About The DAISY Foundation An acronym for Diseases Attacking the Immune System, The DAISY Foundation was established in 1999 in memory of J. Patrick Barnes who died (at the age of 33) from complications of the auto-immune disease Idiopathic Thrombocytopenic Purpura (ITP). Patrick's family was very touched by the remarkable compassion and clinical skill demonstrated by Patrick's nurses during his illness, so they created DAISY to recognize exceptional nurses everywhere. The DAISY Foundation is dedicated to saying Thank You to Nurses and is now proud to recognize Nursing Faculty with The DAISY Faculty Award.

What Is The DAISY Faculty Award?

The DAISY Foundation, as part of its service to the nursing profession's role in patient care, established The DAISY Faculty Award. The purpose of this program is to provide to colleges/schools of nursing a national recognition program they may use to demonstrate appreciation to faculty for their commitment and inspirational influence on their nursing students. The Foundation hopes that, in some way, this program will contribute to a positive work environment for faculty in schools.
