061 or placement into MATH 065  

Includes a study of numbers, measurements, algebra, geometry, and trigonometry as it relates to mechanical devices and equipment. This is a specially designed course for students in fields such as Machine Processes, Industrial Technology, Welding, and Mechanics.

### MATH 157  
**Combined Basic Algebra and Intermediate Algebra**  
**Course Data:** Credits: 5 • Lecture: 5 • Lab: 0 • Repeat: 3  
**Prerequisite:** Grade of "A" in both MATH 058 and MATH 059 or equivalent, placement into MATH 158 or consent of instructor  

This one semester, accelerated course is an intermediate algebra course combined with a review of basic algebra. Topics include: algebraic operations on polynomial, rational, and exponential functions. Students will solve linear, quadratic, rational, and absolute value equations and inequalities algebraically and graphically, systems of equations, radical expressions, and quadratic equations. Techniques to reduce math and test anxiety, time management, and math test taking skills will also be emphasized. Upon completion, students should be able to apply algebraic concepts in problem solving using appropriate technology. A maximum of twenty (20) credit hours may be earned in this course.

### MATH 158  
**Intermediate Algebra I**  
**Course Data:** Credits: 2 • Lecture: 2 • Lab: 0 • Repeat: 3  
**Prerequisite:** Grade of "S" or "C" or better in MATH 065 or MATH 067 or placement into MATH 158  

Topics include operations with real numbers and algebraic expressions, equations, inequalities, absolute value equations, graphs and functions, systems of equations and inequalities and problem solving. Techniques to reduce math and test anxiety, time management, and math test taking skills will also be emphasized. Upon completion, students should be able to apply algebraic concepts in problem solving using appropriate technology. A maximum of eight (8) credit hours may be earned in this course.

### MATH 159  
**Intermediate Algebra II**  
**Course Data:** Credits: 2 • Lecture: 2 • Lab: 0 • Repeat: 3  
**Prerequisite:** Grade of "C" or better in MATH 158 or placement into MATH 159  

Topics will include operations with polynomials and polynomial functions, rational expressions, radical, complex numbers, quadratic equations, and functions. Techniques to reduce math and test anxiety, time management, and math test taking skills will also be emphasized. Upon completion, students should be able to apply algebraic concepts in problem solving using appropriate technology. A maximum of eight (8) credit hours may be earned in this course.

### MATH 163  
**Precalculus**  
**Course Data:** Credits: 5 • Lecture: 5 • Lab: 0 • Repeat: 0  
**Prerequisite:** Grade of "C" or better in MATH 157 or MATH 159 or placement beyond MATH 159 and one year high school geometry or MATH 062  

This is an accelerated course designed for Engineering majors or Chemistry majors who need to attain quickly the background necessary to enroll in the Calculus sequence. This course includes a study of equations involving quadratics, complex numbers, relations, functions and their transformations, rational functions, exponential and logarithmic functions, and series and sequences. Also included is the study of trigonometric functions, functions of multiple angles, trigonometric equations and identities, rational measure, inverse functions, and graphs.

### MATH 164  
**Mathematics for Elementary Teachers I**  
**Course Data:** Credits: 4 • Lecture: 4 • Lab: 0 • Repeat: 0  
**Prerequisite:** Grade of "C" or better in MATH 162 or MATH 157 or MATH 159 or placement beyond MATH 162 or MATH 159 and one year high school geometry or MATH 062  

Provides the basic theory that underlies the mathematical topics in elementary math-curricula and emphasizes mathematical reasoning and problem solving. Topics covered include problem solving, set theory, number systems, number theory, operations in the various number systems, ratios, percents, and variation.
MATH 165
Quantitative Literacy in Mathematics
*COURSE DATA: CREDITS: 4 • LECTURE: 4 • LAB: 0 • REPEAT: 0
PREREQUISITE: Grade of “C” or better in MATH 162 or MATH 157 or MATH 159 or placement beyond MATH 162 or beyond MATH 159

The course satisfies the General Education Math requirement. The topics selected for the course include elementary logic, probability and statistics, geometry, estimation, personal finance, and problem solving methods. The computer and graphing calculator will be used as problem-solving tools. IAI Code: M1 901

MATH 166
College Algebra
*COURSE DATA: CREDITS: 4 • LECTURE: 4 • LAB: 0 • REPEAT: 0
PREREQUISITE: Grade of “C” or better in MATH 162 or MATH 157 or MATH 159 or placement into MATH 166 and one year high school geometry or MATH 062

A course that is offered as a lecture course or in the Highland Community College Computer Math Lab. The basic format is self-instruction through the medium of a programmed self-teaching text, computer software, and with the help of qualified instructors. Reviews the fundamental operations of algebra followed by a study of equations and applications involving quadratics, complex numbers, relations, functions and transformations, matrices, determinants, exponential and logarithmic functions. Applications involving Linear Programming will also be explored.

MATH 167
Plane Trigonometry
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
PREREQUISITE: Grade of “C” or better in MATH 166

Plane Trigonometry includes the study of trigonometric functions, right triangle applications, functions of multiple angles, trigonometric equations and identities, radian measure, inverse functions, the oblique triangle, graphs of Trigonometric functions, and Euler’s form of the complex number.

MATH 168
Analytic Geometry and Calculus I
*COURSE DATA: CREDITS: 5 • LECTURE: 5 • LAB: 0 • REPEAT: 0
PREREQUISITE: Grade of “C” or better in MATH 163 or MATH 167 and MATH 166

Analytic Geometry and Calculus I is the first of a three-semester sequence giving an integrated treatment of analytic geometry, and differential and integral calculus. The first semester includes real numbers, functions, limits of functions; continuity; derivatives; techniques of differentiation; implicit differentiation; higher derivatives; application of differentiation to graphing, motion and maxima/minima problems, indefinite and definite integration; conic sections, analytic geometry, and translations and rotations of axes. IAI Codes: GECC M1 900-1, Major MTH 901

MATH 169
Applied Practical Math
*COURSE DATA: CREDITS: 4 • LECTURE: 4 • LAB: 0 • REPEAT: 0
PREREQUISITE: Grade of “C” or better in MATH 157 or MATH 159 or equivalent or placement beyond MATH 159 and one year high school geometry proficiency

Applied Practical Math is designed primarily as a terminal course in mathematics for students who do not plan to pursue a science curriculum. The course satisfies the General Education Math requirement. The topics selected for the course include counting techniques, probability and statistics, and personal finance. The computer and graphing calculator will be used as a problem solving tool. Pending IAI Code: GECC M1 904

MATH 171
Finite Mathematics
*COURSE DATA: CREDITS: 4 • LECTURE: 4 • LAB: 0 • REPEAT: 0
PREREQUISITE: Grade of “C” or better in MATH 166

Introduces finite mathematics for the student in business or social science. Topics covered include: properties of real numbers, functions, their graphs, systems of equations, interest rates, amortized debt, basic matrix theory, matrix operations, determinants, Gaussian elimination, linear programming, tableaux transformation, simplex (max-min) algorithms, counting methods, probability and Bayes’ theorem. Business and social science applications are emphasized. IAI Code: GECC M1 906

MATH 172
Calculus for Business and Social Science
*COURSE DATA: CREDITS: 4 • LECTURE: 4 • LAB: 0 • REPEAT: 0
PREREQUISITE: Grade of “C” or better in MATH 166 or MATH 163

Introduces calculus to the student in business or social science. Topics covered include: functions, limits, differential calculus, differentiation rules, continuity, logarithmic and exponential differentiation, maxima and minima of functions, integral calculus, techniques of integration including substitution and integration by parts, definite integrals, multivariable functions, and partial derivatives. Business and Social Science applications are emphasized. IAI Code: GECC M1 900-B

MATH 174
Mathematics for Elementary Teachers II
*COURSE DATA: CREDITS 3 • LECTURE 3 • LAB 0 • REPEAT: 0
PREREQUISITE: Grade of “C” or better in MATH 164

The second semester of the two-semester sequence for prospective elementary teachers. Topics covered include an introduction to probability and statistics, geometry, measurement of plane and space figures, constructions, congruence and similarity mappings, and measurement including perimeter, area, volume, and surface area. IAI Code: GECC M1 903
**MATH 177**

**Statistics**

*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0*

PREREQUISITE: Grade of “C” or better in MATH 162 or MATH 159

Provides the background necessary for the student to understand the wide range of statistical concepts encountered and used in daily life. Topics covered include: measurement of central tendency, variability, graphical representations of data, distributions, probability, sampling, hypothesis testing, linear regression, and correlation. This class is also offered in an online format. See the current class schedule. IAI Code: GECC M1 902

---

**MATH 262**

**C Programming for the Sciences and Engineering**

*COURSE DATA: CREDITS: 4 • LECTURE: 4 • LAB: 0 • REPEAT: 0*

PREREQUISITE: Grade of “C” or better in MATH 168

Explores C programming language for math, science and engineering students. A thorough study of C syntax, structured programming, algorithm development, and problem solving that is covered in the course. Programming applications include temperature conversion, finding roots of a quadratic equation, Euclid’s algorithm for greatest common factor and least common multiple, finding roots of a polynomial using the Newton/Raphson Method, matrix operations, descriptive statistics, Monte Carlo simulation of an electric circuit, permutations and combinations using recursion, and a data base application.

---

**MATH 265**

**Differential Equations**

*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0*

PREREQUISITE: Grade of “C” or better in MATH 268

This course is an introduction to methods of solving differential equations of the first order as well as applications of first order differential equations to physical problems. The methods for first-order differential equations include numerical techniques, separation of variables, substitution methods, exact equation techniques, and identification of integrating factors. Certain types of higher order equations will be studied. Linear independence and the Wronskian of higher order equations will be covered. Methods for solving homogeneous and nonhomogeneous equations of higher order include the method of undetermined coefficients, reduction of order, and variation of parameters. LaPlace transforms and power series methods will also be studied, as well as some applications of second order equations. IAI Code: Major MTH 912

---

**MATH 268**

**Analytic Geometry and Calculus II**

*COURSE DATA: CREDITS: 5 • LECTURE: 5 • LAB: 0 • REPEAT: 0*

PREREQUISITE: Grade of “C” or better in MATH 168

This course covers topics that include, applications of the integral to area between curves, length of a plane curve, area of surface of revolution, and volumes of revolution, an introduction to hyperbolic functions, a review of logarithmic and exponential functions, derivatives and integrals of logarithmic, exponential and inverse trigonometric functions, techniques of integration, approximations of definite integrals, improper integrals, L’Hôpital’s rule, sequences and series, convergence tests of series, power series, Taylor series, polar equations, and parametric equations. IAI Codes: GECC M1 900-2, Major MTH 903

---

**MATH 269**

**Analytic Geometry and Calculus III**

*COURSE DATA: CREDITS: 4 • LECTURE: 4 • LAB: 0 • REPEAT: 0*

PREREQUISITE: Grade of “C” or better in MATH 268

Topics covered include vectors in a plane, dot products and cross products in 3-space, curves and planes in 3-space, quadric surfaces, spherical curvature, partial derivatives, directional derivatives and gradient, extrema of functions in two variables, double and triple integrals in rectangular, polar cylindrical, and spherical coordinates. Topics in vector calculus, including vector fields, line integrals, Green’s Theorem, surface integrals of vector fields, and Stokes’ Theorem will be studied. IAI Codes: GECC M1 900-3, Major MTH 903

---

**MATH 270**

**Linear Algebra**

*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0*

PREREQUISITE: Grade of “C” or better in MATH 268

Introduces the student to the study of linear systems, algebra and geometry of vectors, matrices, vector spaces, determinants, eigenvalues and eigenvectors, linear transformations, and quadratic forms. An introduction to proofs will be presented throughout the course. IAI Code: Major MTH 911

MTEC 264  
Statics and Strength of Materials  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0  
PREREQUISITE: MATH 111 or placement into MATH 166 or higher  
Studies bodies at rest and the ability of materials and individual parts to resist loads. The following materials will be stressed: resultant and equilibrate of forces, moments, various force combinations, friction, simple stresses, properties of materials, riveted and welded joints, centroids, moments of inertia, beams, keys, columns, and indeterminate beams.

MTEC 270  
CNC Mill I  
*COURSE DATA: CREDITS: 3 • LECTURE: 2 • LAB: 2 • REPEAT: 0  
PREREQUISITE: INFT 110 and MATH 111 or equivalent, and MTEC 151, or consent of instructor  
Introduces the computer as an important tool in directing mill cutting operations. Conversion of dimensioned drawings into X, Y, and Z coordinates will be stressed. From this, ISO standard format G and M code language will be used (via offline editing) to create and edit programs. These programs will be used as a basis for machine set up, multiple tool offsets, dry run evaluations, and part production.

MTEC 280  
CNC Lathe I  
*COURSE DATA: CREDITS: 3 • LECTURE: 2 • LAB: 2 • REPEAT: 0  
PREREQUISITE: INFT 110 and MATH 111 or equivalent, and MTEC 151, or consent of instructor  
Introduces the computer as an important tool in directing lathe cutting operations. Conversion of dimensioned drawings into X and Z coordinates will be stressed. From this, ISO standard format G and M code language will be used (via offline editing) to create and edit programs. These programs will be used as a basis for machine set up, multiple tool offsets, dry run evaluations, and part production.

MTEC 282  
Computer Aided Manufacturing (CAM) I  
*COURSE DATA: CREDITS: 3 • LECTURE: 2 • LAB: 2 • REPEAT: 1  
PREREQUISITE: MTEC 270 and MTEC 280  
Students design typical 2D CNC manufactured parts using computer-aided drafting techniques. The designs are converted into tool paths and finally machined into parts. Tooling, raw materials, and cutting parameters are reviewed and selected for each application. A maximum of six (6) credit hours may be earned in this course.

MTEC 284  
Computer Aided Manufacturing (CAM) II  
*COURSE DATA: CREDITS: 3 • LECTURE: 2 • LAB: 2 • REPEAT: 1  
PREREQUISITE: MTEC 282 and DRAF 260  
Students develop skills constructing 2D and 3D CAD part geometry. Advanced tooling and machining operations are performed using 3D techniques. Solid model verification and machining are utilized in mold making and multi-surface 3D machining. Interfacing with industrial CAD systems and CNCs are required in the automated manufacturing of parts. A maximum of six (6) credit hours may be earned in this course.

MTEC 290  
Automation Seminar  
*COURSE DATA: CREDITS: 4 • LECTURE: 2 • LAB: 4 • REPEAT: 1  
PREREQUISITE: Completion of 21 credit hours of technical coursework and consent of manufacturing program faculty  
Provides manufacturing students with the opportunity to apply their knowledge and skills in solving one or more manufacturing problems. Students will work as a team to develop and evaluate alternative solutions to given problems. Students will also design, construct, program, troubleshoot, and refine their solutions into working models that will reflect their ability to meet challenges in a manufacturing environment. A maximum of eight (8) credit hours may be earned in this course.

MUS 150  
Fundamentals of Music  
*COURSE DATA: CREDITS: 2 • LECTURE: 2 • LAB: 0 • REPEAT: 0  
Covers musical notation, scales, intervals, sight singing, and fundamental piano skills. Recommended for music majors (judged deficient in fundamentals) and other interested students.

MUS 153  
Introduction to Audio Production  
*COURSE DATA: CREDITS: 3 • LECTURE: 2 • LAB: 2 • REPEAT: 0  
Introduction to Audio provides an overview of the fundamentals of audio and the underlying principles of sound as related to critical listening, live sound reinforcement and computer-based audio production, including recording, editing and mastering.
MUS 154  Aural Skills I  T
*COURSE DATA: CREDITS: 1 • LECTURE: 0 • LAB: 2 • REPEAT: 0
The study of sight singing and ear training utilizing diatonic materials. Course content includes the recognition of intervals, scales, as well as dictation of melodic, harmonic, and rhythmic material reinforcing concepts presented in MUS 161. Students must be registered concurrently in MUS 161.

MUS 157  Class Guitar I  T
*COURSE DATA: CREDITS: 2 • LECTURE: 1 • LAB: 2 • REPEAT: 0
Introduces the students to the fundamentals of playing the guitar. Emphasis is placed on chord progressions, reading chord symbols, left and right hand technique, and playing by ear. Literature will include folk, pop, traditional, and contemporary genres. No previous guitar experience is necessary.

MUS 158  Aural Skills II  T
*COURSE DATA: CREDITS: 1 • LECTURE: 0 • LAB: 2 • REPEAT: 0
PREREQUISITE: Entrance exam or consent of instructor. Completion or concurrent enrollment of MUS 162
The study of sight singing and ear training utilizing diatonic materials. Course content includes the recognition of intervals, scales, as well as dictation of melodic, harmonic, and rhythmic material reinforcing concepts presented in MUS 162. Student must be registered concurrently in MUS 162 or consent of instructor.

MUS 160  Musicianship for the Elementary Teacher  T
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
Teaches basic music skills to the elementary school teacher or elementary education student. The student will gain a working knowledge of keyboard skills along with the fundamentals of music.

MUS 161  Theory I  T
*COURSE DATA: CREDITS: 3 • LECTURE: 2 • LAB: 2 • REPEAT: 0
PREREQUISITE: Entrance exam or consent of instructor. Completion with a grade of “C” or better or concurrent enrollment of MUS 177.
Introduction to the elements of music: rhythm, melody, and harmony. The student will begin study of the harmonic language of the Baroque and Early Classical period, with special attention paid to the music of J.S. Bach. Covers harmonic concepts up to and including the dominant seventh chord and on-harmonic tones.

MUS 162  Theory II  T
*COURSE DATA: CREDITS: 3 • LECTURE:2 • LAB: 2 • REPEAT: 0
PREREQUISITE: MUS 161 with a grade of “C” or better and completion of or concurrent enrollment in MUS 178 with a grade of “C” or better or consent of instructor
Continuation of Theory I with emphasis on concepts of harmonic progression and voice leading in four-part writing of the Baroque and Classical periods. Covers harmonic concepts up to and including diatonic common chord modulation and the use of secondary dominants.

MUS 167  Class Voice I  T
*COURSE DATA: CREDITS: 2 • LECTURE: 1 • LAB: 2 • REPEAT: 0
This class considers fundamentals of vocal production and musicianship. It covers technical production of sound in general, as well as the study of diction. This course is open to all students interested in singing. All freshman vocal music majors should enroll in this course. Students of advanced ability may proficiency.

MUS 169  Vocal Ensemble I – Royal Scots  T
*COURSE DATA: CREDITS: 1 • LECTURE: 0 • LAB: 2 • REPEAT: 3 | PREREQUISITE: Audition: Approval of Instructor
The “Royal Scots” vocal jazz choir is open to all students by audition who have a proficiency and interest in choral music; the choir considers a full range of pop and jazz vocal literature. The group performs several times on campus each semester in addition to performances for other civic and community functions. This course satisfies the organizational participation required of all music majors.

MUS 170  Vocal Ensemble II – Royal Scots  T
*COURSE DATA: CREDITS: 1 • LECTURE: 0 • LAB: 2 • REPEAT: 2 | PREREQUISITE: Audition: Approval of Instructor
The “Royal Scots” vocal jazz choir is open to all students by audition who have a proficiency and interest in choral music; the choir considers a full range of pop and jazz vocal literature. The group performs several times on campus each semester in addition to performances for other civic and community functions. This course satisfies the organizational participation required of all music majors.

MUS 171  Applied Music I, II, III, IV (Major)  T
*COURSE DATA: CREDITS: 2 • LECTURE: 0 • LAB: 4 • REPEAT: 3 | PREREQUISITE: Instructor’s consent
Provides a two-year sequence of individual study in a major performance area. Required courses for all music majors in the following areas: voice, piano, organ, strings, and all band instruments. The course is open to all students wishing to continue the study of the above musical fields upon the consent of the instructor.
MUS 172  
Applied Music I, II, III, IV (Minor)  
*COURSE DATA: CREDITS: 1 • LECTURE: 0 • LAB: 2 • REPEAT: 3
Provides a two-year sequence of individual study in a minor performance area. Required courses for all music majors in the following areas: voice, piano, organ, strings, and all band instruments. (Class Piano may be taken as the Applied Music Minor.) The course is open to all students wishing to continue the study of the above musical fields upon the consent of the instructor.

MUS 174  
Chamber Jazz Ensemble  
*COURSE DATA: CREDITS: 1 • LECTURE: 0 • LAB: 2 • REPEAT: 3  
PREREQUISITE: Audition or consent of instructor
Fosters the development of improvisational skills in a combo setting. Special attention will be given to listening skills necessary for small-group interaction.

MUS 175  
Concert Choir  
*COURSE DATA: CREDITS: 1 • LECTURE: 0 • LAB: 2 • REPEAT: 3  
PREREQUISITE: Consent of the instructor.
The Chamber Singers is open to all students who have a proficiency and interest in choral music; the chorus considers a full range of vocal literature. Students are required to take part in public performances. This course satisfies the organizational participation required of all music majors.

MUS 177  
Class Piano I  
*COURSE DATA: CREDITS: 2 • LECTURE: 1 • LAB: 2 • REPEAT: 0
This is an introductory course in learning to play the piano for students with little or no background in music or the piano. Emphasis is placed on chord progressions, reading chord symbols, basic left hand patterns, sight reading, keyboard theory and traditional repertoire.

MUS 178  
Class Piano II  
*COURSE DATA: CREDITS: 2 • LECTURE: 1 • LAB: 2 • REPEAT: 0  
PREREQUISITE: MUS 177 with a grade of "C" or better or consent of instructor
Continues the ideas of Music 177. The repertoire will be more difficult and more emphasis will be placed on the practical use of the piano for the future teacher/performer. Duets, trios and small group playing will augment the solo literature.

MUS 179  
Concert Band  
*COURSE DATA: CREDITS: 1 • LECTURE: 0 • LAB: 2 • REPEAT: 3  
PREREQUISITE: Previous experience or director’s approval
This course is open to all college students who wish to participate. This group will perform music literature that appropriately fits the group.

MUS 181  
Orchestra  
*COURSE DATA: CREDITS: 1 • LECTURE: 0 • LAB: 2 • REPEAT: 3  
PREREQUISITE: Previous experience or consent of instructor
This course is open to all students wishing to develop skills in an orchestra form.

MUS 182  
Large Jazz Ensemble  
*COURSE DATA: CREDITS: 1 • LECTURE: 0 • LAB: 2 • REPEAT: 3  
PREREQUISITE: Audition or consent of instructor
A class devoted to the performance of a variety of jazz and related literature from the 20th century comprised or arranged for big-band type instrumentation. Enrollment may be limited by instrumental requirements.

MUS 183  
Chamber Singers  
*COURSE DATA: CREDITS: 1 • LECTURE: 0 • LAB: 2 • REPEAT: 3
The Chamber Singers is open to all students who have a proficiency and interest in choral music by audition; the choir considers a full range of vocal literature. Students are required to take part in public performances. This course satisfies the organizational participation required of all music majors.

MUS 185  
Jazz Improvisation I  
*COURSE DATA: CREDITS: 2 • LECTURE: 1 • LAB: 2 • REPEAT: 1  
PREREQUISITE: Three years prior musical experience or instructor approval.
An introduction to the skill of improvising in a musical setting. Emphasis on creativity with melodic and rhythmic material. Introduction to the language and nomenclature of jazz. Open to all wind, percussion, string, and vocal performers.

MUS 254  
Aural Skills III  
*COURSE DATA: CREDITS: 1 • LECTURE: 0 • LAB: 2 • REPEAT: 0
The continued study of sight singing and ear training utilizing diatonic and chromatic materials. Course content includes the recognition of intervals, scales, as well as dictation of melodic, harmonic, and rhythmic material reinforcing concepts presented in MUS 261. Students must be registered concurrently in MUS 261.

NSCI 232
Fundamentals of Meteorology
*COURSE DATA: CREDITS: 4 • LECTURE: 3 • LAB: 2 • REPEAT: 0
PREREQUISITE: MATH 067 or placement in MATH 158 or higher
Considers atmospheric energy budget, stability, temperature distribution, pressure fields, winds, moisture, clouds and precipitation, weather disturbance, and change. Course may be taken for three (3) hours of lecture; two (2) extra hours of the lab may be added for the maximum four (4) hours of credit. IAI Codes: GECC P1 905L, GECC P1 905

Nursing (NURS)

NURS 091
Basic Nursing Assistant
*COURSE DATA: CREDITS: 8 • LECTURE: 6 • LAB: 4 • REPEAT: 0
PREREQUISITE: Minimum COMPASS reading score of 40 or above or equivalent ACT.
Prepares the student for bedside care of noncritical patients under the supervision of an R.N. or L.P.N. Clinical experience in a nursing home includes physical and social rehabilitation of the aged. Emphasis is placed on the how and why of basic procedures relative to patient care. Communication skills and the understanding of the individual patient are stressed. Disease conditions most frequently encountered in hospitals and nursing homes with related nursing care are included. Delivery of course content is through 88 clock hours of lecture and 40 hours of clinical experience. Attendance is mandatory.

NURS 095
Phlebotomy Techniques
*COURSE DATA: CREDITS: 3 • LECTURE: 1 • LAB: 4 • REPEAT: 2
This class is designed to provide the healthcare professional or students on the theoretical basis necessary to perform the technique of phlebotomy using current evidenced-based principles. Blood collection techniques will be discussed which will include, but not limited to, site selection and preparation, choosing appropriate equipment, various techniques of collection, infection control standards, ethical and basic legal considerations.

NURS 103
Pharmacology
*COURSE DATA: CREDITS: 2 • LECTURE: 2 • LAB: 0 • REPEAT: 0
PREREQUISITE: Admission into the nursing program or consent of instructor.
Introduces basic principles of pharmacologic interactions within various body systems. This course also includes instruction in safe medication administration, including dosage calculations, rights of medication administration, and patient teaching.

NURS 112
Paramedic I
*COURSE DATA: CREDITS: 11 • LECTURE: 10 • LAB: 2 • REPEAT: 0
PREREQUISITE: Successful completion of EMT-Basic course with a “C” or better or consent of instructor and acceptance into program.
The purpose of this course is to introduce students to the emergency medical services at the level of a paramedic emergency medical technician. (Pending ICCB Approval)

NURS 113
Paramedic II
*COURSE DATA: CREDITS: 11.5 • LECTURE: 10 • LAB: 3 • REPEAT: 0
PREREQUISITE: Successful completion of Paramedic I with a “C” or better or consent of instructor
The purpose of this course is to build upon Paramedic I as students develop in their progression to the emergency medical services at the level of a paramedic emergency medical technician. (Pending ICCB Approval)

NURS 114
Paramedic III
*COURSE DATA: CREDITS: 11.5 • LECTURE: 10 • LAB: 3 • REPEAT: 0
PREREQUISITE: Successful completion of Paramedic II with a “C” or better or consent of instructor
The purpose of this course is to continue building upon the development of students to the emergency medical services at the level of a paramedic emergency medical technician, integrating clinical decision-making. (Pending ICCB Approval)

NURS 115
Paramedic IV
*COURSE DATA: CREDITS: 7 • LECTURE: 5 • LAB: 4 • REPEAT: 0
PREREQUISITE: Successful completion of Paramedic III with a “C” or better or consent of instructor
The purpose of this course is to present final content related to emergency medical services at the level of a paramedic emergency medical technician, as well as to evaluate the student’s acquisition of knowledge and skills. (Pending ICCB Approval)

NURS 116
Paramedic Clinical
*COURSE DATA: CREDITS: 2 • LECTURE: 0 • LAB: 4 • REPEAT: 1
PREREQUISITE: Successful completion of Paramedic II with a grade of “C” or better or consent of instructor. Students will need to have a solid knowledge base from Paramedic I and II to perform successfully in the clinical setting.
The purpose of this course is to provide students with a concentrated clinical experience at the level of paramedic emergency medical technician, integrating clinical decision-making.
NURS 120
Medical Assist. Clinical Procedures I
*COURSE DATA: CREDITS: 4 • LECTURE: 3 • LAB: 2 • REPEAT: 0
Clinical Procedures I is a beginning course that focuses on the theory and basic skills required in the ambulatory care setting including OSHA guidelines, applying principles of aseptic technique and infection control, obtaining and recording of health history, preparation in assisting for physical assessment, procedures and treatment, client instruction and education with appropriate safety methods.

NURS 121
Medical Assist. Clinical Procedures II
*COURSE DATA: CREDITS: 6 • LECTURE: 3 • LAB: 6 • REPEAT: 0
Clinical Procedures II is a course of theory and practical study of preparing patients for minor surgery; assisting with minor surgery, cardiopulmonary procedures, and radiologic and diagnostic testing, administration of medications, basic laboratory specimen collection and survey of selected laboratory specimens with emphasis on appropriate safety and quality control methods.

NURS 122
Medical Assistant Seminar
*COURSE DATA: CREDITS: 2 • LECTURE: 2 • LAB: 0 • REPEAT: 0
This course provides an opportunity for reading, discussion, and integration of professional issues relating to practice as a medical assistant, including application of communication skills, conflict resolution, customer relations, ethical issues, legal implications, provider relations, and employment skills.

NURS 123
Medical Assistant Externship
*COURSE DATA: CREDITS: 6 • LECTURE: 1 • LAB: 10 • REPEAT:
This course provides an opportunity for practical application of information and skills learned in the campus portion of the program. Students are required to complete 160 hours of unpaid work as a medical assistant in a health care facility. Students will be evaluated every week and at the end of the externship on their performance in a health care facility. The site location process is a guided, cooperative effort between the College and the individual student and is instituted at an appropriate time during the program. All sites are required to have approval of the Medical Assistant Coordinator.

NURS 124
Patho-Pharmacology
*COURSE DATA: CREDITS: 4 • LECTURE: 4 • LAB: 0 • REPEAT: 2
Introduction to Patho-Pharmacology provides a solid foundation for the health care worker of general pathology, including injury, inflammation and neoplasia, along with a more detailed review of each organ system including a description of disease, etiology, pathogenesis, pathology, clinical features and treatment, including introductory pharmacology principles, interactions within body systems and the introduction of mathematical formulas and safe administration of medication.

NURS 125
Fundamentals of Electronic Health Records
*COURSE DATA: CREDITS: 2 • LECTURE: 1 • LAB: 2 • REPEAT: 0
Fundamental concepts, terminology and functions associated with electronic health record (EHR) systems in the health care provider practice. Covers the role of EHR in facilitating complete documentation, efficient workflow and timely communications among clinicians, staff and patients. Introduces strategies and action steps required for successful EHR implementations. Includes practice exercises to provide hands-on experience using EHR software in complete common work tasks in the health care provider office setting.

NURS 126
Administrative Procedures in Health Care
*COURSE DATA: CREDITS: 4 • LECTURE: 2 • LAB: 4 • REPEAT: 0
This course is designed to meet the administrative duties of Medical Assistant in accordance with the Commission on Accreditation of Allied Health Education Programs (CAAHEP) curriculum requirements. Within this course the student will gain the knowledge, skills and behaviors needed for the performance of entry-level administrative duties commonly found in the medical office. Instruction will focus upon procedures related to reception, scheduling of patient records, medical records management, the use of medical office equipment, computer use in an ambulatory-care setting, safety accounting procedures, and insurance and coding. Current technology will be utilized to master course standards.

NURS 184
Nutrition and Diet Therapy
*COURSE DATA: CREDITS: 2 • LECTURE: 2 • LAB: 0 • REPEAT: 0
This course is designed to provide knowledge about the basic principles of nutrition, nutrition in wellness and nutrition in health care. The topics covered include health promotion through nutrition and nursing practice, wellness, nutrition and the nursing role, and an overview of medical nutrition therapy.

Introduction to basic mental health nursing concepts, principles and skills necessary for nurse/client relationships, assessment, and facilitation of client adaptation.

Pathophysiology provides a foundation of knowledge about human physiology and the changes that may result from disease and/or injury. These concepts support nursing judgment and care.

This course is designed to introduce the concepts foundational to the practice of nursing. The student will develop basic skills in utilizing the nursing care process. Upon completion of this course, students will be able to identify the knowledge, skills and attitudes necessary to provide safe nursing care with supervision.

This course is designed to provide an introduction to medical-surgical nursing while further developing an alignment of program outcomes pertaining to well, stable acute, and stable chronic populations. Upon completion of this course, students will be able to demonstrate the knowledge, skills and attitudes necessary to provide safe nursing care incorporating the concepts identified in this course with supervision.

Reviews the history and roles of the licensed practical nurse, legal and ethical responsibilities, health-team relationships, continuing education programs, and international aspects of nursing.

Describes the concepts of physiological, psychosocial, and societal needs of the elderly person and nursing’s responsibilities to the older population.

Trains operators of emergency vehicles (ambulances). Upon successful completion of the course, the student will receive a certificate from the Swedish American Hospital/EMS and will be eligible to take the Illinois State or National Registry of Emergency Medical Technician examination.

This course is designed to facilitate success of the returning practical nurse (LPN) in the Associate Degree of Nursing program (registered nurse - RN). It is intended to augment the knowledge base and skills of the LPN by providing a formal review of identified needs in the following areas: medical-surgical nursing, family nursing, nursing clinical skills, care planning, clinical reasoning, simulation, communication, APA writing, study skills, and test-taking strategies.

This course is designed to explore the ethical and legal aspects of practice in the field of health care and the relationship between health ethics and law. Legal guidelines for practice as well as a framework for resolving ethical dilemmas will be discussed.

This course is designed to further develop the concepts foundational to the program outcomes of providing safe, cost-effective, client-centered care to beginning families and children using collaboration, communication, and clinical reasoning through the nursing process. Upon completion of this course, students should be able to provide safe nursing care incorporating the identified concepts with supervision.

Health and Illness II is a course which incorporates a progressive understanding of care and maintenance of patients in unstable chronic and stable acute population. Upon completion of this course, students will be able to demonstrate the knowledge, skills and attitudes necessary to provide safe nursing care incorporating the concepts identified in this course with supervision.
### NURS 293
**Psychiatric Nursing**

*COURSE DATA: CREDIT: 5 • LECTURE: 4 • LAB/Clinical: 1 Credit/2 Hours • REPEAT: 0*

PREREQUISITES: Admission into the nursing program or consent of instructor.

This course is designed to focus on application of the nursing process within a multidisciplinary team approach as a means of providing health care to various age groups with psychiatric mental health disorders and chemical dependence. Student development in the following roles is emphasized: communicator in the therapeutic nurse-client relationship, advocate of client’s rights and caregiver. Communication skills, mental health assessment, and various therapeutic interventions are utilized by students.

### NURS 294
**Health & Illness III**

*COURSE DATA: CREDITS: 8 • LECTURE: 4 • LAB/Clinical: 4 Credits/8 Hours • REPEAT: 0*

PREREQUISITES: Completion of NURS 292 with a “C” or better or consent of instructor.

This course is designed to explore complex relationships and application of concepts employed in previous semesters. It will address care in complex patient situations, including patients with multiple co-morbidities, those with complex challenges affecting their health and well-being, and those in life-threatening situations. Upon completion, students will be able to demonstrate the knowledge, skills, and attitudes necessary to provide safe, quality, individualized nursing care at the entry level.

### NURS 296
**Physical Assessment for Nurses**

*COURSE DATA: CREDITS: 3 • LECTURE: 2 • LAB: 2 • REPEAT: 1*

Develops initial skills in physical assessment; relates fundamental elements of anatomy and physiology necessary for physical assessment; develops basic skills of inspection, palpation, auscultation, and percussion; and coordinates the above skills into the clinical techniques of physical assessment consistent with the expanded role of the professional nurse.

### NURS 298
**Professionalism and Leadership in Nursing**

*COURSE DATA: CREDIT: 2 • LECTURE: 2 • LAB: 0 • REPEAT: 0*

PREREQUISITES: Admission into the nursing program or consent of instructor.

This course is designed to introduce and develop the concepts of nursing professionalism and leadership. Delivery of course content is done hybrid through online discussions, assignments, and intermittent class participation throughout the semester.

### Occupational Education (OCED)

#### OCED 117
**Occupational Safety**

*COURSE DATA: CREDITS: 3V • LECTURE: 0 • LAB: 0 • REPEAT: 0*

Provides general instruction in safety education. The student will become familiar with the vocabulary and materials that are essential for an effective safety program. Upon successful completion of the course and passing the final test, students will receive an OSHA 10-hour card.

#### OCED 250
**Career Seminar**

*COURSE DATA: CREDITS: 1 • LECTURE: 1 • LAB: 0 • REPEAT: 2*

Career Seminar integrates discussion, speakers, and panel formats to emphasize the importance of business etiquette and professionalism in today’s work world. A major focus of this course is preparing the resume as a key tool for a successful job hunt, as well as the importance of cover letters, references, and letters of recommendation. Other topics include nontraditional job hunting strategies, personal presentation, effective networking and interviewing skills, and workplace expectations. Guest speakers from the community are spotlighted throughout this course.

#### OCED 290
**Workplace Experience**

*COURSE DATA: CREDITS: 4V • LECTURE: 1 • LAB: 6 • REPEAT: 2*

PREREQUISITE: Completion of 21 credit hours of technical coursework and consent of program faculty.

The internship will provide students with practical experience in area institutions, businesses, or manufacturing environments. Students working with one or more intern sponsors will learn entry-level skills and career requirements, workplace expectations, business operations, and industrial or professional applications. Students are required to attend orientation and summary meetings, satisfactorily complete planning and reporting requirements, and work specific hours at the work site under the direction of the sponsor. Internships are available in the following areas: Agriculture, Automotive, Business & Accounting, Cosmetology, Early Childhood Education, Equine, Information Systems, Information Technology, Healthcare, Hospitality, Manufacturing, Office Technology, and Wind Turbine Technology. A maximum of twelve (12) credit hours may be earned in this course.
Office Technology (OFFT)

**Courses marked with a double asterisk are delivered in Highland’s individualized Office Technology Lab. This lab is staffed at all times with an instructor to assist students with course work. Students are able to proceed through many courses at their own rate and at times that are convenient to both the traditional student and to the person wishing to train for a new field or to upgrade his/her skills.**

**OFFT 151**

Keyboarding/Formatting I

*COURSE DATA: CREDITS: 4V • LECTURE: 4 • LAB: 0 • REPEAT: 1

**Offered in the Office Technology Lab where class time and the learning pace are set by the individual student within regularly scheduled lab hours.**

Develops techniques and proficiency in keyboarding. This course is for students with little or no previous keyboarding training. Course production work emphasizes various keyboarding projects, including reports, business letters, and tables. The course is designed for students interested in obtaining keyboarding ability to help them in their schoolwork and future professions.

**OFFT 152**

Keyboarding/Formatting II

*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0

**PREREQUISITE: Grade of “C” or better in OFFT 151 or consent of instructor

**Offered in the Office Technology Lab where class time and the learning pace are set by the individual student within regularly scheduled lab hours.**

Provides advanced drill work to develop speed and accuracy. This course includes business letters, tables, correspondence, reports, business forms, and punctuation.

**OFFT 156**

Keyboarding Speed and Accuracy Development

*COURSE DATA: CREDITS: 1 • LECTURE: 0 • LAB: 2 • REPEAT: 1

**PREREQUISITE: An HCC keyboarding course or keyboarding experience or consent of instructor

**Offered in the Office Technology Lab where class time and the learning pace are set by the individual student within regularly scheduled lab hours.**

Improves keyboarding speed and accuracy. Students will complete a series of computerized timed writings for both speed and accuracy. A variety of drills will be available to students.

**OFFT 161**

Proofreading

*COURSE DATA: CREDITS: 1 • LECTURE: 1 • LAB: 0 • REPEAT: 0

**PREREQUISITE: INFT 131 or concurrent enrollment or consent of instructor

**Offered in the Office Technology Lab where class time and the learning pace are set by the individual student within regularly scheduled lab hours.**

Develops the student’s ability to locate errors commonly made in the areas of spelling, word division, capitalization, number usage, word usage, grammar, and punctuation. This is a valuable course for anyone involved in written communication.

**OFFT 162**

Pre-Transcription Skills

*COURSE DATA: CREDITS: 1 • LECTURE: 1 • LAB: 0 • REPEAT: 0

**PREREQUISITE: COMM 090 or placement into ENGL 121

**Offered in the Office Technology Lab where class time and the learning pace are set by the individual student within regularly scheduled lab hours.**

Presents a review of punctuation, spelling, capitalization, number usage, and abbreviation style in a context that requires application for the purpose of proofreading and editing. Students must demonstrate a knowledge of syntax and sentence correctness necessary for the application of pre-transcription skills which meet business and industry standards.

**OFFT 163**

Machine Transcription I

*COURSE DATA: CREDITS: 1 • LECTURE: 1 • LAB: 0 • REPEAT: 0

**PREREQUISITE: OFFT 151 and OFFT 162 or concurrent enrollment or consent of instructor

**Offered in the Office Technology Lab where class time and the learning pace are set by the individual student within regularly scheduled lab hours.**

Develops transcription speed by keying prepared, dictated material from sound files. This course emphasizes a high degree of skill and speed in transcribing business documents.

**OFFT 164**

Machine Transcription II

*COURSE DATA: CREDITS: 1 • LECTURE: 1 • LAB: 0 • REPEAT: 0

**PREREQUISITE: Grade of “C” or better in Machine Transcription I or consent of instructor. May take concurrently with Machine Transcription I. **Offered in the Office Technology Lab where class time and the learning pace are set by the individual student within regularly scheduled lab hours.**

A continuation of the Machine Transcription I course emphasizing transcription speed by keying prepared, dictated material from sound files. This course emphasizes a high degree of skill and speed in transcribing business documents.

**OFFT 255**

Office Procedures

*COURSE DATA: CREDITS: 4 • LECTURE: 4 • LAB: 0 • REPEAT: 0

**PREREQUISITE: Concurrent enrollment in OFFT 151 or consent of instructor

Gives students an understanding of business from the standpoint of the secretary. Studies office procedures connected with correspondence, the telephone, filing principles, office systems, mail, reference books, Internet, and office relationships, including the secretary’s role in management.

**LECTURE:**

**LAB:**

**REPEAT:**
Philosophy (PHIL)

PHIL 180
Survey of World Religions
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
This course introduces major world religions such as Hinduism, Buddhism, Islam and other tangent faiths. It is intended to expand the student's awareness and appreciation of the major faiths practiced by the people of our world. IAI Code: H5 904N

PHIL 185
Introduction to Religion
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • LECTURE: 0
An introduction to the experience of religion in human life. The student will explore some of the primary forms of religious expression.

PHIL 281
Introduction to Philosophy
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
Introduces persistent philosophic concerns such as varieties of truth, existence of God, and the nature of faith, personal identity, freedom, ethics, and justice through discussion of traditional and contemporary readings. Students will develop the skills necessary to evaluate these concerns and to develop, clarify, and express their own philosophical viewpoints. IAI Code: H4 900

PHIL 282
Ethics
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
Encourages the development of moral self-awareness and self-evaluation and identifies the value of personal and social moral responsibility. To this end, students study essays dealing with selected ethical theories, the nature of particular virtues, and vices and the desirability of personal ethics. IAI Code: H4 904

PHIL 283
Introduction to Logic
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
Considers the nature and structure of argument, role of language in argumentative speaking and writing, and fallacies and pitfalls in reasoning. Examples of written discourse, especially selections involving ethical reasoning, are analyzed and evaluated. IAI Code: S5 903 PLS 913.

Physical Education (PHYD)

PHYD 111
Introduction to Physical Education
*COURSE DATA: CREDITS: 2 • LECTURE: 2 • LAB: 0 • REPEAT: 0
Covers the philosophy, aims, objectives, and principles of physical education with an emphasis on the development of basic understanding of the function of physical education in public schools and the elements involved in the professional preparation of teachers.

PHYD 112
Health
*COURSE DATA: CREDITS: 2 • LECTURE: 2 • LAB: 0 • REPEAT: 0
Covers the principles of hygiene and community health with an emphasis on basic biological, sociological and psychological facts, and principles underlying health education and physical education.

PHYD 113
Golf
*COURSE DATA: CREDITS: 1 • LECTURE: 0 • LAB: 2 • REPEAT: 2
Introduces the student to the fundamentals of Tae-Kwon-Do with an emphasis on physical conditioning and self-defense. A maximum of three (3) credit hours may be earned in this course.
PHYD 117  
Beginning Swimming  
*COURSE DATA: CREDITS: 1 • LECTURE: 0 • LAB: 2 • REPEAT: 0

Leads the student through the logical progression of the fundamentals necessary to develop swimming skills as follows: getting used to water, floating, stroking, and breathing.

PHYD 119  
Beginning Skiing  
*COURSE DATA: CREDITS: 1 • LECTURE: 0 • LAB: 2 • REPEAT: 0

Teaches fundamentals and the development of skills in downhill skiing.

PHYD 120  
General Conditioning  
*COURSE DATA: CREDITS: 1V • LECTURE: 0 • LAB: 2 • REPEAT: 3

Provides participation in a wide variety of fundamental physical education skills. Stresses the development of strength and endurance and participation in recreational activities. A maximum of three (3) credit hours may be earned in this course.

PHYD 121  
Physical Fitness I  
*COURSE DATA: CREDITS: 2V • LECTURE: 0 • LAB: 4 • REPEAT: 1

Provides fitness through exercise. Individual participation and instruction in physical activities, weight training, calisthenics, and aerobics. A maximum of four (4) credit hours may be earned in this course.

PHYD 124  
Theory of Football Coaching  
*COURSE DATA: CREDITS: 2 • LECTURE: 2 • LAB: 0 • REPEAT: 0

Includes study of the fundamentals and techniques, rules, and strategies of football.

PHYD 125  
Fitness/Jogging  
*COURSE DATA: CREDITS: 1V • LECTURE: 0 • LAB: 2 • REPEAT: 3

Demonstrates and instructs jogging techniques that are designed to assist the student in developing a regular jogging routine. A maximum of three (3) credit hours may be earned in this course.

PHYD 130  
Body Conditioning/Running  
*COURSE DATA: CREDITS: 1V • LECTURE: 0 • LAB: 2 • REPEAT: 2

Includes study of the fundamentals of body mechanics, principles of running, appropriate stretching fundamentals, and a running program designed to promote improved cardiovascular fitness for the student. A maximum of three (3) credit hours may be earned in this course.

PHYD 135  
Games in Elementary Physical Education  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0

Emphasizes the factors essential to program planning in physical education on the elementary school level including techniques of organization, activities planning, observations of children, and methods of teaching.

PHYD 136  
Folk Dance  
*COURSE DATA: CREDITS: 1 • LECTURE: 0 • LAB: 2 • REPEAT: 1

Covers folk dances of many countries that are applicable to use in schools and recreational programs. A maximum of two (2) credit hours may be earned in this course.

PHYD 142  
Intermediate Swimming  
*COURSE DATA: CREDITS: 1 • LECTURE: 0 • LAB: 2 • REPEAT: 0

PREREQUISITE: PHYD 117 or consent of instructor

Increases the ability of the beginning swimmer. Work on endurance and addition of new skills is included.

PHYD 144  
Intermediate Tae-Kwon-Do  
*COURSE DATA: CREDITS: 1 • LECTURE: 0 • LAB: 2 • REPEAT: 2

PREREQUISITE: PHYD 116 or equivalent

Provides instruction for students who desire to increase their skills in Tae-Kwon-Do. A maximum of three (3) credit hours may be earned in this course.

PHYD 149  
Intermediate Skiing  
*COURSE DATA: CREDITS: 1 • LECTURE: 0 • LAB: 2 • REPEAT: 0

PREREQUISITE: PHYD 119 or consent of instructor

Provides instruction for the student who has mastered beginning skills. Emphasis will be placed on advanced maneuvers.

PHYD 150  
Backpacking  
*COURSE DATA: CREDITS: 2V • LECTURE: 0 • LAB: 4 • REPEAT: 1

Introduces the student to backpacking and wilderness hiking. This course will cover equipment, outfitting, food and nutrition essentials, safety, and map reading. Several weekend field trip experiences will be included. A maximum of four (4) credit hours may be earned in this course.
PHYD 210  
Sport Appreciation  
*COURSE DATA: CREDITS: 1 • LECTURE: 1 • LAB: 0 • REPEAT: 0  
Discusses and demonstrates various sports, activities, and hobbies. Students will not be required to dress in activity clothing and participate. The emphasis will be upon less common sports and activities. Examples may include: cycling, fencing, climbing, repelling, and scuba diving.

PHYD 211  
Recreational Leadership  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0  
Studies leadership as related to recreational activities in the schools, YMCA, YWCA, and camping. This includes history, supervision, and program content.

PHYD 212  
First Aid  
*COURSE DATA: CREDITS: 2 • LECTURE: 2 • LAB: 0 • REPEAT: 0  
Studies CPR, accident prevention, and the actions to be taken in cases of accidents and sudden illness in the home, school, and community. CPR certification is included.

PHYD 213  
Bowling  
*COURSE DATA: CREDITS: 1 • LECTURE: 0 • LAB: 2 • REPEAT: 0  
Develops skills in a sport that can be enjoyed throughout the student’s lifetime. An extra fee will be charged.

PHYD 215  
Social Dancing  
*COURSE DATA: CREDITS: 1 • LECTURE: 0 • LAB: 2 • REPEAT: 2  
Emphasizes knowledge and the development of skills in various social dances. A max of three (3) credit hours may be earned in this course.

PHYD 216  
Recreational Sports  
*COURSE DATA: CREDITS: 1V • LECTURE: 0 • LAB: 2 • REPEAT: 3  
Provides active coeducational instruction in sports of recreational nature. Attention will be given to low-organized, non-vigorous games.

PHYD 218  
Human Sexuality  
*COURSE DATA: CREDITS: 2 • LECTURE: 2 • LAB: 0 • REPEAT: 0  
Improves the student’s knowledge of human sexuality. Presents such aspects of human sexuality as the male reproductive system, the female reproductive system, human sexual response, pregnancy, contraception, and venereal diseases. The course will also be concerned with the philosophical, psychological, and social aspect of human sexuality.

PHYD 219  
Drugs and Society  
*COURSE DATA: CREDITS: 2 • LECTURE: 2 • LAB: 0 • REPEAT: 0  
Provides students with information that will make it possible for them to evaluate the effects of drug use on the human body and ultimately upon society.

PHYD 220  
Team Sports  
*COURSE DATA: CREDITS: 3V • LECTURE: 0 • LAB: 6 • REPEAT: 1  
PREREQUISITE: Athletic eligibility or consent of instructor  
Instructs students in the skills, techniques, and rules of team sports. Emphasis is on experience playing the sport. Team sports will include: basketball, volleyball, baseball, golf, bowling, and softball. A maximum of six (6) credit hours may be earned in this course.

PHYD 221  
Physical Fitness II  
*COURSE DATA: CREDITS: 2V • LECTURE: 0 • LAB: 4 • REPEAT: 1  
Teaches fitness through exercise. Individual participation and instruction in physical activities will include jogging, calisthenics, weight training, and aerobics. Develops cardiovascular fitness, aids in muscular strength, muscle rehabilitation, and physical flexibility. A maximum of four (4) credit hours may be earned in this course.

PHYD 222  
Weight Training  
*COURSE DATA: CREDITS: 1 • LECTURE: 0 • LAB: 2 • REPEAT: 3  
Introduces the student to the fundamentals of lifting as a body conditioning experience. Training on free weights, nautilus, and weight machines will be included. A maximum of four (4) credit hours may be earned in this course.

PHYD 225  
Theory of Baseball Coaching  
*COURSE DATA: CREDITS: 2 • LECTURE: 2 • LAB: 0 • REPEAT: 0  
Includes the study of the fundamentals and techniques, rules, and strategies of baseball.

PHYD 226  
Theory of Basketball Coaching  
*COURSE DATA: CREDITS: 2 • LECTURE: 2 • LAB: 0 • REPEAT: 0  
Includes the study of the fundamentals and techniques, rules, and strategies of basketball.

<td>This course is designed for non-science majors with an interest in physics. This course emphasizes the relevance of physics to twenty-first century living. The guiding principle in selecting topics for this course is to present basic concepts that are relevant to an informed individual in today’s society. The student will be involved not only in the body of knowledge that is physics, but also in the method that is physics. This class consists of three classroom hours and two lab hours per week for a total of four credits. IAI Code: GECC P1 900L</td>

PHYS 142  
**Introductory Physics II**  
*COURSE DATA: CREDITS: 4 • LECTURE: 3 • LAB: 2 • REPEAT: 0  
PREREQUISITE: Grade of "C" or better in MATH 166 or MATH 163 and PHYS 141*

Includes the study of waves, electricity, magnetism, circuits, electromagnetic radiation, optics, and modern physics.

PHYS 143  
**General Physics I**  
*COURSE DATA: CREDITS: 5 • LECTURE: 4 • LAB: 2 • REPEAT: 0  
PREREQUISITE: Grade "C" or better in PHYS 143 and grade of "C" or better in MATH 268 or concurrent enrollment*

Includes the study of Newtonian mechanics, conservation principles, rotational motion, simple harmonic motion, heat, and thermodynamics. This course is designed for students majoring in Engineering, Mathematics, Physics, and Chemistry. IAI Code: GECC P2 900L

PHYS 144  
**General Physics II**  
*COURSE DATA: CREDITS: 5 • LECTURE: 4 • LAB: 2 • REPEAT: 0  
PREREQUISITE: Grade "C" or better in PHYS 143 and grade of "C" or better in MATH 268 or concurrent enrollment*

Includes the study of wave motion, electricity, and magnetism, DC and AC electric circuits, electromagnetic radiation, and optics. This course is designed for students majoring in Engineering, Mathematics, Physics, and Chemistry.

PHYS 145  
**General Physics III**  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0  
PREREQUISITE: Grade "C" or better in PHYS 144 and MATH 268*

Concludes the general Physics sequence with topics of special relativity, quantum mechanics, atomic physics, nuclear physics, elementary particle physics, and cosmology. This course is designed for students majoring in Engineering, Mathematics, Physics, and Chemistry.

PHYS 220  
**Mechanics: Statics and Dynamics**  
*COURSE DATA: CREDITS: 5 • LECTURE: 5 • LAB: 0 • REPEAT: 0  
PREREQUISITE: Grade of "C" or better in PHYS 143 and grade of "C" of better in MATH 268 or concurrent enrollment or consent of instructor*

This course will place emphasis on the understanding of principles through the solution of problems in analysis of vectors, torques, trusses, resultants, machines, force systems, centroids and center of gravity, equilibrium and friction. Also focuses on understanding bodies in motion involving Newton’s laws in addition to kinematics and kinetics for particles as well as rigid bodies, static moment of inertia, work, energy and space mechanics. IAI Code: Major EGR 944

PHYS 246  
**Introduction to Circuit Analysis**  
*COURSE DATA: CREDITS: 4 • LECTURE: 4 • LAB: 0 • REPEAT: 0  
PREREQUISITE: Grade of "C" in PHYS 144 and MATH 265*

Covers the basic principles of network analysis, including Kirchhoff’s laws, node and mesh equations, equivalent circuits, operational amplifiers, resistor-capacitor-inductor circuits, sinusoidal steady state analysis, three-phase circuits, Laplace transform, transfer functions, and frequency response. IAI Code: Major EGR 931

**Political Science (POL)**

POL 151  
**Introduction to Political Science**  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0  
PREREQUISITE: Placement into ENGL 121 or equivalent and minimum Compass Reading score of 80 or equivalent, or consent of instructor.*

Introduces the student to each of the major areas of political science: political philosophy, comparative government, political dynamics, and international relations. IAI Code: S5 903

POL 152  
**American Government and Politics**  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0  
PREREQUISITE: Placement into ENGL 121 or equivalent and minimum Compass Reading score of 80 or equivalent, or consent of instructor.*

Surveys the basic structure and function of American Government, including Constitutional origins, federalism, civil liberties, civil rights, Congress, political parties, the Presidency, federal courts, and foreign policy. Focuses on the increasing role of the government in all areas of American life as well as the conflicts of opinion surrounding government policy. IAI Code: S5 900

POL 153  
**State and Local Government**  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0  
PREREQUISITE: Placement into ENGL 121 or equivalent and minimum Compass Reading score of 80 or equivalent, or consent of instructor.*

Covers the structure and function of state and local governments in the United States with emphasis on Illinois. Topics to be covered include states, counties, townships, special districts, and state federal governmental relationships. IAI Code: S5 902
POL 253  T
International Relations
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0

Directs the attention of the student to the formulation and execution of foreign policy by the members of the nation-state system, the possible power relationships in which these members can find themselves, the areas of contact they have with each other, and the role of international organizations. Consideration is given to the recent diplomatic history of the major powers. IAI Codes: S4 904

POL 254  T
Introduction to Comparative Government
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
PREREQUISITE: Placement into ENGL 121 or equivalent and minimum Compass Reading score of 80 or equivalent, or consent of instructor.

Presents an overview of the achievements of other political units, with an analysis of the structure and functioning of the governments of the United Kingdom, Germany, France, Russia, China, and other nations. IAI Code: S5 905

POL 255  T
American Parties and Pressure Groups
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0

Analyzes the role of political parties and their relationships to each other, to pressure interest groups, and to the public interest. The organization, functions, and goals of the two major parties and of major interest groups in our political system are studied. Historical trends will be presented, but present-day policies will be emphasized.

POL 257  T
Understanding The Constitution
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0

Concerns the creation and development of the United States Constitution covering the Constitutional Convention, the founding fathers, the Bill of Rights, and other amendments. The 200-year evolution of this document and its modern-day application will be emphasized.

Psychology (PSY)

PSY 160  T
Psychology of Human Relations
*COURSE DATA: CREDITS: 2 • LECTURE: 0 • LAB: 0 • REPEAT: 0

Provides students with an opportunity to discover and study the importance of self-love, self-respect, and self-confidence. A seminar approach is used to encourage maximum participation by students and the instructor.

PSY 161  T
Introduction to Psychology
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
PREREQUISITE: Placement into ENGL 121 or equivalent and minimum Compass Reading score of 80 or equivalent, or consent of instructor.

Studies and scientifically interprets human behavior. Considers such topics as child growth and development, personality, emotions, learning, intelligence, and perception. IAI Codes: S6 900 and SPE 912

PSY 162  T
Child Psychology
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
PREREQUISITE: PSY 161 with a grade of “C” or better or consent of instructor

A foundation course in the theory and principles of child development which concentrates on the physical, emotional, social, and intellectual (cognitive) growth patterns from prenatal through adolescence. Emphasis is placed on the interaction of these developmental aspects. Theories studied will emphasize the development of the child in the context of gender, family, culture, and society and will include Skinner, Erikson, Piaget, Vygotsky, and others. Professional education majors may be responsible for classroom observation in local institutions. IAI Code S6 903

PSY 163  T
Practical Psychology
*COURSE DATA: CREDITS: 2 • LECTURE: 2 • LAB: 0 • REPEAT: 0

Applies the psychological principles that lead to efficiency, motivation, communication, interpersonal skills, and attitudes in everyday life situations.

PSY 228  O
Introduction to Counseling
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
PREREQUISITE: PSY 161 with a grade of “C” or better or consent of instructor

Introduces the theories and techniques of counseling in a school setting. Various counseling topics, including career, group and individual counseling, and helping skills will be covered. Theories using behavioral, affective, and cognitive approaches will be included.
PSY 230
Counseling/Interview Techniques
*COURSE DATA: CREDITS: 3 • LECTURE: 2 • LAB: 2 • REPEAT: 0
PREREQUISITE: Consent of Instructor
An introduction to counseling skills with emphasis on community resources and approach to assisting others in connecting with referral services. Includes the interview dynamics, methods of establishing rapport, and information-gathering techniques. Development of self-awareness, communication and listening skills. Specific expertise in crisis intervention, recognition of stress and personality disorders.

PSY 260
Abnormal Psychology
*COURSE DATA: CREDITS: 3 • LECTURE: 0 • REPEAT: 0
PREREQUISITE: PSY 161 with a grade of “C” or better or consent of instructor
A basic course in the study of various categories of maladaptive or disturbed behavior designed to acquaint the student with the diagnostic criteria, the causes, and the methods of treatment for each. Contemporary research and multicultural issues are also addressed. IAI Code: PSY 905

PSY 261
Educational Psychology
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
PREREQUISITE: PSY 161 with a grade of “C” or better
Examines psychological principles related to human learning and cognition in a variety of educational settings. Topics studied include theories of human development, behavioral and social views of learning, student motivation, design of assessments, cultural differences in learning & education, and specific instructional strategies.

PSY 262
Human Growth and Development
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
PREREQUISITE: PSY 161 with a grade of “C” or better or consent of instructor
Studies the psychological development of the individual. Topics to be studied include: principles of development, research methods, physical growth, and emotional and social development. Professional education majors may be responsible for classroom observation in local institutions. IAI Codes: S6 902, EED 903, SED 903, SPE 913, and EDU 902

PSY 264
Social Psychology
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
PREREQUISITE: PSY 161 with a grade of “C” or better or consent of instructor
Emphasizes social interaction, social influence, and norms of behavior with particular reference to the development of attitudes, motives, and motive patterns in groups. Relation of group structure and dynamics to role prescription and acceptance is also covered. IAI Code: S8 900

PSY 268
Introduction to Personality
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
PREREQUISITE: PSY 161 with a grade of “C” or better or consent of instructor
Introduces the student to the dynamics involved in developing personality. Examines the psychoanalytic, trait, behavioral, cognitive, and humanistic perspectives on the development and measurement of personality.

Reading (RDG)

RDG 082
Basic College Reading
*COURSE DATA: CREDITS: 2 • LECTURE: 2 • LAB: 0 • REPEAT: 3
PREREQUISITE: Placement into RDG 082
Provides students with instruction and practice in using pre-college level reading strategies. Students will apply strategies that aid in reading comprehension of explicit passages. Students who place into this course and who do not demonstrate a sufficient mastery of the skills must repeat the course. A maximum of eight (8) credit hours may be earned in this course.

RDG 083
College Reading Foundations
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 3
PREREQUISITE: Placement into RDG 083 or successful completion of RDG 082.
Provides students with instruction and practice in using pre-college level reading strategies. Students will apply strategies that aid in reading comprehension of explicit passages. Students who place into this course and who do not demonstrate a sufficient mastery of the skills must repeat the course. A maximum of eight (8) credit hours may be earned in this course.

RDG 120
College Reading Strategies
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 3
PREREQUISITE: Placement into RDG 120 or successful completion of RDG 083
Provides students with practice and instruction in using college-level reading skills. Application of strategies to aid in comprehension is combined with opportunities for vocabulary growth to strengthen reading skills. Students who place into the course and who do not demonstrate a sufficient mastery of the skills must repeat the course. A maximum of twelve (12) credit hours may be earned in this course.
**Real Estate (RELS)**

Preparation for the Real Estate Broker’s License. Note: After a minimum of one year of practice as a Licensed Real Estate Salesperson under the direct control of a Licensed Broker, a person may prepare to become a broker. Sixty semester hours of classroom work in approved Real Estate or Real Estate-related courses are required before a student can qualify to sit for the Illinois Broker’s License exam. The Highland courses RELS 266 (Real Estate Law) and RELS 267 (Advanced Real Estate Practices) satisfy these requirements.

**RELS 165**  
Real Estate Principles and Practices  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0*

Provides a basic understanding of the economics of real property and the techniques of handling real property transactions. This course is for the student of business administration, the practitioner seeking a greater knowledge of fundamentals, and consumers who desire to learn how to select, finance, and maintain property either for a home or for investment purposes. A comprehensive discussion of the Illinois Real Estate Salesperson examination will take place. A grade of “C” or better in this course allows the student to take the Illinois Licensing examination. Passage of the exam qualifies the student to become a salesperson under direct control of a Licensed Broker.

**RELS 266**  
Real Estate Law  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0*

Provides a basic understanding of real estate contracts and conveyances along with the advanced real estate principles of listings, fiduciary relationships, salesman/broker, and broker/broker relationships. Included in this course are 15 hours of real estate appraisal, 15 hours of contract and conveyancing, and 15 hours of sales and brokerage. Offered in fall semesters only.

**RELS 267**  
Advanced Real Estate Practice  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0*

Provides an understanding of the business and management practices necessary to organize and maintain a professional real estate brokerage business. In addition, a study of the financing of real estate properties is included. The course will conclude with a comprehensive discussion of the Illinois Real Estate Brokers and Salesman License Act. Included in the course are 15 hours of advanced real estate practices, 15 hours of financing, and 15 hours of brokerage license review. Offered in spring semesters.

**Sociology (SOCI)**

**SOCI 171**  
Introduction to Sociology  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0*  
PREREQUISITE: Placement into ENGL 121 or equivalent and minimum Compass reading score of 80 or equivalent, or consent of instructor.

This course is a general study of human social behavior drawing upon empirical research in order to explain the process of socialization, the role of culture, and the function of social institutions. The course concludes with an in-depth analysis of a comprehensive case study.

**SOCI 174**  
Death and Dying  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0*

Death and Dying is designed to enable the student to understand dying, death and bereavement as a part of the life process. The content looks at a historical perspective of the lifespan to develop an understanding of the present attitudes and practices in today’s culture. Study of the bereavement process enhances an understanding of individual and societal development in dealing with the dying process.

**SOCI 177**  
Introduction to Anthropology  
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0*

This course surveys the basic areas of specialization within anthropology: archeology, physical anthropology, linguistics, and cultural anthropology. These studies reveal the unique development of humans within the natural world. The varied ways humans have and to live provides an opportunity to re-think the possibilities for living a vibrant life. Students will also come to see the intricate connections between the elements that compromise a given society and culture. The course concludes with the thoughtful examination of at least one comprehensive examination of a unique group.
<table>
<thead>
<tr>
<th>Course Code</th>
<th>Title</th>
<th>Prerequisites</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>SOCI 271</td>
<td>Social Problems</td>
<td></td>
<td>This course allows the student to examine and critically think about how it is that groups of people come to define elements of their social environment as negative enough to require a collective response (poverty, mental disorder, and forms of deviance). The result of this approach shows us that social problems are not so much found as they are created through a complex social process. Negative experience will not rise to the level of a social problem without there being collective attention that is so offensive as to compel intensive intervention. The course concludes with a review of contemporary community activists who have had success in achieving desired goals. The institution of public education receives particular attention. IAI Code: S7 901</td>
</tr>
<tr>
<td>SOCI 272</td>
<td>Introduction to Social Welfare</td>
<td></td>
<td>The social welfare course concerns itself with both the study of social welfare as a social institution and also the practice of social work. The course critically examines the various areas of concern for social welfare activity (poverty, mental health, substance abuse, and children’s services) and the economic and political environment in which it operates. The latter half of the course attempts to bridge the gap between the practical activity of a social worker and the organizations that host the activity.</td>
</tr>
<tr>
<td>SOCI 273</td>
<td>Social Service Field Experience</td>
<td>Consent of instructor</td>
<td>Provides for undergraduate practicum in the general field of the social services. Students commit themselves to a minimum of thirty-two hours of documented field experience with one or more mutually agreed upon agencies along with regular consultation meetings with the supervising instructor.</td>
</tr>
<tr>
<td>SOCI 274</td>
<td>The Family</td>
<td></td>
<td>This course offers the student the opportunity to examine the family as a social institution within the perspective of sociology. The course of study looks at and investigates the family cross-culturally and historically. We address the question of the nature of the family in terms of its relationship to culture and other social institutions (economy, religion, the state, technology, and social science itself). IAI Code: S7 902</td>
</tr>
<tr>
<td>SOCI 275</td>
<td>Criminology</td>
<td></td>
<td>Criminology is the subfield of sociology that studies how certain human behaviors come to be defined as deviant, the perceptions of deviant actors, and the societal responses to said deviance. The history of human thought on crime and deviance shows that the focus of attention and institutional response (i.e., retribution, rehabilitation, and social engineering) may shift from the “deviant” actor to social conditions, to social organization, to the process by which certain activities come to be prohibited while others that appear detrimental are not. The course concludes with a careful study of a set of contemporary issues (marijuana use, migrant labor, and pornography). IAI Code: CRJ 912</td>
</tr>
<tr>
<td>SOCI 276</td>
<td>Racism and Diversity in Contemporary Society</td>
<td></td>
<td>This course draws upon basic research findings giving insight into human behavior, the dynamics of group behavior, and the forces operating when groups come into contact with one another. These insights are applied to a wide array of historical accounts of various minority groups’ experiences initially and long-term in America. Of central concern are matters of conflict over various resources in a highly competitive environment alongside an ideology that simultaneously prescribes plurality and assimilation. IAI Code: S7 903 D</td>
</tr>
</tbody>
</table>
### Special Topics (SPTP)

**SPTP 101**

**Special Topics**

*COURSE DATA: CREDITS: 3V • LECTURE: 3 • LAB: 0 • REPEAT: 1*

Provides an opportunity for the student to complete a special project or seminar class in an area of special interest (to which no separate course number has been assigned) under the supervision and direction of an instructor. The topic will be listed on the student’s permanent academic record. A maximum of six (6) credit hours may be earned in this course.

**SPTP 150**

**Vocational Special Topics**

*COURSE DATA: CREDITS: 3V • LECTURE: 3 • LAB: 0 • REPEAT: 1*

Provides an opportunity for the student to complete a vocationally oriented project or seminar class in an area of special interest (to which no separate course number has been assigned) under the supervision and direction of an instructor. The topic will be listed on the student’s permanent academic record. A maximum of six (6) credit hours may be earned in this course.

**SPTP 201**

**Advanced Special Topics**

*COURSE DATA: CREDITS: 3V • LECTURE: 3 • LAB: 0 • REPEAT: 1*

Provides an opportunity for the student to complete an advanced project or seminar class in an area of special interest (to which no separate course number has been assigned) under the supervision and direction of an instructor. The topic will be listed on the student’s permanent academic record. A maximum of six (6) credit hours may be earned in this course.

**SPTP 250**

**Advanced Vocational Special Topics**

*COURSE DATA: CREDITS: 3V • LECTURE: 3 • LAB: 0 • REPEAT: 1*

Provides an opportunity for the student to complete a vocationally oriented advanced project or seminar class in an area of special interest (to which no separate course number has been assigned) under the supervision and direction of an instructor. The topic will be listed on the student’s permanent academic record. A maximum of six (6) credit hours may be earned in this course.

### Speech (SPCH)

**SPCH 189**

**Introduction to Communication Studies**

*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0*

Introduces students to the study of human communication. Students will gain a basic understanding of interpersonal, intercultural, small group and mass communication. Students will also be introduced to communication theory. Emphasis is on the comprehension of human communication and the discipline of communication studies.

**SPCH 191**

**Fundamentals of Speech Communication**

*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0*

Emphasizes the practical application of oral communication theory to improve oral communication skills. This course is focused on (1) developing awareness of the communication process, (2) understanding and using intentional, organizational and expressive strategies, (3) promoting an understanding of a variety of communication concepts and how a communicator should adapt to those situations, and (4) emphasizing critical skills in listening, thinking and speaking. Topics covered include public speaking, listening and group communication. IAI Code: C2 900

**SPCH 192**

**Introduction to Public Speaking**

*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0*

Introduces the student to the processes and variables of public communication. Units include preparing and planning presentations, organizing speeches, using audio visual aids, delivery of speeches and handling questions from the audience. Emphasis is on the creation and delivery of several types of speeches throughout the course. IAI Code: C2 900

**SPCH 194**

**Intro to Broadcasting**

*COURSE DATA: CREDITS: 3; LECTURE 3, LAB 0, REPEAT 0*

PREREQUISITE: MATH 157 or 159 or above, or placement above MATH 159

This course covers the basic technical backgrounds, history of, and rules and regulations covering broadcasting and will provide limited practice in writing and performing material for broadcasting.

**SPCH 199**

**Speech Activities I**

*COURSE DATA: CREDITS: 1 • LECTURE: 0 • LAB: 2 • REPEAT: 3*

Provides students the opportunity to earn credit in forensics competition. By enrolling in this class, the student accepts the below criteria as a contract for grading.
SPCH 292
Contemporary Argumentation
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
PREREQUISITE: SPCH 191 with a grade of “C” or better
introduces the student to theories of argumentation with emphasis placed on the nature of argument, proofs and evidence, constructing arguments, attack and defense of arguments, fallacies of argument, and the use of logical and persuasive reasoning. Students are expected to design, defend, and attack argumentative messages.

SPCH 293
Small Group Communication
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
PREREQUISITE: SPCH 191 with a grade of “C” or better or consent of instructor
provides participants with the skills related to group leadership, small group problem solving, conflict resolution, and conducting meetings. Emphasis is placed on skill development as participants apply theories of small group dynamics to actual group situations. This course is useful for students who wish to learn more about how groups function, as well as for persons who have a responsibility for group or team efforts.

SPCH 294
Leadership Development
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
prepares students to assume increasingly responsible leadership roles in their personal, professional, and academic lives. Students will study classic works of literature to understand theories and characteristics of effective leadership. The course includes substantial hands-on, experiential, learning opportunities to help students practice leadership.

SPCH 295
Community Leadership Development
*COURSE DATA: CREDITS: 1-3 • LECTURE: 1-3 • LAB: 0 • REPEAT: 2
prepares students to assume increasingly responsible leadership roles in their communities. Students will study community issues and the characteristics of effective leadership. The course includes substantial discussions of community topics and the skills necessary to be a successful leader.

SPCH 296
Intercultural Communication
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0
examines how culture influences the communication process. Reviews major theories of multi-/intercultural communication, the universal human processes that contribute differences, and the practical approaches to communicating more effectively with persons from other cultures.

Theatre (THEA)

THEA 180
Stagecraft I
*COURSE DATA: CREDITS: 3 • LECTURE: 2 • LAB: 3 • REPEAT: 1
This course provides students with an introduction to the fundamental tools, machinery, hardware, safety, and techniques of technical theatre. The students will learn to use tools and machinery in realizing scenery, and lighting for a theatrical production. A maximum of six (6) credit hours may be earned in this course.

THEA 181
Stagecraft II
*COURSE DATA: CREDITS: 3 • LECTURE: 2 • LAB: 3 • REPEAT: 1
PREREQUISITES: THEA 180 with a grade of “C” or better
This course provides students with an introduction to the fundamentals of scenery construction, techniques for scenery painting, and the basic principles and techniques for lighting of a theatrical production.

THEA 183
Principles of Acting I
*COURSE DATA: CREDITS: 3 • LECTURE: 2 • LAB: 2 • REPEAT: 0
An investigation into the basic elements of acting or, characterization; develop an understanding of voice, facial expressions, gestures, movement, and focus techniques. Samples several styles of acting through scene and monologue performances.

THEA 184
Principles of Acting II
*COURSE DATA: CREDITS: 3 • LECTURE: 2 • LAB: 2 • REPEAT: 0
PREREQUISITE: Consent of instructor
Acting techniques are developed through a series of workshops covering a wide range of topics (i.e. sensitivity and trust, building character through movement, puppets and masks, stage combat, improvisation, and both scene work and fully realized performances). IAI Code: TA 914

THEA 185
Principles of Acting III
*COURSE DATA: CREDITS: 3 • LECTURE: 2 • LAB: 2 • REPEAT: 0
PREREQUISITE: THEA 184 and/or instructor’s permission
Acting techniques are developed through a series of workshops covering a wide range of topics (i.e. sensitivity and trust, building character through movement, puppets and masks, stage combat, improvisation, and both scene work and fully realized performances).

</table>

* COURSE DATA: CREDITS: 2 • LECTURE: 1 • LAB: 2 • REPEAT: 0

Introduces the techniques and principles of makeup for the theatre. Emphasis is on character makeup, principles of light, shade and color, laboratory experience in design, and realization of makeup plans in actual theatre productions.

THEA 187
Intro to Tech Theatre I
*COURSE DATA: CREDITS: 3 • LECTURE: 2 • LAB: 2 • REPEAT: 0

Teaches students the fundamentals of scenery construction and scenery painting. Practical activities with current productions are encouraged.

THEA 188
Summer Theatre Workshop
*COURSE DATA: CREDITS: 3 • LECTURE: 1 • LAB: 4 • REPEAT: 2

Studies stage movement, voice production, acting techniques, and technical theatre. This course is taught in conjunction with the experience of Summerset Theatre, a summer stock company. In addition to regular classes, all participants will be involved in various aspects of the Summerset Theatre productions. A maximum of nine (9) credit hours may be earned in this course.

THEA 189
Introduction to Stage Costuming
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0

Introduction to principles and techniques of planning and executing costumes for theatrical production. Includes use of costume plots, measurements for fitting, construction procedures, and research resources for historical period and folk costumes.

THEA 196
Introduction to Theatre
*COURSE DATA: CREDITS: 3 • LECTURE: 3 • LAB: 0 • REPEAT: 0

Begins with the exploration of the fine arts in general, then covers the history of the western theatre, and the contributions of those working in theatre and selected plays, with particular attention to modern productions. IAI Codes: F1 907 and TA 917

THEA 197
Applied Theatre I
*COURSE DATA: CREDITS: 1 • LECTURE: 0 • LAB: 2 • REPEAT: 0

Provides the opportunity for students performing or working in college plays, upon the recommendation of the instructor, to receive credit for their participation.

THEA 198
Applied Theatre II
*COURSE DATA: CREDITS: 2 • LECTURE: 0 • LAB: 4 • REPEAT: 0

PREREQUISITE: Consent of Instructor

Provides the opportunity for students performing or working in college plays, upon the recommendation of the instructor, to receive credit for their participation.

THEA 283
Theatre Practicum
*COURSE DATA: CREDITS: 3 • LECTURE: 0 • LAB: 25 • REPEAT: 3

Provides practical experience in acting, costuming, stage management, lighting, scene design, box office management, and scenery construction. A maximum of twenty (20) hours may be earned in this course.

THEA 286
Theatrical Practice: Stage Lighting
*COURSE DATA: CREDITS: 3 • LECTURE: 2 • LAB: 2 • REPEAT: 0

Introduces students to theories, methodology skills, instruments and their use, control and programming of light, and practical application with the current production.

THEA 287
Beginning Directing
*COURSE DATA: CREDITS: 3 • LECTURE: 2 • LAB: 2 • REPEAT: 0

Presents the principles of staging and the use of the set stage in dramatic action. The geography of the stage and dramatic analysis used through scene study and laboratory production of one-act plays are included.

THEA 288
Introduction to Technical Theatre II
*COURSE DATA: CREDITS: 3 • LECTURE: 2 • LAB: 2 • REPEAT: 0

Introduces the fundamentals of technical theatre in the areas of design and construction for scenery, costumes, lighting, properties, and makeup. Each student will declare an area of emphasis and contribute lab hours mainly in that area.
Welding (WELD)

WELD 130
Introduction to Welding
*COURSE DATA: CREDITS: 3 • LECTURE: 2 • LAB: 2 • REPEAT: 0
Develops the student’s ability to weld using various materials and positions. Includes safety, terminology, preparation, and operation of Shielded (SMAW) and Gas (GMAW) Metal Arc Welding Equipment.

WELD 135
Shielded Arc and Oxyacetylene Welding
*COURSE DATA: CREDITS: 3V • LECTURE: 2 • LAB: 2 • REPEAT: 0
Develops the student’s skill in welding and cutting mild steel and cast iron in various positions with oxyacetylene and AC/DC arc welding equipment. Develops the student’s knowledge of metals and their characteristics. This course also meets the needs of students enrolled in other technical programs.

WELD 232
Intermediate Welding and Fabrication
*COURSE DATA: CREDITS: 3V • LECTURE: 2 • LAB: 2 • REPEAT: 0
PREREQUISITE: WELD 130 or WELD 135 or consent of instructor
Develops the knowledge and skill of the welder in the operation and use of the continuous metal wire arc welding process (MIG). Welding of structural steel and aluminum, arc cutting and surfacing will be practiced to meet commercial standards. All position welding will be included.

WELD 233
Advanced Welding Processes
*COURSE DATA: CREDITS: 3V • LECTURE: 2 • LAB: 2 • REPEAT: 0
PREREQUISITE: WELD 232 or consent of instructor
Develops the skill of the welder in the use of tungsten inert gas (TIG). Welding of carbon steel, aluminum, and alloy steels will be practiced in all positions to meet commercial standards.

Wind Technology (WTEC)

WTEC 110
Wind Mechanical Systems
*COURSE DATA: CREDITS: 4 • LECTURE: 3 • LAB: 2 • REPEAT: 0
PREREQUISITE: WTEC 101 with a grade of B or better
This class will prepare the learner to use tools and fasteners safely; identify belt and chain drive components; install and adjust belt and chain drives; apply bearing and lubrication information; apply coupling alignment methods. Students will also focus on safety and rescue techniques while working at turbine heights.

WTEC 120
Wind Systems Technician I
*COURSE DATA: CREDITS: 3 • LECTURE: 2 • LAB: 2 • REPEAT: 0
PREREQUISITE: WTEC 101 with a grade of B or better
This course will focus on high voltage and power distribution systems. Topics include: safety, transformers, substation operation, switch gear, grounding, and stray voltage.

WTEC 220
Wind Systems Technician II
*COURSE DATA: CREDITS: 3 • LECTURE: 2 • LAB: 2 • REPEAT: 0
PREREQUISITE: WTEC 120 with a grade of B or better
This course will introduce the students to wind generation physical infrastructures such as towers and blades. Additional studies will explore aerodynamics and tower location.

WTEC 230
Wiring and Schematics
*COURSE DATA: CREDITS: 4 • LECTURE: 3 • LAB: 2 • REPEAT: 0
PREREQUISITE: WTEC 120 with a grade of B or better
This course introduces students to the specifics of reading, interpreting and applying schematic diagrams. Students will use schematic knowledge to complete electrical wiring and fiber optic cabling projects.

WTEC 240
Wind Systems Technician III
*COURSE DATA: CREDITS: 5 • LECTURE: 4 • LAB: 2 • REPEAT: 0
PREREQUISITE: WTEC 220 with a grade of B or better
This course introduces the student to generators, theory of operations, generator construction, and diagnostics.
Faculty and Administration

District #519 Board of Trustees
Douglas R. Block, Chair 2011 – 2017
Whittney J. Zumdahl, Vice Chair 2011 – 2017
Diane L. Gallagher 2013 – 2019
David D. Shockey 2015 – 2021
James G. Endress 2013 – 2019
Dr. Steven R. Jennings 2011 – 2017
Blake R. Musser 2015 – 2021
Student Member

Executive Administration
Tim Hood, A.B.D.
President and CEO

Chris Kuberski, M.A.T.
Executive Vice President

Liz Gerber, M.S.Ed.
Vice President of Student Development and Support Services

Jill Janssen, M.B.A., CPA
Vice President of Administrative Services

Academic and Student Services Administration
Scott Anderson, M.S.
Dean of Business and Technology

Donna Kauke, M.S.N.
Dean of Health, Natural Science and Mathematics

Dean of Humanities, Social Sciences, and Fine Arts
(Position to be filled)

Jeremy Bradt, M.S.
Director of Enrollment and Records

Kathy Bangasser, B.S.
Director of Financial Aid

Carolyn Petsche, M.S. Ed.
Director of Learning and Transitional Education Services

Full-time Faculty, Professional, and Administrative Staff
Scott Anderson
Dean of Business and Technology
B.S.Ed, Illinois State University
M.S., Northern Illinois University

Robert Apolloni
Art Instructor
B.F.A., Northern Illinois University
M.F.A., Northern Illinois University

Kathy Bangasser
Director of Financial Aid
A.S., Highland Community College
B.S., Northern Illinois University

James Berberet
Executive Director of Foundation
B.A., University of Notre Dame
M.S., Northwestern University

Jeremy Bradt
Director of Enrollment and Records
B.B., Western Illinois University
M.S., Western Illinois University

Thomas Bruehler
Manager of Maintenance Services
A.A., Highland Community College

Amy Chamberlin
Cosmetology Instructor
Certificate, Highland Community College
State Cosmetology Certification

Juliet D’Souza
Biology Instructor
B.S., Northern Illinois University
M.S., Western Illinois University

Sandra Dunmore
Financial Aid Specialist II
A.S., Highland Community College
B.S., Northern Illinois University
B.S., Columbia College

Patricia Dunn
Director of Operations (Foundation)
A.S., Highland Community College
B.S., Columbia College
Brendan Dutmer  
Chemistry Instructor  
B.S., University of Missouri  
Ph.D., Northern Illinois University

Andrew Dvorak  
History/Political Science Instructor  
A.A., Marshalltown Community College  
B.S., Iowa State University  
M.A., University of Iowa  
Ed.S., University of Iowa  
D.A., Illinois State University

Justin Ebert  
Agriculture Instructor  
B.S., University of Wisconsin-Platteville  
M.S., Northern Illinois University

David Esch  
Physics and Engineering Instructor  
B.S., Goshen College  
M.S., University of New Orleans

Melissa Entzminger  
Speech Instructor  
A.A., College of DuPage  
B.A., Coe College  
M.A., Northern Illinois University

Rose Ferguson  
Associate Vice President of Human Resources  
B.A., University of Northern Iowa

Petey Fink  
Network Administrator  
A.S., Highland Community College  
B.S., North Central College

Sam Fiorenza, Jr.  
English Instructor  
B.A., University of Illinois-Urbana-Champaign  
M.A., University of Illinois-Springfield

Steve Gellings  
Electronics/ Wind Turbine Technician Instructor  
A.A.S., Gateway Technical Institute  
B.S., University of Wisconsin-Stout  
M.Ed., University of Wisconsin-La Crosse

Elizabeth Gerber  
Vice President of Student Development and Support Services  
B.A., North Central College  
M.S.Ed., Capella University

Karla Giuffre  
Biology Instructor  
B.S., University of Illinois-Urbana-Champaign  
M.S., University of Illinois-Urbana-Champaign

Kim Goudreau  
Sociology Instructor  
B.S., Illinois State University  
M.A., Southern Illinois University

Anthony Grahame  
Biology Instructor  
B.A., Southern Illinois University  
M.S., Southern Illinois University

Michelle Griggs  
Retention Coordinator/Academic Advisor  
B.S., Illinois State University  
M.S.Ed., Illinois State University  
M.Ed., University of Missouri

Terri Grimes  
Executive Assistant  
A.B.A., Highland Community College  
B.S., Columbia College

Beth Groshans  
Coordinator of Women’s Athletics  
B.A., Carthage College

Jennifer Grobe  
Coordinator, Nursing Program and Lab  
B.S.N., Rockford University  
M.S.N., Benedictine University

Joseph Grove  
Economics Instructor  
A.S., Sauk Valley Community College  
B.A., Augustana College  
M.B.A., University of Iowa  
M.Ed., Kaplan University

Nathan Hensal  
Director of Information Technology Services  
A.S., Highland Community College  
B.S., Columbia College

Tim Hood  
President and CEO  
B.S., Southern Illinois University  
M.S., Southern Illinois University  
A.B.D., Southern Illinois University

Thedford Jackson  
Transfer Coordinator/Student Advisor  
A.A., Indian Hills Community College  
B.S., University of Tennessee

Richard Jacobs  
Business Instructor  
B.S., Northern Illinois University  
M.S., Northern Illinois University
Mark Jansen
Director of Adult Education Programs
B.S., Rockford University
M.Ed., National Louis University

Jill Janssen
Vice President of Administrative Services
B.A., Illinois Wesleyan University
M.B.A., Columbia College

Denise Johnson
Information Technology Instructor
B.S.Ed., Northern Illinois University
M.Ed., National Louis University

Kent Johnson
English/Spanish Instructor
B.A., University of Wisconsin-Milwaukee
M.A., Illinois Wesleyan University
Ph.D., Bowling Green State University

Melissa Johnson
Coordinator of Early Childhood Education
B.A., Oklahoma State University
M.S., Oklahoma State University

Donna Kauke
Dean of Health, Natural Science and Mathematics
B.S., Northern Illinois University
M.S.N., Vanderbilt University

Madonna Keeney
Bookstore Manager
A.S., Highland Community College
B.S., Columbia College

Alicia Kepner
Medical Assistant Instructor
A.A.S., Rockford Career College

Chris Kuberski
Executive Vice President
B.A., Olivet Nazarene University
M.A.T., Southern Illinois University

Jessica Larson
Nursing Instructor
A.S., Highland Community College
A.A.S., Highland Community College
B.S.N., Northern Illinois University
M.S.N., Walden University

Christie Lewis
Coordinator of Staff Development and HRIS
B.A., University of Wisconsin-Whitewater
Kevin Li
Database Administrator/System Administrator
B.S., Cornell University

Mary Lloyd
Manager of Accounting
A.G.S., Highland Community College

Caley Marten
Coordinator of Disability Services
A.A., Highland Community College
B.S., Northern Illinois University
M.A., Northern Illinois University

Chelsea Martinez
Psychology/Education Instructor
B.S., University of California-Davis
M.S., University of Wisconsin-Madison
Ph.D., University of Wisconsin-Madison

Tracy Mays
English/German Instructor
B.A., Northern Illinois University
M.A., University of Illinois-Chicago
M.A., University of Illinois-Chicago

Cassie Mekeel
Basic Nursing Assistant Instructor
A.A.S., Highland Community College
B.S., Northern Illinois University

Cynthia Mielke
Director, Retired Senior Volunteer Program

Steve Mihina
Math Instructor
B.A., University of Montana
M.A., University of Montana

Joan Miller
Coordinator of Academic Technology Resources
A.S., Highland Community College
B.S., University of Wisconsin-Whitewater
M.S., Walden University

Suzanne Miller
Coordinator of Career Services
B.S., University of Phoenix
M.S.W., University of Illinois Urbana-Champaign

Jeremy Monigold
Information Technology Instructor
A.S., Highland Community College
B.S., Northern Illinois University
M.Ed., University of Illinois-Urbana-Champaign

Brian Moore
Coordinator of Learning Services
A.A., Highland Community College
B.A., Northern Illinois University
M.A., Northern Illinois University
Heather Moore  
Student Advisor  
A.A., Highland Community College  
B.A., Northern Illinois University  
M.A., University of Illinois-Chicago

Shelly Morgan  
Certified Nursing Assistant Instructor  
A.A.S., Highland Community College  
B.S.N., Kaplan University  
M.S.N., Kaplan University

Peter Norman  
Director of Athletics and Physical Education  
A.S., Highland Community College  
B.S., Eastern Illinois University  
M.S.Ed, Southern Illinois University

Alan Nowicki  
Biology Instructor  
B.S., University of Wisconsin-Madison  
M.S., University of Wisconsin-Madison  
M.S.Ed., Southern Illinois University

Kay Ostberg  
English Instructor  
B.A., Barnard College, Columbia University  
J.D., George Washington University  
M.A., Northern Illinois University

Elaine Palmer  
Transfer Coordinator/Academic Advisor  
B.A., Northern Illinois University
